Under the €100,000,000,000 Limited Recourse Notes Programme (the **Programme**), Codeis Securities SA (the **Issuer**), subject to compliance with all relevant laws, regulations and directives, may from time to time issue notes (the **Notes**) denominated in any currency agreed by the Issuer and the relevant Purchaser(s) (as defined below). The Issuer is subject to the Grand Duchy of Luxembourg (**Luxembourg**) act dated 22 March 2004 on securitisation, as amended (the **Securitisation Act 2004**). Under the Securitisation Act 2004, the Issuer, as a regulated entity within the meaning of the Securitisation Act 2004, is entitled to issue Notes or shares to the public on an ongoing basis. Shares will not be issued under this Base Prospectus. If so specified in the applicable Final Terms (as defined below), the Guaranteed Shortfall Amount (as defined below) in respect of the Notes (any such Notes, **Guaranteed Notes**) will be unconditionally and irrevocably guaranteed by Societe Generale (in such capacity, the **Guarantor**) pursuant to the Trust Deed (as defined below), the relevant provisions of which are referred to herein as the **Guarantee**. This Base Prospectus supersedes and replaces the base prospectus dated 27 October 2011.

Any Notes issued under the Programme on or after the date of this Base Prospectus are issued subject to the provisions hereof. This does not affect any Notes already in issue.

It is intended that certain additional companies (each an **Additional Issuer**) may from time to time issue Notes under the Programme. Each such Additional Issuer will be required to execute a deed (an **Accession Deed**) agreeing to be bound by all the terms of the Trust Deed (as defined herein) and certain other documents relating to the Programme (as specified in the relevant Accession Deed) and the other documents executed pursuant to or in connection with the issue of Notes under the Programme. Prior to any such Additional Issuer issuing Notes under the Programme, the Issuer and any Additional Issuer will prepare a new base prospectus which will supersede and replace this Base Prospectus.

The Notes will be issued to the Dealer(s) specified in the "General Description of the Programme" and any additional dealer appointed under the Programme from time to time (each a **Dealer** and together the **Dealers**). Notes may also be issued to third parties other than Dealers. Dealers and such third parties are referred to as purchasers (the **Purchasers**). The terms and conditions of the Notes are set out herein in the section headed "Terms and Conditions of the Notes". Notes may be issued in bearer form (**Bearer Notes**, which term shall include, except as the context otherwise requires, Bearer SIS Notes (as defined below)), certificated registered form (**Registered Notes**) or in uncertificated registered form (**Uncertificated Notes**). Noteholders may hold Notes through Euroclear UK & Ireland Limited (formerly known as CRESTCo Limited) (such clearing system, **EUI** or **CREST**) either directly or through the issuance of Crest Depository Interests (such securities, **CDIs** and, together with Notes issued directly, **EUI Notes**) representing underlying Notes. CDIs are independent securities constituted under English law and transferred through CREST. CDIs will be issued by CREST Depository Limited pursuant to a global deed poll dated 25 June 2001 (as subsequently modified, supplemented and/or restated, the **CREST Deed Poll**), as all more fully described in the section headed "Book Entry Clearance Systems".

Application has been made to the *Commission de Surveillance du Secteur Financier* (the **CSSF**) in its capacity as competent authority under the Luxembourg act dated 10 July 2005 on prospectuses for securities (the **Prospectus Act 2005**) which implemented the Prospectus Directive (as defined below), in Luxembourg to approve this document as a base prospectus for the purposes of article 5.4 of the Prospectus Directive. The CSSF assumes no responsibility as to the economic and financial soundness of the transactions contemplated by this Base Prospectus or the quality or solvency of the Issuer in accordance with article 7(7) of the Prospectus Act 2005. Such application does not extend to money market instruments (as defined in the Prospectus Directive) having a maturity of less than one year (any such notes, **Short Term Notes**). Short Term Notes do not fall within the scope of the Prospectus Directive or Part II of the Prospectus Act 2005 and do not benefit from the passporting provisions of the Prospectus Directive, as further described in the section headed "Subscription, Sale and Transfer Restrictions". Application has also been made to the CSSF to approve this document as a base prospectus within the meaning of Part III, Chapter 1 of the Prospectus Act 2005 in respect of offers to the public of Short Term Notes. In addition application has also been made to the Luxembourg Stock Exchange for Notes (other than Short Term Notes) issued under the Programme during the period of 12 months from the date of publication of this Base Prospectus to be admitted to trading on the regulated market of the Luxembourg Stock Exchange (the **Luxembourg Stock Exchange Regulated Market**) and to be listed on the Official List of the Luxembourg Stock Exchange. References in this Base Prospectus to Notes being "listed" (and all related references) shall mean that such Notes have been listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the Luxembourg Stock Exchange Regulated Market. The Luxembourg Stock Exchange Regulated Market is a regulated market for the purposes of Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments, as amended.

Notes will be issued in Series (as defined in the section headed "Terms and Conditions of the Notes"). Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche (as defined in the section headed "Terms and Conditions of the Notes") of Notes will be set out in a final terms document (the **Final Terms**) which (except in the case of Private Placement Notes (as defined below) or in the case of Short Term Notes which are not publicly offered in Luxembourg) will be filed with the CSSF. The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer, the Guarantor (if applicable) and the relevant Purchaser. The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market. The Issuer may agree with any Purchaser that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes as set out herein, in which case a supplement to the Base Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes. This Base Prospectus will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu) in accordance with article 16 of the Prospectus Act 2005. Copies of this Base Prospectus can also be obtained at the registered office of each of the Issuer and the Guarantor and the specified office of each of the Paying Agents (as defined below), in each case at the address given at the end of this Base Prospectus.

In respect of any Compartment and any Note (the **Relevant Note**), and following a Note Acceleration (as defined below) in respect of the Relevant Note, the entitlement of the holder of the Relevant Note as against the Issuer will be limited: (i) in the case of any Category A Compartment, to such Noteholder's *pro rata* share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms; and (ii) in the case of any Category B Compartment, to such Noteholder's *pro rata* share of the proceeds (as aforesaid) and, in the case of any Charged Assets Shortfall, the Supplementary Assets (if any). If, in respect of any Relevant Note, the net proceeds of the enforcement or liquidation of the relevant Charged Assets and, as the case may be, the Supplementary Assets applied as aforesaid are not sufficient to make all payments due in respect of the Relevant Note (such difference between the amounts due in respect of the Relevant Note and the net proceeds of the enforcement or liquidation of the relevant Charged Assets and, as the case may be, the Supplementary Assets received by the Holder of

such Relevant Note being the **Residual Shortfall Amount**), then, without prejudice to the rights of holders of Guaranteed Notes under the Guarantee, (i) no other assets of the Issuer will be available to meet such Residual Shortfall Amount, (ii) the claims of the holder of the Relevant Note as against the Issuer in respect of any such Residual Shortfall Amount shall be extinguished and (iii) neither the holder of a Note nor any person on its behalf shall have the right to petition for the winding-up of the Issuer as a consequence of any such Residual Shortfall Amount or otherwise. Noteholders, by acquiring the Notes, expressly accept, and shall be deemed to be bound by, the provisions of the Luxembourg Securitisation Act 2004 and, in particular, the provisions with respect to limited recourse, non-petition, subordination and priority of payments.

In the case of any Guaranteed Notes, the Guarantor will unconditionally and irrevocably guarantee the difference between the Market Value of the Notes and the net proceeds of the enforcement or liquidation of the relevant Charged Assets and, as the case may be, the Supplementary Assets received by the Holders of such Notes in accordance with the Order of Priority specified in the applicable Final Terms (such amount being the **Guaranteed Shortfall Amount**).

The Notes and any Guarantee thereof have not been and will not be registered under the United States Securities Act of 1933, as amended (the **Securities Act**), or under any state securities laws, and none of the Issuer, the Guarantor nor any Compartment has registered or will register as an investment company under the United States Investment Company Act of 1940, as amended (the **Investment Company Act**). Accordingly, the Notes may not be offered or sold in the United States or to, or for the account or benefit of, U.S. Persons (as defined herein) except pursuant to an exemption from the registration requirements of the Securities Act in a transaction that will not cause the Issuer, the Guarantor or any Compartment, as the case may be, to become required to register under the Investment Company Act.

The Issuer may offer and sell Notes of certain issues within the United States or to, or for the account or benefit of, U.S. persons, as defined in Regulation S under the Securities Act (**Regulation S**), exclusively to persons reasonably believed by the Issuer to be "qualified institutional buyers" (each a **QIB**) as defined in Rule 144A under the Securities Act (**Rule 144A**) who are also each a "qualified purchaser" (**QP**) within the meaning of Section 2(a)(51)(A) of the Investment Company Act and the rules and regulations thereunder. Notes may also be offered and sold outside the United States to non-U.S. persons in offshore transactions in reliance on Regulation S. Purchasers of the Notes will be deemed to have made or be required to make certain representations and warranties in connection with purchasing the Notes. See "U.S. Information" and "Subscription, Sale and Transfer Restrictions" herein.

Prospective investors are hereby notified that sellers of the Notes may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A.

Prospective investors should have regard to the factors described under the section headed "*Risk Factors*" in this Base Prospectus.

Notes issued under the Programme may be unrated or rated by one or more credit rating agencies. The rating(s) of the Notes (if any) will be specified in the applicable Final Terms, including as to whether or not such credit rating are issued by credit rating agencies established in the European Union, registered (or which have applied for registration) under Regulation (EC) No 1060/2009 of the European Parliament and of the Council dated 16 September 2009, as amended by Regulation (EU) No 513/2011 of the European Parliament and of the Council dated 11 May 2011 (the **CRA Regulation**) and are included in the list of registered credit rating agencies published at the website of the European Securities and Markets Authority (www.esma.europa.eu)

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by Moody's and/or Standard & Poor's. A suspension, reduction or withdrawal of the rating assigned to the Notes may adversely affect the market price of the Notes.

Description

Limited Recourse Notes Programme

Shares will not be issued under this Base Prospectus.

Compartments, Charged Assets and Compartment Assets

Notes will be issued in Series (as defined in the section headed "*Terms and Conditions of the Notes*"). In accordance with the Securitisation Act 2004, the board of directors of the Issuer is entitled to create one or more Compartments. In respect of any Series of Notes, **Compartment** shall mean the compartment under which such Notes are issued. Each Compartment will comprise a pool of assets and liabilities separate from the pools of assets and liabilities relating to any other Compartments. In respect of any Series of Notes, and any Related Notes (as defined below), Charged Assets (as defined in Condition 8(d) (*Security*)) shall include, *inter alia*, the Compartment Assets described in the applicable Final Terms. The Issuer may issue one or more Series of Notes per Category A

Compartment or Category B Compartment (each as described below).

The Charged Assets are available exclusively to satisfy the claims of the Secured Parties (as defined in Condition 8(f) (*Application of Proceeds*)).

The Compartment Assets may include, without limitation, participations, rights and interests in, and obligations of, Luxembourg and non-Luxembourg companies, stock, bonds, debentures, notes and other securities or financial instruments of any kind (including notes or parts or units issued by Luxembourg or non-Luxembourg mutual funds or similar undertakings and exchangeable or convertible securities) and receivables, claims or loans or other credit facilities and agreements or contracts relating thereto, in each case, assigned to or acquired by the Issuer, the Issuer's rights under any Related Agreement(s) (as defined below) or any other assets specified in the applicable Final Terms. The term "Compartment Assets" does not include the Supplementary Assets (as defined below) (if any).

As more fully described in Condition 8(g) (*Replacement of Compartment Assets*) and Condition 8(h) (*Addition or Removal of Compartment Assets*), the Compartment Assets Manager, on behalf of the Issuer, may from time to time and subject to certain restrictions alter the composition of the Compartment Assets.

The Securitisation Act 2004 provides that if the Compartment Assets comprise any shares, partnership interests or bonds providing the holder thereof with rights similar to those of a shareholder or a partner (any such bonds, **Similar Bonds**), (i) the Issuer must finance the acquisition of these Compartment Assets by way of an issue of Notes the yield of which depends on the payments received by the Issuer under the shares, partnership interests or Similar Bonds and (ii) the Issuer must not substitute these Compartment Assets on a regular basis, and the Issuer must assume a passive role in respect of the investment in these Compartment Assets (in the sense that the instructions concerning the exercise of the rights attaching to the shares, partnership interests or Similar Bonds should come from the investors in the Notes or the Trustee (as defined below) or a third party) and (iv) the Issuer must comply with all other applicable laws or regulations applying in connection with the acquisition of these Compartment Assets.

Supplementary Assets

The board of directors of the Issuer has also created a compartment which will be referred to herein as the **Category X Compartment**. To the extent that the Category X Compartment contains any assets (including, without limitation, any cash standing to the credit of the Category X Account, as defined in Condition 8(c)(iii)) (any such assets, **Supplementary Assets**), such Supplementary Assets (A) shall constitute a pool of assets separate from the Charged Assets relating to any Notes and (B) shall be held by the Custodian on behalf of the Issuer, subject to the provisions of the Securitisation Act 2004. Save as otherwise provided in the Conditions, the Supplementary Assets Manager (as defined in Condition 8(b) (*Supplementary Assets*)) on behalf of the Issuer, shall be free to change the composition of the Supplementary Assets from time to time and without notifying any party.

If, in respect of any Series of Notes issued under a Category B

Compartment (**Category B Notes**), the net proceeds of the enforcement or liquidation of the Charged Assets are not sufficient to satisfy all outstanding claims in respect of such Series of Category B Notes, the relevant holders of such Series of Category B Notes shall be entitled to share equally and rateably among themselves (subject to Condition 8(b)(vi)) in the Available Supplementary Assets (as defined below) (if any) to the extent of any such shortfall (a **Charged Assets Shortfall**). In the event of a Charged Assets Shortfall, the Trustee or any Receiver (as defined in the Trust Deed) shall promptly notify the Custodian and the Issuer of the amount of such Shortfall (such notice, a **Charged Assets Shortfall Notice**), whereupon the Issuer (or the Custodian on its behalf) shall (i) promptly provide details to the Trustee (and any Appointee (as defined in the Trust Deed)) of any Supplementary Assets available at such time (such Supplementary Assets, the **Available Supplementary Assets**) and (ii) transfer such Available Supplementary Assets to the Trustee (or any Appointee) to the extent of the Charged Assets Shortfall in such manner as may be requested by the Trustee or such Appointee. The Trustee or such Appointee shall thereafter use reasonable endeavours to realise such Available Supplementary Assets in accordance with Condition 12 (*Enforcement and Realisation*) and thereafter apply the proceeds of realisation thereof in the manner contemplated in Condition 8(b) (*Supplementary Assets*).

If the Notes are Category B Notes and a Note Acceleration occurs, neither the Issuer nor the Supplementary Assets Manager, nor any person acting on behalf of the Issuer or the Supplementary Assets Manager, shall be entitled to remove any Supplementary Assets contained in the Category X Compartment from the time of such Note Acceleration until such time as all the claims of the Noteholders have been satisfied or extinguished (as applicable) pursuant to Condition 8(i) (*Residual Shortfall*), as notified in writing to the Issuer and the Custodian by the Trustee or any Appointee.

If, at any time, Charged Assets Shortfalls have occurred and are continuing in connection with (A) a Series of Category B Notes and any Related Notes (together, **Principal Notes**) and (B) one or more Series of Category B Notes issued by the Issuer under another Category B Compartment (each Series thereof, **Other Notes**), the Available Supplementary Assets at that time will be applied separately in respect of the Principal Notes and each such other Series of Other Notes in the order in which the relevant Charged Assets Shortfalls arose, provided that if (x) Charged Assets Shortfalls occur on the same day under the Principal Notes and one or more Series of Other Notes or (y) Charged Assets Shortfalls occur on the same day under a Series of Category B Notes and one or more Series of Related Notes, then, in each case, the relevant Charged Assets Shortfalls shall be aggregated and treated as a single Charged Assets Shortfall for the purposes of the application of the Available Supplementary Assets in accordance with Condition 8(b)(ii). For the purposes of Condition 8(b) (*Supplementary Assets*), a Charged Assets Shortfall shall be deemed to “occur” upon the giving of the relevant Charged Assets Shortfall Notice by the Trustee.

The Issuer gives no assurance that the Category X Compartment will at any time contain Supplementary Assets and may, except as provided in the Conditions, alter the composition of, or remove entirely, any Supplementary Assets without notifying any person (including, without limitation, the Trustee and the Noteholders). Further, in the event that the Category X

Compartment does contain Supplementary Assets at the time of any Charged Assets Shortfall(s), the Issuer gives no assurance that such Supplementary Assets will be sufficient to meet the claims of the holders of the relevant Series of Category B Notes.

Neither the Secured Parties (other than the Noteholders in respect of any Compartment (including a Category B Compartment)) nor the holders of any Series of Notes issued under a Category A Compartment will have recourse to the Supplementary Assets (if any).

The Supplementary Assets will be acquired with funds raised by the issuance of Class P shares in the Issuer.

Related Agreements

In connection with the operation of any Compartment, the board of directors of the Issuer may decide to enter into one or more Related Agreements, which may include, without limitation, one or more option agreements, interest rate and/or currency and/or other derivatives agreements, and/or one or more credit support documents.

Security

Subject as provided in the applicable Final Terms, each Series of Notes and any Related Notes will have the benefit of the Security described in Condition 8(d) (*Security*).

Secured Parties

Only the Secured Parties will be (i) entitled to share in the proceeds of the Charged Assets and (ii) entitled to the benefit of any Security as specified in the applicable Final Terms.

Order of Priority

The claims of the holders of the Notes of any Series, and any Related Notes, and of the other Secured Parties entitled to the benefit of the Security created in respect of the relevant Compartment (as specified in the applicable Final Terms and the Trust Deed), shall rank in accordance with the Order of Priority specified in the applicable Final Terms.

Trustee

SG Hambros Trust Company (Channel Islands) Limited and (i) any successor or (ii) any other person named in the applicable Final Terms as trustee (and, in the case of (ii), appointed pursuant to a trust deed between the Issuer, the Guarantor and such person).

Transfer Agent**

Societe Generale Bank & Trust

In respect of Swedish Notes, the agent specified in the applicable Final Terms.

Compartment Assets Manager and Supplementary Assets Manager

The Issuer has appointed Societe Generale as the Compartment Assets Manager to manage the Compartment Assets pursuant to an agreement entered into between, *inter alios*, the Issuer and Societe Generale (the **Collateral Management Agreement**).

The Issuer has appointed Societe Generale as the Supplementary Assets Manager to manage the Supplementary Assets (if any), pursuant to the Collateral Management Agreement.

Voting Agent

Societe Generale was appointed by the Issuer as the Voting Agent in relation to the Compartment Assets pursuant to an agreement entered into between, *inter alios*, the Issuer and Societe Generale (the **Voting Agency Agreement**) or such other or further voting agent as specified in the applicable Final Terms.

Disposal Agent

Societe Generale was appointed by the Issuer, the Compartment Assets Manager and the Supplementary Assets Manager as the Disposal Agent pursuant to an agreement entered into between, *inter alios*, the Issuer and Societe Generale (the **Disposal Agency Agreement**).

At any time after an insolvency of Société Générale, the Disposal Agency Agreement contains provisions for an alternative disposal agent to be appointed.

Under the Disposal Agency Agreement, the Disposal Agent may dispose of all or some of the Charged Assets relating to each Series of Notes issued under the Programme where such Charged Assets are to be sold in accordance with the Conditions.

Market Maker

The Issuer may appoint Societe Generale as a market maker (in such capacity the **Market Maker**) with the purpose of ensuring a secondary market in the Notes. Such appointment is made pursuant to a repurchase agreement entered into between the Issuer and the Market Maker (the **Repurchase Agreement**). Under the Repurchase Agreement, the Issuer has undertaken to purchase Notes which the Market Maker holds through purchases which it has made in the market in the course of its market making activities, subject to and in accordance with the provisions of such agreement.

Corporate Services Agent

Société Générale Securities Services Luxembourg acts as administrative and corporate agent of the Issuer pursuant to the terms of the administrative and corporate agent agreement dated 1 September 2008.

Risk Factors

There are certain factors that may affect each of the Issuer's and, if applicable, the Guarantor's ability to fulfil its obligations with respect to Notes issued under the Programme. These are set out in the section headed "*Risk Factors*".

In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme and in relation to the global financial crisis generally (see the

section headed “*Risk Factors*”). Investors may lose the value of their entire investment in the Notes or part of it.

The Issuer may update such risk factors from time to time in any supplement to this Base Prospectus.

Risk factors specific to a particular Series of Notes may also appear in the applicable Final Terms.

Prospective investors should consult their own professional advisers concerning any risks to the extent they consider necessary.

Risks relating to Notes depend on their features and may include the following, all of which are more fully described in “*Risk Factors*”: (i) any optional redemption of the Notes by the Issuer where such a feature is applicable, (ii) limited and/or volatile market value of the Notes, (iii) redemption when reinvestment circumstances are not advantageous for a Noteholder, (iv) reduced or no payment of interest, (v) payment of principal or interest at a different time or in a different currency than expected and/or (vi) loss of all or part of a Noteholder’s initial investment or anticipated return on such investment which may be due to the Notes (or the payment of principal or interest under the Notes) being (a) subject to optional redemption by the Issuer, (b) determined by reference to an index, formula, asset or other reference factor (such as securities, commodities, fund units, exchange rates, a specified preference share of the Preference Share Issuer (as defined herein), a specified warrant of the Warrant Issuer (as defined herein), etc.), (c) payable in various currencies, (d) payable, as to their issue price, in instalments, (e) subject to caps, floors, leverage or other factors or any combination thereof, (f) subject to an inverse floating rate of interest, (g) subject to a fixed-to-floating (or floating-to-fixed) rate of interest, (h) payments of principal or interest being linked to the occurrence or non-occurrence of certain events beyond the control of the Issuer and, if applicable, the Guarantor such as credit, weather or sporting events, (i) issued at a discount to or premium from their principal amount and/or (j) subject to decreases in interest or principal payable depending on changes in the creditworthiness of a reference entity or reference obligation.

Other risks relating to the Notes include (i) binding decisions of meetings of Noteholders, (ii) no payment of additional amounts (in certain circumstances) in relation to taxes withheld from payments under the Notes, (iii) changes in law, (iv) lack of a liquid secondary trading market for the Notes, (v) Noteholders receiving payments in currency other than that of their financial activities, (vi) changes in interest rates, (vii) in relation to any issue of Notes which have a minimum denomination and are tradable in the clearing systems in amounts above such minimum denomination which are smaller than it, an investor not receiving all of its entitlement if definitive Notes are issued, (viii) credit ratings not reflecting all risks relating to the Notes, (ix) certain investors being subject to laws and regulations or review or regulation by certain authorities, (x) the fact that the Notes may not be a suitable investment for all investors and/or (xi) the fact that the Notes may be subject to certain transfer restrictions, including forced transfer provisions if those restrictions are breached.

The Issuer is established as a *société de titrisation* within the meaning of

the Securitisation Act 2004 which provides that claims against the Issuer by the Secured Parties will, in principle, be limited to the net assets of the relevant series included in the relevant Compartment, save as provided in Condition 8(b) (*Supplementary Assets*) with respect to Category B Notes. Accordingly, in respect of any Compartment and any Note (the **Relevant Note**), and following a Note Acceleration in respect of the Relevant Note, the entitlement of the holder of the Relevant Note as against the Issuer will be limited: (i) in the case of any Category A Compartment, to such Noteholder's *pro rata* share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms; and (ii) in the case of any Category B Compartment, to such Noteholder's *pro rata* share of the proceeds (as aforesaid) and, in the case of any Charged Assets Shortfall, the Supplementary Assets (if any). If, in respect of any Relevant Note, the net proceeds of the enforcement or liquidation of the relevant Charged Assets and, as the case may be, the Supplementary Assets applied as aforesaid are not sufficient to make all payments due in respect of the Relevant Note in accordance with the Order of Priority specified in the applicable Final Terms, then, without prejudice to the rights of the Trustee held for the benefit of holders of Guaranteed Notes under the Guarantee, (i) no other assets of the Issuer will be available to meet such Residual Shortfall Amount; (ii) the claims of the holder of the Relevant Note as against the Issuer in respect of any such Residual Shortfall Amount shall be extinguished and (iii) neither the holder of a Note nor any person on its behalf shall have the right to petition for the winding-up of the Issuer as a consequence of any such Residual Shortfall Amount or otherwise. Noteholders, by acquiring the Notes, expressly accept, and shall be deemed to be bound by, the provisions of the Securitisation Act 2004 and, in particular, the provisions with respect to limited recourse, non-petition, subordination and priority of payments.

Programme Size

€100,000,000,000 (or its equivalent in other currencies calculated on the Agreement Date as defined in the Programme Agreement) outstanding at any time. The Issuer and the Guarantor may increase the amount of the Programme in accordance with the terms of the Programme Agreement.

Distribution

Notes may be distributed by way of private or public placement and in each case on a syndicated or non-syndicated basis.

Form of Notes

Each Tranche of Notes (as defined in the section headed "*Terms and Conditions of the Notes*") specified in the applicable Final Terms to be governed by English law will be either Bearer Notes (with or without interest coupons attached) issued outside the United States in reliance on Regulation S or Registered Notes (without interest coupons attached) issued outside the United States in reliance on the exemption from registration provided by Regulation S and/or within the United States in reliance on Rule 144A under the Securities Act.

Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to U.S. Persons, except in transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Treasury regulations promulgated thereunder.

Bearer Notes will on issue be represented by either a temporary Bearer Global Note or a permanent Bearer Global Note as specified in the

applicable Final Terms. Temporary Bearer Global Notes will be exchangeable either for (a) interests in a permanent Bearer Global Note or (b) Bearer Definitive Notes, as indicated in the applicable Final Terms. Each Series of Swedish Notes will be represented on issue by a Permanent Bearer Global Note. Permanent Bearer Global Notes will be exchangeable for Bearer Definitive Notes only upon the occurrence of an Exchange Event as described in the section headed "*Form of the Notes*".

Registered Notes will on issue be represented by a Registered Global Note which will be exchangeable for Registered Definitive Notes in certain circumstances set out in such Registered Global Note.

Registered Notes will not be exchangeable for Bearer Notes and vice versa.

Special procedures apply to SIS Notes and EUI Notes (see the section headed "*Form of the Notes*").

In respect of dematerialised CREST depository interests (**CDIs**), investors will hold CDIs constituted and issued by CREST Depository Limited and representing indirect interests in the Notes. The CDIs will be issued and settled through CREST.

Neither the Notes nor any rights thereto will be issued, held, transferred or settled within the CREST system otherwise than through the issue, holding, transfer and settlement of CDIs.

Holders of CDIs will not be entitled to deal directly in Notes and accordingly all dealings in the Notes will be effected through CREST in relation to holding of CDIs.

Terms of Notes

Notes may be issued on a fully-paid or a partly-paid basis and at an issue price which is at par or at a discount to, or premium over, par.

Notes may be denominated in any agreed currency and with any agreed maturity, subject to any applicable legal or regulatory restrictions and any requirements of the relevant central bank (or equivalent body).

The terms of the Notes will be specified in the applicable Final Terms. In addition to any other form of Notes agreed by the Issuer and the relevant Purchaser(s), the following types of Note may be issued: (i) Fixed Rate Notes; (ii) Partly Paid Notes; (iii) Floating Rate Notes; (iv) Index Linked Notes (including, without limitation, Equity Linked Notes, Fund Linked Notes, Credit Linked Notes, Managed Assets Portfolio Linked Notes, Commodity Linked Notes, Preference Share Linked Notes or Warrant Linked Notes); (v) Dual Currency Notes; (vi) Physical Delivery Notes; (vii) Zero Coupon Notes; and (viii) Fixed/Floating Rate Notes.

Interest periods, rates of interest and the terms of and/or amounts payable on redemption may differ depending on the Notes being issued and such terms will be specified in the applicable Final Terms.

The applicable Final Terms will indicate either that the Notes cannot be redeemed prior to their stated maturity (other than in specified instalments, if applicable, or for taxation reasons or following an Event of Default) or that such Notes (if Physical Delivery Notes) may be settled at maturity or otherwise by receipt by the holder(s) of a cash amount and/or by delivery of

the relevant Underlying Assets (specified in the applicable Final Terms) or that such Notes will be redeemable at the option of the Issuer and/or the Noteholders. The terms of any such redemption, including notice periods, any relevant conditions to be satisfied and the relevant redemption dates and prices will be indicated in the applicable Final Terms.

The applicable Final Terms may provide that Notes may be redeemable in two or more instalments of such amounts and on such dates as are indicated in the applicable Final Terms.

Short Term Notes are subject to certain restrictions on their denomination and distribution.

Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Purchaser(s) as indicated in the applicable Final Terms save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.

Taxation

All payments in respect of the Notes and the Guarantee will be made without deduction for or on account of withholding taxes imposed by any Tax Jurisdiction unless such withholding is required by law. In the event that any such deduction is made, the Issuer or, as the case may be, the Guarantor, will, save in certain limited circumstances provided in Condition 9 (*Taxation*), be required to pay additional amounts to cover the amounts so deducted.

All payments in respect of the Notes and the Guarantee will be made subject to any withholding or deduction required pursuant to FATCA, as provided in Condition 6(c) (*Payments Subject to Fiscal and Other Laws*).

Restrictions

So long as any of the Notes remains outstanding, the Issuer will not, without the prior written consent of the Trustee, incur any indebtedness for moneys borrowed or raised other than in respect of Permitted Instruments or Permitted Indebtedness, engage in any activity other than certain activities related to the Notes or any Permitted Instrument or Permitted Indebtedness or consolidate or merge with any other person, all as more fully described in Condition 4 (*Restrictions*).

Events of Default

- (a) In respect of any Series of Notes, the Trustee at its discretion may, and if so requested in writing by the holders of at least one-fifth in aggregate principal amount of Notes of such Series then outstanding or if so directed by an Extraordinary Resolution of such holders shall (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction) give notice to the Issuer and, if applicable, the Guarantor that such Notes are, and they shall accordingly forthwith become, immediately due and repayable at their Early Redemption Amount (such occurrence, a **Note Acceleration**) upon the occurrence of any of the following events (each an **Event of Default**):
 - (i) a default is made for a period of 30 days or more in the payment of any sum due or the delivery of Underlying Assets deliverable in respect of the Notes of such Series; or

- (ii) the Issuer fails to perform or observe any of its other obligations under the Notes of such Series or the Trust Deed and (unless such failure is, in the opinion of the Trustee, incapable of remedy in which case no such notice as is referred to in this paragraph shall be required) such failure continues for a period of 60 days (or such longer period as the Trustee may permit) following the service by the Trustee on the Issuer of notice requiring the same to be remedied (and for these purposes, a failure to perform or observe an obligation shall be deemed to be remediable notwithstanding that the failure results from not doing an act or thing by a particular time); or
- (iii) in respect of any other Series of notes issued under the same Compartment as the Notes (such other Series of notes, the **Related Notes**), a “Note Acceleration” (as defined under the terms and conditions of such Related Notes) occurs; or
- (iv) any order is made by any competent court or any resolution passed for the winding-up or dissolution of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of a receiver of the Issuer (including, without limitation, the appointment of any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), *juge délégué* or *juge commissaire*) save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an Extraordinary Resolution of the holders of Notes of such Series; or
- (v) the Issuer is in a state of cessation of payments (*cessation de paiements*) and has lost its commercial creditworthiness (*ébranlement de crédit*); or
- (vi) in the case of Guaranteed Notes (as specified in the applicable Final Terms), the Guarantee ceases to be in full force and effect in respect of the Notes of such Series, or notice is given by the Guarantor which would cause the Guarantee to cease to be in full force and effect in respect of such Notes of such Series, or is rendered void for any cause or by any means whatsoever or any legislation is introduced the result of which would be to remove the benefit of the Guarantee from the Notes of such Series, or terminate or amend the same in a manner (in the opinion of the Trustee) materially adverse to the interests of the Noteholders of such

Series, or the Guarantor is unable to perform its obligations thereunder for any reason.

- (b) If an Event of Default occurs by virtue of the operation of Condition 11(a)(iii): (A) a Note Acceleration for the purposes of the Notes shall be deemed to have occurred at the same time as the Note Acceleration (as such expression is defined in the terms and conditions of the relevant Related Notes) occurred for the purposes of the relevant Related Notes; and (B) the Security constituted by or created pursuant to the Trust Deed, any French Pledge and any Additional Security Document shall become enforceable as described in Condition 12 (*Enforcement and Realisation*).
- (c) Each of the Issuer and, in relation to (i) below only, the Guarantor has severally undertaken in the Trust Deed that (in relation to each Series), so long as any of the Notes of that Series remains outstanding, it will give to the Trustee (i) within seven days after demand by the Trustee therefor and (ii) (without the necessity for any such demand) promptly, and in any event not later than 180 days after each anniversary of the date of such Trust Deed, a certificate signed by a Director (in the case of the Issuer) or an authorised signatory (in the case of the Guarantor, if applicable) to the effect that, as at a date not more than seven days before delivering such certificate (the **relevant date**), there did not exist and had not existed since the relevant date of the previous certificate (or in the case of the first such certificate, the Issue Date of the relevant Series) any Event of Default or any Potential Event of Default (with respect to Condition 11(a)(vi) only in the case of the certificate of the Guarantor) in relation to such Series (or if such exists or existed specifying the same) and that during the period from and including the relevant date of the last such certificate (or, in the case of the first such certificate, the Issue Date of the relevant Series) to and including the relevant date of such certificate, each of the Issuer and, if applicable, the Guarantor has complied with all its obligations in relation to such Series contained in the Trust Deed (in relation to the Guarantee only in the case of the certificate of the Guarantor) or (if such is not the case) specifying the respects in which it has not so complied.
- (d) The Trust Deed provides that the Trustee shall not be under any obligation to monitor whether or not an Event of Default or a Potential Event of Default (as defined in the Trust Deed) has occurred or is continuing.

**Status of the Notes and the
Guarantee and Limitations on
Recourse**

The Notes of each Series will be secured, limited recourse obligations of the Issuer, ranking *pari passu* without any preference among themselves (unless otherwise specified in the relevant Final Terms) and secured in the manner described in the section headed “*Terms and Conditions of the Notes*” and the applicable Final Terms.

The Guarantee, if applicable, constitutes an unsecured, unsubordinated and general obligation of the Guarantor and ranks and will rank (i) *pari passu* with all other existing and future unsecured, unsubordinated and general obligations of the Guarantor, including those in respect of deposits,

but excluding any debts for the time being preferred by law and (ii) senior to any subordinated obligations.

Recourse in respect of any Series of Notes and any Related Notes will be limited to (i) the Charged Assets and, in the event of a Charged Assets Shortfall in the case of any Series of Category B Notes, the Supplementary Assets (if any) and (ii) if applicable, recourse under the Guarantee in relation to any Guaranteed Shortfall Amount (on the terms set out therein and in the applicable Final Terms).

Guarantee

If the Notes are Guaranteed Notes (as defined in Condition 3 (*Status of the Notes and the Guarantee; Guaranteed Notes*)) as specified in the applicable Final Terms, and subject to the satisfaction of the conditions set out therein and in the relevant provisions of the Trust Deed (which are referred to herein as the **Guarantee**), Societe Generale (in such capacity, the **Guarantor**), pursuant to the Trust Deed, will unconditionally and irrevocably guarantee to the Trustee for the benefit of each Holder that, if following the enforcement or liquidation of the relevant Charged Assets and, as the case may be, the Supplementary Assets in accordance with Condition 12 (*Enforcement and Realisation*), the net proceeds of such enforcement or liquidation are not sufficient to make all payments due in respect of the Relevant Note in accordance with the Order of Priority specified in the applicable Final Terms, the Guarantor will as soon as reasonably practical and in any event not later than ten Business Days after a demand has been made on the Guarantor by the Trustee (without requiring the Trustee first to take steps against the Issuer or any other person) pay an amount equal to the difference between the Market Value of the Notes (as defined in Condition 7(g)(v)) and the net proceeds of the enforcement or liquidation of the relevant Charged Assets and, as the case may be, the Supplementary Assets received by the Holders of such Notes in accordance with the Order of Priority specified in the applicable Final Terms (such amount being the **Guaranteed Shortfall Amount**) in the currency in which such Guaranteed Shortfall Amount is payable in immediately available funds as though the Guarantor were the principal obligor in respect of such obligation.

The Guarantee is contingent upon, and the Guarantor shall only be obliged to make any payment of the Guaranteed Shortfall Amount following, the completion of the enforcement or liquidation in full of the relevant Charged Assets and, as the case may be, the Supplementary Assets, in the manner set out in Condition 12 (*Enforcement and Realisation*).

The Guarantee shall not apply to any Series of Guaranteed Notes issued by the Issuer to the extent that, at the Issue Date of such Series of Notes, the sum of (A) the Aggregate Nominal Amount of such Series of Guaranteed Notes and (B) the sum of the Aggregate Nominal Amounts of each Series of Guaranteed Notes issued by the Issuer and outstanding on such Issue Date, in each case, converted into euro at the relevant spot rate of exchange on such Issue Date, is equal to an amount which exceeds EUR 5,000,000,000.

Use of Proceeds

The net proceeds of each Series of Notes and any Related Notes will be used to acquire directly, or indirectly, the assets which will comprise the Charged Assets, to enter into any agreement (including, without limitation, any Related Agreement) in connection with such Notes and/or to pay expenses or other amounts in connection with the administration of the

Issuer and/or the Notes. If, in respect of any Series of Notes, there is a particular identified use of proceeds, in addition to or other than the foregoing, this will be stated in the applicable Final Terms.

Rating

The Programme has no rating. If any issue of Notes under the Programme is to be rated, the rating of such Notes will be specified in the applicable Final Terms.

Whether or not each credit rating applied for in relation to the relevant Series of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009 (as amended by Regulation (EU) No. 513/2011, the **CRA Regulation**) will be disclosed in the applicable Final Terms.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

RISK FACTORS

Prospective purchasers of Notes should carefully consider the following information in conjunction with the other information contained in this Base Prospectus, the 2012 Registration Document of Societe Generale (as updated from time to time) and any applicable Final Terms before purchasing Notes.

Investors may lose the value of their entire investment (together with, in addition to such investment, any amounts which may have accrued on such investment but which have not been paid, if applicable) or part of it, as the case may be, and/or, if the investors' liability is not limited to the value of his investment (such as where any investor may lose, in addition to such investment, any amounts which may have accrued on such investment but which have not been paid, if applicable), a statement of that fact, together with a description of the circumstances in which such additional liability arises and the likely financial effect.

Each of the Issuer and the Guarantor believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme or under the Guarantee in relation to such Notes (respectively). Most of these factors are contingencies which may or may not occur and neither the Issuer nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which each of the Issuer and the Guarantor believes are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Each of the Issuer and the Guarantor believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer or the Guarantor to pay interest (if any), principal or other amounts on or in connection with any Notes may occur for other reasons, and each of the Issuer and the Guarantor does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Consequently, the statements below or in the applicable Final Terms regarding the risks of investing in the Notes of any Series should not be viewed as exhaustive. The applicable Final Terms in respect of any Notes may contain more detailed information in relation to issue specific risk factors which have already been described in a general way in this Base Prospectus and which should be considered before making an investment decision. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision. No investment should be made in the Notes of any Series until after careful consideration of all those factors that are relevant in relation to the Notes of such Series. Prospective investors should reach an investment decision with respect to the suitability of the Notes of such Series for them only after careful consideration and consultation with their financial and legal advisers.

The order in which the following risks factors are presented is not an indication of the likelihood of their occurrence.

A. Risks relating to the Issuer, the Group and, as the case may be, the Guarantor

The Group is exposed to the risks inherent in its core businesses.

The Group's risk management focuses on the following main categories of risks, any of which could materially adversely affect the Group's business, results of operations and financial condition:

- Credit and counterparty risk (including country risk);
- Market risk;
- Operational risks (including accounting and environmental risks);
- Investment portfolio risk;
- Non-compliance risk (including legal, tax and reputational risks);
- Structural interest and exchange rate risk;
- Liquidity risk;
- Strategic risk;
- Business risk;
- Risk related to insurance activities;

- Risk related to specialised finance activities;
- Specific financial information;
- Regulatory ratios; and
- Other risks.

For any further information on the risks relating to the Group and the Guarantor, investors should refer to the "Risk Management" section in the English translation of the 2012 Registration Document of Société Générale which is incorporated by reference into this Base Prospectus

Factors that may affect the Issuer's ability to fulfil its obligations under the Notes issued under the Programme and the Guarantor's ability to fulfil its obligations under the Guarantee in relation to such Notes

Creditworthiness of the Issuer and the Guarantor

If you purchase the Notes, you are relying upon the creditworthiness of the Issuer and, if applicable, the Guarantor.

The Guarantee constitutes general and unsecured contractual obligations of the Guarantor and of no other person, which will rank equally with all other unsecured contractual obligations of the Guarantor, and behind preferred liabilities, including those mandatorily preferred by law. The Guarantor issues and guarantees a large number of financial instruments on a global basis and, at any given time, the financial instruments outstanding may be substantial. If, in respect of any Guaranteed Note, following the enforcement or liquidation of the relevant Charged Assets and, as the case may be, the Supplementary Assets in accordance with Condition 12 (*Enforcement and Realisation*), the net proceeds of such enforcement or liquidation are not sufficient to make all payments due in respect of such Guaranteed Note in accordance with the Order of Priority specified in the applicable Final Terms, the Guarantor will as soon as reasonably practical and in any event not later than ten Business Days after a demand has been made on the Guarantor by the Trustee (without requiring the Trustee first to take steps against the Issuer or any other person) pay an amount equal to the Guaranteed Shortfall Amount (as defined in Condition 3(b) (*Status of the Notes and the Guarantee; Guaranteed Notes*)) in the currency in which such Guaranteed Shortfall Amount is payable in immediately available funds as though the Guarantor were the principal obligor in respect of such obligation. Noteholders are relying upon the creditworthiness of the Guarantor and no other person in relation to such Guaranteed Shortfall Amount.

The Guarantee is a guarantee of payment of the Guaranteed Shortfall Amount only and not a guarantee of the performance by the Issuer of any of its other obligations under the Notes including any obligation the Issuer may have to deliver any securities or pay any other amount (including any amounts of interest that may be periodically due). In addition, investors should be aware that the Guaranteed Shortfall Amount is determined by reference to the Market Value of the Guaranteed Notes, which may not be the same as the amounts due to Noteholders (including where such amounts are based on the Early Redemption Amount for such Notes). As a result, the Guaranteed Shortfall Amount may be less than the difference between the net proceeds of the enforcement or liquidation of the relevant Charged Assets and, as the case may be, the Supplementary Assets received by the Holder of a Guaranteed Note and the amounts due to Noteholders.

Limitations on recourse and rights with respect to underlyings

Where the Notes are backed by securities, a holder of the Notes has no rights against the company that has issued such securities; where the Notes relate to an index, such holder of the Notes has no rights against the sponsor of such index; where the Notes relate to a fund, such holder of the Notes has no rights against the manager of such fund; and where the Notes relate to a swap or other kind of hedging contract, such holder of the Notes has no rights against the counterparty of such swap or contract. Further, an investment in the Notes is not an investment in the Underlying Assets and a holder of the

Notes will have no rights in relation to voting rights or other entitlements (including any dividend or other distributions) relating to such Underlying Assets. The Notes are not in any way sponsored, endorsed or promoted by any issuer, sponsor, manager or other connected person in respect of any underlying assets and such entities have no obligation to take into account the consequences of their actions on any Noteholders.

Risks associated with product structure

Once the proceeds of the issue of the Notes and any Related Notes have been invested in the Charged Assets with respect to a particular Compartment, such Charged Assets (including, without limitation, assets such as hedging agreements and debt securities) will constitute the only source of funds available to the Issuer for the satisfaction of its pre-enforcement obligations under the Notes and the relevant Related Agreements (if any). Accordingly, if such Charged Assets do not generate sufficient cashflows, an Event of Default may occur under the Notes, which, in turn, may lead to the enforcement and liquidation of the relevant Charged Assets by the Trustee (or its Appointee). The proceeds of any such enforcement and liquidation may not be sufficient to meet the claims of the Secured Parties (including the Noteholders) with respect to the relevant Compartment. As more fully described below, claims against the Issuer by holders of the Notes of a particular Series, the holders of any Related Notes and, in each case, each other Secured Party in respect of any Compartment will be limited: (i) in the case of any Notes issued under a Category A Compartment, to the relevant Charged Assets; and (ii) in the case of any Notes issued under a Category B Compartment, to the relevant Charged Assets, and, in the case of any Charged Assets Shortfall and with respect to the claims of the Noteholders only (and not those of any other Secured Party), the Supplementary Assets (if any). Accordingly, investors may lose the value of their entire investment in the Notes or part of it.

Risks associated with the lack of independence of the Issuer and, as the case may be, the Guarantor and conflicts of interest

Save as otherwise provided herein, neither the Issuer nor the Guarantor is aware of any conflict of interest that is material to the issue/offer of Notes hereunder.

Codeis Securities SA will act as the Issuer under the Programme. Societe Generale will act as the Guarantor of the Notes where applicable and also as provider of hedging instruments to the Issuer (which hedging instruments shall be Charged Assets), Compartment Assets Manager, Supplementary Assets Manager, Disposal Agent, Market Maker, Voting Agent (if applicable) and Calculation Agent (if applicable). As a result, investors will be exposed not only to the credit risk of the Guarantor but also to potential conflicts of interest and operational risks arising from the lack of independence associated with Societe Generale acting as provider of hedging instruments to the Issuer, Guarantor, Compartment Assets Manager, Supplementary Assets Manager, Disposal Agent, Market Maker, Voting Agent (if applicable) and Calculation Agent (if applicable). The potential conflicts of interests and operational risks arising from such lack of independence are in part intended to be mitigated by the fact that different divisions within Societe Generale will be responsible for (i) implementing the Guarantee, (ii) providing hedging instruments and (iii) acting as Compartment Assets Manager, Supplementary Assets Manager, Disposal Agent, Market Maker, Voting Agent (if applicable) and Calculation Agent (if applicable) and that each division is run as a separate operational unit, segregated by Chinese walls (information barriers) and run by different management teams. Whilst compliance procedures require effective segregation of duties and responsibilities between the relevant divisions within Societe Generale, the possibility of conflicts of interest arising cannot be wholly eliminated.

The Guarantor provides a full array of capital market products and advisory services worldwide including the issuance of “structured” Notes where interest and/or principal is/are linked to the performance of underlying assets. The Issuer and the Guarantor and any of their subsidiaries and affiliates, in connection with their other business activities, may possess or acquire material information about the underlying assets. Such activities and information may cause consequences adverse to the Noteholders. Such actions and conflicts may include, without limitation, the exercise of voting power, the

purchase and sale of securities, financial advisory relationships and the exercise of creditor rights. The Issuer, the Guarantor and any of their subsidiaries and affiliates have no obligation to disclose such information about the underlying assets or the companies to which they relate. The Issuer, the Guarantor and any of their subsidiaries and affiliates and their officers and directors may engage in any such activities without regard to the Notes or the effect that such activities may directly or indirectly have on any Note.

In particular, the following potential conflicts of interest could exist in connection with any issue of Notes in the context of this Programme:

- the Issuer is a subsidiary of Societe Generale and is within the scope of application of the corporate governance of the Group. It is not excluded that potential conflicts of interest between the Issuer and the Guarantor could affect the Noteholders;
- the Arranger, the Paying Agents, the Registrar, the Transfer Agent, Exchange Agent, Compartment Assets Manager, Supplementary Assets Manager, Disposal Agent, Market Maker, Voting Agent (if applicable) and Calculation Agent (if applicable) are all part of the Group. A deterioration of Societe Generale's credit risk would also affect its affiliated companies and thus have a negative impact on the obligations of each of the entities listed above in relation to the Notes. If one of these entities does not respect its obligations towards the Issuer and/or the Guarantor, this could have a negative impact on the Noteholders;
- in the normal course of their activity, Société Générale and its affiliated companies (a) could be required to carry out transactions for their own account or for the account of their clients and hold long and short term positions on the underlying assets and/or products derived from these assets and (b) could be in business relationships and act as the financial advisor for companies whose shares or notes are underlying assets and/or Notes and could be deemed to be contrary to the interests of the Noteholders;
- in the normal course of their activity, Société Générale and its affiliated companies could possess or acquire information which is not public knowledge on the underlying assets and which are or could be important to the Notes. None of the Societe Generale Group entities intend to make this information available to the Noteholders;
- the composition of, and the methodologies used in connection with, certain indices to which Notes are linked may be determined and selected by Societe Generale or one of its affiliates (see "*Conflicts of interest in connection with indices*" below);
- the potential for a fund manager to earn performance-based compensation (including a manager that is affiliated with Societe Generale) may encourage such fund manager to trade in a more speculative manner than it otherwise would (see "*Funds managers may be eligible to earn incentive compensation*" below); and
- the Issuer and the Guarantor, or one or more of their affiliates, may engage in trading and other business activities relating to the underlying fund(s) or their underlying assets that are not for the Noteholders' accounts or on behalf of the Noteholders (see "*Certain business activities may create conflicts of interest with Noteholders*" below).

Hedging and trading activity by the Guarantor and its affiliates could potentially affect the value of the Notes

In the ordinary course of its business, whether or not it will engage in any secondary market-making activities, the Guarantor and/or any of its affiliates may effect transactions for its own account or for the account of its customers and hold long or short positions in the Charged Assets or related derivatives.

In addition, in connection with the offering of the Notes, the Issuer, the Guarantor and/or their affiliates may enter into one or more hedging transactions with respect to the Notes, the Charged Assets or related derivatives. In connection with such hedging by the Issuer, the Guarantor and/or their affiliates (or any market-making activities or with respect to proprietary or other trading activities by the Guarantor) may enter into transactions in the Charged Assets or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the relevant Noteholders.

Securitisation Act 2004, Compartments and Limited Recourse

The board of directors of the Issuer (the **Board**) may establish one or more compartments (together the **Compartments** and each a **Compartment**) each of which constitutes either a Category A Compartment or a Category B Compartment or the Category X Compartment, each of which is a separate and distinct part of the Issuer's estate (*patrimoine*) and which may be distinguished by the nature of acquired risks or assets and, as far as each Category A Compartment and Category B Compartment is concerned, the Conditions, in each case as completed, modified and amended by the applicable Final Terms, the reference currency or other distinguishing characteristics. The Conditions of the Notes issued in respect of, and the specific objects of, each Category A Compartment and each Category B Compartment shall be determined by the Board. Each Secured Party shall be deemed to fully adhere to, and be bound by, the Conditions applicable to the Notes and the articles of incorporation of the Issuer (the **Articles** or the **Articles of Incorporation**).

The Issuer is established as a *société de titrisation* within the meaning of the Securitisation Act 2004, which provides that claims against the Issuer by the Secured Parties will, in principle, be limited to the net assets of the relevant series included in the relevant Compartment, save as provided in Condition 8(b) (*Supplementary Assets*) with respect to Category B Notes. In respect of any Compartment and any Note (the **Relevant Note**), and following a Note Acceleration in respect of the Relevant Note, the entitlement of the holder of the Relevant Note as against the Issuer will be limited: (i) in the case of any Category A Compartment, to such Noteholder's *pro rata* share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms; and (ii) in the case of any Category B Compartment, to such Noteholder's *pro rata* share of the proceeds (as aforesaid), and, in the case of any Charged Assets Shortfall, the Supplementary Assets (if any). If, in respect of any Relevant Note, the net proceeds of the enforcement or liquidation of the relevant Charged Assets and, as the case may be, the Supplementary Assets applied as aforesaid are not sufficient to make all payments due in respect of the Relevant Note in accordance with the Order of Priority specified in the applicable Final Terms, then, without prejudice to the rights of the Trustee held for the benefit of holders of Guaranteed Notes under the Guarantee, (i) no other assets of the Issuer will be available to meet such Residual Shortfall Amount; (ii) the claims of the holder of the Relevant Note as against the Issuer in respect of any such Residual Shortfall Amount shall be extinguished and (iii) neither the holder of a Note nor any person on its behalf shall have the right to petition for the winding-up of the Issuer as a consequence of any Residual Shortfall Amount or otherwise. Noteholders, by acquiring the Notes, expressly accept, and shall be deemed to be bound by, the provisions of the Securitisation Act 2004 and, in particular, the provisions with respect to limited recourse, non-petition, subordination and priority of payments.

Pursuant to the Articles, investors under the Category X Compartment and the creditors whose claims have arisen in connection with the creation, operation or liquidation of the Category X Compartment are made aware, acknowledge and accept that their respective claims are subordinated to the claims that holders of Category B Notes may have in respect of the Supplementary Assets.

As far as each Category A Compartment and each Category B Compartment is concerned and subject to any particular rights or limitations attaching to any Notes, as may be specified in the Articles or upon which such Notes may be issued including, without limitation, the relevant Conditions and the relevant Final Terms, if the net assets of a Category A Compartment or a Category B Compartment are liquidated, the proceeds thereof shall be applied in the order set out in the Conditions.

As between the Secured Parties, each Compartment is deemed to comprise assets of a separate entity.

Fees, expenses and other liabilities incurred on behalf of the Issuer but which do not relate specifically to any Compartment shall, unless otherwise determined by the Board, be general liabilities of the Issuer and shall not be payable out of the assets of any Compartment. The Board shall ensure, to the extent possible (although there is no guarantee that the Board will be able to achieve this), that creditors of such liabilities waive recourse to the assets of any Compartment.

The Board shall establish and maintain separate accounting records for each of the Compartments of the Issuer. The assets of each Category A Compartment or Category B Compartment may include the proceeds of the issue of the Notes of the relevant Series, any Related Notes, any Related Agreements, any collateral relating to such Series, any proceeds from the Related Agreements and any such collateral. The fees, costs and expenses in relation to the Notes of each Series are allocated to the respective Category A Compartment or Category B Compartment in accordance with the relevant Conditions.

To give effect to the provisions of the Securitisation Act 2004 and the Articles under which the Charged Assets of a Category A Compartment or Category B Compartment are available only for the Secured Parties for the relevant Series relating to that Category A Compartment or Category B Compartment, and the Supplementary Assets are only available to holders of Category B Notes in certain circumstance specified in the Conditions, the Issuer will seek (although there is no guarantee that the Issuer will be able to achieve this) to contract with parties on a “limited recourse” basis such that claims against the Issuer in relation to each Series would be restricted to the Charged Assets of the Category A Compartment or Category B Compartment for the relevant Series.

Consequences of Winding-up Proceedings

If the Issuer fails for any reason to meet its obligations or liabilities (that is, if the Issuer is unable to pay its debts and cannot obtain further credit), a creditor, who has not (and cannot be deemed to have) accepted non-petition and limited recourse provisions in respect of the Issuer, is entitled to make an application for the commencement of insolvency proceedings against the Issuer. In that case, such creditor should however not have recourse to the assets of any Compartment (in the case that the Issuer has created one or more Compartments) but should have to exercise his rights on the general assets of the Issuer unless his rights would arise in connection with the “creation, operation or liquidation” of a Compartment, in which case, the creditor would have recourse to the assets allocated to that Compartment but he would not have recourse to the assets of any other Compartment. Furthermore, the commencement of such proceedings may in certain conditions, entitle creditors (including the relevant counterparties) to terminate contracts with the Issuer (including Related Agreements) and claim damages for any loss created by such early termination. The Issuer will seek to contract only with parties who agree not to make application for the commencement of winding-up, liquidation and bankruptcy or similar proceedings against the Issuer. Legal proceedings initiated against the Issuer in breach of these provisions shall, in principle, be declared inadmissible by a Luxembourg court.

Category B Notes and Supplementary Assets

There is no assurance as to the quantity or value of Supplementary Assets contained in the Category X Compartment or that the Category X Compartment will, at any given time, contain any Supplementary Assets at all and, in the case of Category B Notes, it may only be possible for investors to claim the relevant Charged Assets regardless of whether the proceeds of enforcement or liquidation of the assets of the relevant Category B Compartment are sufficient to make all payments due in respect of the relevant Series.

The Issuer may, except as provided above, alter the composition of, or remove entirely, any Supplementary Assets without notifying any person (including, without limitation, the Noteholders). Further, in the event that the Category X Compartment does contain Supplementary Assets at the time

of any Charged Assets Shortfall(s), the Issuer gives no assurance that such Supplementary Assets will be sufficient to meet the claims of the holders of the relevant Series of Category B Notes.

The above situations may result in consequences which may be adverse to any investment by any holder of the Notes. The Issuer and the Guarantor assume no responsibility whatsoever for such consequences and their impact on any investment by any holder of the Notes.

Excess Assets Direction

Where the Security constituted by or created pursuant to the Trust Deed, any French Pledge and any Additional Security Document in respect of a Series becomes enforceable, the Trustee shall notify the Secured Parties (other than the Noteholders) if the Net Proceeds in respect of such Series exceeds or is likely to exceed the amounts due to the Secured Parties in accordance with the Order of Priority. In such circumstances, the Secured Party that has provided Charged Assets to the Issuer in connection with such Series may send an Excess Assets Direction notice to the Trustee directing the Trustee how to deal with the Charged Assets (including in relation to the order of realisation of such assets) and requesting the Trustee to deliver any Residual Collateral Assets to it. Such direction may affect (i) the amount received by the Trustee in respect of such realisation and (ii) the time frame in which the Trustee is entitled to realise the Charged Assets. Accordingly, in such circumstances the rights of Noteholders will be subordinated to the rights of the relevant Secured Party in relation to the manner in which the Charged Assets are realised.

Custody Arrangements

Compartment Assets and, if applicable, Supplementary Assets (together with any related Security) will, unless otherwise specified in the applicable Final Terms, be held by the Custodian on behalf of the Issuer pursuant to the Custody Agreement (as defined in Condition 8(c)(i)). Any assets held by the Custodian may be unavailable to investors upon the bankruptcy of the Custodian or, if different, the bank or financial institution with which such assets are held.

B. Risks relating to Notes

I. General risks relating to the Notes

1 - Set out below is a brief description of certain risks relating to the Notes generally:

Independent Review and Advice

Each prospective investor in the Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer, the Guarantor, the Arranger or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Modification

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Assessment of Investment Suitability

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio. Some Notes which are complex financial instruments may be redeemable at an amount below par, in which case investors may lose the value of part or their entire investment.

Taxation

Potential Purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available in relation to the tax treatment of financial instruments such as the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus and/or in the applicable Final Terms but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only such adviser is in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus and the additional tax sections, if any, contained in the applicable Final Terms.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the **Savings Directive**), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to

information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the Savings Directive which may, if implemented, amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer or any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Savings Directive.

Change of law

The conditions of the Notes (including any non-contractual obligations arising therefrom or connected therewith) are based on relevant laws in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to such laws, or the official application or interpretation of such laws or administrative practices, after the date of this Base Prospectus.

U.S. Foreign Account Tax Compliance withholding

Sections 1471 through 1474 of the U.S. Internal Revenue Code (**FATCA**) impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to any non-US financial institution (a foreign financial institution, or **FFI** (as defined by FATCA)) that does not become a **Participating FFI** by entering into an agreement with the U.S. Internal Revenue Service (**IRS**) to provide certain information on its account holders. The new withholding regime will be phased in beginning in 2014. If the Issuer does not enter into such an agreement, the Issuer may be subject to a 30 per cent. withholding tax on all, or a portion of all, payments received from U.S. sources and from Participating FFIs. Any such withholding imposed on the Issuer may reduce the amounts available to the Issuer to make payments on the Notes.

In the alternative, if the Issuer becomes a Participating FFI, the Issuer and financial institutions through which payments on the Notes are made may be required to withhold U.S. tax at a rate of 30 per cent. on all of, or a portion of, certain payments made in respect of (i) any Notes characterized as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes and that are issued after 31 December 2012 or are materially modified after that date, and (ii) any Notes characterized as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. In addition, pursuant to the Conditions of the Notes, the Issuer may issue Further Notes (as defined in Condition 17 (*Further Notes, Related Notes and Consolidation*)) in respect of any Series of Notes already issued (**Existing Notes**) such that the Further Notes shall be consolidated and form a single Series with the Existing Notes. An issue of Further Notes after 31 December 2012 that will be consolidated and form a single Series with, and have the same operational identification numbers as, Existing Notes issued on or before 31 December 2012 may result in such Existing Notes also being subject to withholding.

This withholding tax may apply to an investor or to any non-U.S. financial institution through which payment on the Notes is made if that investor or financial institution does not meet certain requirements established under FATCA. If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, principal or other payments on the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding of such tax. Noteholders therefore may, if FATCA is implemented as currently proposed by the U.S. Internal Revenue Service, receive less interest or principal than expected. See "*Taxation—United States—U.S. Foreign Account Tax Compliance Withholding*" for further information.

The Dodd-Frank Wall Street Reform and Consumer Protection Act

The Dodd-Frank Wall Street Reform and Consumer Protection Act (**Dodd-Frank**), which provides for substantial changes to the regulation of the futures and over-the-counter (**OTC**) derivative markets, was enacted in July 2010.

Dodd-Frank requires regulators, including the CFTC, the Securities and Exchange Commission (the **SEC**) the Department of the Treasury, the Financial Stability Oversight Council (the **FSOC**), the Office of the Comptroller of the Currency, and the Federal Deposit Insurance Corporation to adopt regulations to implement many of the requirements of the legislation. While certain regulations under Dodd-Frank have been adopted, much of the significant rule-making remains to be done, and the ultimate nature and scope of the regulations cannot yet be determined. By way of example, final regulations defining the terms “swap” and “securities-based swap” have not been adopted and it is not possible to conclude that the Notes will not be deemed to be “swaps” or “securities-based swaps” under Dodd-Frank and regulated as such. Options, swaps and other instruments entered into by the Issuer may also be considered “swaps” or “securities-based swaps” under Dodd-Frank and be subject to regulation thereunder.

Under Dodd-Frank, the CFTC has approved a final rule to impose limits on the size of positions that can be held by market participants in futures and OTC derivatives. While the precise scope and effect of the final rule is not yet known, these limits will likely restrict the ability of market participants to participate in the commodity, future and swap markets and markets for other OTC derivatives to the extent and at the levels that they have in the past. These factors may have the effect of reducing liquidity and increasing costs in these markets as well as affecting the structure of the markets in other ways. In addition, these legislative and regulatory changes will likely increase the level of regulation of markets and market participants, and therefore the costs of participating in the commodities, futures and OTC derivative markets. Without limitation, these changes will require many OTC derivative transactions to be executed on regulated exchanges or trading platforms and cleared through regulated clearing houses. Swap dealers will also be required to be registered and will be subject to various regulatory requirements, including capital and margin requirements. The various legislative and regulatory changes, and the resulting increased costs and regulatory oversight requirements, could result in market participants being required to, or deciding to, limit their trading activities, which could cause reductions in market liquidity and increases in market volatility. These consequences could adversely affect the return on and value of the Notes.

Dodd-Frank also: requires the SEC to promulgate rules generally prohibiting firms from underwriting or sponsoring an asset-backed security, including certain synthetic structured products, that would result in a material conflict of interest with respect to investors in that security; establishes the FSOC to oversee systemic risk, and provides regulators with the power to require companies deemed “systemically important” to sell or transfer assets and terminate activities if the regulators determine that the size or scope of activities of the company pose a threat to the safety and soundness of the company or the financial stability of the United States; requires covered entities to provide a credible plan for resolution under the Bankruptcy Code, and provides sanctions that include divestiture of assets or restructuring in the event the plan is deemed insufficient; and requires several regulators to jointly promulgate rules implementing prohibitions and restrictions on proprietary trading and certain interests in, and relationships with, hedge funds and private equity funds (the **Volcker Rule**). The Volcker Rule is currently scheduled for effectiveness on 21 July 2012, and once it becomes effective, it could prohibit Société Générale from owning the Issuer or guaranteeing payments on the Notes (including previously issued Notes and outstanding Notes).

Given that the full scope and consequences of the enactment of Dodd-Frank and the rules still to be enacted thereunder are not yet known, investors are urged to consult their own advisors regarding the suitability of an investment in any Notes under the Programme.

Further, the Issuer could be required to register as a commodity pool operator and to register one or more Series of Notes as commodity pools with the CFTC through the National Futures Association. Such additional registrations may result in increased reporting obligations and also in extraordinary, non-recurring expenses of the Issuers thereby materially and adversely impacting a Note's value.

In addition, other regulatory bodies have proposed or may propose in the future legislation similar to those proposed by Dodd-Frank or other legislation containing other restrictions that could adversely impact the liquidity of and increase costs of entering into derivatives transaction. For example, the European Commission recently published a proposal to update the Markets in Financial Instruments Directive (MiFID II) and Markets in Financial Instruments Regulation (MiFIR), which proposes regulations to establish position limits (or an alternative equivalent) on trading derivatives, although the scope of any final rules and the degree to which member states will be required or permitted to adopt these regulations or additional regulations remains unclear. If these regulations are adopted or other regulations are adopted in the future, they could have an adverse impact on the return on and value of the Notes.

No legal and tax advice

Each prospective investor should consult its own advisers as to the legal, tax and related aspects of an investment in the Notes. A Noteholder's effective yield on the Notes may be diminished by tax imposed on that Noteholder in respect of its investment in the Notes.

A Noteholder's actual yield on the Notes may be reduced from the stated yield by transaction costs.

Eligibility of certain Global Notes for Eurosystem Monetary Policy

If indicated in the applicable Final Terms, any Bearer Global Notes or Registered Global Notes may be intended to be held in a manner which will allow Eurosystem eligibility. This simply means that such Notes were upon issue deposited with a common safekeeper for one of the ICSDs and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem (the **Eurosystem Eligible Collateral**) either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria as specified by the European Central Bank. If the Notes do not satisfy the criteria specified by the European Central Bank, there is a risk that the Notes will not be Eurosystem Eligible Collateral. The Issuer gives no representation, warranty, confirmation or guarantee to any investor in such Notes that the Notes will, either upon issue, or at any or all times during their life, satisfy all or any requirements for Eurosystem eligibility and be recognised as Eurosystem Eligible Collateral. Any potential investors in such Notes should make their own conclusions and seek their own advice with respect to whether or not the Notes constitute Eurosystem Eligible Collateral.

Transfer Restrictions

The Notes may be subject to certain transfer restrictions. In particular, any Notes or any interests therein (other than Permanently Restricted Notes) offered and sold or intended to be transferred in the United States or to, or for the account or benefit of, U.S. Persons can only be sold or otherwise transferred to certain transferees, as described under the section headed "*Subscription, Sale and Transfer Restrictions*". Additionally, Permanently Restricted Notes, or any interest therein, may not be offered, sold, unsold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person. Such restrictions on transfer may limit the liquidity of such Notes. Consequently, a Purchaser must be prepared to hold such Notes for an indefinite period of time and potentially until their maturity.

Any sale or transfer of Notes in the United States or to, or for the account or benefit of, U.S. Persons in violation of such transfer restrictions or any sale or transfer of the Notes that would cause the Issuer or any Compartment to become required to register as an investment company under the Investment Company Act will be void *ab initio* and will not be honoured by the Issuer, except to the extent otherwise

required by law. In addition, the Issuer may, in its discretion, redeem the Notes held by such Purchaser or other transferee or compel any such Purchaser or other transferee to transfer such Notes. Any such redemption or forced transfer may result in a significant loss of a Noteholder's investment.

Investment Company Act

The Issuer has not registered with the United States Securities and Exchange Commission (the **SEC**) as an investment company pursuant to the Investment Company Act. Investors in the Notes will not have the protections of the Investment Company Act.

If the SEC or a court of competent jurisdiction were to find that the Issuer is required, but in violation of the Investment Company Act, has failed, to register as an investment company, possible consequences include, but are not limited to, the following: (i) the SEC could apply to a district court to enjoin the violation; (ii) investors in the Issuer could sue the Issuer and recover any damages caused by the violation; and (iii) any contract to which the Issuer is party that is made in, or whose performance involves, a violation of the Investment Company Act would be unenforceable by any party to the contract unless a court were to find that under the circumstances enforcement would produce a more equitable result than non-enforcement and would not be inconsistent with the purposes of the Investment Company Act. Should the Issuer be subjected to any or all of the foregoing, the Issuer would be materially and adversely affected.

A Noteholder's actual yield on the Notes may be reduced from the stated yield by transaction costs.

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the security. These incidental costs may significantly reduce or even exclude the profit potential of the Notes. For instance, credit institutions as a rule charge their clients for own commissions which are either fixed minimum commissions or pro-rata commissions depending on the order value. To the extent that additional – domestic or foreign – parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, Noteholders must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of securities (direct costs), Noteholders must also take into account any follow-up costs (such as custody fees). Prospective investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

Legality of Purchase

Neither the Issuer, the Guarantor, the Arranger, the Dealer(s) nor any of their affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor in the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory rule applicable to it.

2 - Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

Reliance on DTC, Euroclear and Clearstream, Luxembourg procedures

Notes issued under the Programme will be represented on issue by one or more Global Notes that may be deposited with a common depositary for Euroclear and Clearstream, Luxembourg or may be deposited with a nominee for DTC (each as defined under "*Form of the Notes*"). Except in the circumstances described in each Global Note, investors will not be entitled to receive Notes in definitive form. Each of DTC, Euroclear and Clearstream, Luxembourg and their respective direct and indirect participants will maintain records of the beneficial interests in each Global Note held through it. While

the Notes are represented by a Global Note, investors will be able to trade their beneficial interests only through the relevant clearing systems and their respective participants.

While the Notes are represented by Global Notes, the Issuer will discharge its payment obligation under the Notes by making payments through the relevant clearing systems. A holder of a beneficial interest in a Global Note must rely on the procedures of the relevant clearing system and its participants to receive payments under the Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in any Global Note.

Holders of beneficial interests in a Global Note will not have a direct right to vote in respect of the Notes so represented. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system and its participants to appoint appropriate proxies.

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

In addition, Noteholders should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Base Prospectus), whereby there is a general lack of liquidity in the secondary market for instruments similar to certain of the Notes which may be issued hereunder. Such lack of liquidity may result in investors suffering losses on the Notes in secondary resales even if there is no decline in the performance of the Notes, any underlying or reference, or the assets of the Issuer and/or the Guarantor, if applicable. The Issuer cannot predict whether these circumstances will change and whether, if and when they do change, there will be a more liquid market for the Notes and instruments similar to the Notes at that time.

Although applications have been made for the Notes issued under this Base Prospectus to be listed and admitted to trading on the Luxembourg Stock Exchange, there is no assurance that such application will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in fixed rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the fixed rate Notes.

As regards Floating Rate Notes, a key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them and therefore their investment return cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the Notes provide for frequent interest payment dates, investors are exposed to reinvestment risk if market interest rates decline; i.e. that is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to issue Fixed Rate Notes as well may affect the market value and the secondary market (if any) of the Floating Rate Notes (and vice versa).

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by its assigning rating agency at any time.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended by Regulation (EU) No. 513/2011, the **CRA Regulation**) from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

The list of registered and certified rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Certain information with respect to the credit rating agencies and ratings referred to in this Base Prospectus will be disclosed in the applicable Final Terms, when applicable.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Market value of the Notes

The credit ratings of the Guarantor are an assessment of its ability to pay its obligations, including those on the Guaranteed Notes. Consequently, actual or anticipated declines in the credit ratings of the Guarantor may affect the market value of the relevant Guaranteed Notes.

In addition, the market value of the Notes will be affected by the creditworthiness of the Guarantor or the Group and a number of additional factors, including the market interest and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France and elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Purchaser.

Notes where denominations involve integral multiples: Bearer Definitive Notes

In relation to any issue of Bearer Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Bearer Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a Bearer Definitive Note in respect of such holding (should Bearer Definitive Notes be printed) and would need to purchase a principal amount of Bearer Notes such that its holding amounts to a Specified Denomination.

If Bearer Definitive Notes are issued, holders should be aware that Bearer Definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

II. Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Early Trigger Redemption

In respect of certain issuances where so specified in the applicable Final Terms, the Notes may be redeemed early in the event that the outstanding nominal amount equals or falls below 10 per cent. of the initial nominal amount of such Notes or such other level stipulated in the applicable Final Terms. In such event the Issuer will have the option to redeem any outstanding Notes early upon the giving of notice. This could lead to investors receiving an amount at redemption earlier than had been anticipated in circumstances over which the investors have no control and may affect the value of their investment.

Index Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a **Relevant Factor**). In addition, the Issuer may issue Notes with principal or interest

payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (a) the market price of such Notes may be volatile;
- (b) they may receive no interest;
- (c) payment of principal or interest may occur at a different time or in a different currency than expected;
- (d) they may lose all or a substantial portion of their principal;
- (e) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (f) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (g) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

The historical performance of a Relevant Factor should not be viewed as an indication of the future performance of such Relevant Factor during the term of any Index Linked Notes or any Dual Currency Notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any Index Linked Notes or Dual Currency Notes and the suitability of such Notes in light of its particular circumstances.

Risks relating to Dual Currency Notes (or other Notes linked to currencies)

The Issuer may issue Dual Currency Notes (or other Notes linked to currencies) where the amount of principal and/or interest payable are dependent upon movements in currency exchange rates or are payable in one or more currencies which may be different from the currency in which the Notes are denominated. Accordingly an investment in Dual Currency Notes may bear similar market risks to a direct foreign exchange investment and potential investors should take advice accordingly.

Potential investors in any such Notes should be aware that, depending on the terms of the Dual Currency Notes, (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time or in a different currency than expected and (iii) they may lose a substantial portion of their investment. In addition, movements in currency exchange rates may be subject to significant fluctuations that may or may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to investors, even if the average level is consistent with their expectations. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). In recent years, rates of exchange between some currencies have been volatile. This volatility may be expected in the future. Fluctuations that have occurred in any particular exchange rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Note. Fluctuations in exchange rates will affect the value of Dual Currency Notes. If the amount of principal and/or interest payable is dependent upon movements in currency exchange rates and are determined in conjunction with a multiplier greater than one, or by reference to some other leverage factor, the effect of changes in the currency exchange rates on principal or interest payable will be magnified.

The market price of such Notes may be volatile and, if the amount of principal and/or interest payable are dependent upon movements in currency exchange rates, may depend upon the time remaining to

the relevant redemption date and the volatility of currency exchange rates. Movements in currency exchange rates may be dependent upon economic, financial and political events in one or more jurisdictions.

Partly-Paid Notes

The Issuer may issue Notes where the issue price is payable in more than one part payment. Failure to pay any subsequent part payment could result in an investor losing some or all of his investment.

Interest rate risks

Investment in Fixed Rate Notes or any Note with a fixed rate component involves the risk that subsequent changes in market interest rates may adversely affect the value of such Notes.

Variable Rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be more volatile than those of securities that do not include those features.

Inverse Floating Rate Notes

Inverse floating rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse floating rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/floating rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued linked to certain events

The interest rate or redemption amount of certain Notes may be linked to the occurrence or non-occurrence of certain events which are not connected with the Issuer or the Guarantor such as credit, price levels, weather or sporting events. The occurrence of such events is beyond the control of the Issuer and the Guarantor and Noteholders are exposed to the risk of such event occurring or not, as the case may be.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount to or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Notes underlying CREST Depository Interests

The CDIs will be delivered, held and settled in CREST, by means of the CREST International Settlement Links Service.

The settlement of the CDIs by means of the CREST International Settlement Links Service may involve the following risks to investors:

1. Investors will not be the legal owners of the Notes underlying the CDIs (the **Underlying Notes**). The CDIs are separate legal instruments from the Underlying Notes to which they relate and represent an indirect interest in such Underlying Notes.

The Underlying Notes themselves (as distinct from the CDIs representing indirect interests in such Underlying Notes) will be held in an account with a custodian. The custodian will hold the Underlying Notes through a clearing system. Rights in the Underlying Notes will be held through custodial and depository links through the appropriate clearing systems. The legal title to the Underlying Notes or to interests in the Underlying Notes will depend on the rules of the clearing system in or through which the Underlying Notes are held.

The CDIs will be issued by CREST Depository Limited to investors and will be governed by English law. The CDIs will represent indirect interests in the interest of CREST International Nominees Limited in the Underlying Notes.

Rights under the Underlying Notes cannot be enforced by investors except indirectly through the intermediary depositories and custodians described above. The enforcement of rights under the Underlying Notes will therefore be subject to the local law of the relevant intermediary. This will include English law. The rights of investors to the Underlying Notes are represented by the entitlements against the CREST Depository which (through the CREST Nominee) holds interests in the Underlying Notes.

This could result in an elimination or reduction in the payments that otherwise would have been made in respect of the Underlying Notes in the event of any insolvency or liquidation of the relevant intermediary, in particular where the Underlying Notes held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries.

2. The CDIs issued to investors will be constituted and issued pursuant to the CREST Deed Poll. Investors in the CDIs will be bound by all provisions of the CREST Deed Poll and by all provisions of, or prescribed pursuant to, the CREST Reference Manual dated 22 November 2010 as amended, modified, varied or supplemented from time to time (the **CREST Reference Manual**) and the CREST Rules (contained in the CREST Reference Manual) applicable to the International Settlement Links Service and investors must comply in full with all obligations imposed on them by such provisions.

Investors should note that the provisions of the CREST Deed Poll, the CREST Reference Manual and the CREST Rules contain indemnities, warranties, representations and undertakings to be given by holders of the CDIs and limitations on the liability of the issuer of the CDIs, CREST Depository Limited.

Investors may incur liabilities resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the money invested by them. The attention of investors is drawn to the terms of the CREST Deed Poll, the CREST Reference Manual and the CREST Rules, copies of which are available from CREST at 33 Cannon Street, London EC4M 5SB, or by calling +44 (0) 207 849 0000, or from the CREST section of the Euroclear website at www.euroclear.com.

3. Investors should note that holders of CDIs may be required to pay fees, charges, costs and expenses to CREST Depository Limited in connection with the use of the International Settlement Links Service. These will include the fees and expenses charged by CREST Depository Limited in respect of the provision of services by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or become payable in connection with the holding of the Notes through the International Settlement Links Service.
4. Investors should note that neither the Issuer nor any Paying Agent will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

Risk Factors relating to Index Linked Notes

Where payments (whether in respect of principal and/or interest and whether at maturity or otherwise) on Index Linked Notes are calculated by reference to an index or a basket of indices, or a share or a basket of shares, or the creditworthiness of any reference entity or reference obligation or a basket of reference entities or reference obligations, or a commodity or a basket of commodities, or the performance of securities which reflect the performance of a portfolio of assets (including, but not limited to, unlisted shares) (each a **Reference Asset**), the return of the Notes is based on changes in the value of the Reference Asset, which fluctuates. Changes in the value of the Reference Asset cannot be predicted. Although historical data with respect to the Reference Asset is available, the historical performance of the Reference Asset should not be taken as an indication of future performance.

Investors' yield may be lower than the yield on a standard debt security of comparable maturity

Unlike conventional fixed rate or floating rate debt securities, Index Linked Notes whose payments (whether in respect of principal and/or interest and whether at maturity or otherwise) are calculated by reference to a Reference Asset, may not provide investors with periodic payments of interest. Further, to the extent that any amount payable under the Notes (including, without limitation, the Final Redemption Amount or Early Redemption Amount of the relevant Notes) is linked to the performance of a Reference Asset (an **Index-Linked Amount**), the effective yield to maturity of the Notes may be less than that which would be payable on a conventional fixed rate or floating rate debt security. The return of only the relevant Index-Linked Amount(s) of each Note may not compensate the holder for any opportunity cost implied by inflation and other factors relating to the value of money over time.

Adjustment or substitution – Early redemption of the Notes

The Calculation Agent may, in certain circumstances, proceed to adjustments or substitutions, or even decide the early redemption of the Notes, in particular upon the occurrence of events affecting the underlying instrument(s). In the absence of manifest or proven error, these adjustments, substitutions or early redemption decisions will be binding upon the Issuer, the Guarantor, the Agent and the Noteholders. The Issuer may also have a discretionary right to redeem the Notes early. In all such cases, the early redemption of the Notes may result in the total or partial loss of the amount invested.

Risk Factors relating to Index Linked Notes based on indices

Return does not reflect dividends

Depending upon the calculation methodology of an index, where the performance of an index is taken into account in order to calculate payments due under the Index Linked Notes the payment of income (such as dividends for an index that has stocks as underlyings) may not be reflected as the index may be calculated by reference to the prices of the underlyings comprising the index without taking into consideration the value of any income paid on those underlying assets. Therefore, the yield to maturity of Index Linked Notes referring to an index may not be the same as the yield that would be produced if such underlying assets were purchased and held for a similar period.

Risks relating to an index

Index Linked Notes based on an index are subject to risks broadly similar to those attending any investment in a broadly-based portfolio of assets including, without limitation, the risk that the general level of prices for such assets may decline. The following is a list of some of the significant risks associated with an index:

- historical performance of the index does not indicate the future performance of the index. It is impossible to predict whether the value of the index will fall or rise during the term of the Notes; and
- if the index comprises underlying stocks, the trading prices of the stocks underlying the index will be influenced by political, economic, financial, market and other factors. It is impossible to predict what effect these factors will have on the value of any asset related to the index and, in turn, the return on the Notes.

The policies of the sponsor of an index (including a sponsor that is affiliated with Societe Generale) concerning additions, deletions and substitutions of the assets underlying the index and the manner in which the index sponsor takes account of certain changes affecting such underlying assets may affect the value of the index. The policies of an index sponsor with respect to the calculation of an index could also affect the value of the index. An index sponsor may discontinue or suspend calculation or dissemination of information relating to its index. Any such actions could affect the value of the Notes. See the section headed “*Technical Annex*” for more details.

In addition, indices may be subject to management fees and other fees as well as charges that are payable to the index sponsor(s) and which can reduce Index-Linked Amounts payable to Noteholders. Such fees may be paid to index sponsors that are affiliates of Societe Generale.

Conflicts of interest in connection with indices

The composition of, and the methodologies used in connection with, certain indices to which Notes are linked may be determined and selected by Societe Generale or one of its affiliates. In selecting such methodologies, Societe Generale or the relevant affiliate of Societe Generale can be expected to have regard to its own objectives and interests and/or those of the Group and there is no guarantee that the methodologies selected will not be less favourable to the interests of investors than methodologies used by other index sponsors in comparable circumstances.

If the hedging activities of Societe Generale or one of its affiliates in connection with a particular index are disrupted, Societe Generale or the relevant affiliate may decide to terminate calculations in relation to such index sooner than another index sponsor would in comparable circumstances. Such a termination may trigger the early redemption of the Notes.

Risk Factors relating to Index Linked Notes referenced on a portfolio of assets (including, but not limited to, unlisted shares)

The Notes may be linked (directly or through securities issued by the owner of the portfolio) to a portfolio of assets (including, but not limited to, unlisted shares).

Investors should investigate the underlying portfolio of assets as if investing directly in the assets contained in such underlying portfolio

To the extent that the underlying(s) of a Series of Notes is linked to a portfolio of assets (including, but not limited to, unlisted shares), investors should conduct their own diligence of the underlying portfolio as they would if they were directly investing in the underlying portfolio or the assets contained in the underlying portfolio. The offering of the Notes does not constitute a recommendation by Societe Generale or any of its affiliates with respect to an investment linked to an underlying portfolio. Investors

should not conclude that the sale by the Issuer of the Notes is any form of investment recommendation by the Issuer or any of its affiliates to invest in the underlying portfolio.

Net Asset Value

The Issuer believes that the market value of the Notes is likely to depend substantially on the then-current net asset value of the underlying portfolio. If an investor chooses to sell its Notes, such investor may receive substantially less than the amount that would be payable at any relevant payment date based on the then-current net asset value of the underlying portfolio because of, for example, possible market expectations that the net asset value of the underlying portfolio will fluctuate between such time and the time when the final net asset value of the portfolio is determined. Political, economic, regulatory and other developments that affect the assets contained in the underlying portfolio may also affect the net asset value of the underlying portfolio and thus the value of the Notes.

The illiquidity of the assets contained in the underlying portfolio may cause the payment of the Final Redemption Amount or Early Redemption Amount to be reduced

The Final Redemption Amounts or Early Redemption Amounts due to investors holding Index Linked Notes referenced on a portfolio of assets (including, but not limited to, unlisted shares) may be based on the sale proceeds that would be paid in cash to a hypothetical investor in the underlying portfolio. Investments in the hypothetical portfolio may not be readily saleable for various reasons, including the fact that the assets contained in the underlying portfolio may themselves be illiquid.

Composition of the portfolio

The company issuing the security to which the portfolio is linked will select at its discretion the assets (including, but not limited to, unlisted shares) comprising the underlying portfolio from time to time set out in the Final Terms and the holders of the Notes will not be entitled to influence such decision.

No beneficial interest in the assets (including, but not limited to, unlisted shares) contained in the underlying portfolio or in the securities issued by the owner of the underlying portfolio

A holder of the Notes will not be a beneficial owner of the assets (including, but not limited to, unlisted shares) contained in the underlying portfolio or in the securities issued by the owner of the underlying portfolio and therefore will not be entitled to receive any dividends or similar amounts paid on the assets contained in the underlying portfolio, nor will a Noteholder be entitled to purchase the assets contained in the underlying portfolio by virtue of its ownership of the Notes. Moreover, holders of the Notes will not be entitled to any voting rights or other control rights that holders of the assets contained in the underlying portfolio or the securities issued by the owner of the underlying portfolio may have with respect to the issuer of such assets contained in the underlying portfolio or the securities issued by the owner of the underlying portfolio. The Index-Linked Amounts will not reflect the payment of any amount on the securities issued by the owner of the underlying portfolio or any dividends on the assets contained in the underlying portfolio. Accordingly, the return on the Notes will not reflect the return a holder of the Notes would realise if they actually owned the securities issued by the owner of the underlying portfolio or the assets contained in the underlying portfolio and received payment or dividends, if any, paid on those securities. Therefore, the yield to maturity based on the methodology for calculating the Index-Linked Amounts will not be the same yield as would be produced if the securities issued by the owner of the underlying portfolio or the assets contained in the underlying portfolio were purchased directly and held for a similar period.

The Issuer, or an affiliate, may purchase interests in the underlying portfolio in order to hedge its obligations under the Notes but it is under no obligation to do so. Such interests, if any, are the separate property of the Issuer or such affiliate and do not secure or otherwise underlie the Notes. Therefore, in the event of a failure to pay the Final Redemption Amount and/or Early Redemption Amount by the Issuer under the Notes, Noteholders will have no beneficial interest in or claim to any such interests in the underlying assets.

Portfolio managers' investments are not verified

Neither the Issuer, nor Societe Generale as Guarantor or as Calculation Agent under the Notes, nor Societe Generale's affiliates is or will be responsible for verifying or ensuring that the portfolio managers comply with a specific portfolio management strategy (including a manager that is affiliated with Societe Generale).

The portfolio managers do not have any obligations to the Noteholders, or other role in connection with, the Notes, including any obligation to take the needs of the Noteholders into consideration for any reason. The portfolio managers are not responsible for, and have not endorsed or participated in, the offering, placement, sale, purchase or transfer of the Notes. The portfolio managers are not responsible for, and will not participate in, the determination or calculation of the amounts receivable by Noteholders.

Risk Factors relating to Equity Linked Notes

No beneficial interest in the underlying shares

A holder of the Notes will not be a beneficial owner of the underlying shares and therefore will not be entitled to receive any dividends or similar amounts paid on the underlying shares, nor will a Noteholder be entitled to purchase the underlying shares by virtue of its ownership of the Notes. Moreover, holders of the Notes will not be entitled to any voting rights or other control rights that holders of the underlying shares may have with respect to the issuer of such underlying shares. The Index-Linked Amounts will not reflect the payment of any dividends on the underlying shares. Accordingly, the return on the Notes will not reflect the return a holder of the Notes would realise if they actually owned the underlying shares and received dividends, if any, paid on those securities. Therefore, the yield to maturity based on the methodology for calculating the Index-Linked Amounts will not be the same yield as would be produced if the underlying shares were purchased directly and held for a similar period.

Limited antidilution protection

The Calculation Agent may make adjustments to elements of the Notes as described in the Technical Annex. The Calculation Agent is not required to make an adjustment for every corporate event that may affect the underlying shares. Those events or other actions by the issuer of underlying shares or a third party may nevertheless adversely affect the market price of the underlying shares and, therefore, adversely affect the value of the Notes. The issuer of underlying shares or a third party could make an offering or exchange offer or the issuer of underlying shares could take another action that adversely affects the value of the underlying shares and the Notes but does not result in an adjustment.

Risks arising from conduct of issuer of shares

The issuer of underlying shares are not involved in the offer of the Notes in any way and have no obligation to consider the interest of any holder of the Notes in taking any corporate actions that might affect the value of the Notes. The issuer of underlying shares may take actions that will adversely affect the value of the Notes.

Risk Factors relating to Fund Linked Notes¹

The fund units may be issued hedge funds or mutual funds (hereafter the **underlying funds**).

Investors should investigate the underlying fund(s) as if investing directly

To the extent the underlying(s) of a Series of Notes include(s) a fund or portfolio of funds, investors should conduct their own diligence of the underlying fund(s) as they would if they were directly investing in the underlying fund(s). The offering of the Notes does not constitute a recommendation by Societe Generale or any of its affiliates with respect to an investment linked to an underlying fund (including in

¹ Statements in this section concerning funds and fund managers also apply to any portfolio or basket of funds and any related portfolio manager.

respect of funds that are managed by managers affiliated with Societe Generale). Investors should not conclude that the sale by the Issuer of the Notes is any form of investment recommendation by the Issuer or any of its affiliates to invest in the underlying fund(s).

Risks relating to underlying funds that are hedge funds

Fund units, and investments in hedge funds generally, are speculative and involve a high degree of risk. Neither the Issuer nor the Guarantor gives any assurance as to the performance of fund units.

To the extent the underlying(s) of a Series of Notes include(s) a hedge fund or portfolio of hedge funds for a Series of Notes, the Notes of such Series will be subject to some of the risks of an investment in a hedge fund or portfolio of hedge funds. The lack of oversight and regulation associated with funds that are hedge funds may increase the likelihood of fraud and negligence by the fund's managers and/or the investment advisors, their brokerage firms or banks.

Hedge funds may involve complex tax structures and delays in distributing important tax information and may have high fees and expenses that may offset the hedge fund's trading profits.

Substantial redemptions on a hedge fund on a particular day could require such funds to liquidate positions more rapidly than would be otherwise desirable.

Hedge funds, including the funds on which Index Linked Notes may be indexed, generally do not make information about their operations and holdings public. Even if the Issuer, the Guarantor or any affiliate of Societe Generale may have arrangements with a fund's managers to obtain information required to calculate the value of the fund, it may not have access to the activities of the fund on a continuous basis or at all. There are currently no regulatory requirements compelling funds to release information of the kind that would allow the Issuer, the Guarantor or any affiliate of Societe Generale to value a fund or to accurately determine the value of the fund units and, consequently, to the extent that any amount payable under the Notes (including, without limitation, the Final Redemption Amount or Early Redemption Amount (if any) of the relevant Notes) is linked to the net asset value of a fund (a **Fund-Linked Amount**), the Fund-Linked Amount payable to Noteholders.

Societe Generale and certain of its affiliates from time to time obtain information regarding specific hedge funds that may not be available to the general public. Any such information is obtained by Societe Generale and certain of its affiliates in the ordinary course of their businesses, and not in connection with the offering of the Notes (including in respect of funds that are managed by managers affiliated with Societe Generale). In connection with the ordinary course of their businesses, Societe Generale and certain of its affiliates may recommend, or determine not to recommend, specific hedge funds to their clients. Hedge funds as to which Societe Generale and certain of its affiliates have formed investment recommendations may now or may in the future be among the underlying fund(s) used in the formula for the Fund-Linked Amount of Notes. Any views that may be held by Societe Generale and certain of its affiliates with respect to the expected future performance of one or more of the funds (including in respect of funds that are managed by managers affiliated with Societe Generale) would not be an indication of the future expected performance of the fund, and neither Societe Generale nor any of its affiliates has formed a view with respect to the expected future performance of a fund. The offering of the Notes does not constitute a recommendation by Societe Generale or any of its affiliates with respect to an investment linked to an underlying fund (including in respect of funds that are managed by managers affiliated with Societe Generale).

Volatility of the markets may adversely affect the value of the fund units

Volatility is the term used to describe the size and frequency of market fluctuations. If the volatility of the underlying fund(s) increases or decreases, the market value of the Notes may be affected.

Funds' performances (especially hedge funds) may be highly volatile. Movements in the net asset value of the fund tracked by the fund units may vary from week to week. Trades made by fund managers may

be based upon their expectation of price movements as the relevant investments approach and reach maturity several months following initiation of the trades. In the meantime, the market value of positions may not increase, and may in fact decrease, and this will be reflected in the net asset value per share.

Investments made by the underlying fund(s) can involve substantial risks. The nature of these investments means that the value of the fund units may fluctuate significantly during a day or over longer periods. Consequently, the performance of the fund units over a given period will not necessarily be indicative of future performance.

Market volatility may produce significant losses on the fund units.

The use of leverage may increase the risk of loss in the value of the fund units

The underlying fund(s) may have recourse to leverage i.e. borrow amounts that represent more than 100 per cent. of the value of their assets to invest further in assets that involve additional risks. Accordingly, a small downward movement in the value of a fund's assets may result in a significantly larger loss for the fund.

Fund managers may be eligible to earn incentive compensation

The potential for a fund manager to earn performance based compensation (including a manager that is affiliated with Societe Generale) may encourage such fund manager to trade in a more speculative manner than it otherwise would. Therefore, because the incentive compensation of the fund's managers and/or investment advisors to hedge funds is often directly influenced by the performance of such funds, each may have an incentive to make more risky investments that may result in greater profits. Such risky investments also allow the opportunity for significant losses. In addition, the fund's managers and/or the investment advisors may receive management, advisory or performance fees even though the fund has not realised any gains.

Fund managers' investments are not verified

Neither the Issuer, nor Societe Generale as Guarantor or as Calculation Agent under the Notes, nor Societe Generale's affiliates is or will be responsible for verifying or ensuring that the fund managers comply with its stated trading strategy (including a manager that is affiliated with Societe Generale).

The fund managers (including a manager that is affiliated with Societe Generale) do not have any obligations to the Noteholders, or other role in connection with, the Notes, including any obligation to take the needs of the Noteholders into consideration for any reason. The fund managers (including a manager that is affiliated with Societe Generale) are not responsible for, and have not endorsed or participated in, the offering, placement, sale, purchase or transfer of the Notes. The fund managers (including a manager that is affiliated with Societe Generale) are not responsible for, and will not participate in, the determination or calculation of the amounts receivable by Noteholders.

Underlying funds that are hedge funds are not subject to the same regulatory regime, or regulated to the same extent as, mutual funds or registered securities or securities offerings. Changes to the current regulatory environment could affect the investment, operations and structure of the underlying funds and could adversely affect the performance of the underlying fund(s).

The underlying fund(s) may invest in assets that involve further risks. The fund's managers and/or the investment advisors to hedge funds may invest in and trade in a variety of financial instruments using sophisticated investment techniques for hedging and non-hedging purposes. Such financial instruments and investment techniques include but are not limited to the use of leverage (i.e., borrowing money for investment purposes), short sales of securities, transactions that use derivatives such as swaps, stock options, index options, futures contracts and options on futures, transactions that involve the lending of securities to certain financial institutions, the entry into repurchase and reverse repurchase agreements for securities and the investment in foreign securities and foreign currencies. Furthermore, hedge funds may borrow an amount of more than 100 per cent. of its assets on a consistent basis to increase its

leverage. While these investment strategies and financial instruments allow the fund's managers and/or the investment advisors the flexibility to implement a range of strategies in an attempt to generate positive returns for the fund, they also create the risk of significant losses that may adversely affect the fund.

Hedge funds may invest in securities listed or traded on foreign exchanges. The execution of transactions on foreign exchanges might involve particular risks including but not limited to: higher volatility, government intervention, lack of transparency, lack of regulation, currency risk, political risk and economic social instability.

Reliance on fund's managers and/or investment advisors of the underlying fund(s)

Investment in the Notes is speculative and entails substantial risks. The Final Redemption Amount or Early Redemption Amount of the relevant Notes is based on changes in the value of the underlying fund(s), which fluctuates and cannot be predicted. Moreover, any persons relying on the performance of the underlying fund(s) should note that such performance will depend to a considerable extent on the performance of the fund's managers and/or investment advisors of the fund(s). None of the Issuer, Societe Generale as Guarantor or as Calculation Agent under the Notes or Societe Generale's affiliates are in a position to protect the Noteholders against fraud and misrepresentation by unaffiliated fund managers or the investment advisors. Investors should understand that they could be materially adversely affected by any such acts. Noteholders do not have and are not entitled to any beneficial interests in the underlying fund(s) and as such, have no recourse against the underlying fund(s), any investment advisor or manager either contractually or statutorily. Furthermore, as a practical matter, it may be difficult to bring an action, or to seek to enforce a judgment obtained in an action, against any of the aforementioned entities. In addition, the fund's managers and/or the investment advisors may be removed or replaced, the allocation of assets may vary from time to time and the various positions of the investments of the underlying fund(s) may be economically offsetting, all of which may affect the performance of the underlying fund(s).

The fund's managers and/or the investment advisors may manage or advise other funds and/or accounts and may have financial and other incentives to favour such other funds and/or accounts over the underlying fund(s). Also, the fund's managers and/or the investment advisors may manage or advise for their own accounts and the accounts of their clients and may make recommendations or take positions similar or dissimilar to those of the underlying fund(s) or which may compete with the underlying fund(s).

Fees, deductions and charges will reduce the Fund-Linked Amount

Fund fees will be deducted from the net asset value of the fund, reducing the value of the fund units. Accordingly, the Fund-Linked Amount payable to Noteholders will be less than it would have been absent these fees, deductions and charges, but Societe Generale or one of its affiliates may be the beneficiary of such fees or obtain rebate on such fees from third parties.

Net Asset Value

The Issuer believes that the market value of the Notes will likely depend substantially on the then-current net asset value of the underlying fund(s). If an investor chooses to sell its Notes, such investor may receive substantially less than the amount that would be payable at any relevant payment date based on that net asset value because of, for example, possible market expectations that the net asset value of the underlying fund(s) will continue to fluctuate between such time and the time when the final net asset value of the underlying fund(s) is determined. Political, economic and other developments that affect the investments underlying the underlying fund(s) may also affect the net asset value of the underlying fund(s) and thus the value of the Notes.

The illiquidity of the underlying fund's investments may cause the payment of the Final Redemption Amount or Early Redemption Amount and/or any Intermediary Amount to be reduced or delayed

The final redemption amounts or early redemption amounts and/or intermediary amounts due to investors in Notes having funds as underlyings may be based on the redemption proceeds that would be paid in cash by the underlying fund to a hypothetical investor as a result of a valid and timely notice for redemption given by such hypothetical investor with effect as of the relevant valuation date. To meet a redemption request, the underlying fund would likely sell its own assets but such investments may not be readily saleable on or shortly after the valuation date for various reasons, including, but not limited to:

- infrequent redemption opportunities allowed by such underlying fund (for example, many hedge funds only allow monthly or quarterly liquidity);
- “gating”, lock-ups, side pockets or discretionary redemption delays or suspensions imposed by such underlying fund (for example, many hedge funds have provisions whereby redemption requests are scaled back if the aggregate amount of such requests reaches a predetermined limit);
- such underlying funds' own investments may be illiquid.

In these situations, (i) the payment of intermediate amounts may be postponed by the Calculation Agent to soon after the date on which the underlying fund pays all the redemption proceeds in respect of a valid and timely redemption order given after the occurrence of an event described above or to the maturity date of the Notes and/or (ii) the payment of the final redemption amount will occur on the basis of the redemption proceeds paid by the underlying fund in respect of a valid and timely redemption order given after the occurrence of an event described above. If the redemption proceeds have not been paid by the underlying fund on the maturity date of the Notes, the payment of the intermediate amounts or final redemption amounts may be postponed after the maturity date up to a maximum period of two years. If at the expiry of this two-year period, the underlying fund has not paid in full the redemption proceeds, the intermediate and final redemption amounts shall be determined by the Calculation Agent on the basis of what has actually been paid by the underlying fund. The amount received by the investors in the Notes may be as low as zero.

In the case of the occurrence of certain extraordinary events affecting an underlying fund, such as, but without limitation the insolvency, nationalisation or merger of the underlying fund, the resignation or termination or replacement of the administrator, custodian, investment adviser or manager of the fund, or a breach by the underlying fund of its investment strategy, the Calculation Agent may decide to terminate soon after the occurrence of such extraordinary event, the exposure of the Notes to the underlying fund and the intermediate amounts and /or the final redemption amounts and (i) pay any intermediate amount due to the investor in the Notes either immediately or at the maturity date on the basis of the redemption proceeds paid by the underlying fund in the liquidation of the exposure to such underlying fund and/or (ii) pay the final redemption amount at the maturity date on the basis of the redemption proceeds paid by the underlying fund in the liquidation of the exposure to such underlying fund. If the underlying fund is also subject to liquidity problems as described above, the postponement of the payment of the intermediate amounts and/or early redemption amount and/or final redemption amount up to a maximum period of two years may also apply.

Given recent experience in the hedge fund industry, it is likely that such delay would have an adverse impact on the amount payable to an investor under the Notes.

If the underlying fund(s) invest(s) through a master-feeder structure, the latter may have an adverse effect on the underlying fund(s) and, therefore, the Notes

The underlying fund(s) may invest through a “master-feeder” structure. As such, the underlying fund(s) will contribute substantially part or all of its assets to the master fund and may do so alongside other investors, including other feeder funds. The relevant master fund may also establish or allow investment by additional investors or feeder funds in the future.

The master-feeder fund structure, in particular the existence of multiple investment vehicles investing in the same portfolio, presents certain unique risks to investors. The underlying fund(s) may be materially affected by the actions of other investors, investment vehicles and feeder funds investing in the master fund, particularly if such investors have large investments in the master fund. For example, if a larger investment vehicle or entity with a large investment in the master fund redeems its investment in the master fund, illiquidity in certain securities or markets could make it difficult for the master fund to liquidate positions on favourable terms to effect such redemption, which could result in losses or a decrease in the net asset value of the master fund. In addition, to satisfy such redemptions, the sub-manager may need to liquidate the master fund's most liquid investments; leaving remaining investors (including the underlying fund(s)) invested in more illiquid instruments. Such withdrawals may also leave the master fund with a less diversified pool of investments. This may increase the overall portfolio risk of the master fund, and, ultimately, the Notes. Conversely, the sub-manager may refuse a redemption request if it believes that such request, if fulfilled, would have a material adverse impact on the remaining investors of the master fund. This may negatively impact the liquidity of the master fund and, therefore, the underlying fund(s) and the Notes.

Certain business activities may create conflicts of interest with Noteholders

The Issuer and the Guarantor, or one or more of their affiliates, may engage in trading and other business activities relating to the underlying fund(s) or their underlying assets that are not for the Noteholders' accounts or on behalf of the Noteholders. These activities may present a conflict between a Noteholder's interest in the Notes and the interests the Issuer and the Guarantor, or one or more of their affiliates, may have in their proprietary account. Such activities may include, among other things, the exercise of voting power, financial advisory relationships, financing transactions, derivative transactions and the exercise of creditor rights, each of which may be contrary to the interests of the Noteholders. Any of these trading and/or business activities may affect the value of a underlying fund(s) and thus could be adverse to a Noteholder's return on the Notes. The Issuer, the Guarantor and their affiliates may engage in any such activities without regard to the Notes or the effect that such activities may directly or indirectly have on Notes of any Series.

In addition, in connection with these activities, the Issuer, the Guarantor and/or their affiliates may receive information about the underlying fund(s) or their underlying assets that will not be disclosed to the Noteholders. The Issuer, the Guarantor and their affiliates have no obligation to disclose such information about the underlying fund(s) or the companies to which they relate to Noteholders.

Additional investments in, or withdrawals of amounts previously invested in, the fund may adversely affect the value of the fund units

In the ordinary course of their business, whether or not they will engage in any secondary market making activities, the Issuer, the Guarantor or one or more of their affiliates may effect transactions for their own account or for the account of their customers and hold long or short positions in the underlying fund(s), underlying assets of the underlying fund(s) and/or related derivatives. In addition, in connection with the offering of any Series of Notes and during the term of such Series of Notes, each of the Issuer, the Guarantor or one or more of their affiliates in order to hedge its obligations under the Notes, may enter into one or more hedging transactions with respect to the underlying fund(s), underlying assets of the underlying fund(s) and/or related derivatives.

In connection with any such hedging or any market making activities or with respect to proprietary or other such trading activities, the Issuer, the Guarantor and/or their affiliates may enter into transactions in the underlying fund(s), underlying assets of the underlying fund(s) and/or related derivatives which may affect the market price, liquidity or value of the underlying fund(s) or their underlying assets, and therefore the Notes. The Issuer, the Guarantor and/or any of their affiliates may also issue or underwrite other securities or financial or derivative instruments with returns linked or related to changes in the performance of the underlying fund(s) or their underlying assets. Any of the above situations may result in consequences which may be adverse to a Noteholder's investment. The Issuer and the Guarantor

assume no responsibility whatsoever for such consequences and their impact on a Noteholder's investment.

Investors should be aware that, as a result of hedging decisions by the hedging counterparty, transfers into or out of the fund by the hedging counterparty may affect the value of the fund units and, in turn, the Fund-Linked Amount of the Notes.

Furthermore, the Issuer may issue additional Tranches of Notes that are fungible with the Notes, or other Notes, notes or instruments that, while not fungible with the Notes, may be linked to an index with a component which has the underlying fund(s) as the reference asset. If such Notes are issued, Societe Generale may make additional investments in the underlying fund(s) to hedge exposure incurred in connection with such transactions related to such Notes. Any such investment in the underlying fund(s) could adversely affect the performance of the fund units, which could adversely affect the trading value of the Notes and the Fund-Linked Amount.

Legal, tax and regulatory changes

Legal, tax and regulatory changes could occur during the term of the Notes that may adversely affect the underlying fund(s). The regulatory environment for hedge funds is evolving, and changes in the regulation of hedge funds may adversely affect the value of investments held by the underlying fund(s). In addition, the securities and futures markets are subject to comprehensive statutes, regulations and margin requirements. Regulators and self-regulatory organisations and exchanges are authorised to take extraordinary actions in the event of market emergencies. The regulation of derivatives transactions and funds that engage in such transactions is an evolving area of law and is subject to modification by government and judicial action. The effect of any future regulatory change on the underlying fund(s) could be substantial and adverse and consequently adversely affect the value of the Notes.

No ownership rights in any underlying fund(s)

An investment in the Notes does not entitle Noteholders to any ownership interest or rights in any underlying fund(s), such as voting rights or rights to any payments made to owners of the underlying fund(s). Instead, a Note represents a notional investment in the underlying fund(s). The term "notional" is used because although the value of the underlying fund(s) will be used to calculate payment under the Notes to Noteholders, a Noteholder's investment in the Notes will not be used to purchase interests in the underlying fund(s) on their behalf.

The Issuer, or an affiliate, may purchase interests in the underlying fund(s) in order to hedge its obligations under the Notes but it is under no obligation to do so. Such interests, if any, are the separate property of the Issuer or such affiliate and do not secure or otherwise underlie the Notes. Therefore, in the event of a failure to pay the Final Redemption Amount and/or Early Redemption Amount by the Issuer under the Notes, Noteholders will have no beneficial interest in or claim to any such interests in the underlying fund(s). Accordingly, any claims by Noteholders pursuant to the terms and conditions of such Notes will be *pari passu* with all other unsecured, unsubordinated, unconditional creditors of the Issuer.

Risk Factors relating to Commodity Linked Notes

Commodity Linked Notes may be redeemed by the Issuer at their par value and/or by the physical delivery of the Underlying Asset(s) and/or by payment of an amount determined by reference to the value of the Underlying Asset(s). Accordingly, an investment in Commodity Linked Notes may bear similar market risks to a direct investment in the relevant commodities and investors should take advice accordingly. Interest payable on Commodity Linked Notes may be calculated by reference to the value of one or more Underlying Asset(s). The value of the Underlying Asset(s) may vary over time and may increase or decrease by reference to a variety of factors which may include global supply and demand of commodities to which the Underlying Asset(s) refer, production and selling activities of the respective

commodities by producers, central banks and international organisations, demand for end-products based on the respective commodity, net investment demand and industrial demand.

Risk Factors relating to Credit Linked Notes

Investments in Credit Linked Notes entail significant risks and may not be appropriate for investors lacking financial expertise. Prospective investors should consult their own financial, tax and legal advisers as to the risks entailed by an investment in such Notes and the suitability of such Notes in light of their particular circumstances and ensure that their acquisition is consistent with their financial needs and investment policies, is lawful under the laws of the jurisdiction of their incorporation and/or in which they operate, and is a suitable investment for them to make. The Issuer believes that such Notes should only be purchased by investors that are in a position to understand the special risks that an investment in these instruments involves, in particular relating to options and derivatives and related transactions, and should be prepared to sustain a total loss of the purchase price of their Notes.

Credit Linked Notes are securities which do not provide for predetermined redemption amounts and/or interest payments but amounts payable (whether in respect of principal and/or interest) or deliverable will be dependent upon the performance of the underlying references which themselves may contain substantial credit, equity, funds, correlation, volatility, interest rate, foreign exchange, time value, political and/or other risks (**Underlying References**).

An investment in Credit Linked Notes therefore entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. These risks include, among other things, the possibility that:

- the Underlying Reference may be subject to significant changes, whether due to the composition of any such Underlying Reference itself, or because of fluctuations in value of the Underlying Reference;
- the resulting returns or interest rate will be less (or may be more) than that payable on a conventional debt security issued by the Issuer at the same time;
- holders of a Credit Linked Note could lose all or a substantial portion of the principal of such Note (whether payable at maturity or upon redemption or repayment), and, if the principal is lost, interest, or any other return on principal, may cease to be payable on such Note;
- any Note that is linked to more than one type of Underlying Reference, or to formulae that encompass the risks associated with more than one type of Underlying Reference, may carry levels of risk that are greater than Notes that are linked to one type of Underlying Reference only;
- it may not be possible for investors to hedge their exposure to these various risks relating to Credit Linked Notes;
- a significant market disruption could mean that any Underlying Reference ceases to exist;
- each Noteholder may receive an amount on redemption and/or physical delivery of securities together with cash for roundings in respect of any Credit Linked Notes, and the amount payable on redemption and/or the aggregate value of securities physically delivered and cash may be significantly less than the value of the Noteholder's investment in such Notes or the amount of such investment; and
- in the case of any Notes exposed to the performance of a basket of Underlying References, the securities so delivered may relate to, or the cash redemption amount may be calculated by reference to, the worst performing Underlying Reference or any other formula specified in the applicable Final Terms.

Prospective investors should also be aware that an issue of Credit Linked Notes may include provisions to the effect that, following the occurrence of certain events affecting the Underlying Reference (as more fully described in the applicable Technical Annex), the Calculation Agent may, in good faith and in a commercially reasonable manner, take the actions described in (i) or (ii) hereafter:

- (i) to determine in good faith and in a commercially reasonable manner the appropriate adjustment, if any, to be made to any of the terms of the Conditions and/or the applicable Final Terms to account for that event and determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Credit Linked Notes; or
- (ii) to require the Issuer to redeem all or some of the Notes. Following such redemption, an investor may not be able to reinvest the redemption proceeds on equivalent terms. Potential investors should consider reinvestment risk in light of other investments available at that time.

In addition, the value of Credit Linked Notes on the secondary market is subject to greater levels of risk than is the value of conventional interest-bearing securities and the market price of such Notes may be very volatile or there may even be no (or a very limited) secondary market. The secondary market, if any, for Credit Linked Notes will be affected by a number of factors, independent of the creditworthiness of the Issuer and/or the Guarantor, including (but not limited to) the creditworthiness of any reference entity, the value of the applicable Underlying Reference, the volatility of the Underlying Reference, the time remaining to the maturity of such Notes, the amount outstanding of such Notes and market interest rates. The value of the applicable Underlying Reference depends on a number of interrelated factors, including economic, financial and political events, over which the Issuer has no control.

Additionally, if the formula used to determine the amount of principal, premium and/or interest payable with respect to Credit Linked Notes contains a weighting or leverage factor, the effect of any change in the Underlying Reference will be increased. The historical experience of the Underlying Reference should not be taken as an indication of future performance of such Underlying Reference during the term of any such Note.

Additionally, there may be regulatory and other ramifications associated with the ownership by certain investors of certain Credit Linked Notes.

None of the Issuer, the Arranger, the Dealer(s) or the Guarantor and their respective affiliates provide any advice with respect to any Underlying Reference nor make any representation as to its quality, credit or otherwise. Accordingly, each potential investor must consult his own legal and financial advisors to assess the risks of investing in the Credit Linked Notes including credit analysis with respect to any Underlying Reference and the relevance of such Notes having regard to his personal situation.

The risk of the loss of some or all of the purchase price of Credit Linked Notes upon redemption means that, in order to recover and realise a return upon its investment, a Purchaser of such Note must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant Underlying Reference.

In the event of the occurrence of certain circumstances (which may include, amongst other things, Bankruptcy, Failure to Pay, Obligation Acceleration, Obligation Default, Repudiation/Moratorium or Restructuring) in relation to a Reference Entity or, with respect to Basket Notes and Tranche Notes, Reference Entities, in each case as specified in the applicable Final Terms, the obligation of the Issuer to pay principal at maturity may be replaced by (i) an obligation to pay other amounts which are equal to either certain fixed amount(s) as specified in the applicable Final Terms or amounts calculated by reference to the value of the underlying asset(s) (which may, in each case, be less than the par value of the Notes at the relevant time) and/or (ii) an obligation to deliver the underlying asset(s). In addition, interest-bearing Credit Linked Notes may cease to bear interest on or prior to the date of occurrence of such circumstances.

Accordingly, Noteholders may be exposed to fluctuations in the creditworthiness of the Reference Entities to the full extent of their investment in the Credit Linked Notes.

Under the terms of the Notes, where Société Générale acts as Calculation Agent, it may, for the purposes of determining the Cash Redemption Amount or the Physical Delivery Amount following one or more Credit Event(s), select obligations with the lowest price of any obligations which meet the relevant criteria. In making such selection, the Calculation Agent will not be liable to account to the Noteholders, or any other person for any profit or other benefit to it or any of its affiliates which may result directly or indirectly from such selection.

The Cash Redemption Amount may be equal to zero if it is not possible to obtain quotations from Quotation Dealers for the selected obligations.

Settlement

Under the Notes, the Final Value of a Selected Obligation is one of the factors in the determination of the redemption amount of the Notes at their Maturity Date. The terms of the Credit Linked Notes provide that the Calculation Agent may, in certain circumstances, choose to determine the Final Value in respect of a Selected Obligation either by obtaining quotations from Quotation Dealers or by reference to Transaction Auction Settlement Terms (all as defined in the Credit Technical Annex). In this regard, investors should note that: (i) the Final Value as determined by reference to Transaction Auction Settlement Terms may differ from the Final Value determined otherwise and a lower Final Value will typically reduce the amount payable to Noteholders upon redemption of the Notes; and (ii) the Calculation Agent may have a conflict of interest to the extent that it participates in the establishment of the Transaction Auction Settlement Terms and potentially influences the pricing mechanism.

If Transaction Auction Settlement Terms are not published within a certain period and if it is not possible to obtain quotations from Quotation Dealers for the Selected Obligations within a further period, the Final Value of the Selected Obligations will be deemed to be zero and therefore the Cash Settlement Amount will be equal to zero. In addition, the above-mentioned periods between Credit Event and valuation may amount to as many as 180 Business Days following the date on which the existence of a Credit Event is established, therefore, settlement, or as the case may be, notice that no amount is due under the Credit Linked Notes, may occur several months after the relevant Credit Event on a date which may be much later than the Scheduled Maturity Date of the Notes.

Certain considerations associated with Managed Assets Portfolio Linked Notes

Managed Assets Portfolio Linked Notes may be linked to a portfolio often comprising assets with a greater potential for return and consequently greater risk (such as, but without limitation, hedge funds or funds of hedge funds) and assets with a lower potential for return and consequently lesser risk (such as, but without limitation, money market funds or bonds issued by issuers with a high credit rating). The portfolio may also include leverage or the taking of short positions on certain specified terms. The portfolio is dynamically managed and may be rebalanced between the relevant assets based upon a specified allocation methodology. The value of Managed Assets Portfolio Linked Notes is determined by reference to the value of the underlying portfolio at different times. This portfolio may change during the term of the Notes; such changes or the timing thereof may affect the value of, and any return on, the Notes.

Considering the above aspects, Managed Assets Portfolio Linked Notes are by their nature intrinsically complex, which makes their evaluation difficult, in terms of risk and return at the time of the purchase as well as thereafter. Investors should therefore purchase Managed Portfolio Linked Notes only after having completely understood and evaluated either themselves or with a financial adviser the nature and the risk inherent to the Managed Assets Portfolio Linked Notes.

Physical Delivery Notes

In the case of Notes which are redeemable by delivery of assets, if a Settlement Disruption Event (as described in the applicable Final Terms) occurs or exists on the due date for redemption of the Notes, such delivery shall occur on the first succeeding day on which delivery of the Physical Delivery Amount can take place through the relevant Clearing System unless a Settlement Disruption Event prevents delivery for a period of 20 Clearing System Days immediately following the original date that would have been the Settlement Date. In that latter case, the Issuer shall, in lieu of delivering the Physical Delivery Amount, pay, in respect of each Note, the fair market value of the number of Underlying(s) to be delivered converted into the Specified Currency at the current exchange rate, if applicable. The Fair Market Value will be determined by the Calculation Agent on the basis of the market conditions on the first Business Day following the Delivery Period.

Risks relating to Preference Share Linked Notes

The Issuer may issue Preference Share Linked Notes where the amount payable on redemption is determined by reference to the changes in the value of the preference shares (**Preference Shares**) issued by Solentis Investment Solutions PCC (the **Preference Share Issuer**), which may fluctuate up or down depending on the performance of the relevant underlying asset(s) or basis of reference to which the Preference Shares are linked (the **Preference Share Underlying**) as set out in the terms and conditions of the Preference Shares (the **Terms of the Preference Shares**). If, as a result of the performance of the Preference Share Underlying, the performance of the Preference Shares is negative the value of the Preference Share Linked Notes will be adversely affected. Purchasers of Preference Share Linked Notes risk losing all or a part of their investment if the value of the Preference Shares falls.

Potential investors in Preference Share Linked Notes should be aware that an investment in Preference Share Linked Notes will entail significant risks not associated with a conventional debt or equity security. Potential investors in Preference Share Linked Notes should conduct their own investigations and, in deciding whether or not to purchase the Preference Share Linked Notes, prospective investors should form their own views of the merits of an investment related to the Preference Shares based upon such investigations and not in reliance on any information given in this document.

Preference Share Linked Notes will be subject to early redemption if an Early Redemption Event occurs. In these circumstances the Issuer may redeem the Notes at the Early Redemption Amount. The Early Redemption Amount may be less (and in certain circumstances, significantly less) than investors' initial investment.

Exposure to the Preference Share Underlying

The Preference Share Underlying may be a specified index or basket of indices, a specified equity or basket of equities, a specified commodity or basket of commodities, a specified fund share or unit or basket of fund shares or units or such other underlying instruments, bases of reference or factors as may be determined by the Preference Share Issuer and specified in the terms and conditions of the relevant series of Preference Shares. **Consequently potential investors should also consider the risk factors in respect of the risks involved in investing in Notes (in this case the Preference Shares) linked to certain Reference Asset(s).**

The Terms of the Preference Shares provide that the Preference Shares will be redeemable on their final redemption date (or otherwise in accordance with the Terms of the Preference Shares). On redemption, the Preference Shares will carry preferred rights to receive an amount calculated by reference to the Preference Share Underlying.

Investors should review the Terms of the Preference Shares and consult with their own professional advisers if they consider it necessary.

Credit Risk of the Preference Share Issuer

Preference Share Linked Notes are linked to the performance of the relevant Preference Shares. Investors bear the risk of an investment in the Preference Share Issuer. The value of the Preference Share Linked Notes is dependent on the value of the Preference Shares, which will depend in part on the creditworthiness of the Preference Share Issuer, which may vary over the term of the Preference Share Linked Notes.

Potential conflicts of interest

Codeis Securities SA is the Issuer and unless otherwise specified in the Final Terms, Societe Generale is the Calculation Agent in respect of Preference Share Linked Notes and also acts as calculation agent in respect of the Preference Shares (the **Preference Share Calculation Agent**). The Issuer and Societe Generale are affiliates. As a result of this relationship, potential conflicts of interest may arise for the Issuer and Societe Generale in acting in their respective capacities. Subject to any relevant

regulatory obligations, the Issuer and the Preference Share Calculation Agent owe no duty or responsibility to any Noteholder to avoid any conflict or to act in the interests of any Noteholder. The Preference Share Issuer may also rely on other Societe Generale group entities (including the Preference Share Calculation Agent) or other service providers to perform its operational requirements. In the event any relevant Societe Generale group entity or other service provider fails to perform any obligations, this may adversely affect the value of the Preference Shares and potentially the amounts payable under the Notes.

In addition to providing calculation agency services to the Preference Share Issuer, Societe Generale or any of its affiliates may perform further or alternative roles relating to the Preference Share Issuer and any series of Preference Shares including, but not limited to, being involved in arrangements relating to any Preference Share Underlying (for example as calculation agent). Further, Societe Generale or any of its affiliates (including the Issuer) may contract with the Preference Share Issuer and/or enter into transactions, including hedging transactions, which relate to the Preference Share Issuer, the Preference Shares or any Preference Share Underlying and as a result Societe Generale may face a conflict between its obligations as Preference Share Calculation Agent and its and/or its affiliates' interests in other capacities.

Determination of Extraordinary Events and Additional Disruption Events

The Calculation Agent may determine the occurrence of a Merger Event, Tender Offer, Insolvency or Additional Disruption Event in relation to the Preference Share Linked Notes. Upon such determination, the Issuer may, at its option redeem the Preference Share Linked Notes in whole at the Early Redemption Amount which may be less than the amount invested in the Preference Share Linked Notes. Noteholders will not benefit from any appreciation of the Preference Shares that may occur following such redemption.

No ownership rights

An investment in Preference Share Linked Notes is not the same as an investment in the Preference Shares and does not confer any legal or beneficial interest in the Preference Shares or any Preference Share Underlying or any voting rights, right to receive dividends or other rights that a holder of the Preference Shares or any Preference Share Underlying may have.

Hedging activities of the Issuer and its affiliates

The Issuer or its affiliates may carry out hedging activities related to the Preference Share Linked Notes, including purchasing the Preference Shares and/or purchasing or entering into contracts relating to the Preference Share Underlying, but will not be obliged to do so. Certain of the Issuer's affiliates may also purchase and sell the Preference Shares and/or purchase and sell or enter into contracts relating to the Preference Share Underlying on a regular basis as part of their regular business. Any of these activities could adversely affect the value of the Preference Share Underlying and, accordingly, the value of the Preference Shares and the Preference Share Linked Notes.

Risks relating to Warrant Linked Notes

The Issuer may issue Warrant Linked Notes where the amount payable on redemption is determined by reference to the changes in the value of warrants issued by the Warrant Issuer (**Warrants**). The value of the Warrants may fluctuate up or down depending on the performance of the relevant underlying asset(s) or basis of reference to which the Warrants are linked (the **Warrant Underlying**) as set out in the terms and conditions of the Warrants (the **Warrant Conditions**). If, as a result of the performance of the Warrant Underlying, the performance of the Warrants is negative the value of the Warrant Linked Notes will be adversely affected. Purchasers of Warrant Linked Notes risk losing all or a part of their investment if the value of the Warrants falls.

Potential investors in Warrant Linked Notes should be aware that an investment in Warrant Linked Notes will entail significant risks not associated with a conventional debt or equity security. Potential investors in Warrant Linked Notes should conduct their own investigations and, in deciding whether or not to purchase the Warrant Linked Notes, prospective investors should form their own views of the merits of an investment related to the Warrants based upon such investigations and not in reliance on any information given in this document.

Warrant Linked Notes will be subject to early redemption if a Warrant Termination Event occurs or, if applicable, an Additional Disruption Event occurs. In these circumstances the Issuer may redeem the Notes at the Early Redemption Amount. The Early Redemption Amount may be less (and in certain circumstances, significantly less) than investors' initial investment.

Exposure to the Warrant Underlying

The Warrant Underlying may include an index or basket of indices in each case comprising listed equities or commodities, a specified listed equity or basket of listed equities or a specified commodity or basket of commodities. **Consequently potential investors should also consider the risk factors in respect of the risks involved in investing in Notes (in this case the Warrants) linked to certain Reference Asset(s).**

Investors should review the Warrant Conditions and consult with their own professional advisers if they consider it necessary.

Credit Risk of the issuer of the Warrants

Warrant Linked Notes are linked to the performance of the relevant Warrants. Investors bear the risk of an investment in the issuer of the Warrants. The value of the Warrant Linked Notes is dependent on the value of the Warrants, which will depend in part on the creditworthiness of the issuer of the Warrants, which may vary over the term of the Warrant Linked Notes.

Potential conflicts of interest

In the case of Warrant Linked Notes, Codeis Securities SA is the Issuer and may also be the issuer and/or the calculation agent in respect of the Warrants underlying the Notes. Potential conflicts of interest may arise for the Issuer in acting in each of these capacities. In addition as issuer or calculation agent in respect of the warrants underlying the Notes, the Issuer or any of its affiliates may perform further or alternative roles including, but not limited to, being involved in arrangements relating to any of the underlying reference assets (for example as a calculation agent).

Determination of Extraordinary Events and Additional Disruption Events

The Calculation Agent may determine the occurrence of a Warrant Termination Event or Additional Disruption Event in relation to the Warrant Linked Notes. Upon such determination, the Issuer may, at its option redeem the Warrant Linked Notes in whole at the Early Redemption Amount, which may be less than the amount invested in the Warrant Linked Notes. Noteholders will not benefit from any appreciation of the Warrants that may occur following such redemption.

No ownership rights

An investment in Warrant Linked Notes is not the same as an investment in the Warrants and does not confer any legal or beneficial interest in the Warrants or any Warrant Underlying or any rights that a holder of the Warrants or any Warrant Underlying may have.

Hedging activities of the Issuer and its affiliates

The Issuer or its affiliates may carry out hedging activities related to the Warrant Linked Notes, including purchasing the Warrants and/or purchasing or entering into contracts relating to the Warrant Underlying,

but will not be obliged to do so. Certain of the Issuer's affiliates may also purchase and sell the Warrants and/or purchase and sell or enter into contracts relating to the Warrant Underlying on a regular basis as part of their regular business. Any of these activities could adversely affect the value of the Warrant Underlying and, accordingly, the value of the Warrants and the Warrant Linked Notes.

C. Risks relating to the global financial crisis

General

Noteholders should be aware of the prevailing and widely reported global financial crisis. There can be no assurance that the steps taken by governments to ameliorate the global financial crisis will be successful or that the global financial crisis will not worsen. The structure, nature and regulation of financial markets in the future may be fundamentally altered as a consequence of the global financial crisis, possibly in unforeseen ways. There can be no assurance that similar or greater disruption may not occur in the future for similar or other reasons.

There can be no assurance as to how severe the global recession will be or as to how long it will last. There can be no assurance that government actions to limit the impact of the crisis will be successful and that they will not instead lead or contribute to a deeper and/or longer-lasting recession. Economic prospects are subject to considerable uncertainty.

Prospective investors should ensure that they have sufficient knowledge and awareness of the global financial crisis and the economic situation and outlook as they consider necessary to enable them to make their own evaluation of the risks and merits of an investment in the Notes. In particular, prospective investors should take into account the considerable uncertainty as to how the global financial crisis and the wider economic situation will develop over time.

Any person who has held securities in the period since the start of the global financial crisis, particularly structured securities such as the Notes, is highly likely to have suffered significant adverse effects as a result of such holding, including, but not limited to, major reductions in the value of those securities and a lack of liquidity. A significant number of credit events has occurred in respect of reference entities referenced in structured securities. Prospective investors should consider carefully whether they are prepared to take on similar risks by virtue of an investment in the Notes.

Impact on Liquidity

The events outlined above have had an extremely negative effect on the liquidity of financial markets generally and in the markets in respect of certain financial assets or in the obligations of certain obligors. This has particularly been the case with respect to the market for structured assets such as the Notes and the obligations of financial institutions. Such assets may either not be saleable at all or may only be saleable at significant discounts to their estimated fair value or to the amount originally invested. No assurance can be given that liquidity in the market generally, or in the market for any particular asset class (including the Notes) or in the obligations of any particular financial institution, will improve or that it will not worsen in the future. Such limited liquidity may have a negative impact on the value of the Notes, the value of any Compartment Assets, the value of any Reference Asset, the value of any Related Agreements or the value of any Swap Agreement, both in terms of the assets or indices referenced and in terms of the value of the obligations of the counterparty to the Swap Agreement (the **Swap Counterparty**). In particular, should the Notes be redeemed early, Noteholders will be exposed to the realisation value of the Charged Assets and the termination value of the Swap Agreement, which value might be affected (in some cases significantly) by such lack of liquidity.

Concerns about the creditworthiness of the Custodian, the Issuing and Paying Agent and the other Paying Agents may also impact the value of the Notes.

Impact on Credit

The events outlined above have negatively affected the creditworthiness of a number of entities, in some cases to the extent of collapse or government rescue. Such credit deterioration is widespread and is no longer confined to the financial services sector. The value of the Notes or of the amount of payments under them may be negatively affected by such widespread credit deterioration. Prospective investors should note that recoveries on assets of affected entities have in some cases been *de minimis* and that similarly low recovery levels may be experienced with respect to other entities in the future which may include the obligors of Compartment Assets (or any guarantor or credit support provider in respect thereof), reference entities in respect of Credit-Linked Notes and the relevant counterparties. Prospective investors should also consider the impact of a default by a Custodian, Issue and Paying Agent or Paying Agent and possible delays and costs in being able to access property held with a failed custodian.

Impact on Valuations and Calculations

Since 2007, actively traded markets for a number of asset classes and obligors have either ceased or have reduced significantly. To the extent that valuations or calculations in respect of instruments related to those asset classes were based on quoted market prices or market inputs, the lack or limited availability of such market prices or inputs has significantly impaired the ability to make accurate valuations or calculations in respect of such instruments. No assurance can be given that similar impairment may not occur in the future.

Furthermore, in a number of asset classes, a significant reliance has historically been placed on valuations derived from models that use inputs that are not observable in the markets and/or that are based on historical data and trends. Such models often rely on certain assumptions about the values or behaviour of such unobservable inputs or about the behaviour of the markets generally or interpolate future outcomes from historical data. In a number of cases, the extent of the market volatility and disruption has resulted in the assumptions being incorrect to a significant degree or in extreme departures from historical trends. Where reliance is placed on historical data, in certain instances such data may only be available for relatively short time periods (for example, data with respect to prices in relatively new markets) and such data may not be as statistically representative as data for longer periods.

Potential investors should be aware of the risks inherent in any valuation or calculation that is determined by reference to a model and that certain assumptions will be made in operating the model which may prove to be incorrect and give rise to significantly different outcomes to those predicted by the model.

Impact of Increased Regulation and Nationalisation

As a result of the global financial crisis there has been an increased involvement of governmental and regulatory authorities in the financial sector and in the operation of financial institutions. In particular, governmental and regulatory authorities in a number of jurisdictions have imposed stricter regulatory controls around certain financial activities and/or have indicated that they intend to impose such controls in the future. It is uncertain how a changed regulatory environment will affect the treatment of instruments such as the Notes or will affect any transaction counterparty. In addition, governments have shown an increased willingness wholly or partially to nationalise financial institutions, corporates and other entities in order to support the economy. Such nationalisation may impact adversely on the value of the stock or other obligations of any such entity. In addition, in order to effect such nationalisation, existing obligations or stock might have their terms mandatorily amended or be forcibly redeemed. To the extent that the obligors of Compartment Assets (or any guarantor or credit support provider in respect thereof), reference entities in respect of Credit-Linked Notes, the Swap Counterparty or any other person or entity connected with the Notes is subject to nationalisation or other government intervention, it may have an adverse effect on a holder of a Note.

Systemic Risk

Financial institutions and other significant participants in the financial markets that deal with each other are interrelated as a result of trading, investment, clearing, counterparty and other relationships. This risk is sometimes referred to as “systemic risk”. Financial institutions such as the Arranger, the Dealer(s), the Trustee, the Swap Counterparty (or any credit support provider of the Swap Counterparty), the Custodian and the other Agents (or any Affiliate of any of them) and any reference entities or obligors of the Compartment Assets (or any guarantor or credit support provider in respect thereof) that are financial institutions or are significant participants in the financial markets are likely routinely to execute a high volume of transactions with various types of counterparties, including brokers and dealers, commercial banks, investment banks, insurers, mutual and hedge funds and institutional clients. To the extent they do so, they are and will continue to be exposed to the risk of loss if counterparties fail or are otherwise unable to meet their obligations. In addition, a default by a financial institution or other significant participant in the financial markets, or concerns about the ability of a financial institution or other significant participant in the financial markets to meet its obligations, could lead to further significant systemic liquidity problems and other problems that could exacerbate the global financial crisis and as such have a material adverse impact on other entities.

BEARER NOTES

Each Tranche of Bearer Notes (except for SIS Notes, as defined below) will be initially issued in the form of a temporary Bearer Global Note (a **Temporary Bearer Global Note**) or, if so specified in the applicable Final Terms, a permanent Bearer Global Note (a **Permanent Bearer Global Note**) which, in either case, will:

- (i) if the Global Notes are intended to be issued in Eurosystem-eligible NGN form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper for the ICSDs; and
- (ii) if the Global Notes are not intended to be issued in Eurosystem-eligible NGN form, be delivered on or prior to the original issue date of the Tranche to a Common Depositary.

Bearer Global Notes (except for SIS Notes) will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg as the case may be.

Each Tranche of Swedish Notes will be represented on issue by a Permanent Bearer Global Note. No Temporary Bearer Global Notes are expected to be issued in respect of the Swedish Notes.

The Bearer Notes of each Tranche offered and sold in reliance on Regulation S may not be offered or sold in the United States or to, or for the benefit or account of, a U.S. Person, and such Bearer Notes will bear a legend regarding such restrictions on transfer. Any future transfer, resale, pledge or delivery of such Bearer Notes or any interest therein may only be made in compliance with the resale provisions set forth in Regulation S of the Securities Act.

In the event that a Bearer Global Note, other than an SIS Note, held on behalf of Euroclear and/or Clearstream, Luxembourg (or any part thereof) has become due and repayable in accordance with the Conditions or that the Maturity Date has occurred and, in either case, payment in full of the amount due has not been made to the bearer in accordance with the Conditions, then the Global Note will become void. At the same time, accountholders with Euroclear and/or Clearstream, Luxembourg having such Notes (other than Bearer Definitive Notes) credited to their accounts will become entitled to proceed directly against the Issuer, on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg.

REGISTERED NOTES

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. Persons outside the United States, will initially be represented by a Regulation S Global Note or a Non-U.S. Registered Global Note (in each case, as defined in Condition 2.1(i) (*Definitions*)) of the Terms and Conditions of the Notes. Beneficial interests in a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. Person save as otherwise provided in Condition 2 (*Transfer of Registered Notes and Uncertificated Notes*) of the Terms and Conditions of the Notes and, prior to the expiry of the Distribution Compliance Period, as defined in Condition 2.1(i) (*Definitions*) of the Terms and Conditions of the Notes, may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Regulation S Global Note will bear a legend regarding such restrictions on transfer.

Non-U.S. Registered Notes, or any interest therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. Non-U.S. Registered Global Notes may not be legally or beneficially owned at any time by any U.S. Person and

accordingly are being offered and sold outside the United States to persons that are not U.S. Persons in reliance on Regulation S. Interests in Non-U.S. Registered Notes may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Non-U.S. Registered Notes will bear a legend regarding such restrictions on transfer.

The Registered Notes of each Tranche eligible for sale in private transactions in the United States to persons or to U.S. Persons outside the United States that are both QIBs and QPs will initially be represented by a Rule 144A Global Note (each as defined in Condition 2.1(i) (*Definitions*)) (see “*Terms and Conditions of the Notes*”). Any Rule 144A Global Note will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

The Registered Notes of each Tranche eligible for sale in private transactions in the United States to persons or outside the United States to U.S. Persons that are both QIBs and QPs and to non-U.S. Persons outside the United States in reliance on Regulation S will initially be represented by a Combined Global Note (as defined in Condition 2.1(i) (*Definitions*)), (see “*Terms and Conditions of the Notes*”). Any Combined Global Note will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

Registered Global Notes (being Rule 144A Global Notes, Regulation S Global Notes, Combined Global Notes or Non-U.S. Registered Global Notes) will, as specified in the applicable Final Terms, either (i) be deposited with a custodian for, and registered in the name of a nominee of, DTC (in the case of Rule 144A Global Notes and Regulation S Global Notes only) or a nominee for the Common Depositary (if the Registered Global Note is not intended to be issued in Eurosystem-eligible NSSRGN form) or (ii) a Common Safekeeper (if the Registered Global Note is intended to be issued in Eurosystem-eligible NSSRGN form). Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Registered Definitive Notes.

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 6(e) (*Payments in respect of Registered Notes*)) (see “*Terms and Conditions of the Notes*”) as the registered holder of the Registered Global Notes. None of the Issuer, the Guarantor or any Agent will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of Registered Definitive Notes will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 6(e) (*Payments in respect of Registered Notes*)) (see “*Terms and Conditions of the Notes*”) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Note. No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case to the extent applicable.

EUI NOTES

EUI Notes will be held in registered uncertificated form in accordance with the Uncertificated Securities Regulations 2001, including any modification or re-enactment thereof for the time being in force (the **Regulations**) and as such are dematerialised and not constituted by any physical document of title. The EUI Notes are participating securities for the purposes of the Regulations. Title to the EUI Notes is recorded on the relevant Operator register of corporate securities. The EUI Agent on behalf of the Issuer shall, in relation to the EUI Notes, maintain a record of uncertificated corporate securities in accordance with the records of Euroclear UK & Ireland Limited (**EUI** or **CREST**) (formerly known as CRESTCo Limited) (the **Record**) and shall procure that the Record is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator. Subject to this requirement, (i) each person who is for the time being shown in the Record as the holder of a particular number of EUI Notes shall be treated by the Issuer

and the EUI Agent as the holder of such number of EUI Notes for all purposes (and the expression **EUI Holder** and related expressions shall be construed accordingly), and (ii) neither the Issuer, the Guarantor nor the EUI Agent shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Record which the EUI Agent maintains are in accordance with particulars entered in the Operator register of corporate securities relating to the EUI Notes. For the avoidance of doubt, in the event of any differences in information contained in the Record and the register of EUI Notes in registered form kept at the Issuer's registered office, the register kept at the Issuer's registered office shall prevail for Luxembourg law purposes.

No provision of the Conditions of any EUI Notes shall apply or have effect to the extent that it is in any respect inconsistent with (i) the holding of title to EUI Notes (ii) the transfer of title to EUI Notes by means of a relevant system or (iii) the Regulations. Without prejudice to the generality of the preceding sentence and notwithstanding anything contained in the Conditions of any EUI Notes, so long as the EUI Notes are participating securities, (a) any EUI Notes which are not for the time being in all respects identical to, or do not for the time being have rights attached thereto identical in all respects to those attached to, other EUI Notes of the same Series shall be deemed to constitute a separate Series of EUI Notes, (b) the Operator register of corporate securities relating to the EUI Notes shall be maintained at all times in the United Kingdom, (c) the EUI Notes may be issued in uncertificated form in accordance with and subject as provided in the Regulations, and (d) for the avoidance of doubt, the Conditions of any EUI Notes shall remain applicable notwithstanding that they are not endorsed on any certificate for such EUI Notes.

As used herein each of "Operator register of corporate securities", "participating securities", "record of uncertificated corporate securities" and "relevant system" is as defined in the Regulations and the relevant "Operator" (as such term is used in the Regulations) is EUI (formerly CRESTCo. Limited) or any additional or alternative operator from time to time approved by the Issuer, the Guarantor and the EUI Agent in relation to the EUI Notes and in accordance with the Regulations. Any reference herein to the Operator shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator from time to time and notified to the EUI Holders.

Any indication herein that the Operator "shall" do, or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in these Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the Guarantor, the EUI Agent or the Calculation Agent, of responsibility or liability for the performance of the Operator.

In respect of dematerialised CREST depository interests (**CDIs**), investors will hold CDIs constituted and issued by CREST Depository Limited and representing indirect interests in the Notes. The CDIs will be issued and settled through CREST.

Neither the Notes nor any rights thereto will be issued, held, transferred or settled within the CREST system otherwise than through the issue, holding, transfer and settlement of CDIs.

Holders of CDIs will not be entitled to deal directly in Notes and accordingly all dealings in the Notes will be effected through CREST in relation to holding of CDIs.

All references in this Base Prospectus to "EUI Notes" shall, where the context admits, include CDIs.

EUI Notes (and, in each case, any non-contractual obligations arising therefrom or connected therewith) will be governed by, and construed in accordance with, English law.

SIS NOTES

Each Tranche of SIS Notes (**SIS Notes**) will be issued either (i) in bearer form (**Bearer SIS Notes**) or (ii) in uncertificated form (**Uncertificated SIS Notes**), in each case, which are, or are intended to be, deposited or registered with and cleared through the Swiss securities services corporation, SIS SIX Ltd (**SIS**) or any other clearing institution recognised by the SIX Swiss Exchange Ltd (**SIX Swiss Exchange**). The applicable Final Terms will indicate whether SIS Notes are CHF SIS Notes or Other SIS Notes (each as defined below) or Uncertificated SIS Notes.

Bearer SIS Notes

Each Tranche of Bearer SIS Notes will be represented by a permanent global Note (**Permanent Bearer Global SIS Note**) which will be deposited by the Principal Swiss Paying Agent with SIS or any other intermediary in Switzerland recognised for such purposes by SIX Swiss Exchange (SIS or any other such intermediary, the **Intermediary**) on or prior to the original issue date of the Tranche. Once the Permanent Bearer Global SIS Note has been deposited with the Intermediary and entered into the accounts of one or more participants of the Intermediary, the Bearer SIS Notes represented thereby will constitute intermediated securities (*Bucheffekten*) within the meaning of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*) (the **Intermediated Securities**).

Each holder of Bearer SIS Notes shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Bearer Global SIS Note representing such Bearer SIS Notes to the extent of his claim against the Issuer, provided that for so long as the Permanent Bearer Global SIS Note remains deposited with the Intermediary, the co-ownership interest shall be suspended and such Bearer SIS Notes may only be transferred by the entry of the transferred Bearer SIS Notes in a securities account (*Effektenkonto*) of the transferee.

The records of the Intermediary will determine the number of Bearer SIS Notes held through each participant of the Intermediary. In respect of Bearer SIS Notes held in the form of Intermediated Securities, the holders of such Bearer SIS Notes will be the persons holding such Bearer SIS Notes in a securities account that is in their name, or, in the case of intermediaries (*Verwahrungsstellen*), the intermediaries holding such Bearer SIS Notes for their own account in a securities account that is in their name (and the expressions “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly).

Bearer SIS Notes denominated in Swiss Francs benefit from a limited exception to the certification requirement of the TEFRA D Rules, if such Bearer SIS Notes fulfil the relevant requirements set out below. Bearer SIS Notes denominated in Swiss Francs which fulfil these requirements are hereinafter referred to as **CHF SIS Notes**. Bearer SIS Notes denominated in Swiss Francs that do not fulfil these requirements and Bearer SIS Notes denominated in a currency approved by SIS other than Swiss Francs are hereinafter referred to as **Other SIS Notes**. Other SIS Notes may be subject to additional selling restrictions and additional U.S. tax disclosure as set out in the applicable Final Terms.

Special procedures must be followed for CHF SIS Notes in order for such Notes to be exempt from Certification (as defined below). Each of the relevant Dealers must have represented and agreed in the Programme Agreement that (a) it will comply with U.S. selling restrictions in so far as they apply to CHF SIS Notes and (b) the offering and sale of the CHF SIS Notes has been and will be conducted in accordance with Swiss laws and regulations. The following criteria must be fulfilled in order for the limited exception to the certification requirement of the TEFRA D Rules to apply:

- (1) the interest on, and the principal of, the CHF SIS Notes are denominated only in Swiss Francs;
- (2) the interest on, and the principal of, the CHF SIS Notes are payable only in Switzerland;
- (3) the CHF SIS Notes are offered and sold in accordance with Swiss customary practice and documentation;
- (4) the relevant Dealers agree to use reasonable efforts to sell the CHF SIS Notes within Switzerland;
- (5) the CHF SIS Notes are not listed, or subject to an application for listing, on an exchange located outside Switzerland;
- (6) the issuance of the CHF SIS Notes is subject to guidelines or restrictions imposed by Swiss governmental, banking or securities authorities; and
- (7) more than 80 per cent. by value of the CHF SIS Notes included in the offering of which they are part are offered and sold to non-Dealers by Dealers maintaining an office located in Switzerland.

No holder of Bearer SIS Notes will at any time have the right to effect or demand the conversion of the Permanent Bearer Global SIS Note representing such Bearer SIS Notes into, or the delivery of, Bearer SIS Notes in definitive form (**Definitive Bearer SIS Notes**) or uncertificated form.

No physical delivery of the Bearer SIS Notes shall be made unless and until Definitive Bearer SIS Notes have been printed. The relevant Permanent Bearer Global SIS Note will only be exchangeable, in whole, but not in part, for Definitive Bearer SIS Notes and Definitive Bearer SIS Notes may only be printed upon the occurrence of a Bearer SIS Notes Exchange Event (as defined below in the section "*Exchange of Permanent Bearer Notes and Registered Global Notes upon the occurrence of an Exchange Event*"). Upon the occurrence of a Bearer SIS Notes Exchange Event, the Principal Swiss Paying Agent or the relevant lead manager, as the case may be, shall provide for the printing of Definitive Bearer SIS Notes without cost to the holders of the relevant Bearer SIS Notes. If Definitive Bearer SIS Notes are delivered, the relevant Bearer SIS Notes will immediately be cancelled by the Principal Swiss Paying Agent or the relevant lead manager, as the case may be, and the Definitive Bearer SIS notes shall be delivered to the relevant holders against cancellation of the relevant Bearer SIS Notes in such holders' securities accounts.

Bearer SIS Notes (and, in each case, any non-contractual obligations arising therefrom or connected therewith) will be governed by, and construed in accordance with, English law.

Uncertificated SIS Notes

Each Tranche of Uncertificated SIS Notes will be entered into the main register (*Hauptregister*) of the Intermediary on or prior to their issue date. Once the Uncertificated SIS Notes are registered in the main register of the Intermediary, the Uncertificated SIS Notes will constitute Intermediated Securities.

So long as the Uncertificated SIS Notes constitute Intermediated Securities, they may only be transferred by the entry of the transferred Uncertificated SIS Notes in a securities account of the transferee.

The records of the Intermediary will determine the number of Uncertificated SIS Notes held through each participant in the Intermediary. In respect of Uncertificated SIS Notes held in the form of Intermediated Securities, the holders of such Uncertificated SIS Notes will be the persons holding such Uncertificated SIS Notes in a securities account that is in their name, or, in case of intermediaries, the intermediaries holding such Uncertificated SIS Notes for their own account in a securities account that is in their name (and the expressions "Noteholder" and "holder of Notes" and related expressions shall be construed accordingly).

No holder of Uncertificated SIS Notes will at any time have the right to effect or demand the conversion of such Uncertificated SIS Notes into, or the delivery of, a Permanent Bearer Global SIS Note or Bearer Definitive SIS Notes.

Uncertificated SIS Notes (and, in each case, any non-contractual obligations arising therefrom or connected therewith) will be governed by, and construed in accordance with English law.

Uncertificated Notes which are not designated as Permanently Restricted Notes

Uncertificated Notes which are not designated as Permanently Restricted Notes, or any interest therein, may not be offered or sold in the United States or to, or for the account or benefit of, U.S. Persons except pursuant to an exemption from the registration requirements of the Securities Act in a transaction that will not cause the Issuer or the Guarantor, as the case may be, to become required to register under Investment Company Act.

SWEDISH NOTES

A link will be maintained between Euroclear and Clearstream, Luxembourg, on the one hand, and Euroclear Sweden AB (the **Swedish CSD**), on the other hand, for the purpose of maintaining computerised book-entry records of the beneficial owners' interests in Swedish Notes pursuant to and in accordance with the provisions in the Swedish Financial Instruments Accounts Act (*Sw. lag (1998:1479) om kontoföring av finansiella instrument*). All transactions relating to the beneficial interests in the Swedish Notes (such as issuance, sale and transfer, pledge arrangements and other dispositions and redemptions) are executed as computerised book-entry account through a credit institution or a securities firm acting as an account operator with Euroclear Sweden AB. For as long as Swedish Notes are in global form, each Series of Swedish Notes will be kept segregated in the records of Euroclear and Clearstream, Luxembourg, in each case, in the name of the Swedish CSD for the benefit of the beneficial owners of the relevant Series of Swedish Notes appearing in the records of the Swedish CSD. No

beneficial owner of any Swedish Notes is entitled to transfer (and the Swedish CSD will not allow any such transfer) its interest in any Swedish Notes directly to the records of Euroclear and Clearstream, Luxembourg or any other clearing system and thereby removing such beneficial interests from the records of the Swedish CSD.

RELATIONSHIP OF ACCOUNTHOLDERS WITH CLEARING SYSTEMS

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, or any other clearing system (an **Alternative Clearing System**) as the holder of a Note represented by a global Note must look solely to Euroclear, Clearstream, Luxembourg or any such Alternative Clearing System (as the case may be) for his share of each payment made by the Issuer to the bearer or holder, as the case may be, of such global Note and in relation to all other rights arising under the global Notes, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg or such Alternative Clearing System (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such global Note and such obligations of the Issuer will be discharged by payment to the bearer or the holder, as the case may be, of such global Note in respect of each amount so paid.

CERTIFICATION AS TO NON-U.S. BENEFICIAL OWNERSHIP FOR BEARER NOTES

Whilst any Bearer Note (except any Bearer SIS Notes which are represented by Permanent Bearer Global SIS Notes as described above) is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the date which is 40 days after the issuance date thereof (the **Exchange Date**) will be made (against presentation of the Temporary Bearer Global Note if the Temporary Bearer Global Note is not intended to be issued in Eurosystem-eligible NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Bearer Note are not U.S. Persons or persons who have purchased for resale to any U.S. Person (**Certification**), as required by U.S. Treasury regulations, has been received (i) by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the Certification it has received) to the Issuing and Paying Agent or, (ii) in the case of a Temporary Bearer Global Note held otherwise than on behalf of Euroclear and/or Clearstream, Luxembourg, from the holder thereof.

EXCHANGE OF TEMPORARY BEARER GLOBAL NOTE

On and after the Exchange Date, interests in a Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein either for, as applicable, (i) interests in a Permanent Bearer Global Note or (ii) Bearer Definitive Notes of the same Series with, where applicable, Receipts, Coupons and Talons attached (as indicated in the applicable Final Terms and subject, in the case of Bearer Definitive Notes, to such notice period as is specified in the Permanent Bearer Global Note), in accordance with the terms of the Temporary Bearer Global Note against Certification as to beneficial ownership as described above and as required by U.S. Treasury regulations unless such Certification has already been given pursuant to the provisions set forth above; provided, however, that if the relevant Temporary Bearer Global Note is issued in respect of a Tranche of Bearer Notes described as Partly Paid Notes in the applicable Final Terms, such Temporary Bearer Global Note may be exchanged for Bearer Definitive Notes and (if applicable) Coupons, Receipts and/or Talons as described above only if the final part payment on all such Partly Paid Notes then outstanding has been paid. Exchange of a Temporary Bearer Global Note for interests in a Permanent Bearer Global Note will only be made if Bearer Definitive Notes have not already been issued. If Bearer Definitive Notes have already been issued, the Temporary Bearer Global Note may only thereafter be exchanged for Bearer Definitive Notes pursuant to the terms thereof. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due Certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for Bearer Definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg, as applicable, to or to the order of the holder thereof (against presentation or surrender (as the case may be) of the Permanent Bearer Global Note if the Permanent Bearer Global Note is not intended to be issued in Eurosystem-eligible NGN form) without any requirement for Certification.

EXCHANGE OF PERMANENT BEARER GLOBAL NOTES AND REGISTERED GLOBAL NOTES UPON THE OCCURRENCE OF AN EXCHANGE EVENT

The applicable Final Terms with respect to any Notes issued in global form (other than SIS Notes) will specify that the relevant Permanent Bearer Global Note or Registered Global Note (as applicable) will be exchangeable (free of charge), in whole but not in part, for Bearer Definitive Notes with, where applicable, Receipts, Coupons and Talons attached, or, as the case may be, Registered Definitive Notes, upon not less than 60 days' written notice given at any time to the Issuing and Paying Agent from or on behalf of, as the case may be, Euroclear and/or Clearstream, Luxembourg or the common depository on their behalf acting on the instructions of any holder of an interest in the Permanent Bearer Global Note or Registered Global Note as described therein (unless otherwise specified in the applicable Final Terms) or, in the case of a Permanent Bearer Global Note, if such Note is held otherwise than on behalf of Euroclear or Clearstream, Luxembourg, the bearer thereof, in the event of the occurrence of any of the circumstances described in (i), (ii), (iii), (iv) or (v) below (each, an **Exchange Event**) or by the Issuer in the event of the occurrence of the circumstances described in (iv) below:

- (i) if applicable, an Event of Default (as defined in Condition 11 (*Events of Default*) of the Terms and Conditions of the Notes) has occurred and is continuing;
- (ii) in the case of Registered Notes registered in the name of a nominee for The Depository Trust Company (**DTC**), either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Notes and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act;
- (iii) in the case of a Permanent Bearer Global Note or a Registered Global Note registered in the name of a common depository for Euroclear and/or Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business or have in fact done so and no successor clearing system is available;
- (iv) on the occasion of the next payment in respect of any Bearer Global Notes, the Issuer would be required to pay additional amounts as referred to in Condition 8 (*Compartment Assets and Supplementary Assets*) and such payment would not be required if such Bearer Global Note was in definitive form; provided, however, that if the relevant Bearer Global Note is issued in respect of a Tranche of Bearer Notes described as Partly Paid Notes in the applicable Final Terms, such Bearer Global Note may be exchanged for definitive Notes and (if applicable) Coupons, Receipts and/or Talons as described above only if the final part payment on all such Partly Paid Notes then outstanding has been paid; or
- (v) in the case of Registered Notes, the Issuer has or will become subject to adverse tax consequences which would not be suffered were such Registered Notes represented by a Registered Definitive Note.

The Issuer will promptly give notice to Noteholders in accordance with Condition 19 (*Notices*) (see "*Terms and Conditions of the Notes*") if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg or any person acting on their behalf (acting on the instructions of any holder of an interest in such Bearer Global Note or Registered Global Note) may give notice to the Issuing and Paying Agent or, as the case may be, the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (v) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Issuing and Paying Agent or, as the case may be, the Registrar.

In respect of Bearer SIS Notes, the Permanent Bearer Global SIS Note will not be exchangeable at the option of the holders of such Bearer SIS Notes but may be exchanged for Definitive Bearer SIS Notes in whole but not in part, if the Principal Swiss Paying Agent deems (i) the printing of Bearer Definitive Notes, Receipts or Coupons to be necessary or useful, or (ii) the presentation of Bearer Definitive Notes, Receipts or Coupons to be required by Swiss or foreign laws in connection with the enforcement of rights (including in cases of bankruptcy, consolidation or reorganisation of the Issuer) (each such circumstance, in respect of Bearer SIS Notes, a **Bearer SIS Notes**

Exchange Event). If Definitive Bearer SIS Notes are delivered, the relevant Bearer SIS Notes will immediately be cancelled by the Principal Swiss Paying Agent or the relevant lead manager, as the case may be, and the Definitive Bearer SIS Notes shall be delivered to the relevant holders against cancellation of the relevant Bearer SIS Notes in such holders' securities accounts.

U.S. LEGENDS

The following legend will appear on all Bearer Notes which have an original maturity of more than 1 year and on all Receipts, Coupons and Talons relating to such Notes:

“ANY UNITED STATES PERSON (AS DEFINED IN THE INTERNAL REVENUE CODE OF THE UNITED STATES) WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to above provide that United States persons (as defined in the Code), with certain exceptions, will not be entitled to deduct any loss on Bearer Notes (and, if applicable, Receipts, Coupons or Talons) and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, Receipts, Coupons or Talons.

Registered Notes are also subject to the restrictions on transfer set forth herein and will bear a legend regarding such restrictions as detailed in “*Subscription, Sale and Transfer Restrictions*”.

CLEARING SYSTEMS

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms (including, without limitation, the *Intermédiaires financiers habilités* authorised to maintain accounts therein, in relation to Bearer SIS Notes, SIS or any other clearing institution acceptable to SIX Swiss Exchange and, in relation to Uncertificated Notes, the relevant securities depositary and clearing institution, including, without limitation, SIS or any other clearing institution acceptable to SIX Swiss Exchange and, in relation to Registered Notes represented by a Rule 144A Global Note or Registered Notes represented by a Regulation S Global Note, the DTC and in relation to EUI Notes, EUI or CREST), approved by the Issuer, the Guarantor (if applicable), the Issuing and Paying Agent, the Registrar (in the case of Registered Notes only), and, in the case of Notes listed on the Luxembourg Stock Exchange, the Luxembourg Stock Exchange.

Any Purchaser of the Notes will be deemed to have represented and agreed that they (i) have the knowledge and sophistication independently to appraise and understand the financial and legal terms and conditions of the Notes and to assume the economic consequences and risks thereof; (ii) to the extent necessary, have consulted with their own independent financial, legal or other advisers and have made their own investment, hedging and trading decisions in connection with the Notes based upon their own judgement and the advice of such advisers and not upon any view expressed by the Issuer[, the Guarantor], the Arranger or the Dealer; (iii) have not relied upon any representations (whether written or oral) of any other party, and are not in any fiduciary relationship with the Issuer[, the Guarantor], the Arranger or the Dealer; (iv) have not obtained from the Issuer[, the Guarantor], the Arranger or the Dealer (directly or indirectly through any other person) any advice, counsel or assurances as to the expected or projected success, profitability, performance, results or benefits of the Notes, and have agreed that the Issuer and the Dealer do not have any liability in that respect; (v) have not relied upon any representations (whether written or oral) by, nor received any advice from, the Issuer[, the Guarantor], the Arranger or the Dealer as to the possible qualification under the laws or regulations of any jurisdiction of the Notes described in these Final Terms and understand that nothing contained herein should be construed as such a representation or advice for the purposes of the laws or regulations of any jurisdiction.

The Notes [and the Guarantee] have not been approved or disapproved by the U.S. Securities and Exchange Commission (the **SEC**), any State securities commission in the United States or any other U.S. regulatory authority, nor have any of the foregoing Authorities passed upon or endorsed the merits of the offering of the

The following Terms and Conditions, together with the Technical Annex (if applicable), will, if the context so permits, apply to Uncertificated Notes. The applicable Final Terms in relation to any Tranche of Notes may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Notes (including, for the avoidance of doubt, Uncertificated Notes). The applicable Final Terms (or the relevant provisions thereof) will be endorsed on, attached to or incorporated by reference in, each temporary global Note, permanent global Note and definitive Note and shall be deemed to apply to Uncertificated Notes. Reference should be made to the section headed "Form of the Notes" above for a description of the content of Final Terms which will specify which of such terms is to apply in relation to the relevant Notes.

Furthermore, the Additional Terms and Conditions for Swedish Notes will apply to Swedish Notes, if specified in the applicable Final Terms, and shall be deemed to form part of the Terms and Conditions.

This Note is one of a Series (as defined below) of Notes issued by Codeis Securities SA (the **Issuer**), a regulated securitisation undertaking within the meaning of the Luxembourg Act dated 22 March 2004 on securitisation (the **Securitisation Act 2004**, which term shall include such act as modified, amended or re-enacted from time to time), constituted and secured by a trust deed (the **Trust Deed**, which expression includes the same as it may be modified and/or supplemented and/or restated from time to time) dated on or about the issue date of the first Series of Notes in respect of the Compartment (or, if this Series of Notes is such first Series, the Issue Date) and made between the Issuer, SG Hambros Trust Company (Channel Islands) Limited as trustee (the **Trustee**, which expression shall include (x) any successor or (y) any other person named in the applicable Final Terms as trustee and, in the case of (y), appointed pursuant to a trust deed between the Issuer, the Guarantor (as defined below), if applicable, and such person) and, if applicable, Societe Generale as guarantor (the **Guarantor**). References herein to the **Issuer** shall include the relevant Substitute Company as defined in Condition 13(e) (*Substitution*), in the case of any substitution of the Issuer in accordance with that Condition. Reference to the **Guarantor** shall include the relevant Substitute Company, in case of any substitution of the Guarantor in accordance with Condition 13(e) (*Substitution*).

References herein to the **Notes** shall be references to the Notes of this Series and shall mean:

Any issue of EUI Notes (as defined below) will have the benefit of an EUI agency agreement (the **EUI Agency Agreement**, which expression shall be construed as a reference to any such agreement as the same may be amended, supplemented or restated from time to time) between the Issuer, the Guarantor and the agent, which shall be appointed in the relevant Final Terms in respect of EUI Notes (the **EUI Agent**).

In this paragraph, **Short Term Note** means a Note that has a maturity of less than 12 months from its Issue Date.

By subscribing to, or otherwise acquiring, the Notes, each holder of Notes expressly acknowledges and agrees that:

- (i) the Issuer (i) is subject to the Securitisation Act 2004 and (ii) in connection with the Notes and any Related Notes has created a specific Compartment, which Compartment shall be identified by the number and/or name ascribed to it in the applicable Final Terms and is a Category A Compartment or Category B Compartment as specified in the applicable Final Terms, to which all assets, rights, claims and agreements relating to the Notes and any Related Notes will be allocated, subject as provided in the applicable Final Terms;
- (ii) the provisions with respect to Order of Priority included in the applicable Final Terms will apply;
- (iii) in the event of any Note Acceleration and enforcement of the applicable Security, its recourse shall be limited to (a) the Charged Assets described in the applicable Final Terms and, if the Notes are Category B Notes as specified in the applicable Final Terms, and in the event of a Charged Assets Shortfall (as defined below), the Supplementary Assets (if any) described in the applicable Final Terms, and not to the assets allocated to other Compartments created by the Issuer or to any other assets of the Issuer and (b) if the Notes are Guaranteed Notes (as defined below) as specified in the applicable Final Terms, sums obtained on its behalf by the Trustee under the Guarantee for any Guaranteed Shortfall Amount, subject to the terms set out herein and in the applicable Final Terms;
- (iv) without prejudice to the rights of the Trustee held for the benefit of holders of Guaranteed Notes under the Guarantee, once all moneys received by the Trustee in connection with the enforcement of the Security over the Charged Assets have been applied in accordance with the Order of Priority specified in the applicable Final Terms, and, if the Notes are Category B Notes, and in the event of a Charged Assets Shortfall, once all moneys received in connection with the Supplementary Assets (if any) have been applied by the Trustee in satisfaction of the Noteholders' claims, it will not be entitled to take any further steps against the Issuer to recover any further sums due and the right to receive any such sums shall be extinguished;
- (v) it shall have no right to attach or otherwise seize the Charged Assets (subject as provided above), the Supplementary Assets (if any) or any other assets of the Issuer, including, without limitation, any assets allocated to any other Compartments of the Issuer; and
- (vi) no holder of Notes shall be entitled to petition or take any other step for the liquidation, winding-up or the bankruptcy of the Issuer or any similar proceedings.

Words and expressions defined in the Trust Deed or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated, and provided that in the event of any inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

In these Terms and Conditions, the Guarantor shall mean Societe Generale in its capacity as guarantor pursuant to the Guarantee (as defined in Condition 3 (*Status of the Notes and the Guarantee; Guaranteed Notes*)) in respect of any Notes. Accordingly, references herein to the Guarantor are applicable only in the context of such Notes.

1. FORM, DENOMINATION, REDENOMINATION AND TITLE

The Notes, except for Notes in registered form (**Registered Notes**) and Uncertificated Notes (as defined below), are in bearer form (**Bearer Notes**), and, in the case of Bearer Definitive Notes, serially numbered, in the Specified Currency or Currencies and the Specified Denomination(s) specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

Uncertificated Notes are in uncertificated and dematerialised book-entry form. No global or definitive Notes will be issued in respect of Uncertificated Notes and these Terms and Conditions shall be

construed accordingly. Uncertificated Notes will be transferable only in accordance with the legislation, rules and regulations applicable to, and/or issued by, the relevant central securities depository and clearing institution, provided that Uncertificated Notes, or any interest therein, may not at any time be transferred to a transferee in the United States or a U.S. Person. Title to Uncertificated Notes (other than Uncertificated SIS Notes) will pass by registration in the register that the Issuer will procure to be kept by a central securities depository and clearing institution on behalf of the Issuer. Where a nominee is so evidenced, it shall be treated as the holder of the relevant Uncertificated Notes.

A **SIS Note** is either a Bearer Note (a **Bearer SIS Note**) or an Uncertificated Note (an **Uncertificated SIS Note**) which is, or is intended to be, deposited or registered with and cleared through SIS. SIS Notes may be denominated in Swiss Francs or other currencies approved by SIS. The applicable Final Terms will indicate whether SIS Notes are CHF SIS Notes, Other SIS Notes (each as defined below) or Uncertificated SIS Notes.

Bearer SIS Notes are represented by a permanent Bearer Global Note without interest coupons that will be deposited by the Principal Swiss Paying Agent with SIS or any other intermediary in Switzerland recognised for such purposes by SIX Swiss Exchange (SIS or any such intermediary, the **Intermediary**) on or prior to the original issue date of the Tranche. Once the permanent Bearer Global Note representing the Bearer SIS Notes has been deposited with the Intermediary and entered into the accounts of one or more participants of the Intermediary, such Bearer SIS Notes will constitute intermediated securities (*Bucheffekten*) within the meaning of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*) (**Intermediated Securities**). Bearer SIS Notes denominated in Swiss Francs benefit from a limited exception to the certification in bearer form requirement of the TEFRA D Rules, if such Bearer SIS Notes fulfil the relevant requirements set out below. Bearer SIS Notes denominated in Swiss Francs which fulfil these requirements are hereinafter referred to as **CHF SIS Notes**. Bearer SIS Notes denominated in Swiss Francs which do not fulfil these requirements and Bearer SIS Notes denominated in a currency approved by SIS other than Swiss Francs are hereinafter referred to as **Other SIS Notes**. Other SIS Notes may be subject to additional selling restrictions and additional U.S. tax disclosure as set out in the applicable Final Terms.

The following criteria must be fulfilled in order for the limited exception to the certification requirement of the TEFRA D Rules to apply:

- (a) interest on, and the principal of, the CHF SIS Notes are denominated only in Swiss Francs;
- (b) interest on, and the principal of, the CHF SIS Notes are payable only in Switzerland;
- (c) the CHF SIS Notes are offered and sold in accordance with Swiss customary practice and documentation;
- (d) the relevant Dealers agree to use reasonable efforts to sell the CHF SIS Notes within Switzerland;
- (e) the CHF SIS Notes are not listed, or subject to an application for listing, on an exchange located outside Switzerland;
- (f) the issuance of the CHF SIS Notes is subject to guidelines or restrictions imposed by Swiss governmental, banking or securities authorities; and
- (g) more than 80 per cent. by value of the CHF SIS Notes included in the offering of which they are part are offered and sold to non-Dealers by Dealers maintaining an office located in Switzerland.

Uncertificated SIS Notes will be entered into the main register (*Hauptregister*) of the Intermediary on or prior to their issue date. Once the Uncertificated SIS Notes are registered in the main register of the Intermediary, such Uncertificated SIS Notes will constitute Intermediated Securities.

In the case of SIS Notes, no printing of definitive Notes, Receipts or Coupons will occur (except as provided herein with respect to Bearer SIS Notes only). No Holder of Bearer SIS Notes shall at any time have the right to effect or demand the conversion of the permanent Bearer Global Note representing such Bearer SIS Notes into, or the delivery of, Bearer SIS Notes in definitive form (**Bearer Definitive SIS Notes**) or uncertificated form. If (i) the relevant lead manager (in the case of any Bearer SIS Notes that are listed on SIX Swiss Exchange) or the Principal Swiss Paying Agent (in the case of any Bearer SIS Notes not listed as aforesaid) deems the printing of definitive Notes, Receipts or Coupons to be necessary or useful or (ii) the presentation of definitive Notes, Receipts or Coupons is required by Swiss or foreign laws in connection with the enforcement of rights (including in cases of bankruptcy, consolidation or reorganisation of the Issuer) (each such circumstance, in respect of Bearer SIS Notes, a **Bearer SIS Notes Exchange Event**), the relevant lead manager (in the case of any Bearer SIS Notes which are listed on the SIX Swiss Exchange) or the Principal Swiss Paying Agent (in the case of any Bearer SIS Notes not listed as aforesaid) will provide for the printing of such definitive Notes, Receipts and Coupons at the expense of the Issuer and without cost to the relevant Noteholders. The Issuer irrevocably authorises the relevant lead manager (in the case of any Bearer SIS Notes that are listed on the SIX Swiss Exchange) or the Principal Swiss Paying Agent (in the case of any Bearer SIS Notes that are not listed as aforesaid) to provide for such printing on its behalf. If Bearer Definitive SIS Notes are delivered, the relevant Bearer Global Note will immediately be cancelled by the Principal Swiss Paying Agent or the relevant lead manager, as the case may be, and the Bearer Definitive SIS Notes shall be delivered to the relevant holders against cancellation of the relevant Bearer SIS Notes in such holders' securities accounts.

This Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Note, a Fixed/Floating Rate Note, a Physical Delivery Note, a Dual Currency Note or a Partly Paid Note or a combination of any of the foregoing, depending upon the Interest/Payment/Redemption Basis shown in the applicable Final Terms, or such other type of Note as indicated in the applicable Final Terms.

Any reference herein to **Physical Delivery Notes** shall mean any Series of Notes specified as such in the applicable Final Terms, which Notes are linked to the Underlying Asset(s) described in the applicable Final Terms.

Bearer Definitive Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in these Terms and Conditions are not applicable.

Subject as set out below, title to Bearer Notes, Receipts and Coupons will pass by delivery. Subject as set out below, the Issuer, the Guarantor, the Trustee and any Paying Agent will (except as otherwise required by law) deem and treat the bearer of any Bearer Note, Receipt or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Bearer Notes (other than SIS Notes) or the Registered Notes is represented by a global Note held on behalf of, or in the case of Registered Notes, by a common depositary on behalf of, Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking, *société anonyme* (**Clearstream, Luxembourg**), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor, the Trustee and any Paying Agent as the holder of such nominal amount of the Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant global Note or, as applicable, the registered holder of the relevant Registered Global Note shall be treated by the Issuer, the Guarantor and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant global Note (and the expressions "Noteholder" and "holder

of Notes” and related expressions shall be construed accordingly). Without limitation to the foregoing, in determining whether a particular person is entitled to a particular nominal amount of the Notes as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

If the applicable Final Terms indicate that such Note, (a) in the case of a Bearer Global Note, is intended to be in Eurosystem-eligible NGN form or (b) in the case of Registered Global Notes, is intended to be in Eurosystem-eligible NSSRGN form, payment of principal or interest to the holder of a particular nominal amount of such Notes as held by a Common Safekeeper shall be entered *pro rata* in the records of the relevant Clearing Systems, whereupon the nominal amount of the Notes recorded in the records of the relevant Clearing Systems and represented by such Notes shall be reduced by the amount of such payment (in the case of principal only).

In the case of Bearer SIS Notes, each holder thereof shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the permanent Bearer Global Note representing such Bearer SIS Notes to the extent of his claim against the Issuer, provided that, for so long as the permanent Bearer Global Note remains deposited with the Intermediary, the co-ownership interest shall be suspended and the Bearer SIS Notes may only be transferred by the entry of the transferred Bearer SIS Notes in a securities account of the transferee. Uncertificated SIS Notes may also only be transferred by the entry of the transferred Uncertificated SIS Notes in a securities account of the transferee. The records of the Intermediary will determine the number of SIS Notes held through each participant of the Intermediary. In respect of SIS Notes held in the form of Intermediated Securities (*Bucheffekten*), the holders of such SIS Notes will be the persons holding such SIS Notes in a securities account (*Effektenkonto*) that is in their name, or, in the case of intermediaries (*Verwahrungsstellen*), the intermediaries holding such SIS Notes for their own account in a securities account that is in their name (and the expressions “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly). So long as the SIS Notes constitute Intermediated Securities, they may only be transferred by the entry of the transferred SIS Notes in a securities account of the transferee. No holder of SIS Notes will at any time have the right to effect or demand the conversion of such SIS Notes into, or the delivery of, a permanent global Note or definitive Notes.

For so long as the Depository Trust Company (**DTC**) or its nominee is the registered owner or holder of a Rule 144A Global Note or a Regulation S Global Note, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by such Rule 144A Global Note or Regulation S Global Note for all purposes under the Trust Deed, the Transaction Documents and the Notes except to the extent that in accordance with DTC’s published rules and procedures any ownership rights may be exercised by its participants or beneficial owners through participants (and the expressions “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly).

Notes which are represented by a global Note held on behalf of Euroclear, Clearstream, Luxembourg or DTC will be transferable only in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg or DTC, as the case may be. References to DTC, Euroclear and/or Clearstream, Luxembourg and/or SIS shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

The Notes may also be held in registered uncertificated form (such Notes, the **EUI Notes**) in accordance with the Uncertificated Securities Regulations 2001, including any amendment thereto or modification or re-enactment thereof for the time being in force (the **Regulations**). The EUI Notes are participating securities for the purposes of the Regulations. Title to the EUI Notes is recorded on the relevant Operator register of corporate securities. The EUI Agent on behalf of the Issuer shall, in relation to the EUI Notes, maintain a record (the **Record**) of uncertificated corporate securities in accordance with the records of Euroclear UK & Ireland Limited (**EUI**, formerly known as CRESTCo Limited) and shall procure that the Record is regularly updated to reflect the Operator register of corporate securities in accordance

with the rules and practices from time to time of the Operator. Subject to this requirement, (i) each person who is for the time being shown in the Record as the holder of a particular number of EUI Notes shall be treated by the Issuer and the EUI Agent as the holder of such number of EUI Notes for all purposes (and the expression **EUI Holder** and related expressions shall be construed accordingly), and (ii) neither the Issuer, the Guarantor nor the EUI Agent shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Record which the EUI Agent maintains are in accordance with particulars entered in the Operator register of corporate securities relating to the EUI Notes. For the avoidance of doubt, in the event of any differences in information contained in the Record and the register of notes in registered form kept at the Issuer's registered office, the register kept at the Issuer's registered office shall prevail for Luxembourg law purposes.

No provisions of these Conditions amended in accordance with any applicable Final Terms shall (notwithstanding anything contained therein) apply or have effect to the extent that it is in any respect inconsistent with (i) the holding of title to EUI Notes (ii) the transfer of title to EUI Notes by means of a relevant system or (iii) the Regulations. Without prejudice to the generality of the preceding sentence and notwithstanding anything contained in these Conditions or the applicable Final Terms, so long as the EUI Notes are participating securities, (a) any EUI Notes which are not for the time being in all respects identical to, or do not for the time being have rights attached thereto identical in all respects to those attached to, other EUI Notes of the same Series shall be deemed to constitute a separate Series of EUI Notes, (b) the Operator register of corporate securities relating to the EUI Notes shall be maintained at all times in the United Kingdom, (c) the EUI Notes may be issued in uncertificated form in accordance with and subject as provided in the Regulations; and (d) for the avoidance of doubt, these Conditions and the applicable Final Terms in relation to any EUI Notes shall remain applicable notwithstanding that they are not endorsed on any certificate for such EUI Notes.

As used herein each of "Operator register of corporate securities", "participating securities", "record of uncertificated corporate securities" and "relevant system" is as defined in the Regulations and the relevant "Operator" (as such term is used in the Regulations) is EUI (formerly CRESTCo. Limited) or any additional or alternative operator from time to time approved by the Issuer, the Guarantor and the EUI Agent in relation to the EUI Notes and in accordance with the Regulations. Any reference herein to the Operator shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator from time to time and notified to the EUI Holders.

Any indication herein that the Operator "shall" do, or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in these Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the Guarantor, the EUI Agent or the Calculation Agent, of responsibility or liability for the performance of the Operator.

References in these Conditions to "EUI Notes" shall include, where the context admits, Depository Interests (as defined in the CREST Deed Poll) representing Notes, issued by CREST Depository Limited subject to and in accordance with the CREST Deed Poll.

References to the CREST Deed Poll are to the global deed poll dated 25 June 2001, as subsequently modified, supplemented and/or restated.

The Issuer may (if so specified in the applicable Final Terms), on any Interest Payment Date as specified in the applicable Final Terms, without the consent of the Noteholders, by giving at least 30 days' notice in accordance with Condition 19 (*Notices*), and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the third stage of the European Economic and Monetary Union (as provided in the Treaty on the Functioning of the European Union (the **EU**), as amended from time to time (the **Treaty**)) or events have occurred which have substantially the same effects (in either case, **EMU**), redenominate all, but not some only, of the Notes of any series into Euro and adjust the aggregate principal amount and the Denomination(s) set out hereon accordingly, as described below. The date on which such

redenomination becomes effective shall be referred to in these Terms and Conditions as the **Redenomination Date**.

The redenomination of the Notes pursuant to the above paragraph shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to article 140 of the Treaty and rounding the resultant figure to the nearest 0.01 Euro (with 0.005 Euro being rounded upwards), provided that, if the Issuer determines, with the agreement of the Issuing and Paying Agent that the then market practice in respect of the redenomination in Euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Paying Agents of such deemed amendments.

If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 19 (*Notices*). Any balance remaining from the redenomination with a denomination higher than 0.01 Euro shall be paid by way of cash adjustment rounded to the nearest 0.01 Euro (with 0.005 Euro being rounded upwards). Such cash adjustment will be payable in Euros on the Redenomination Date in the manner notified to Noteholders by the Issuer.

Upon redenomination of the Notes, any reference hereon to the relevant national currency shall be construed as a reference to Euro.

Unless otherwise specified herein, the Issuer may, with the prior approval of the Issuing and Paying Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 17 (*Further Notes, Related Notes and Consolidation*), without the consent of the Noteholders, make any changes or additions to these Conditions which it reasonably believes to be necessary or desirable to give effect to the provisions of this Condition or Condition 17 (*Further Notes, Related Notes and Consolidation*) (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of the Noteholders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 19 (*Notices*) as soon as practicable thereafter.

Neither the Issuer nor any Paying Agent shall be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2. TRANSFERS OF REGISTERED NOTES AND UNCERTIFICATED NOTES

2.1 Registered Notes

(a) Transfers of interests in Registered Global Notes

Transfers of beneficial interests in Registered Global Notes will be effected by DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of transferors and transferees of such interests. A beneficial interest in a Registered Global Note will, subject to compliance with all applicable legal and regulatory restrictions, be exchangeable for Registered Definitive Notes or for a beneficial interest in another Registered Global Note only in the Specified Denominations set out in the applicable Final Terms and only in accordance with the

rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement. Transfers of a Registered Global Note registered in the name of a nominee for DTC shall be limited to transfers of such Registered Global Note, in whole but not in part, to another nominee of DTC or to a successor of DTC or such successor's nominee.

(b) *Transfers of Registered Definitive Notes*

Subject as provided in Conditions 2.1(e) (*Transfers of interests in Regulation S Global Notes and in Non-U.S. Registered Global Notes*), 2.1(f) (*Transfers of interest in Legended Notes*) and 2.1(g) (*Exchanges and transfers of EUI Notes*) below, upon the terms and subject to the conditions set forth in the Agency Agreement, a Registered Definitive Note may be transferred in whole or in part (in the Specified Denominations set out in the applicable Final Terms). In order to effect any such transfer (i) the holder or holders must (A) surrender the Registered Definitive Note for registration of the transfer of the Registered Definitive Note (or the relevant part of the Registered Definitive Note) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent and (ii) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe (the initial regulations being set out in Schedule 6 (*Register and Transfer of Registered Notes*) to the Agency Agreement). Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Registered Definitive Note of an equal aggregate nominal amount to the Registered Definitive Note (or the relevant part of the Registered Definitive Note) transferred. In the case of the transfer of part only of a Registered Definitive Note, a new Registered Definitive Note in respect of the balance of the Registered Definitive Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor. For the avoidance of doubt, in the event of any differences in information contained in the Register and the register of notes in registered form kept at the Issuer's registered office (hereinafter the **Issuer Register**), the Issuer Register shall prevail for Luxembourg law purposes.

(c) *Registration of transfer upon partial redemption*

In the event of a partial redemption of Notes under Condition 7 (*Redemption and Purchase*), the Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

(d) *Costs of registration*

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

(e) *Transfers of interests in Regulation S Global Notes and in Non-U.S. Registered Global Notes*

Transfers by the holder of, or of a beneficial interest in, a Regulation S Global Note to a transferee in the United States or who is a U.S. Person will only be made upon receipt by the Registrar of a written certification substantially in the form set out in the Agency Agreement, amended as appropriate (a **Transfer Certificate**), copies of which are available from the specified office of the Registrar or any Transfer Agent, from the transferor of the Note or beneficial interest therein to the effect that such transfer is being made to a person that is a QP whom the transferor reasonably believes is also a QIB in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

Such transferee may take delivery through a Legended Note in global or definitive form.

Transfers of a Non-U.S. Registered Global Note or a beneficial interest therein may not at any time be made to a transferee in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised.

(f) *Transfers of interests in Legended Notes*

Transfers of Legended Notes or beneficial interests therein may be made:

- (i) to a transferee who takes delivery of such interest through a Regulation S Global Note, upon receipt by the Registrar of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S and that in the case of a Regulation S Global Note registered in the name of a nominee for DTC, the interests in the Notes being transferred will be held immediately thereafter through Euroclear and/or Clearstream, Luxembourg; or
- (ii) to a transferee who takes delivery of such interest through a Legended Note where the transferee is a person that is a QP whom the transferor reasonably believes is also a QIB in a transaction meeting the requirements of Rule 144A, without certification; or
- (iii) to a transferee who takes delivery of such interest through Notes represented by a Combined Global Note, from a holder of Notes represented by that Combined Global Note:
 - (A) prior to the expiry of the Distribution Compliance Period only, upon receipt by the Registrar of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made either (x) to a person that is a QP whom the transferor reasonably believes is also a QIB in a transaction meeting the requirements of Rule 144A or (y) to a non-U.S. Person in an offshore transaction pursuant to Regulation S; and
 - (B) after the expiry of the Distribution Compliance Period, either (x) to a person that is a QP whom the transferor reasonably believes is also a QIB in a transaction meeting the requirements of Rule 144A or (y) to a non-U.S. Person in an offshore transaction pursuant to Regulation S but, in either case, without certification;
- (iv) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with

the Securities Act, the Investment Company Act and any applicable securities laws of any State of the United States,

and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction. Additional certifications may be required as set out in the applicable Final Terms.

Upon the transfer, exchange or replacement of Legended Notes, or upon specific request for removal of the Legend, the Registrar shall deliver only Legended Notes or refuse to remove the Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Investment Company Act and the Securities Act.

(g) *Exchanges and transfers of EUI Notes*

Following their delivery into Euroclear and Clearstream, Luxembourg, interests in Notes may be delivered, held and settled in CREST by means of the creation of dematerialised depository interests representing the interests in the relevant Notes.

Pursuant to the CREST Reference Manual, Notes held in global form by the common depository may be settled through the CREST system, and the CREST Depository will issue CDIs. The CDIs will be independent securities, constituted under English law which may be held and transferred through the CREST system.

The CDIs will be created pursuant to and issued on the terms of the CREST Deed Poll. Interests in the underlying Notes will be credited to the CREST nominee's account with Euroclear and the CREST nominee will hold such interests as nominee for the CREST Depository which will issue CDIs to the relevant CREST participants.

Each CDI will be treated as one underlying Note, for the purposes of determining all rights and obligations and all amounts payable in respect thereof. The CREST Depository will pass on to holders of CDIs any interest or other amounts received by it as holder of the underlying Notes on trust for such CDI holder. CDI holders will also be able to receive from the CREST Depository notices of meetings of holders of underlying Notes and other relevant notices issued by the Issuer.

Transfers of interests in underlying Notes by a CREST participant to a participant of Euroclear or Clearstream, Luxembourg will be effected by cancellation of the CDIs and transfer of an interest in such underlying Notes the CDIs to the account of the relevant participant with Euroclear or Clearstream, Luxembourg.

The CDIs will have the same international security identification number (ISIN) as the underlying Notes and will not require a separate listing on the Official List.

Prospective subscribers for Notes represented by CDIs are referred to Chapter 3 of the CREST Reference Manual which contains the form of the CREST Deed Poll to be entered into by the CREST Depository.

The rights of the holders of CDIs will be governed by the arrangements between CREST, Euroclear, Clearstream, Luxembourg and the Issuer including the CREST Deed Poll (in the form contained in Chapter 3 of the CREST International Reference Manual (which forms part of the CREST Reference Manual)) executed by the CREST Depository. These rights may be different from those of holders of Notes which are not represented by CDIs.

(h) *Exchanges and transfers of Registered Notes generally*

Holders of Registered Definitive Notes may exchange such Notes for interests in a Registered Global Note of the same type at any time.

3. STATUS OF THE NOTES AND THE GUARANTEE; GUARANTEED NOTES

(a) *Status of the Notes and Guarantee*

The Notes, Coupons and Receipts are secured, limited recourse obligations of the Issuer, ranking *pari passu* without any preference among themselves (unless otherwise specified in the relevant Final Terms), which are secured and with limited recourse as described in Condition 8 (*Compartment Assets and Supplementary Assets*) and the applicable Final Terms. The Notes are issued subject to, and in accordance with, the provisions of the Securitisation Act 2004.

Unless otherwise specified in the applicable Final Terms, the Guarantee (if applicable) constitutes an unsecured, unsubordinated and general obligation of the Guarantor and ranks and will rank *pari passu* with all other existing and future unsecured, unsubordinated and general obligations of the Guarantor, but excluding any debts for the time being preferred by law and senior to any subordinated obligations.

(b) *Guaranteed Notes*

If the Notes are **Guaranteed Notes** as specified in the applicable Final Terms, and subject to the satisfaction of the conditions set out therein and in the relevant provisions of the Trust Deed (which are referred to as the **Guarantee**), the guarantor specified in the applicable Final Terms

(in such capacity **Guarantor**), pursuant to the Guarantee, unconditionally and irrevocably guarantees to each Holder that, if following the enforcement or liquidation of the relevant Charged Assets and, as the case may be, the Supplementary Assets in accordance with Condition 12 (*Enforcement and Realisation*), the net proceeds of such enforcement or liquidation are not sufficient to make all payments due in respect of the Notes in accordance with the Order of Priority specified in the applicable Final Terms, the Guarantor will as soon as reasonably practical and in any event not later than ten Business Days (as defined in Condition 6(a)) after a demand has been made on the Guarantor by the Trustee (without requiring the Trustee first to take steps against the Issuer or any other person) pay an amount equal to the Guaranteed Shortfall Amount in the currency in which such Guaranteed Shortfall Amount is payable in immediately available funds as though the Guarantor were the principal obligor in respect of such obligation.

The Guarantee is contingent upon, and the Guarantor shall only be obliged to make any payment of the Guaranteed Shortfall Amount following, the completion of the enforcement or liquidation in full of the relevant Charged Assets and, as the case may be, the Supplementary Assets, in the manner set out in Condition 12 (*Enforcement and Realisation*).

The Guarantee shall not apply to any Series of Guaranteed Notes issued by the Issuer to the extent that, at the Issue Date of such Series of Guaranteed Notes, the sum of (A) the Aggregate Nominal Amount of such Series of Guaranteed Notes and (B) the sum of the Aggregate Nominal Amounts of each Series of Guaranteed Notes issued by the Issuer and outstanding on such Issue Date, in each case, converted into euro at the relevant spot rate of exchange on such Issue Date, is equal to an amount which exceeds EUR 5,000,000,000.

In this Condition, **Guaranteed Shortfall Amount** means the difference, if any, between the Market Value (as defined in Condition 7(g)(v)) of the Notes and the net proceeds of the enforcement or liquidation of the relevant Charged Assets and, as the case may be, the Supplementary Assets, received by the Holder of such Notes in accordance with the Order of Priority specified in the applicable Final Terms.

- (C) enter into any deed or agreement of any kind related to any Permitted Instrument or Permitted Indebtedness, but provided always that, other than in the case of any Related Notes, any such deed or agreement is entered into on terms that the obligations of the Issuer thereunder relate to a Compartment of specified assets of the Issuer (other than its share capital) which do not form part of the Charged Assets and on terms which provide for extinguishment of all claims in respect of such obligations after application of the assets on which such indebtedness is secured;
- (D) acquire, or enter into any agreement constituting, the collateral in respect of any Permitted Instrument or the assets securing any Permitted Indebtedness to enable it to discharge its obligations under such Permitted Instrument or Permitted Indebtedness or the Transaction Documents;

- (b) The Issuer has covenanted in the Trust Deed that, *inter alia*, save with the prior written consent of the Trustee (on behalf of the Noteholders and the holders of any Related Notes) and the Compartment Parties, the Issuer shall, so long as any of the Notes remains outstanding:

5. INTEREST

(a) *Interest on Fixed Rate Notes*

(1) Unadjusted Fixed Rate Notes

Unless otherwise specified in the applicable Final Terms, each Unadjusted Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

Unless otherwise specified in the applicable Final Terms, if the Notes are Bearer Definitive Notes, the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on such date will amount to the fixed coupon amount (the **Fixed Coupon Amount**). Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the broken amount (the **Broken Amount**) so specified.

Except in the case of Notes which are Bearer Definitive Notes, where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the rate of interest specified in the applicable Final Terms (the **Rate of Interest**) to:

- (i) in the case of Fixed Rate Notes which are Uncertificated Notes or Notes represented by a Global Note, the aggregate outstanding nominal amount of the Notes of the relevant Series (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (ii) in the case of Fixed Rate Notes which are Bearer Definitive Notes or Registered Definitive Notes, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined below) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise as specified in the applicable Final Terms. Where the Specified Denomination of a Fixed Rate Note which is a Bearer Definitive Note or a Registered Definitive Note is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(2) Adjusted Fixed Rate Notes

- (i) Unless otherwise specified in the applicable Final Terms, each Adjusted Fixed Rate Note bears interest from (and including) the Interest Commencement Date specified in the applicable Final Terms, and such interest will be payable in respect of each Interest Period and in arrear on the Interest Payment Date(s) in each year specified in the applicable Final Terms, provided that (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) the **Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (B) the **Modified Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day; or
- (C) the **Preceding Business Day Convention**, such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day,

and the expression **Interest Payment Date** shall be construed accordingly.

- (ii) The Issuing and Paying Agent will calculate the amount of interest (the **Adjusted Fixed Rate Interest Amount**) payable on the Adjusted Fixed Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Adjusted Fixed Rate Notes which are Uncertificated Notes or Notes represented by a Global Note, the aggregate outstanding nominal amount of the Notes of the relevant Series (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Adjusted Fixed Rate Notes which are Bearer Definitive Notes or Registered Definitive Notes, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of an Adjusted Fixed Rate Note which is a Bearer Definitive Note or a Registered Definitive Note is a multiple of the Calculation Amount, the Adjusted Fixed Rate Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

The Issuing and Paying Agent will cause the Adjusted Fixed Rate Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor and the Trustee and any stock exchange on which the relevant Adjusted Fixed Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 19 (*Notices*) as soon as possible after the calculation or determination thereof (provided that in the case of notification to any stock exchange, such notice will be given by no later than the first day of the relevant Interest Period or, if that is impossible due to the date fixed for such determination or

calculation, as soon as practicable on or after such date). Each Adjusted Fixed Rate Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Fixed Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 19 (*Notices*). For the purposes of these Conditions, the expression Luxembourg Business Day means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in Luxembourg.

For the purpose of this Condition 5(a):

A **Fixed Rate Note** means a Note which bears a fixed rate of interest.

An **Unadjusted Fixed Rate Note** means a Fixed Rate Note in respect of which the interest amount and the Interest Payment Date remain, for the purposes of this Condition 5 (and without prejudice to the provisions of Condition 6(g) (*Payment Business Day*)), unchanged and are calculated as provided in Condition 5(a)(1) (*Unadjusted Fixed Rate Notes*) above.

An **Adjusted Fixed Rate Note** means a Fixed Rate Note in respect of which the interest amount and the Interest Payment Date are subject to modification in accordance with Condition 5(a)(2) (*Adjusted Fixed Rate Notes*) above.

Fixed Rate Notes may provide for a method of calculating interest, which does not require any Day Count Fraction as interest payable on each specified Interest Payment Date is determined by applying the Rate of Interest to the Specified Denomination as it shall be set out in the applicable Final Terms and/or Schedule thereto.

(b) *Interest on Variable Rate Notes*

(i) Interest Payment Dates

Unless otherwise specified in the applicable Final Terms, each Floating Rate Note, Index Linked Interest Note and other Note in respect of which the relevant interest is not determined pursuant to a fixed Rate of Interest (together, the **Variable Rate Notes**) bears interest from and including the Interest Commencement Date specified in the applicable Final Terms, and such interest will be payable in respect of each Interest Period and in arrear on either:

- (A) the Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date together with each Interest Payment Date specified in the applicable Final Terms an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(B) above, the **Floating Rate Convention**, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month in which the relevant Interest Period ends; or
- (B) the **Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (C) the **Modified Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day; or
- (D) the **Preceding Business Day Convention**, such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day.

Notwithstanding the foregoing, where the applicable Final Terms specifies that the relevant Business Day Convention is to be applied on an unadjusted basis, the Interest Amount payable on any date shall not be affected by the application of such Business Day Convention.

In this Condition 5, **Business Day** means (unless otherwise stated in the applicable Final Terms) a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in each Additional Business Centre(s) specified in the applicable Final Terms; and
- (B) either (x) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre(s) of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney and, if the Specified Currency is Canadian dollars, shall be Montreal) or (y) in relation to any sum payable in euro, a day on which the TARGET2 System is open (a **TARGET2 Business Day**). In these Terms and Conditions, **TARGET2 System** means TARGET2 (the Trans-European Automated Real-time Gross Settlement Express Transfer system).

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of the Variable Rate Notes will be determined in the manner specified in the applicable Final Terms, which may be, without limitation:

(A) ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (A), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Issuing and Paying Agent or other person specified in the applicable Final Terms, under an interest rate swap transaction if the Issuing and Paying Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions (as defined below) and under which:

- I. the Floating Rate Option is as specified in the applicable Final Terms;
- II. the Designated Maturity is a period specified in the applicable Final Terms; and
- III. the relevant Reset Date is either (x) if the applicable Floating Rate Option is based on the London interbank offered rate (**LIBOR**), or on the Euro-zone interbank offered rate (**EURIBOR**), the first day of that Interest Period or (y) in any other case, as specified in the applicable Final Terms.

For the purposes of this subparagraph, **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity**, **Reset Date** and **Euro-zone** have the meanings given to those terms in the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. (the **ISDA Definitions**) and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series.

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, unless otherwise stated in the applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

(B) Screen Rate Determination

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- I. the offered quotation; or
- II. the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum), for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page as at the Specified Time indicated in the applicable Final Terms (which will

be 11.00 a.m., London time, in the case of LIBOR or 11.00 a.m., Brussels time, in the case of EURIBOR) on the relevant interest determination date (the **Interest Determination Date**) as specified in the applicable Final Terms plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Issuing and Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Issuing and Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the Specified Time, the Issuing and Paying Agent shall request the principal London office of each of the Reference Banks (as defined below) to provide the Issuing and Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Issuing and Paying Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Issuing and Paying Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Issuing and Paying Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Issuing and Paying Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Issuing and Paying Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Issuing and Paying Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer and the Issuing and Paying Agent suitable for such purpose) informs the Issuing and Paying Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) (or, as the case may be, the quotations of such bank or banks to the Issuing and Paying Agent) plus or minus (as appropriate) the Margin (if any), provided that if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph,

the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

Reference Banks means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Issuing and Paying Agent, and approved in writing by the Trustee, or as specified in the applicable Final Terms.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or, as the case may be, EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(C) Other Determination

Where a manner of determination other than ISDA Determination or Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period shall be determined in the manner so specified (including, if so specified, by reference to the Technical Annex to the Terms and Conditions).

(iii) Minimum and/or Maximum Rate of Interest and/or Rate Multiplier

Subject to the provisions of Condition 5(b)(ii)(A) (*ISDA Determination*), if the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the provisions of Condition 5(b)(ii) (*Rate of Interest*) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the provisions of Condition 5(b)(ii) (*Rate of Interest*) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

If the applicable Final Terms specifies a Rate Multiplier for any Interest Period, then, the Rate of Interest in respect of any such Interest Period shall be multiplied by the relevant Rate Multiplier, subject always to the Minimum and/or Maximum Rate of Interest as described above.

If n/N or n_b/N_b is specified as the Rate Multiplier in the applicable Final Terms, the following definitions shall apply, unless otherwise specified in the applicable Final Terms:

n means the number of calendar days in the relevant Interest Period in respect of which the Benchmark was equal to or greater than the Lower Limit and equal to or lower than the Upper Limit, in each case as determined by the Calculation Agent.

N means the total number of calendar days within the relevant Interest Period.

n_b means the number of Business Days in the relevant Interest Period in respect of which the Benchmark was equal to or greater than the Lower Limit and equal to or lower than the Upper Limit, in each case as determined by the Calculation Agent.

N_b means the total number of Business Days within the relevant Interest Period.

Lower Limit means, in respect of the relevant Interest Period, the limit specified in the applicable Final Terms.

Benchmark means, in respect of any calendar day (in respect of the definition of “ n ”) or, as applicable, Business Day (in respect of the definition of “ n_b ”) of the relevant Interest Period, unless otherwise specified in the applicable Final Terms:

- if **USD-LIBOR** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “USD-LIBOR-BBA” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date). If on any Benchmark Day, such rate does not appear on Reuters Screen LIBOR01 Page, USD-LIBOR will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option “USD-LIBOR-Reference Banks” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).
- if **GBP-LIBOR** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “GBP-LIBOR-BBA” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date). If on any Benchmark Day, such rate does not appear on Reuters Screen LIBOR01 Page, GBP-LIBOR will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option “GBP-LIBOR-Reference Banks” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).
- if **EURIBOR** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “EUR-EURIBOR-Reuters” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date). If on any Benchmark Day, such rate does not appear on Reuters Screen EURIBOR01 Page, EURIBOR will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option “EUR-EURIBOR-Reference Banks” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).

- if **EUR-CMS** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “EUR-ISDA-EURIBOR Swap Rate-11:00” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without Reference to any Reset Date), and appearing on Reuters Screen ISDAFIX2 Page as at 11.00 a.m. (Frankfurt time) under the heading “EURIBOR BASIS – FRF” and above the caption “11:00 AM FRANKFURT”. If on any Benchmark Day, such rate does not appear on Reuters Screen ISDAFIX2 Page, EUR-CMS will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option “EUR-Annual Swap Rate-Reference Banks” (as defined in the ISDA Definitions) for a period of the Designated Maturity specified in the applicable Final Terms (without reference to any Reset Date).
- if **USD-CMS** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “USD-ISDA-Swap Rate” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without Reference to any Reset Date), and appearing on Reuters Screen ISDAFIX1 Page as at 11.00 a.m. (New York time). If on any Benchmark day, such rate does not appear on Reuters Screen ISDAFIX1 Page, USD-CMS will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option “USD-CMS-Reference Banks” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).

For the purposes hereof, (i) the value of the Benchmark on any calendar day of the relevant Interest Period which is not a Benchmark Day shall be deemed to be the value ascribed to the Benchmark on the first preceding Benchmark Day and (ii) the value of the Benchmark on each of the last four TARGET2 Business Days of any Interest Period shall be deemed to be the value ascribed to the Benchmark on the fifth TARGET2 Business Day (or the Benchmark Day immediately preceding such fifth TARGET2 Business Day if such fifth TARGET2 Business Day is not a Benchmark Day) preceding the Interest Payment Date relating to such Interest Period.

Benchmark Day means, if the relevant Benchmark is:

- USD-LIBOR or GBP-LIBOR, a day (other than a Saturday or Sunday) on which banks are open for business (including dealings in foreign exchange and deposits in USD) in London;
- EURIBOR or EUR-CMS, a day (other than a Saturday or Sunday) on which the TARGET2 System is operating; and
- USD-CMS, a day (other than a Saturday or Sunday) on which banks are open for business in New York.

Upper Limit means, in respect of the relevant Interest Period, the limit specified in the applicable Final Terms.

(iv) Determination of Rate of Interest and calculation of Interest Amount in respect of Variable Rate Notes

The Issuing and Paying Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of all other Variable Rate Notes, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Variable Rate Notes (except Floating Rate Notes), the Calculation Agent will notify the Issuing and Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same (but in no event later than the first Business Day after such calculation).

The Issuing and Paying Agent will calculate the amount of interest (the **Interest Amount**) payable on the Variable Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Variable Rate Notes which are Uncertificated Notes or Notes represented by a Global Note, the aggregate outstanding nominal amount of the Notes of the relevant Series (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Variable Rate Notes which are Bearer Definitive Notes or Registered Definitive Notes, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Variable Rate Note which is a Bearer Definitive Note or a Registered Definitive Note is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

Variable Rate Notes may provide for a method of calculation of interest which does not require any Day Count Fraction as interest payable on each specified Interest Payment Date is determined by applying the Rate of Interest to the Specified Denomination as it shall be set out in the applicable Final Terms and/or Schedule thereto.

(v) Notification of Rate of Interest and Interest Amount

The Issuing and Paying Agent will cause the Rate of Interest and the Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor, the Trustee and any stock exchange on which the relevant Variable Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 19 (*Notices*) as soon as possible after the calculation or determination thereof (provided that in the case of notification to any stock exchange, such notice will be given by no later than the first day of the relevant Interest Period or, if that is impossible due to the date fixed for such determination or calculation, as soon as practicable on or after such date). Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Variable Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 19 (*Notices*).

For the purposes of these Conditions, the expression **Luxembourg Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in Luxembourg.

(vi) Determination or Calculation by Trustee

If for any reason at any relevant time the Issuing and Paying Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Issuing and Paying Agent defaults in its obligation to calculate any Interest Amount in accordance with Condition 5(b)(ii)(A) (*ISDA Determination*) or Condition 5(b)(ii)(B) (*Screen Rate Determination*) above or as otherwise specified in the applicable Final Terms, as the case may be, and in each case in accordance with Condition 5(b)(iv) (*Determination of Rate of Interest and calculation of Interest Amount in respect of Variable Rate Notes*) above, the Trustee shall determine the Rate of Interest at such rate as, in its sole and absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 5, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest or Rate Multiplier specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Issuing and Paying Agent or the Calculation Agent, as applicable.

(vii) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5, by the Issuing and Paying Agent or, if applicable, the Calculation Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor, the Issuing and Paying Agent, the Registrar, the Calculation Agent (if applicable), the other Agents and all Noteholders, Receiptholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Guarantor, the Noteholders, the Receiptholders or the Couponholders shall attach to the Issuing and Paying Agent or, if applicable, the Calculation Agent or the Trustee, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) Zero Coupon Notes

Where a Zero Coupon Note becomes due and repayable and is not paid when due, the amount due and repayable shall be the amount determined in accordance with Condition 7(k) (*Cancellation*) and notified in accordance with Condition 5(b)(v) (*Notification of Rate of Interest and Interest Amount*), *mutatis mutandis*.

(d) Physical Delivery Notes and Dual Currency Notes

The rate or amount of interest payable in respect of Physical Delivery Notes or Dual Currency Notes shall be determined in the manner, and by the party, specified in the applicable Final Terms and notified in accordance with Condition 5(b)(v) (*Notification of Rate of Interest and Interest Amount*), *mutatis mutandis*.

(e) Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and/or otherwise as specified in the applicable Final Terms.

(f) *Accrual of Interest*

Without prejudice, in the case of Guaranteed Notes, to the provisions of Condition 3 (*Status of the Notes and the Guarantee; Guaranteed Notes*), each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if applicable) from the due date for its redemption unless payment of principal (or, in the case of any Physical Delivery Note, transfer of the Underlying Asset(s) in respect of the Physical Delivery Amount) is improperly withheld or refused (provided that in the case of any Physical Delivery Amount, transfer shall not be deemed to have been improperly withheld or refused where such transfer is delayed by reason of circumstances beyond the control of the Issuer or any of its Agents). In such event, interest will continue to be calculated and to accrue until whichever is the earlier of:

- (i) the date on which all amounts due in respect of such Note have been paid or, in the case of Physical Delivery Notes, transfer of the Underlying Assets is made; and
- (ii) as provided in the Trust Deed.

- (iii) if **Actual/Actual (ISDA)** or **Actual/Actual** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (1) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (2) the

- (ix) if **30E/360 (ISDA)** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

Payments under Condition 6(a) (*Pre-enforcement priority of payments*) above made, at the option of the bearer of such Note or Coupon, by cheque shall be mailed or delivered to an address outside the United States furnished by such bearer. Subject to any applicable laws and regulations, such payments made by transfer will be made in immediately available funds to an account maintained by the payee with a bank located outside the United States. Subject as provided below, no payment in respect of any Bearer Definitive Note or Coupon will be made upon presentation of such Bearer Definitive Note or Coupon at any office or agency of the Issuer, the Guarantor or any

Paying Agent in the United States, and no such payment be made by transfer to an account, or by mail to an address, in the United States.

Payments of instalments of principal (if any) in respect of Bearer Definitive Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in Condition 6(a) (*Pre-enforcement priority of payments*) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in Condition 6(a) (*Pre-enforcement priority of payments*) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Bearer Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the Bearer Definitive Note to which it appertains. Receipts presented without the Bearer Definitive Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any Bearer Definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes which are Bearer Definitive Notes (other than Dual Currency Notes, Index Linked Notes or Physical Delivery Notes) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 9 (*Taxation*)) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 10 (*Prescription*)) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note which is a Bearer Definitive Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index Linked Note or Physical Delivery Note which is a Bearer Definitive Note becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. Where any Floating Rate Note, Dual Currency Note, Index Linked Note or Physical Delivery Note which is settled by way of cash is presented for redemption without all unmatured Coupons appertaining thereto, payment of all amounts due in relation to such Note shall be made only against the provision of such indemnity as the Issuer may decide.

If the due date for redemption of any Bearer Definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Bearer Definitive Note.

(d) *Payments in respect of Bearer Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any Bearer Global Note will (subject as provided below) be made in the manner specified above in relation to Bearer Definitive Notes or otherwise in the manner specified in the relevant Bearer Global Note, where applicable, against presentation or surrender, as the case may be (unless, in the

case of a temporary or permanent Bearer Global Note, the applicable Final Terms indicate that such Note is intended to be in Eurosystem-eligible NGN form), of such Bearer Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made either on such Bearer Global Note either by the relevant Paying Agent or in the records of Euroclear and Clearstream, Luxembourg (as applicable).

(e) *Payments in respect of Registered Notes*

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) (unless, in the case of a Registered Global Note, the applicable Final Terms indicate that such Note is intended to be in Eurosystem-eligible NSSRGN form) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the register of holders of the Registered Notes maintained by the Registrar (the **Register**) (i) where in global form, at the close of the Business Day (being for this purpose a day on which the relevant Clearing System in which the Notes are held is open for business) before the relevant due date and (ii) where in definitive form, at the close of business on the third Business Day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the principal amount of the Notes held by a holder is less than U.S.D. 250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, **Designated Account** means the account maintained by a holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney and, if the Specified Currency is Canadian dollars, shall be Montreal) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Note (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in global form, at the close of the Business Day (being for this purpose a day on which the relevant Clearing System in which the Notes are held is open for business) before the relevant due date and (ii) where in definitive form, at the close of business on the 15th day (whether or not such 15th day is a business day) before the relevant due date (the **Record Date**) at such holder's address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the principal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

Where applicable pursuant to an election by a relevant holder, all amounts payable to DTC or its nominee as registered holder of a Registered Global Note in respect of Notes denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the Registrar to an account in the relevant Specified Currency of the Exchange Agent on behalf of DTC or its nominee for conversion into and payment in U.S. dollars in accordance with the provisions of the Agency Agreement.

None of the Issuer, the Guarantor, the Trustee or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(f) *General provisions applicable to payments*

The holder of a global Note (other than a SIS Note) shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the payment obligations of the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by a global Note must look solely to Euroclear, Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of such global Note. No person other than the holder of such global Note shall have any claim against the Issuer or, as the case may be, the Guarantor in respect of any payments due on that global Note.

Notwithstanding the foregoing, U.S. dollar payments of principal and/or interest in respect of Bearer Notes (if any) will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)) if:

- (i) the Issuer and the Guarantor have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Guarantor, adverse tax consequences for the Issuer or the Guarantor.

(g) *Payment Business Day*

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Business Day, the holder thereof shall instead be entitled to payment: (i) on the next following Payment Business Day in the relevant place, if "Following Payment Business Day" is

specified in the applicable Final Terms; or (ii) on the next following Payment Business Day in the relevant place, unless the date for payment would thereby fall into the next calendar month, in which event such date for payment shall be brought forward to the immediately preceding Payment Business Day in the relevant place, if “Modified Following Payment Business Day” is specified in the applicable Final Terms, provided that if neither “Following Payment Business Day” nor “Modified Following Payment Business Day” is specified in the applicable Final Terms, “Following Payment Business Day” shall be deemed to apply. In the event that any adjustment is made to the date for payment in accordance with this Condition 6(g), the relevant amount due in respect of any Note, Receipt or Coupon shall not be affected by any such adjustment, unless otherwise specified in the applicable Final Terms. For these purposes, unless otherwise specified in the applicable Final Terms and except as specified in Condition 6(e) (*Payments in respect of Registered Notes*) above, **Payment Business Day** means any day which is:

- (i) subject to the provisions of the Agency Agreement, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of Notes in definitive form only, the relevant place of presentation or, in respect of Uncertificated Notes, the place of registration; and
 - (B) each Additional Financial Centre specified in the applicable Final Terms;
- (ii) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney and, if the Specified Currency is Canadian dollars, shall be Montreal) or (B) in relation to any sum payable in euro, a day on which the TARGET2 System is open; and
- (iii) in the case of any payment in respect of a Registered Global Note denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and in respect of which an accountholder of DTC (with an interest in such Registered Global Note) has elected to receive any part of such payment in U.S. dollars, a day on which commercial banks are not authorised or required by law or regulation to be closed in New York City.

(h) *Physical Delivery Notes*

The applicable Final Terms will contain provisions relating to the procedure for the delivery of any Physical Delivery Amount in respect of Physical Delivery Notes (including, without limitation, liability for the costs of transfer of Underlying Assets).

The Underlying Assets will be delivered at the risk of the relevant Noteholder in such manner as may be specified in the Asset Transfer Notice pursuant to which such Underlying Assets are delivered and, notwithstanding Condition 5(b) (*Interest on Floating Rate Notes and Index Linked Interest Notes*) above, no additional payment or delivery will be due to a Noteholder where any Underlying Assets are delivered after their due date in circumstances beyond the control of either the Issuer or the Settlement Agent.

Any delivery of Underlying Assets will only be made in compliance with applicable securities laws.

(i) *Payments on SIS Notes*

In the case of SIS Notes, unless otherwise specified in the applicable Final Terms, the relevant Swiss Paying Agency Agreement shall supplement and modify the Agency Agreement for the purposes of the relevant SIS Notes, including providing for the appointment of a Principal Swiss Paying Agent (which, in the case of Notes listed on the SIX Swiss Exchange, shall at all times be a bank or securities dealer that is subject to supervision by the Swiss Financial Market Supervisory Authority FINMA) that will perform certain duties including, *inter alia*, those which relate to Swiss capital market customs and payment instructions and providing for the appointment of Swiss Paying Agents to act as paying agents in Switzerland for the Notes.

The Issuer shall make all payments of principal and interest due under the SIS Notes to the Principal Swiss Paying Agent in accordance with the Swiss Paying Agency Agreement and the Conditions. Payment on any SIS Notes will be made irrespective of any present or future transfer restrictions and regardless of any bilateral or multilateral payment or clearing agreement which may be applicable at any time to such payment. Payments of principal and interest in respect of any SIS Notes denominated in Swiss Francs shall be made in freely disposable Swiss Francs, and in the case of SIS Notes denominated in a currency other than Swiss Francs in such other currency, which shall also be freely disposable, without collection costs and whatever the circumstances may be, irrespective of the nationality, domicile or residence of the holder of any SIS Notes and without requiring any certification, affidavit or fulfilment of any other formality. The receipt by the Principal Swiss Paying Agent of the due and punctual payment of such funds in Switzerland shall discharge the Issuer's obligations under (i) the permanent global Note or (ii) the Definitive Bearer SIS Notes, Receipts and Coupons, if printed, or (iii) the Uncertificated SIS Notes, as the case may be, with respect to the payment of, as the case may be, principal, interest, costs and additional amounts on the Notes and the paying agency fees, in each case to the extent of the funds received.

(j) *Payments on EUI Notes*

The Issuer shall pay or cause to be paid any amount due to an EUI Holder under an EUI Note to such EUI Holder's cash account with the Operator for value on the relevant payment date, such payment to be made in accordance with the rules of the Operator. The Issuer's obligations in relation to such amounts in respect of the EUI Notes will be discharged by payment to, or to the order of, the Operator. Each of the persons shown in the Operator register of corporate securities as the holder of a particular nominal amount of EUI Notes must look solely to the Operator for his share of each such payment so made by the Issuer to, or to the order of, the Operator.

(k) *Interpretation of Principal and Interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8 (*Compartment Assets and Supplementary Assets*);
- (ii) the **Final Redemption Amount** of the Notes (as specified in the applicable Final Terms);
- (iii) the **Early Redemption Amount** of the Notes (as specified in the applicable Final Terms);
- (iv) the **Optional Redemption Amount(s)** (if any) of the Notes (as specified in the applicable Final Terms);

- (v) in relation to Notes redeemable in instalments, the **Instalment Amounts** (as specified in the applicable Final Terms);
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7(f) (*Early Redemption Amounts*)); and
- (vii) any premium and any other amounts (other than interest) which may be payable by the Issuer or (if applicable) the Guarantor under or in respect of the Notes.

Any reference in these Terms and Conditions to “interest” in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 9 (*Taxation*).

In the case of Physical Delivery Notes, references in these Terms and Conditions to principal and/or interest and Physical Delivery Amount(s) shall mean such amount less any expenses, fees, stamp duty, levies or other amounts payable on or in respect of the relevant Physical Delivery Amount(s).

(l) *Currency unavailability*

This Condition 6(l) shall apply when payment is due to be made in respect of any Note, Receipt or Coupon in the Specified Currency and the Specified Currency is not available to the Issuer or the Guarantor (as applicable) due to the imposition of exchange controls, the Specified Currency's replacement or disuse or other circumstances beyond the control of the Issuer or the Guarantor (as applicable) (**Currency Unavailability**). In the event of Currency Unavailability, the Issuer or the Guarantor (as applicable) will be entitled to satisfy its obligations to the holder of such Note, Receipt or Coupon by making payment in euro or U.S. dollars on the basis of the spot exchange rate at which the Specified Currency is offered in exchange for euro in an appropriate inter-bank market at noon, Paris time, four Business Days prior to the date on which payment is due or, if such spot exchange rate is not available on that date, as of the most recent prior practicable date. Any payment made in euro or U.S. dollars (as applicable) in accordance with this paragraph will not constitute an Event of Default.

This Condition 6(l) shall not apply to Preference Share Linked Notes or Warrant Linked Notes.

(m) *Collateral Disruption Events*

This Condition 6(m) shall apply when payment is due to be made in respect of any Note, Receipt or Coupon and, in the opinion of the Calculation Agent, such payment is not possible either in whole or in part as a result of the occurrence of a Collateral Disruption Event in relation to one or more Compartment Assets (the day on which such payment is due to be made being a **Collateral Disrupted Day**). In such circumstances, the holder thereof shall instead be entitled to payment on the next following Business Day that is not a Collateral Disrupted Day. In the event that any adjustment is made to the date for payment in accordance with this Condition 6(m), the relevant amount due in respect of any Note, Receipt or Coupon shall not be affected by any such adjustment, unless otherwise specified in the applicable Final Terms. Any such postponement of payment in accordance with this Condition 6(m) will be promptly notified to Noteholders in accordance with Condition 19 (*Notices*).

For the purposes of this Condition 6(m):

Collateral Disruption Event means, in relation to a Compartment Asset, the occurrence a Market Disruption Event, Potential Adjustment Event, an Extraordinary Event, a Stop Loss Event, a Hedging Disruption, an Increased Cost of Hedging, an Insolvency Filing, a Change in Law and/or a Fund Disruption Event (in each case as defined in the relevant Technical Annex) in relation to such Compartment Asset, as determined in the reasonable opinion of the Calculation Agent.

7. REDEMPTION AND PURCHASE

(a) *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its final redemption amount specified in, or determined in the manner specified in, the applicable Final Terms (the **Final Redemption Amount**) and, if so specified, by reference to the Technical Annex to these Terms and Conditions (or, in the case only of Physical Delivery Notes where the applicable Final Terms specifies that such Notes will be redeemed by the transfer of the Underlying Asset(s) with respect to a Physical Delivery Amount, by the transfer of the Underlying Asset(s) with respect to a Physical Delivery Amount specified in, or determined in the manner specified in, the applicable Final Terms) in the relevant Specified Currency on the Maturity Date.

(b) *Final Terms*

The Final Terms applicable to the Notes indicate either:

- (i) that the Notes cannot be redeemed prior to their Maturity Date (except as otherwise provided in Conditions 7(m) (*Redemption following a Trigger Event*), 7(n) (*Redemption for taxation reasons*), 7(o) (*Termination of Related Agreement*) and 7(q) (*Redemption or forced transfer of Registered Notes or Permanently Restricted Notes*) below and in Condition 11 (*Events of Default*)); or
- (ii) that such Notes will be redeemable at the option of the Issuer and/or the holders of the Notes prior to such Maturity Date in accordance with the provisions of Conditions 7(c) (*Redemption at the Option of the Issuer*) and/or 7(d) (*Optional Outstanding Notes Trigger Call*) below on the date or dates and at the amount or amounts indicated in the applicable Final Terms.

(c) *Redemption at the Option of the Issuer*

If the Issuer is specified in the applicable Final Terms as having an option to redeem the Notes, the Issuer may, having (unless otherwise specified in the applicable Final Terms) given not less than 30 nor more than 45 days' notice, in accordance with Condition 19 (*Notices*), to the Noteholders (with a copy to the Trustee) (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date(s) and at the Optional Redemption Amount(s) each as specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, both as indicated in the applicable Final Terms.

In the case of Preference Share Linked Notes and Warrant Linked Notes, if the Issuer is specified in the applicable Final Terms as having an option to redeem the Notes, the Issuer may, having (unless otherwise specified in the applicable Final Terms) given not less than 30 nor more than 45 days' notice, in accordance with Condition 19 (*Notices*), to the Noteholders (with a copy to the Trustee) (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all (but not some only) of the Notes then outstanding on any Optional Redemption Date(s) and at the Early Redemption Amount(s) each as specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date(s).

In the case of a partial redemption of Notes, the Notes to be redeemed (**Redeemed Notes**) will be selected individually by lot (in the case of Redeemed Notes represented by Notes in definitive form) and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg

and/or DTC in the case of Redeemed Notes represented by a global Note held on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC (to be reflected in the records of Euroclear and/or Clearstream, Luxembourg and/or DTC either (i) by reducing the nominal amount of all such Notes in a Series in proportion to the aggregate nominal amount redeemed by application of a pool factor or (ii) by redeeming in full some only of such Notes (a reduction in nominal amount as specified in the applicable Final Terms) and in accordance with the rules of the relevant securities depository (in the case of Registered Notes) and/or any additional or alternative clearing system (in each case, as specified in the applicable Final Terms), in each case not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Notes represented by Notes in definitive form, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 19 (*Notices*) not less than 15 days prior to the date fixed for redemption. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this Condition 7(c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 19 (*Notices*) at least ten days prior to the Selection Date.

In respect of any Note, any notice given by the Issuer pursuant to this Condition 7(c) shall be void and of no effect in relation to that Note in the event that, prior to the giving of such notice by the Issuer, the holder of such Note had already delivered a Put Notice (as defined in Condition 7(f) (*Redemption at the Option of the Noteholders*) below) in relation to that Note in accordance with Condition 7(f) (*Redemption at the Option of the Noteholders*).

(d) *Optional Outstanding Notes Trigger Call*

If “Trigger Redemption Option” is specified in the applicable Final Terms as being applicable, then, in the event that at any time during the life of the Notes and for any reason whatsoever, the Aggregate Outstanding Nominal Amount of the Notes equals or falls below the Outstanding Amount Trigger Level, then the Issuer shall have the right at its sole and absolute discretion, and subject to any applicable law and regulation, to redeem all (but not some only) of the remaining outstanding Notes early at their Early Trigger Level Redemption Amount upon giving not less than 15 Business Day's notice in accordance with Condition 19 (*Notices*) specifying the basis upon which such early redemption was effected.

For the purpose hereof:

Aggregate Outstanding Nominal Amount means, at any time, the product of (a) the Specified Denomination and (b) the number of Notes outstanding held at such time by Noteholders other than Societe Generale or its affiliates for their own account as determined in good faith by the Issuing and Paying Agent in consultation with the clearing institution(s) in or through which the Notes are held and transactions in such Notes are cleared.

Early Trigger Level Redemption Amount means the Early Redemption Amount for such Notes as determined in accordance with Condition 7(g)(v) below or, in the case of Preference Share Linked Notes or Warrant Linked Notes, determined in the manner set out in the applicable Final Terms.

Outstanding Amount Trigger Level means the level specified as such in the applicable Final Terms or, if no such level is so specified, 10 per cent. of the Aggregate Nominal Amount of the Notes initially issued.

(e) *Optional Call following Collateral Disruption Event*

Following the occurrence of a Collateral Disruption Event in relation to one or more Compartment Assets, the Issuer may give not less than 5 days' notice in accordance with Condition 19 (*Notices*) to the Noteholders (with a copy to the Trustee) of its intention to redeem all or some only of the Notes then outstanding on the relevant Optional Redemption Date and

at the relevant Optional Redemption Amount each as specified in, or determined in the manner specified in, the applicable redemption notice (or, in the case of Preference Share Linked Notes or Warrant Linked Notes, at the Early Redemption Amount determined in the manner set out in the applicable Final Terms), together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date(s).

(f) *Redemption at the Option of the Noteholders*

If the Noteholders are specified in the applicable Final Terms as having an option to require the Issuer to redeem any Note, upon the holder of any Note giving to the Issuer in accordance with Condition 19 (*Notices*) not less than 15 nor more than 30 days' notice or such other period of notice as is specified in the applicable Final Terms the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to but excluding the Optional Redemption Date. It may be that before an option to require the Issuer to redeem any Note can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

To exercise the right to require redemption of a Note, the Noteholder must, if the Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, to the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a **Put Notice**) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 2 (*Transfers of Registered Notes and Uncertificated Notes*). If this Note is in definitive form, the Put Notice must be accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to the order or under its control. If the Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of the Note, the Noteholder must, within the notice period, give notice to the Issuing and Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary or common safekeeper, as the case may be, for them to the Issuing and Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

In the case of Uncertificated Notes, a Put Notice will not be effective against the Issuer before the date on which the relevant Notes have been transferred to the account designated by the Additional Paying Agent specified in the applicable Final Terms (which, for the purposes of the Uncertificated Notes, will be an account operator specifically authorised by the relevant central securities depositary and clearing institution to process and register issues in the system of the relevant central securities depositary and clearing institution), and blocked by such Additional Paying Agent to prevent further transfer as of the Optional Redemption Date.

Notwithstanding the foregoing, in the case of Uncertificated Notes, the right to require redemption of such Notes in accordance with this Condition 7(f) must be exercised in

accordance with the rules and procedures of the relevant central securities depository and clearing institution and if there is any inconsistency between the above and the rules and procedures of the relevant central securities depository and clearing institution, then the rules and procedures of the relevant central securities depository and clearing institution shall prevail.

Any Put Notice given by a holder of any Note pursuant to this Condition 7(f) shall be:

- (i) irrevocable except where prior to the due date of redemption an Event of Default has occurred and the Trustee has declared the Notes to be due and payable pursuant to Condition 11 (*Events of Default*), in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 7(f); and
- (ii) void and of no effect in relation to such Note in the event that, prior to the giving of such Put Notice by the relevant holder (A) such Note constituted a Redeemed Note, or (B) the Issuer had notified the Noteholders of its intention to redeem all of the Notes in a Series then outstanding, in each case pursuant to Condition 7(c) (*Redemption at the Option of the Issuer*).

The provisions of this Condition 7(f) shall not apply to Preference Share Linked Notes and Warrant Linked Notes

(g) *Early Redemption Amounts*

For the purposes of Conditions 7(m) (*Redemption following a Trigger Event*), 7(n) (*Redemption for taxation reasons*), 7(o) (*Termination of a Related Agreement*) and 7(q) (*Redemption or forced transfer of Registered Notes or Permanently Restricted Notes*) below and Condition 11 (*Events of Default*), unless otherwise specified in the applicable Final Terms, the Notes will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or
- (iii) in the case of Physical Delivery Notes, as determined in the manner specified in the applicable Final Terms; or
- (iv) in the case of Zero Coupon Notes, at an amount (the **Amortised Face Amount**) equal to the sum of:
 - (A) the Reference Price specified in the applicable Final Terms; and
 - (B) the product of the Accrual Yield specified in the applicable Final Terms (compounded annually) being applied to the Reference Price from and including the Issue Date to but excluding the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable;
- (v) if Market Value is specified in the applicable Final Terms as the Early Redemption Amount, the **Market Value** shall be an amount equal to an amount which represents the economic equivalent of the obligations of the Issuer to make the payments in respect of the Notes which would, but for such early redemption, have fallen due after

the relevant early redemption date, all as determined by the Calculation Agent (in good faith and in a commercially reasonable manner);

- (vi) in the case of Preference Share Linked Notes and Warrant Linked Notes, as determined in a manner specified in the applicable Final Terms.

In all cases from (i) to (vi) above, the payment of the Early Redemption Amount shall be subject to the limited recourse provisions of the Securitisation Act 2004 and the applicable Order of Priority.

- (vii) Where such calculation is to be made for a period of less than a full year, it shall be made on the basis of the Day Count Fraction, if applicable, specified in the applicable Final Terms.

(h) *Instalments*

If the Notes are repayable in instalments, they will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms. In the case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 7(g) (*Early Redemption Amounts*) above.

(i) *Partly Paid Notes*

If the Notes are Partly Paid Notes:

- (i) they will be subscribed at the Part Payment Amounts and on the Part Payment Dates specified in the applicable Final Terms. Unless otherwise specified in the applicable Final Terms, the obligation to pay a Part Payment Amount on the relevant Part Payment Date is only incurred by the holders of the Notes on such Part Payment Date;
- (ii) unless otherwise specified in the applicable Final Terms, they will be redeemed on the Maturity Date at their nominal amount and on any Optional Redemption Date at their paid-up nominal amount as at the date fixed for redemption; and
- (iii) unless otherwise specified in the applicable Final Terms, in the event that any Noteholder fails to pay a Part Payment Amount on the relevant Part Payment Date (such date a **Part Payment Default Date**), any such Notes held by such Noteholder shall automatically be redeemed on the relevant Early Redemption Date, at the Settlement Amount.

For the purposes of this Condition 7(i) and unless otherwise specified in the applicable Final Terms:

Early Redemption Date means, in respect of any Note, the seventh Payment Business Day following a Part Payment Default Date;

Settlement Amount means, in respect of any Note, an amount determined by the Calculation Agent in accordance with the following formula:

Max [0; [Paid-up Nominal Amount – Unwinding Costs]]

Where:

Paid-up Nominal Amount means, in respect of any Part Payment Date and a Note, the paid-up nominal amount of the relevant Note up to (and including) the applicable Part Payment Date. Interest will neither accrue nor be payable in respect of such Note for the period from and including the applicable Part Payment Default Date to and including the applicable Early Redemption Date;

Unwinding Costs means the *pro-rata* share, in respect of each Note, of the losses (expressed as a positive number) or the gains (expressed as a negative number) of unwinding all hedging arrangements (taking into account the present value of any Part Payment Amount(s) remaining to be paid in respect of the Notes) entered into or purchased by the Issuer and/or the Guarantor in respect of the Notes.

(j) *Purchases*

The Issuer or the Guarantor (if applicable) shall have the right at all times to purchase Notes (provided that in the case of Bearer Definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased (in the case of Preference Share Linked Notes or Warrant Linked Notes, by the Issuer) therewith) at any price in the open market or otherwise, in accordance with applicable laws and regulations. If required by any applicable law or regulation, Notes purchased by or on behalf of the Issuer or the Guarantor (if applicable) will be surrendered for cancellation (within one business day of such purchase, where, for this purpose only, **business day** shall mean a day on which commercial banks are generally open for business in Luxembourg), in the case of Bearer Notes, by surrendering any such Note, together with, in the case of Bearer Definitive Notes, any unmatured Receipts and Coupons appertaining thereto, to a Paying Agent and, in the case of Registered Notes, by surrendering the certificate representing such Notes to the Registrar.

(k) *Cancellation*

All Notes purchased for cancellation by or on behalf of the Issuer will forthwith be cancelled (together with, in the case of Bearer Definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto or surrendered therewith), whereupon, in the case of Notes which are admitted to trading on the regulated market of the Luxembourg Stock Exchange and listed on the Official List of the Luxembourg Stock Exchange, the Issuer will forthwith inform the Luxembourg Stock Exchange of such cancellation or any cancellation pursuant to Condition 7(j) (*Purchases*) above. All Notes cancelled (together with, in the case of Bearer Definitive Notes, all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Issuing and Paying Agent or, in the case of Registered Notes, the Registrar, and cannot be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(l) *Late Payment on Zero Coupon Notes*

Except as provided in the applicable Final Terms, if the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note, except for Registered Notes, pursuant to Condition 7(c) (*Redemption at the Option of the Issuer*) or 7(d) (*Optional Outstanding Notes Trigger Call*) above or Conditions 7(l) (*Redemption following a Trigger Event*), 7(m) (*Redemption for taxation reasons*), 7(n) (*Termination of a Related Agreement*) or 7(p) (*Redemption or forced transfer of Registered Notes or Permanently Restricted Notes*) below or upon its becoming due and repayable as provided in Condition 11 (*Events of Default*) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 7(g)(iv) above as though the references therein to the date fixed for the redemption or the date upon which the Zero Coupon Note becomes due and repayable were replaced by references to the date which is the earlier of:

- (ii) any amount in respect of any of the Compartment Assets or a Compartment Asset Guarantee has become due and payable before it would otherwise have been due and payable as set forth in the documentation relating to the relevant Compartment Asset and/or the Compartment Asset Guarantee prevailing as of the dates on which the relevant Compartment Asset has been acquired by the relevant Compartment, or such Compartment Asset or Compartment Asset Guarantee is redeemed or otherwise terminated prior to its scheduled redemption or termination date as set forth in the documentation relating to the relevant Compartment Asset and/or the Compartment Asset Guarantee prevailing as of the dates on which the relevant Compartment Asset has been acquired by the relevant Compartment, for any reason, including (but without limitation) as a result of, or on the basis of, the occurrence of a default, event of default or other similar condition or event (however described) (other than a failure by the Compartments Assets Issuer or the Compartment Asset Guarantor, to make any required payment under such Compartment Asset or Compartment Asset Guarantee), the exercise of the relevant Compartment Asset Issuer's right of early redemption, or due to the adoption, after the issue date of any Compartment Asset or Compartment Asset Guarantee, of any change in any applicable law or regulation (including, without limitation, any tax law) or due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority or brought in a court of competent jurisdiction), the Compartment Asset Issuer or the Compartment Asset Guarantor would become or becomes obliged to pay any additional amount for or on account of any tax, levy, impost, duty, charge assessment, fee, cost or reserve requirement of any nature imposed by any government authority (including taxing authority) in respect of such Compartment Asset or Compartment Asset Guarantee;

- (iii) on or after the Issue Date of any Notes, (A) due to the adoption of any change in any applicable law or regulation (including, without limitation, any tax law) or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority or brought in a court of competent jurisdiction), either (i) any amount is required to be deducted or withheld for or on account of any tax, levy, impost, duty, charge assessment or fee of any nature imposed by any government or other taxing authority in respect of any payment to be received by the Issuer under one or more Compartment Assets or (ii) the Issuer becomes obliged to pay any amount for or on account of any tax, levy, impost, duty, charge assessment or fee of any nature imposed by any government or other taxing authority in respect of any payment received by the Issuer under one or more Compartment Asset; or

Permitted Currency means (A) the legal tender of any Group of 7 country (or any country that becomes a member of the Group of 7 if such Group of 7 expands its membership) or (B) the legal tender of any country which, as of the date of such change, is a member of the Organisation for Economic Cooperation and Development and has a local currency long-term debt rating of either AAA or higher assigned to it by Standard & Poor's, a division of The McGraw-Hill Companies, Inc. or any successor to the rating business thereof, Aaa or higher assigned to it by Moody's Investor Service, Inc. or any successor to the rating business thereof or AAA or higher assigned to it by Fitch Ratings or any successor to the rating business thereof.

Restructuring means:

- (a) with respect to any Compartment Asset or Compartment Asset Guarantee, any one or more of the following events occurs in a form that binds all holders of the relevant

Compartment Asset, is agreed between the Compartment Asset Issuer or the Compartment Asset Guarantor or a Governmental Authority and a sufficient number of holders of such Compartment Asset to bind all holders of the Compartment Asset or is announced (or otherwise decreed) by the Compartment Asset Issuer or the Compartment Asset Guarantor or a Governmental Authority in a form that binds all holders of such Compartment Asset, and such event is not expressly provided for under the terms of such Compartment Asset or Compartment Asset Guarantee in effect as of the later of the issue date of the relevant Notes and the date as of which such Compartment Asset or Compartment Asset Guarantee is issued or incurred:

- (i) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals;
 - (ii) a reduction in the amount of principal or premium payable at maturity or at scheduled redemption dates;
 - (iii) a postponement or other deferral of a date or dates for either (A) the payment or accrual of interest or (B) the payment of principal or premium;
 - (iv) a change in the ranking in priority of payment of any Compartment Asset or Compartment Asset Guarantee, causing the subordination of such Compartment Asset or Compartment Asset Guarantee to obligations of the Compartment Asset Issuer or the Compartment Asset Guarantor that had the same rank prior to the occurrence of the event; or
 - (v) any change in the currency or composition of any payment of interest or principal to any currency which is not Permitted Currency.

(n) *Redemption for taxation reasons*

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of the Notes other than Variable Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes or any other Variable Rate Notes), on giving not less than 30 nor more than 45 days' notice to the Trustee and the Issuing and Paying Agent and, in accordance with Condition 19 (*Notices*), the Noteholders (which notice shall be irrevocable), if the Issuer or, as the case may be, the Guarantor satisfies the Trustee immediately before the giving of such notice that:

- (i) immediately prior to the giving of such notice (i) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 9 (*Taxation*) or (ii) the Guarantor would be unable for reasons outside its control to procure payment by the Issuer or in making payment under the Guarantee itself would be required to pay such additional amounts, in each case as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 9 (*Taxation*)) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes; and
- (ii) such obligation cannot be avoided by the Issuer or, as the case may be, the Guarantor taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, the Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition 7(n), the Issuer or, as the case may be, the Guarantor shall deliver to the Trustee and the Issuing and Paying Agent a certificate signed by two directors of the Issuer (each a **Director**) or, as the case may be, the Guarantor stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer or, as the case may be, the Guarantor to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer or, as the case may be, the Guarantor has or will become obliged to pay such additional amounts as a result of such change or amendment and the Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Noteholders, the Receiptholders and the Couponholders.

Notes redeemed pursuant to this Condition 7(n) will be redeemed at their Early Redemption Amount referred to in Condition 7(g) (*Early Redemption Amounts*) above together (if appropriate) with accrued interest to but excluding the date of redemption.

(o) *Termination of a Related Agreement*

If this Condition 7(o) applies to the Notes (as specified in the applicable Final Terms), in the event that the Compartment Assets Manager notifies the Issuer and the Guarantor (if applicable) in writing (with a copy to the Trustee) of the termination prior to its scheduled termination date of any Related Agreement, the Issuer shall forthwith give not more than 30 nor less than 15 days' notice (which notice shall be irrevocable) prior to the specified date of redemption that it intends to redeem the Notes in accordance with this Condition 7(o) to the Trustee and the Noteholders in accordance with Condition 19 (*Notices*), and upon the expiry of such notice, the Issuer or, as the case may be, the Guarantor shall redeem all, but not some only, of the Notes at their Early Redemption Amount, together, if appropriate, with accrued interest to (but excluding) the date of redemption specified in the relevant notice.

For the purposes of the Notes, **Related Agreement** shall mean any agreement named as such in the applicable Final Terms.

(p) *Redemption of Uncertificated Notes*

Notwithstanding the foregoing provisions of this Condition, the redemption of Uncertificated Notes may be subject to certain special restrictions and procedures, as set out in the applicable Final Terms.

(q) *Redemption or forced transfer of Registered Notes or Permanently Restricted Notes*

If the Issuer determines at any time that (i) a holder of Registered Notes (other than Permanently Restricted Notes) in the United States or that is a U.S. Person was not a QIB and a QP at the time it purchased or acquired such Notes or (ii) a holder of Permanently Restricted Notes is a U.S. Person or purchased such Permanently Restricted Notes inside the United States, in breach of the deemed or actual representations given by such holder upon the purchase of such Notes, the Issuer may (a) redeem such Notes at the Early Redemption Amount, or (b) direct such holder to sell or transfer its Notes, in the case of Registered Notes, to a person that is both a QIB and a QP or, in the case of Registered Notes and Permanently Restricted Notes, to a non-U.S. Person outside the United States within 30 days following receipt of such notice, and if such holder fails to sell or transfer its Notes within such 30 day period, the Issuer may transfer or sell such Notes on behalf of such holder.

No payments will be made on the affected Notes from the date notice of the sale requirement is sent to the date on which the affected Notes are sold.

There can be no assurance that a holder of Notes, or an interest therein, who is required to sell Notes, or whose Notes are sold on his behalf (pursuant to this Condition) will not incur a significant loss as a result of the need for the Issuer, or for the transferor, to find a qualifying transferee willing to purchase the Notes. Neither the Issuer, the Guarantor, the Trustee nor any other party shall be liable to a holder for any such loss.

8. COMPARTMENT ASSETS AND SUPPLEMENTARY ASSETS

(a) *Compartment Assets*

(i) In respect of any Series of Notes, **Compartment** shall mean the Compartment created by the board of directors of the Issuer pursuant to article 62 of the Securitisation Act 2004 under which the Notes are to be issued. Each Compartment will comprise a pool of assets and liabilities separate from the pools of assets and liabilities relating to any other Compartments. In respect of any Series of Notes, and any Related Notes, Charged Assets (as defined in Condition 8(d) (*Security*) below) shall include, *inter alia*, the Compartment Assets described in the applicable Final Terms, provided that less than 50 per cent. of the combined total assets comprising such Compartment Assets and any Supplementary Assets (if any) shall be in the form of debt issued or backed by the United States of America.

(ii) Unless otherwise specified in the applicable Final Terms, the Issuer shall be obliged to procure that any assets, liabilities and agreements (including, without limitation, the Related Agreements) forming part of the Compartment Assets are delivered to it (or to a person acting on its behalf, including, without limitation, the Custodian) or, as the case may be, entered into by it, in each case, prior to the time at which the Notes are to be issued (the **Acquisition Deadline**). Without prejudice to Condition 10 (*Prescription*), if any such delivery or entry into occurs after the Acquisition Deadline, the relevant assets, liabilities or agreements shall nonetheless form part of the Compartment Assets from the date of their delivery or entry into, as the case may be, provided that if prior to any such delivery the Issuer has an enforceable right to

procure delivery of the relevant assets, such right will form part of the Compartment Assets and be subject to the Security created by or pursuant to the Trust Deed and the provisions of the Securitisation Act 2004.

- (iii) In order to meet any part of its obligations under the Notes or any Related Notes in respect of (A) any redemption thereof (any such Notes or Related Notes, the **Redeeming Notes**), (B) any Related Agreements or “Related Agreements” (as defined under the terms and conditions of any such Related Notes), (C) any agreements for the purchase of the Notes or any Related Notes (including, without limitation, the purchase of any Notes by the Issuer pursuant to the terms of the Repurchase Agreement) or (D) any other payments (if any) due from the Issuer under these Conditions and/or the Trust Deed in relation to the Notes or any Related Notes, and as more fully described in the relevant Trust Deed(s), the Issuer may, at any time but only to the extent that such liquidation does not cause a breach of the Liabilities to Assets Ratio Lower Limit or the Liabilities to Assets Ratio Upper Limit, as specified, in each case, in the applicable Final Terms and in each case disregarding the value of any Waived Notes, procure the liquidation of some or all of the Compartment Assets (such assets to be liquidated, the **Funding Assets**).
- (iv) In accordance with the Securitisation Act 2004, the Charged Assets are available exclusively to satisfy the rights of the Secured Parties (as defined in Condition 8(f) (*Application of Proceeds*)).

(b) **Supplementary Assets**

- (i) If the Notes are issued under a Category B Compartment (any such Series of Notes, **Category B Notes**), to the extent that the Category X Compartment contains any assets (including, without limitation, any cash standing to the credit of the Category X Account, as defined below) (any such assets, the **Supplementary Assets**), such Supplementary Assets shall (A) have the characteristics described in the applicable Final Terms, provided that less than 50 per cent. of the combined total assets comprising the Compartment Assets and such Supplementary Assets, shall be in the form of debt issued or backed by the United States of America, (B) constitute a pool of assets separate from the Charged Assets relating to the Notes and any other notes issued by the Issuer and (C) be held by the Custodian, on behalf of the Issuer, subject to the provisions of the Securitisation Act 2004.
- (ii) If, in respect of any Series of Category B Notes, the net proceeds of the enforcement or liquidation of the relevant Charged Assets are not sufficient to satisfy all outstanding claims in respect of such Series of Category B Notes, the relevant holders of such Series of Category B Notes shall be entitled to share equally and rateably among themselves (subject to Condition 8(b)(vi) below) in the Available Supplementary Assets (as defined below) (if any) to the extent of any such shortfall (a **Charged Assets Shortfall**).
- (iii) In the event of a Charged Assets Shortfall, the Trustee or any receiver shall promptly notify the Custodian and the Issuer of the amount of such Charged Assets Shortfall (such notice, a **Charged Assets Shortfall Notice**), whereupon the Issuer (or the Custodian on its behalf) shall (A) promptly provide details to the Trustee (and any Appointee (as defined in the Trust Deed)) of any Supplementary Assets available at such time (such Supplementary Assets, the **Available Supplementary Assets**) and (B) transfer such Available Supplementary Assets to the Trustee (or any Appointee) to the extent of the Charged Assets Shortfall in such manner as requested by the Trustee or such Appointee. The Trustee or any such Appointee shall thereafter use reasonable endeavours to realise such Available Supplementary Assets in accordance with Condition 12 (*Enforcement and Realisation*) and thereafter apply the

proceeds of realisation thereof in the manner contemplated by Condition 8(b)(ii) above.

- (iv) The Issuer has appointed Societe Generale (the **Supplementary Assets Manager**) to manage the Supplementary Assets (if any) pursuant to an agreement entered into between, *inter alios*, the Issuer and the Supplementary Assets Manager (the **Collateral Management Agreement**) under which such Supplementary Assets Manager has the right to select and modify the composition of the Supplementary Assets from time to time without notifying the Secured Parties or the Trustee on their behalf. None of the Issuer, the Guarantor, the Trustee or the Supplementary Assets Manager shall be (A) obliged to ensure that there are, at any time, Supplementary Assets in the Category X Compartment or (B) liable to any person for the performance, quality, creditworthiness or value (as appropriate) of any Supplementary Assets held by, or on behalf of, the Issuer, from time to time. In the event that another collateral manager is to be appointed with respect to the Supplementary Assets, appropriate information regarding such collateral manager will be given in the applicable Final Terms.
- (v) If the Notes are Category B Notes and a Note Acceleration occurs, neither the Issuer nor the Supplementary Assets Manager, nor any person acting on behalf of the Issuer, the Guarantor or the Supplementary Assets Manager, shall be entitled to remove any Supplementary Assets contained in the Category X Compartment from the time of such Note Acceleration until such time as all the claims of the Noteholders have been satisfied or extinguished (as applicable) pursuant to Condition 8(i) (*Residual Shortfall*), as notified in writing to the Issuer, the Guarantor (if applicable) and the Custodian by the Trustee or any Appointee.
- (vi) If, at any time, Charged Assets Shortfalls have occurred and are continuing in connection with (A) a Series of Category B Notes and any Related Notes (together, **Principal Notes**) and (B) one or more Series of Notes issued by the Issuer under another Category B Compartment (each Series thereof, **Other Notes**), the Available Supplementary Assets at that time will be applied separately in respect of the Principal Notes and each such other Series of Other Notes in the order in which the relevant Charged Assets Shortfalls arose, provided that if (x) Charged Assets Shortfalls occur on the same day under the Principal Notes and one or more Series of Other Notes or (y) Charged Assets Shortfalls occur on the same day under a Series of Category B Notes and one or more Series of Related Notes, then, in each case, the relevant Charged Assets Shortfalls shall be aggregated and treated as a single Charged Assets Shortfall for the purposes of the application of the Available Supplementary Assets in accordance with Condition 8(b)(ii) above. For the purposes of this Condition, a Charged Assets Shortfall shall be deemed to “occur” upon the giving of the relevant Charged Assets Shortfall Notice by the Trustee.
- (vii) For the avoidance of doubt, the holders of any Series of Notes issued under a Category A Compartment, as specified in the applicable Final Terms, will not have recourse to the Supplementary Assets (if any).

(c) *Custodian; Deposit Account*

- (i) Unless otherwise specified in the applicable Final Terms, the Deposit Account (as defined below), together with such Compartment Assets and, if applicable, Supplementary Assets (if any), as are capable of being so held, will be held by the Custodian on behalf of the Issuer on and subject to (A) the terms and conditions of an agreement dated 20 June 2012 entered into between, *inter alios*, the Issuer and the Custodian (the **Custody Agreement**), (B) the Securitisation Act 2004 and (C) in the cases of the Compartment Assets and the Deposit Account, the terms and conditions

of the Security created pursuant to the Trust Deed and/ or any French Pledge and/or any Additional Security Document. Unless otherwise specified in the applicable Final Terms, the Issuer reserves the right to replace the Custodian at any time, but only with the prior written consent of the Trustee and in accordance with (x) the provisions of the Securitisation Act 2004 and (y) the relevant CSSF instructions and/or guidelines. Notice of such change shall be given to the Noteholders in accordance with Condition 19 (*Notices*). If it is specified in the applicable Final Terms that there is a Sub-Custodian in relation to the Compartment Assets and/or the Supplementary Assets (if any), such Sub-Custodian (which expression shall include any additional or successor sub-custodians from time to time appointed) shall hold such Compartment Assets and, if applicable, Supplementary Assets (if any), as are capable of being so held on behalf of the Custodian, on and subject to the terms of an agreement between the Sub-Custodian and the Custodian. References herein to the **Custodian** shall, as the context requires, be construed as references to the Custodian, the Sub-Custodian and/or any additional or successor custodians appointed from time to time.

- (ii) Unless otherwise specified in the applicable Final Terms, in respect of any Compartment (other than the Category X Compartment), the Custodian (on behalf of the Issuer) shall establish and maintain an interest bearing account in the name of the Issuer (the **Deposit Account**) with a bank or other financial institution (which shall be the Custodian unless otherwise specified in the applicable Final Terms) on terms that the funds standing to the credit of such Deposit Account shall earn the rate or rates of interest (which may be, without limitation, a floating rate or rates) specified in the applicable Final Terms or, if no rate is so specified, such rate or rates as may be determined from time to time by the bank or other financial institution with which the Deposit Account is opened. The Deposit Account for the Compartment shall be entirely separate from any other accounts of the Issuer and the Custodian, including, without limitation, the deposit accounts established in connection with any other Compartment(s). Unless otherwise specified in the applicable Final Terms, all monies received by or on behalf of the Issuer in connection with the Notes, any Related Notes or the Charged Assets shall be deposited in the Deposit Account. Such monies shall only be removed from the Deposit Account at such times and in such amounts as are contemplated in these Terms and Conditions and the Trust Deed or in order for the Issuer (or any appointee on its behalf) and the Trustee (or any receiver) to fulfil their respective obligations under the Notes, the Related Notes and pursuant to the Trust Deed.
- (iii) With respect to such Category B Notes as are outstanding at any time, the Custodian shall, unless otherwise specified in the applicable Final Terms, establish and maintain an interest bearing account in the name of the Issuer (the **Category X Account**) with a bank or other financial institution (which shall be the Custodian unless otherwise specified in the applicable Final Terms) on terms that the funds standing to the credit of such Category X Account shall earn such rate or rates of interest (which may be, without limitation, a floating rate or rates) as may be determined from time to time by the bank or other financial institution with which the Deposit Account is opened. The Category X Account shall be entirely separate from any other accounts of the Issuer and the Custodian, including, without limitation, the Deposit Account and each deposit account established in connection with the Notes of any other Series issued by the Issuer. Unless otherwise specified in the applicable Final Terms, all monies received by or on behalf of the Issuer in connection with the Supplementary Assets and the Category X Compartment shall be deposited in the Category X Account. Such monies may be removed from the Category X Account at such times and in such amounts (subject to Condition 8(b) (*Supplementary Assets*)) as the Issuer (or any appointee on its behalf) may consider necessary in its sole and absolute discretion and without notice to any party (including, without limitation, the Noteholders).

(d) **Security**

- (i) If it is stated in the applicable Final Terms that the security for the Notes is “Charged Assets charged to Trustee; French law security”, the Issuer has, without prejudice to the security specified in Condition(s) 8(d)(ii) and/or 8(d)(iii) below, executed in favour of the Trustee acting as security agent for the relevant Noteholders a Statement of Pledge over a Financial Instruments Account whereby the Issuer shall grant a pledge (*Nantissement de comptes-titres*) over the Pledged Account (as defined therein) in accordance with article L.211-20 of the French *Code monétaire et financier* or such other security, agreement or document as specified in the applicable Final Terms (each a **French Pledge**). - (ii) If it is stated in the applicable Final Terms that the security for the Notes is “Charged Assets charged to Trustee; English law security”, the Issuer has, without prejudice to the security specified in Conditions(s) 8(d)(i) and/or 8(d)(iii), in favour of the Trustee in each case, and as specified in the Trust Deed relating to the Notes and any Related Notes, assigned (with a proviso for reassignment on redemption) or created a fixed charge, and/or other security interest, over or in respect of:
 - (A) the present and future Compartment Assets relating to the relevant Compartment and all of the Issuer’s rights, title, interest and benefit, present and future, in respect of sums derived from the present and future Compartment Assets relating to the relevant Compartment (including, without limitation, any proceeds of the sale thereof);

(e) *General provisions relating to security*

Unless otherwise specified in the applicable Final Terms, the Security constituted or created pursuant to the Trust Deed, any French Pledge and any Additional Security Document will be granted to the Trustee for itself and for the other Secured Parties (as defined in Condition 8(f) (*Application of Proceeds*, below) as continuing security for (a) the payment of all sums due to the Trustee or any Appointee under the Trust Deed and/ or any French Pledge and/or any Additional Security Document or due under the Notes, Coupons or Receipts and any Related Notes (and relative coupons or receipts), (b) the performance of the Issuer's obligations under any Related Agreement and (c) the payment of all sums payable to the Agents pursuant to any provision of the Agency Agreement (including the provisions which require the Issuer to reimburse (and to pay interest on the amount reimbursed as provided in the Agency Agreement) the Issuing and Paying Agent or the Registrar for any amount paid out by the Issuing and Paying Agent or the Registrar, as the case may be, to the holders of Notes, Coupons or Receipts before receipt of the corresponding amount due from the Issuer).

The Trustee shall not be responsible for, nor shall it have any liability with respect to, any loss, diminution in value or theft of all or any part of the Charged Assets or the Supplementary Assets (including, without limitation, any documents constituting, comprising, evidencing, representing and/or transferring any rights, benefits, and/or obligations thereunder) and shall not be obliged to monitor the value of any Charged Assets or the Supplementary Assets or to insure or to procure the insurance or to monitor the adequacy of any insurance arrangements in respect of all or any part of the Charged Assets or the Supplementary Assets (including any such documents) and shall have no responsibility or liability arising from the fact that all or any part of the Charged Assets or the Supplementary Assets (including any such documents) is registered in its name or held by it or on its behalf or in an account with Clearstream, Luxembourg, Euroclear, DTC or any other clearing system in accordance with that system's rules or is otherwise held in safe custody by the Custodian, any bank or other custodian whether or not selected by the Trustee.

The Trust Deed provides that the Trustee shall not be bound or concerned to make any investigation into, or be responsible for:

- (i) the performance, quality, creditworthiness or value (as appropriate) of the Charged Assets, the Supplementary Assets (if any) or any obligor or guarantor in respect of the Charged Assets or the Supplementary Assets (if any) or of the Guarantor, any Compartment Party or other person which is a party to any other agreement or document constituting or evidencing any of the Charged Assets or the Supplementary Assets (if any); or
- (ii) the validity or enforceability of the obligations of any such person as is referred to in Condition 8(e)(i) above or of the security constituted by or pursuant to the Trust Deed; or
- (iii) whether the cashflows relating to the Charged Assets, the Supplementary Assets (if any), the Related Agreement(s) (if any) and any other hedging or funding instrument howsoever described and the Notes are matched.

None of the Issuer, the Guarantor or the Trustee will have any responsibility for the performance by any clearing system (or its participants or indirect participants) of any of their respective obligations under the rules and procedures governing their operations. The Trustee will not have any responsibility for the performance by the Custodian of its obligations under

the Custody Agreement or for the performance by any Sub-Custodian of its obligations under the relevant sub-custody agreement.

(f) *Application of Proceeds*

- (i) The Trustee shall (subject to the provisions of the Trust Deed) apply all moneys received by it under the provisions of the Trust Deed, any French Pledge and any Additional Security Document in connection with the realisation or enforcement as described in Condition 12 (*Enforcement and Realisation*) of the Security constituted by or pursuant to the Trust Deed, any French Pledge and any Additional Security Document in accordance with the Order of Priority specified in the applicable Final Terms.
- (ii) By subscribing to or otherwise acquiring the Notes, each Noteholder expressly consents to the provisions of this Condition 8(f), the Order of Priority specified in the applicable Final Terms and the limitation of its rights in accordance with article 64 of the Securitisation Act 2004 and is deemed to have accepted and agreed to such provisions and the consequences thereof.
- (iii) If no Order of Priority is specified in the applicable Final Terms, the Order of Priority for the purposes of the Notes shall be the Standard Order of Priority, which expression shall be defined as follows:

Standard Order of Priority means that the Trustee shall apply moneys received by it as specified in Condition 8(f)(i) above:

- (A) first, in payment or satisfaction of all Liabilities incurred by or payable to the Trustee, any Appointee, any French Pledge and any Additional Security Document (which for the purpose of this Condition 8(f) and the Trust Deed shall include any taxes required to be paid, the costs of realising any security and the Trustee's remuneration);
 - (B) secondly, in payment of any amounts due to be reimbursed to the Custodian by the Issuer;
 - (C) thirdly, in payment of any amounts owed to any Compartment Party;
 - (D) fourthly, *pro rata* in payment of any amounts owed to the holders of the Notes (other than any Waived Notes) (and, in the case of Bearer Definitive Notes, the holders of Coupons and Receipts pertaining to the Notes) and the holders of any Related Notes (other than any Waived Notes) (and, in the case of Related Notes in definitive form, the holders of coupons and receipts pertaining to the Related Notes) and (which for the purpose of this Condition 8(f) and the Trust Deed shall include any amounts due to be reimbursed to the Agents in respect of any payments of principal and/or interest made to any holders of the aforesaid);
 - (E) fifthly, *pro rata* in payment of any amounts owed to the creditors (if any) whose claims have arisen as a result of the creation, operation or liquidation of the Compartment (save to the extent that the claims of any such creditor fall within the scope of Condition 8(f)(i), 8(f)(ii) or 8(f)(iii)); and
 - (F) sixthly, in payment of the balance (if any) to the Issuer,
- (iv) For the purposes of these Conditions:

Liability means any loss, damage, cost, charge, claim, demand, expense, judgment, action, proceeding or other liability whatsoever (including, without limitation, in respect

of taxes, duties, levies, imposts and other charges) and including any value added tax or similar tax charged or chargeable in respect thereof and legal fees and expenses on a full indemnity basis (and "Liabilities" shall be construed accordingly);

Secured Parties means, unless otherwise specified in the applicable Final Terms, the parties referred to in sub-paragraphs (A)-(E) (inclusive) of the definition of "Standard Order of Priority" (each, a **Secured Party**); and

Waived Notes means, in relation to any Series of Notes where "Waiver of Rights Agreement" is specified as applicable in the applicable Final Terms, any Notes in relation to which the Holder thereof has provided written confirmation and evidence to the Issuer and the Trustee that it has waived its right to claim the portion of the enforcement or liquidation proceeds of the Compartment Assets or Supplemental Compartment Assets (if applicable) corresponding to the Notes held by it (the **Waived Claim**). For the purpose of this definition, the Waived Claim shall be determined by the Trustee as the amount that would be received by a Noteholder from the enforcement or liquidation proceeds of the Compartment Assets or Supplemental Compartment Assets (if applicable), on the assumption that on the date on which the Trustee applies the moneys received by it under the provisions of the Trust Deed, any French Pledge and any Additional Security Document (i) there are no Waived Notes and (ii) the value of Compartment Assets is such that the Liabilities to Assets Ratio Lower Limit (disregarding, for purposes of this test, the value of any Waived Notes) is exactly satisfied.

(g) *Replacement of Compartment Assets*

(i) If it is specified in the applicable Final Terms that this Condition 8(g) applies to the Notes, the Compartment Assets Manager, being satisfied that the proposed replacement fulfils the Replacement Test (as defined below) may, subject to and in accordance with this Condition 8(g)(i), article 14 of the Issuer's Articles of Incorporation, articles 61 *et seq* of the Securitisation Act 2004, the Collateral Management Agreement, the Trust Deed, the French Pledge and/or any Additional Security Document, by notice in writing (a **Replacement Notice**) to the Custodian (with a copy to each of the Issuer, the Trustee, the Calculation Agent and the Issuing and Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes)), in, or substantially in, the form to be scheduled to the Collateral Management Agreement, determine that any assets (including, without limitation, any agreements) for the time being comprising all or part of the Compartment Assets (any such asset, a **Replaced Asset**) be replaced by one or more Replacement Assets (as defined below), provided however that:

- (A) upon any release of the Replaced Assets from the Security, any such Replacement Assets are subject to the Security, in each case, created by or pursuant to the Trust Deed, any French Pledge and any Additional Security Document; and
- (B) such other conditions as may be specified in the applicable Final Terms are satisfied.

In respect of any proposed replacement, the **Replacement Test** will be fulfilled, if such replacement (i) would not cause a breach of the Liabilities to Assets Ratio Lower Limit or the Liabilities to Assets Ratio Upper Limit, as specified, in each case, in the applicable Final Terms and in each case disregarding the value of any Waived Notes, (ii) would comply with the Investment Criteria and the other conditions specified in the applicable Final Terms and (iii) would result in less than 50 per cent. of combined total assets comprising the Compartment Assets and any Supplementary Assets (if any)

(after such replacement) being in the form of debt issued or backed by the United States of America. Upon receipt by the Custodian of any Replacement Notice duly prepared in accordance with the foregoing, the relevant Security shall be released and the replacement(s) described in the relevant Replacement Notice will be effected by the Custodian.

The Issuer has appointed Societe Generale as a collateral manager (the **Compartment Assets Manager**) pursuant to the Collateral Management Agreement to be entered into as described in Condition 8(b) (*Supplementary Assets*) above, under which such Compartment Assets Manager will have the right to select and modify the composition of the Compartment Assets from time to time in pursuit of the Investment Policy and in accordance with the Investment Criteria, in each case, as specified in the applicable Final Terms and in accordance with this Condition 8(g).

As used in this Condition 8(g):

Business Day shall have the meaning ascribed to that term in Condition 6(a) (*Pre-enforcement priority of payments*); and

Replacement Asset means any asset which, as of the date of the relevant Replacement Notice, satisfies the Investment Criteria specified in the applicable Final Terms (which asset (i) may (but is not required to) be an asset of a different type from the Replaced Asset and (ii) may include, without limitation, a new or, to the extent that the existing Compartment Assets comprise one or more agreements, an amended, agreement).

Except where the context otherwise requires, references in these Conditions to the **Compartment Assets** include any Replacement Assets delivered, transferred or assigned to the Issuer in accordance with this Condition 8(g).

The Trustee shall not be liable to the Issuer, the Noteholders or any other person for any loss arising from any arrangement referred to in the Replacement Notice or otherwise from the operation of this Condition 8(g)(i). Neither the Issuer, the Guarantor nor the Compartment Assets Manager shall be liable to any other person for any loss arising from any arrangement referred to in any Replacement Notice or otherwise from the operation of this Condition 8(g)(i) (except, in the case of the Compartment Assets Manager, to the extent that any of its acts or omissions constitute a wilful, grossly negligent or fraudulent breach of its obligations under the Collateral Management Agreement). By acquiring any Note, each Noteholder agrees to be bound by these provisions.

- (ii) Unless otherwise provided in the applicable Final Terms, if assets which comprise all or part of the Compartment Assets have a maturity date or other termination date howsoever described which falls prior to the tenth Business Day immediately preceding the Maturity Date of the Notes (any such assets, **Maturing Compartment Assets**), any proceeds of such redemption or termination as aforesaid (such proceeds, the **Termination Proceeds**) shall be applied by the Compartment Assets Manager on behalf of the Issuer, subject to articles 61 *et seq* of the Securitisation Act 2004, as follows:
- (A) in the purchase, or, as the case may be, entry into of, one or more Replacement Assets in accordance with Condition 8(g)(i), *mutatis mutandis*, whether or not Condition 8(g)(i) is specified in the applicable Final Terms as applicable with respect to the Notes; and/or
 - (B) by crediting part or all of such Termination Proceeds to the Deposit Account, provided that (x) at any time following such investment in a Deposit Account,

the Custodian may, if so directed by the Issuer, apply the funds standing to the credit of the Deposit Account in the purchase of Replacement Assets in accordance with Condition 8(g)(i), *mutatis mutandis*, whether or not Condition 8(g)(i) is specified in the applicable Final Terms as applicable with respect to the Notes and (y) none of the Custodian, the Compartment Assets Manager, the Issuer or (if applicable) the Guarantor shall be responsible for any loss resulting from any such investments or deposits, whether due to depreciation in value, fluctuations in exchange rates or otherwise,

subject, in each case, to the Custodian's duty to ensure, on behalf of the Issuer, that such Compartment Assets (or the proceeds of the realisation or redemption thereof) as are required for the purpose are made available for the satisfaction of the Issuer's obligations under the Notes.

- (iii) All rights of replacement under this Condition 8(g) shall cease upon the occurrence of a Note Acceleration (as defined in Condition 11(a)) or in the event that the Compartment Assets Manager notifies the Issuer in writing (with a copy to the Trustee) that it has determined that one or more Trigger Events has occurred for the purposes of Condition 7(m) (*Redemption following a Trigger Event*).

(h) *Addition or Removal of Compartment Assets*

- (i) The Compartment Assets Manager may, in its discretion and without notice to any other party, subject to satisfaction of the Collateral Test (as defined below) and in accordance with this Condition 8(h), article 14 of the Issuer's Articles of Incorporation, articles 61 *et seq* of the Securitisation Act 2004, the Collateral Management Agreement, the Trust Deed, the French Pledge and/or any Additional Security Document, determine that any assets (including, without limitation, any agreements) for the time being comprising all or part of the Compartment Assets be removed from a Compartment (any such asset, a **Removed Asset**) or any assets (including, without limitation, any agreements) be added to a Compartment (any such asset, an **Additional Asset**).

In respect of any proposed addition or removal of Compartment Assets, the **Collateral Test** will be fulfilled if such addition or removal:

- (a) (A) is required in order to prevent or cure a breach of the Liabilities to Assets Ratio Lower Limit or the Liabilities to Assets Ratio Upper Limit, as specified, in each case, in the applicable Final Terms and in each case disregarding the value of any Waived Notes, or (B) where no Liabilities to Assets Ratio Upper Limit is specified in the applicable terms, would not result in a breach of the Liabilities to Assets Ratio Lower Limit as specified in the applicable Final Terms and disregarding the value of any Waived Notes;
 - (b) would comply with the Investment Criteria and the other conditions specified in the applicable Final Terms; and
 - (c) would result in less than 50 per cent. of combined total assets comprising the Compartment Assets and any Supplementary Assets (if any) (after such addition or removal) being in the form of debt issued or backed by the United States of America.
- (ii) Following removal of any Removed Assets in accordance with Condition 8(h)(i) above, any such Removed Assets shall automatically be released from the relevant Security created by or pursuant to the Trust Deed, any French Pledge and any Additional Security Document and the Issuer and the Compartment Assets Manager shall do, or arrange to be done, all things necessary to effect such release.

- (iii) Following addition of any Additional Assets in accordance with Condition 8(h)(i) above, any such Additional Assets shall automatically be subject to the relevant Security created by or pursuant to the Trust Deed, any French Pledge and any Additional Security Document and the Issuer and the Compartment Assets Manager shall do, or arrange to be done, all things necessary to ensure that the Additional Assets become subject to such security.
- (iv) The Issuer has appointed the Compartment Assets Manager pursuant to the Collateral Management Agreement, under which such Compartment Assets Manager will have the right to add or remove assets in accordance with this Condition 8(h).
- (v) The Trustee shall not be liable to the Issuer, the Noteholders or any other person for any loss arising from any arrangement referred to in this Condition 8(h). Neither the Issuer, the Guarantor nor the Compartment Assets Manager shall be liable to any other person for any loss arising from any arrangement referred to in this Condition 8(h) (except, in the case of the Compartment Assets Manager, to the extent that any of its acts or omissions constitute a wilful, grossly negligent or fraudulent breach of its obligations under the Collateral Management Agreement). By acquiring any Note, each Noteholder agrees to be bound by these provisions.
- (vi) All rights of addition or removal under this Condition 8(h) shall cease upon the occurrence of a Note Acceleration (as defined in Condition 11(a)) or in the event that the Compartment Assets Manager notifies the Issuer in writing (with a copy to the Trustee) that it has determined that one or more Trigger Events has occurred for the purposes of Condition 7(m) (Redemption following a Trigger Event).

(i) *Residual Shortfall*

Without prejudice to the rights of the Trustee held for the benefit of holders of Guaranteed Notes under the Guarantee, if the net proceeds (the **Net Proceeds**) of the realisation or enforcement of the Security created pursuant to the Trust Deed and/or any French Pledge and/or any Additional Security Document in respect of the Charged Assets and, if applicable, the Available Supplementary Assets are not sufficient to make all payments due in respect of such Notes and any such Related Notes (any such shortfall being a **Residual Shortfall Amount**), then:

- (i) the obligations of the Issuer in respect of such Notes and any such Related Notes will be limited to such Net Proceeds and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall have any claim in respect of any asset of the Issuer not forming part of the Charged Assets or, if applicable, and subject to the provisions of Condition 8(b) (*Supplementary Assets*), the Supplementary Assets; and
- (ii) the Issuer will not be obliged to make any further payment in excess of the Net Proceeds and any Noteholder's right to receive any further sums in respect of any Residual Shortfall Amount shall be extinguished in full, and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall be entitled to take any further steps against the Issuer or the Trustee to recover any such Residual Shortfall Amount (save for lodging a claim in the liquidation of the Issuer initiated by another party or taking proceedings to obtain a declaration or judgment as to the obligations of the Issuer).

No Secured Party, nor any party to the Trust Deed shall be entitled to petition or take any other step for the winding-up of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment

(*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of an examiner in respect of the Issuer (including, without limitation, the appointment of any receiver (*curateur*) (except any receiver appointed by the Trustee pursuant to the Trust Deed), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), *juge délégué* or *juge commissaire*). Failure by the Issuer to make any payment in respect of any Residual Shortfall Amount shall in no circumstances constitute an Event of Default under Condition 11 (*Events of Default*).

(j) *Excess Assets Direction*

Where the Security constituted by or created pursuant to the Trust Deed, any French Pledge and any Additional Security Document in respect of a Series becomes enforceable and the Trustee (or any Appointee on its behalf) determines that the Net Proceeds in respect of such Series exceeds or is likely to exceed the amounts due to the Secured Parties in accordance with the Order of Priority (such determination, an **Excess Assets Event**), it shall notify the Secured Parties (other than the Noteholders) in accordance with Clause 11 (Proceedings, Action and Indemnification) of the Trust Deed.

In such circumstances, the Secured Party that has provided Charged Assets to the Issuer in connection with such Series may send a notice to the Trustee, with a copy to the Issuer and the other Secured Parties (other than the Noteholders), within 5 Business Days of receipt of notice from the Trustee of the occurrence of the Excess Assets Event, directing the Trustee how to deal with the Charged Assets (such notice an Excess Assets Direction) (including in relation to the order of realisation of such assets) and requesting the Trustee to deliver any Residual Collateral Assets to it.

The Trustee shall be obliged to act in accordance with the terms of such Excess Assets Direction provided that if the Trustee (or any Appointee on its behalf) determines that (i) the realisation of the Charged Assets will not realise sufficient funds to make payment of all the amounts payable by the Issuer to the Secured Parties in accordance with the Order of Priority or (ii) effecting the realisation of the relevant Charged Assets in the manner set out in the relevant Excess Assets Direction will not realise sufficient funds to make payment of all the amounts payable by the Issuer to the Secured Parties in accordance with the Order of Priority, the Trustee shall, subject as set out below, be entitled to treat such notice as if it had never been sent. If the Trustee does in fact satisfy all claims and liabilities in respect of amounts payable by the Issuer to the Secured Parties in accordance with the Order of Priority in full and there are Residual Collateral Assets remaining, the Trustee shall deliver such Residual Collateral Assets in accordance with the Excess Assets Direction.

The Trustee and the Issuer shall incur no liability to any person from complying with the instructions contained in any Excess Assets Direction.

For the purposes of this Condition 8(j), **Residual Collateral Assets** means all Collateral Assets remaining after the realisation of sufficient Collateral Assets necessary to satisfy payment in full of all amounts due to the Secured Parties in accordance with the Order of Priority.

(k) *Issuer's rights as holder of Compartment Assets and Supplementary Assets (if any)*

Unless otherwise specified in the applicable Final Terms, the Issuer may exercise any rights in its capacity as holder of the Compartment Assets and the Supplementary Assets (if any) (including, without limitation, a right to vote or any analogous right howsoever described) only as directed in writing by the respective holders of at least one-fifth in aggregate principal amount of the Notes and any Related Notes then outstanding or as directed by an

Extraordinary Resolution (as defined in the Trust Deed) (an **Extraordinary Resolution**) of the Noteholders and the holders of each Series of Related Notes or, if so specified in the applicable Final Terms, in accordance with the directions given by the voting agent (the **Voting Agent**) (which (i) if Societe Generale is specified as Voting Agent, has been appointed pursuant to an agreement (the **Voting Agency Agreement**) dated 20 June 2012 between, *inter alios*, the Issuer and Societe Generale as Voting Agent (ii) if any other entity is specified as Voting Agent, will be appointed pursuant to an agreement for such purposes specified in the applicable Final Terms) and, if such direction is given, the Issuer will act in accordance with such directions, unless such instructions are in the reasonable opinion of the Issuer contrary to applicable laws, regulations and/or circular letters issued by the Issuer's supervisory authority or materially detrimental to the interests of the Issuer. In particular, the Issuer will not, unless otherwise stated in the applicable Final Terms, attend or vote at any meeting of holders of the Compartment Assets or the Supplementary Assets (if any), or give any consent or notification or make any declaration in relation to the Compartment Assets or the Supplementary Assets (if any), save as directed in writing by the respective holders of at least one-fifth in aggregate principal amount of Notes and any Related Notes then outstanding or as directed by an Extraordinary Resolution of each of the Noteholders and the holders of each Series of Related Notes or, if so specified in the applicable Final Terms, as directed by the Voting Agent.

9. TAXATION

All payments in respect of the Notes, Receipts and Coupons or under the Guarantee shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law.

In the event that any amounts are required to be deducted or withheld for, or on behalf, of any Tax Jurisdiction, the Issuer or, as the case may be, the Guarantor shall, to the fullest extent permitted by law, pay such additional amount as may be necessary, in order that each Noteholder, Receiptholder or Couponholder, after deduction or withholding of such taxes, duties, assessments or governmental charges, will receive the full amount then due and payable, provided that no such additional amount shall be payable with respect to any Note, Receipt or Coupon:

- (a) the holder of which is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his being connected with the Grand Duchy of Luxembourg or France (as applicable) other than by the mere holding of such Note, Receipt or Coupon; or
- (b) presented for payment more than 30 days after the Relevant Date (as defined below), except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Business Day (as defined in Condition 6(g) (*Payment Business Day*)); or
- (c) in respect of an issue of Notes which have been privately placed, if the applicable Final Terms indicate that no such additional amounts shall be payable; or
- (d) where such withholding or deduction (i) is imposed on a payment to an individual beneficial owner or a residual entity and is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law (whether in or outside the European Union) implementing or complying with, or introduced in order to conform to, such Directive or (ii) is required to be made pursuant to any agreements between the European Union and other countries or territories providing for measures equivalent to those laid down in the EU Savings Tax Directive or any law or other governmental regulation implementing or complying with, or introduced in order to conform to, such agreements; or

- (e) where such withholding or deduction is imposed on a payment and is required to be made pursuant to laws enacted by Switzerland providing for the taxation of payments according to principles similar to those laid down (y) in the European Council Directive 2003/48/EC on the taxation of savings income or (z) in the draft legislation proposed by the Swiss Federal Council on 22 December, 2010, in particular the principle to have a person other than the Issuer or Guarantor withhold or deduct the tax, such as, without limitation, any paying agent; or
- (f) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union; or
- (g) where such withholding or deduction is imposed as a result of non-compliance by Noteholders with the requirements of FATCA.

In these Terms and Conditions:

- (i) **Tax Jurisdiction** means, in relation to the Issuer, the Grand Duchy of Luxembourg or any political subdivision or any authority thereof or therein having power to tax and, in relation to the Guarantor only, France or any political subdivision or any authority thereof or therein having power to tax; and
- (ii) **Relevant Date** means the date on which the relevant payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Issuing and Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 19 (*Notices*).

10. PRESCRIPTION

Bearer Notes (and any related Receipts and Coupons) and Registered Notes will become void unless claims in respect of principal and/or interest are made within a period of ten years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 9 (*Taxation*)) therefor, except as provided in the applicable Final Terms.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 10 (*Prescription*) or Condition 6(b) (*Method of Payment*) or any Talon which would be void pursuant to Condition 6(b) (*Method of Payment*).

The Luxembourg Act dated 3 September 1996 on the involuntary dispossession of bearer securities, as amended, requires that before opposition to any payment under the Notes, Receipts or Coupons (if any) is filed by the relevant holder, any amount that is due but has not yet been paid under the Notes, Receipts or Coupons (if any) is paid to the Caisse de Consignations in Luxembourg until the opposition to such payment (if any) has been withdrawn or elapsed.

11. EVENTS OF DEFAULT

- (a) In respect of any Series of Notes, the Trustee at its discretion may (subject as provided in Condition 11(b) below), and if so requested in writing by the holders of at least one-fifth in aggregate principal amount of Notes of such Series then outstanding or if so directed by an Extraordinary Resolution of such holders shall (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction) give notice to the Issuer and the Guarantor (if applicable) that such Notes are, and they shall accordingly forthwith become, immediately due and repayable at their Early Redemption Amount (such occurrence, a **Note Acceleration**) upon the occurrence of any of the following events (each an **Event of Default**):
- (i) a default is made for a period of 30 days or more in the payment of any sum due or the delivery of Underlying Assets deliverable in respect of the Notes of such Series; or
 - (ii) the Issuer fails to perform or observe any of its other obligations under the Notes of such Series or the Trust Deed and (unless such failure is, in the opinion of the Trustee, incapable of remedy in which case no such notice as is referred to in this Condition shall be required) such failure continues for a period of 60 days (or such longer period as the Trustee may permit) following the service by the Trustee on the Issuer of notice requiring the same to be remedied (and for these purposes, a failure to perform or observe an obligation shall be deemed to be remediable notwithstanding that the failure results from not doing an act or thing by a particular time); or
 - (iii) in respect of any other Series of notes issued under the same Compartment as the Notes (such other Series of notes, the **Related Notes**), a “Note Acceleration” (as defined under the terms and conditions of such Related Notes) occurs; or
 - (iv) any order is made by any competent court or any resolution passed for the winding-up or dissolution of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of a receiver of the Issuer (including, without limitation, the appointment of any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), *juge délégué* or *juge commissaire*) save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an Extraordinary Resolution of the holders of Notes of such Series; or
 - (v) the Issuer is in a state of cessation of payments (*cessation de paiements*) and has lost its commercial creditworthiness (*ébranlement de crédit*); or
 - (vi) in the case of Guaranteed Notes (as specified in the applicable Final Terms), the Guarantee ceases to be in full force and effect in respect of the Notes of such Series, or notice is given by the Guarantor which would cause the Guarantee to cease to be in full force and effect in respect of such Notes of such Series, or is rendered void for any cause or by any means whatsoever or any legislation is introduced the result of which would be to remove the benefit of the Guarantee from the Notes of such Series, or terminate or amend the same in a manner (in the opinion of the Trustee) materially adverse to the interests of the Noteholders, the Receiptholders or the Couponholders of such Series, or the Guarantor is unable to perform its obligations thereunder for any reason.
- (b) If an Event of Default occurs by virtue of the operation of Condition 11(a)(iii) above: (A) a Note Acceleration for the purposes of the Notes shall be deemed to have occurred at the same time as the “Note Acceleration” (as such expression is defined in the terms and conditions of the

relevant Related Notes) occurred for the purposes of the relevant Related Notes; and (B) the Security constituted by or created pursuant to the Trust Deed, any French Pledge and any Additional Security Document shall become enforceable as described in Condition 12 (*Enforcement and Realisation*).

- (c) Each of the Issuer and, in relation to (i) below only, the Guarantor has severally undertaken in the Trust Deed that (in relation to each Series), so long as any of the Notes of that Series remains outstanding, it will give to the Trustee (i) within seven days after demand by the Trustee therefor and (ii) (without the necessity for any such demand) promptly, and in any event not later than 180 days after each anniversary of the date of such Trust Deed, a certificate signed by a Director (in the case of the Issuer) or an authorised signatory (in the case of the Guarantor, if applicable) to the effect that, as at a date not more than seven days before delivering such certificate (the **relevant date**), there did not exist and had not existed since the relevant date of the previous certificate (or in the case of the first such certificate, the Issue Date of the relevant Series) any Event of Default or any Potential Event of Default (with respect to Condition 11(a)(vi) only in the case of the certificate of the Guarantor) in relation to such Series (or if such exists or existed specifying the same) and that during the period from and including the relevant date of the last such certificate (or, in the case of the first such certificate, the Issue Date of the relevant Series) to and including the relevant date of such certificate, each of the Issuer and the Guarantor has complied with all its obligations in relation to such Series contained in the Trust Deed (in relation to the Guarantee only in the case of the certificate of the Guarantor) or (if such is not the case) specifying the respects in which it has not so complied.
- (d) The Trust Deed provides that the Trustee shall not be under any obligation to monitor whether or not an Event of Default or a Potential Event of Default (as defined in the Trust Deed) has occurred or is continuing.

12. ENFORCEMENT AND REALISATION

Unless otherwise specified in the applicable Final Terms, upon the occurrence of a Note Acceleration under Condition 11 (*Events of Default*), the Security constituted by or created pursuant to the Trust Deed, any French Pledge and any Additional Security Document shall become enforceable and shall be enforced by the Trustee or any Appointee appointed thereby doing one or more of the following:

- (A) endeavouring to sell or otherwise realise the Charged Assets (including, without limitation, by terminating, closing out or enforcing any Related Agreement or other agreement entered into by the Issuer, the rights of the Issuer in respect of which form part of the Charged Assets) in accordance with the provisions of the Trust Deed; and/or
- (B) otherwise enforcing the Security constituted by or pursuant to the Trust Deed, any French Pledge and/or any Additional Security Document,

in each case, without any liability as to the consequences of any such action and without having regard to the effect of any such action on individual Noteholders or Couponholders, provided that the Trustee shall not be required to take any such action without first being indemnified and/or secured and/or pre-funded to its satisfaction or to do anything which is or may be contrary to any applicable law or regulation.

In the event of a Charged Assets Shortfall with respect to any Series of Category B Notes, Condition 12(A) shall apply for the purposes of Condition 8(b)(iii), *mutatis mutandis* and as though references in Condition 12(A) above to Charged Assets were references to Available Supplementary Assets.

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Secured Parties and no Secured Party shall be entitled to proceed against the Issuer unless the

Trustee, having become bound to proceed in accordance with the terms of the Trust Deed, fails to do so within a reasonable period and such failure is continuing.

13. MEETINGS OF NOTEHOLDERS; MODIFICATIONS; WAIVER; TRUSTEE DETERMINATION; SUBSTITUTION

(a) Meetings of Noteholders

The Trust Deed contains provisions for convening meetings of Noteholders of each Series to consider any matter affecting their interests, including modification by Extraordinary Resolution of the Notes (including these Conditions or the provisions of the Trust Deed insofar as the same may apply to such Notes). The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing a clear majority in aggregate principal amount of the Notes for the time being outstanding or, at any adjourned such meeting, two or more persons being or representing Noteholders, whatever the principal amount of the Notes so held or represented, and an Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders, whether present or not and on all relevant Couponholders and holders of Receipts, except that any Extraordinary Resolution proposed to address a Reserved Matter (as defined in the Trust Deed), including (a) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest thereof, (b) to change the principal amount or any Instalment Amount of, or any premium payable on redemption of, the Notes, (c) to change the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating the Interest Amount in respect thereof, (d) if a Minimum and/or a Maximum Interest Rate, Instalment Amount or Final Redemption Amount or Early Redemption Amount is shown in the applicable Final Terms, to change any such Minimum and/or Maximum, (e) to change any method of calculating the Final Redemption Amount or Early Redemption Amount or, in the case of Zero Coupon Notes, to vary the method of calculating the Amortised Face Amount, (f) to change the currency or currencies of payment or denomination of the Notes, (g) to direct the Trustee to take any steps as specified in Clause 11.1 of the Trust Deed and/or Condition 11 (*Events of Default*), (h) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution or (i) to modify the definition of Reserved Matter in the Trust Deed, will only be binding if passed at a meeting of the Noteholders, the quorum at which shall be two or more persons holding or representing not less than 75 per cent. or, at any adjourned meeting, not less than 25 per cent., in principal amount of the Notes for the time being outstanding. The holder of a Global Note representing all (or part) of the Notes for the time being outstanding will be treated as being two persons for the purposes of such quorum requirements. A resolution in writing signed by or on behalf of the holders of not less than 90 per cent. in principal amount of the Notes for the time being outstanding shall for all purposes be as valid and effectual as an Extraordinary Resolution passed at a meeting of Noteholders.

The provisions of articles 86 to 97 of the Luxembourg Act dated 10 August 1915 on commercial companies, as amended, shall not apply to the Notes, Receipts and Coupons (if any).

(b) Modification

The Trustee may, without the consent of the Noteholders, agree to: (a) any modification to the Trust Deed or any other Transaction Document which is of a formal, minor or technical nature or is made to correct a manifest error, or an error which is, in the opinion of the Trustee, proven; (b) any modification of any of the provisions of the Trust Deed or any other Transaction Document which in the opinion of the Trustee is not materially prejudicial to the respective interests of the Noteholders and the holders of any Related Notes, provided that in the case of rated Notes, each Rating Agency specified in the applicable Final Terms confirms (whether or not such confirmation is addressed to, or provides that it may be relied upon by, the Trustee and irrespective of the method by which such confirmation is conveyed) (x) that the then

current rating by it of the Notes and/or any rated Related Notes would not be downgraded, withdrawn or qualified as a result of such modification and/or (y) if the original rating of the Notes and/or any Related Notes has been downgraded previously, that such modification will not prevent the restoration of such original rating of such Notes and/or, as the case may be, any Related Notes; (c) any modification of the provisions of the Trust Deed or any other Transaction Document which is made to satisfy any requirement of, in the case of rated Notes, any Rating Agency (specified in the applicable Final Terms) or any stock exchange on which the Notes are or are proposed to be listed and which, in each case, is not in the opinion of the Trustee materially prejudicial to the respective interests of the Noteholders and the holders of any Related Notes; and (d) any modification of the provisions of the Trust Deed or any other Transaction Document which is specified in the Trust Deed as being a modification to which the Trustee may agree without the consent of the Noteholders or any Secured Party.

To the extent that any securities issued by the Issuer remain outstanding, any modification with respect to unrated Notes referred to in (a), (b), (c) or (d) above are also required to be approved by Standard & Poor's.

If the Trustee shall so require, any such modification shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 19 (*Notices*).

(c) *Waiver*

The Trustee may, without the consent of the Secured Parties and without prejudice to its rights in respect of any subsequent breach, from time to time and at any time, but only if and insofar as in its opinion the interests of each of the Noteholders and the holders of any Related Notes shall not be materially prejudiced thereby, waive or authorise, on such terms and conditions as to it shall seem expedient, any breach or proposed breach by the Issuer or (if applicable) the Guarantor of any of the covenants or provisions in the Trust Deed or the Conditions or determine that any Event of Default or Potential Event of Default shall not be treated as such provided always that the Trustee shall not exercise any powers conferred on it by this Condition 13(c) in contravention of any express direction given by an Extraordinary Resolution of each of the Noteholders and the holders of each Series of Related Notes, but no such direction shall affect any waiver, authorisation or determination previously given or made. Any such waiver, authorisation or determination shall be binding on the Secured Parties.

If the Trustee shall so require, any such waiver, authorisation or determination shall be notified to the Noteholders as soon as practicable thereafter in accordance with Condition 19 (*Notices*).

(d) *Trustee determination*

If, in the opinion of the Trustee, any modification, waiver, authorisation or determination referred to in Conditions 13(b) (*Modification*) and 13(c) (*Waiver*) above affects the interests of the holders of any Series of Related Notes, the Trustee shall agree to such modification, waiver, authorisation or determination only if either (i) it is satisfied that, in its opinion, the interests of the holders of each such affected Series of Related Notes will not be materially prejudiced thereby or (ii) the holders of each such affected Series of Related Notes sanction such modification, waiver, authorisation or determination by way of Extraordinary Resolution, each of (i) and (ii) in accordance with the Conditions of the relevant Series of Related Notes.

(e) *Substitution*

The Trust Deed contains provisions permitting the Trustee, subject to the further conditions set out in the Trust Deed and such amendment of the Trust Deed and other conditions as the Trustee may require, but without the consent of the holders of the relevant Series of Notes, to agree with the Issuer and the Guarantor (if applicable) to the substitution, in respect of any Series of Notes, in place of the Issuer (or of the previous substitute), as the principal debtor under the Notes of such Series, or the Guarantor, as guarantor under the relevant Series of

Notes, of any other company (provided that the Guarantor of the Notes shall never be the same company as the Issuer of the Notes) (such substituted company being hereinafter called the **Substitute Company**).

Not later than 14 days after the execution of such amendment and compliance with such conditions as aforesaid, the Substitute Company shall give notice thereof in a form previously approved by the Trustee to the relevant Noteholders in the manner provided in Condition 19 (*Notices*).

For the purposes of this Condition 13(e), it is expressly agreed that by subscribing to, acquiring or otherwise purchasing the Notes, the holders of the Notes are expressly deemed to have consented to the substitution of the Issuer and/or the Guarantor in accordance with the foregoing and to the release of the Issuer and/or the Guarantor from any and all obligations in respect of the Notes and all the agreements attached thereto and are expressly deemed to have accepted such substitution and the consequences thereof.

(f) *Entitlement of the Trustee*

In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Trustee shall assume that each holder of a Bearer Note is the holder of all Receipts, Coupons and Talons relating to such Bearer Note and shall have regard to the interests of the holders of such Notes or the Coupons, Receipts or Talons relating thereto as a class and shall not have regard to the consequences of such exercise for any particular Noteholder or Couponholder or holder of any Receipt or Talon and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder or holder of any Receipt or Talon be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual holders of such Notes, Coupons, Receipts or Talons.

14. REPLACEMENT OF NOTES, RECEIPTS, COUPONS AND TALONS

Should any Note (except any Uncertificated Note) or (in the case of any Bearer Note) Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Issuing and Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes), subject to relevant stock exchange requirements and all applicable laws, upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence, security and indemnity and otherwise as the Issuer or (if applicable) the Guarantor may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

In the case of SIS Notes, references in this Condition 14 to the Issuing and Paying Agent shall be deemed to be references to the Principal Swiss Paying Agent.

15. ISSUING AND PAYING AGENT AND PAYING AGENTS

The names of the initial Issuing and Paying Agent, the initial Registrar and the other initial Paying Agent(s) and their initial specified offices are set out below (except with respect to SIS Notes) and the name(s) and specified office(s) of the Calculation Agent(s) are specified in the applicable Final Terms. In addition, the Issuing and Paying Agent may (with the prior written consent of the Issuer, the Guarantor (if applicable) and the Trustee) delegate certain of its functions and duties in relation to Physical Delivery Notes to a settlement agent (the **Settlement Agent**). In relation to SIS Notes, the Issuer will maintain a Principal Swiss Paying Agent (which, in the case of Notes listed on the SIX Swiss Exchange, shall at all times be a bank or securities dealer that is subject to supervision by the Swiss Financial Market Supervisory Authority FINMA) whose duties will be set out in the Swiss Paying Agency Agreement. In relation to SIS Notes, references in these Conditions to the **Issuing and Paying Agent** shall so far as the context permits be deemed to be references to the Principal Swiss Paying Agent.

In relation to EUI Notes, the Issuer will appoint (and in the case of CDIs permanently maintain) an EUI Agent.

The Issuer and the Guarantor, with the prior written approval of the Trustee, are entitled to vary or terminate the appointment of any Paying Agent or Settlement Agent and/or appoint additional or other Paying Agents or Settlement Agents and/or approve any change in the specified office through which any Paying Agent or Settlement Agent acts, provided that (except with respect to Uncertificated Notes):

- (a) so long as the Notes are listed on any stock exchange or admitted to trading or listing by another relevant authority, there will at all times be a Paying Agent (which may be the Issuing and Paying Agent) and a Transfer Agent (which may be the Registrar) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange;
- (b) there will at all times be a Paying Agent (which may be the Issuing and Paying Agent) with a specified office in a city in Europe;
- (c) so long as any Registered Global Notes are registered in the name of a nominee for DTC, there will at all times be an Exchange Agent and a Paying Agent with a specified office in New York City;
- (d) there will at all times be a Paying Agent in a member state of the European Union (a **Member State**) that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive (any such Directive or law, an **EU Savings Directive Tax Law**) to the extent that any Member State does not maintain any obligation to so withhold or deduct pursuant to any EU Savings Directive Tax Law; and
- (e) there will at all times be a Issuing and Paying Agent and a Registrar.

In addition, the Issuer and the Guarantor with the prior written approval of the Trustee shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the second paragraph of Condition 6(e) (*Payments in respect of Registered Notes*). Notice of any variation, termination, appointment or change will be given to the Noteholders promptly by the Issuer in accordance with Condition 19 (*Notices*)

Notwithstanding the foregoing, the Issuer undertakes that it will appoint, in respect of any SIS Notes, a Principal Swiss Paying Agent having a specified office in Switzerland and will at no time maintain a Paying Agent in respect of any SIS Notes having a specified office outside Switzerland.

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer, the Guarantor and, in certain circumstances specified therein, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholder, Receipholder or Couponholder. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent. If in connection with any Series of Notes the Calculation Agent is Societe Generale, its appointment will be governed by the terms of the Calculation Agency Agreement set out in the Appendix (*Form of Calculation Agency Agreement*) to the Agency Agreement. In the event that a Calculation Agent other than Societe Generale is appointed in connection with any Series of Notes, the terms of its appointment will be summarised in the applicable Final Terms.

Notwithstanding the foregoing, the Issuer undertakes, in respect of any SIS Notes, that it will appoint and maintain a Principal Swiss Paying Agent having a specified office in Switzerland (which, in the case of Notes listed on the SIX Swiss Exchange, shall at all times be a bank or securities dealer that is subject to supervision by the Swiss Financial Market Supervisory Authority FINMA), and will at no time maintain a Paying Agent in respect of any CHF SIS Notes having a specified office outside Switzerland.

16. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 10 (*Prescription*). Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

17. FURTHER NOTES, RELATED NOTES AND CONSOLIDATION

The Issuer may from time to time without the consent of the Secured Parties, but subject to Condition 4 (*Restrictions*), create and issue:

- (a) further securities (**Further Notes**) having the same terms and conditions as the Notes in all respects (or in all respects except for their Issue Date, Interest Commencement Date, Issue Price and/or the amount and date of the first payment of interest thereon) and so that the same shall be consolidated, and form a single series with, the outstanding Notes; and/or
- (b) Related Notes,

provided, in each case, that, unless otherwise approved by an Extraordinary Resolution of the holders of the Notes, and an Extraordinary Resolution (as defined under the terms and conditions of such Related Notes) in respect of the holders of each Series of Related Notes (if any) then outstanding under the relevant Compartment immediately prior to the date on which such Further Notes or Related Notes are to be issued, the Compartment Assets Manager acquires, prior to the relevant Acquisition Deadline, additional Compartment Assets (which additional Compartment Assets may consist of new or, to the extent that the existing Compartment Assets comprise one or more agreements, amended, agreements) in order to ensure that the issue of the Further Notes or, as the case may be, Related Notes does not cause a breach of the Liabilities to Assets Ratio Lower Limit or the Liabilities to Assets Ratio Upper Limit, as specified, in each case, in the applicable Final Terms. The provisions of Condition 8(g)(i) shall apply, *mutatis mutandis* and as though such additional Compartment Assets were Replacement Assets, and whether or not such Condition 8(g)(i) is specified in the applicable Final Terms as applicable with respect to the Notes.

In the event that any Series of Related Notes is redeemed other than pursuant to a Note Acceleration (as such expression is defined under the terms and conditions of such Related Notes), the Compartment Assets Manager shall be entitled, notwithstanding any provision to the contrary, to modify the composition or, if appropriate, the terms of the Compartment Assets so as to ensure that such redemption does not cause a breach of the Liabilities to Assets Ratio Lower Limit or the Liabilities to Assets Ratio Upper Limit, as specified, in each case, in the applicable Final Terms and in each case disregarding the value of any Waived Notes. The provisions of Condition 8(g)(i) shall apply to the foregoing paragraph, *mutatis mutandis* and whether or not such Condition 8(g)(i) is specified in the applicable Final Terms as applicable with respect to the Notes.

Any Further Notes or Related Notes shall be constituted and secured by the Trust Deed and the Notes and the Further Notes or, as the case may be, the Related Notes shall be secured by the same Charged Assets. References in these Conditions to “Notes” and “Charged Assets” shall be construed accordingly.

For the avoidance of doubt, (i) a separate and distinct French Pledge will be executed with respect to the Charged Assets relating to any Further Notes and Related Notes with respect to which the applicable Final Terms specify that the security for the Notes is “Charged Assets charged to the Trustee; French law security” and (ii) to the extent required in accordance with relevant applicable laws and regulations, a separate and distinct Additional Security Document(s) will be executed with respect to the Charged Assets relating to any Further Notes and Related Notes with respect to which the applicable

Final Terms specify that the security for the Notes is “Charged Assets charged to the Trustee; additional foreign law security”.

The Issuer may from time to time on any Interest Payment Date occurring on or after the date specified for a redenomination of the Notes pursuant to Condition 1 (*Form, denomination, redenomination and title*), on giving not less than 30 days' prior notice to the Noteholders in accordance with Condition 19 (*Notices*), without the consent of the Secured Parties, consolidate the Notes with one or more issues of other notes issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

The provisions of this Condition 17 shall not apply to Preference Share Linked Notes or Warrant Linked Notes

18. REMOVAL, INDEMNIFICATION AND OBLIGATIONS OF THE TRUSTEE

The Trust Deed contains provisions for the appointment, retirement and removal of the Trustee. The Issuer may remove and appoint a new trustee in respect of the Notes if approved by an Extraordinary Resolution of each of the Noteholders and the holders of each Series of Related Notes. The Issuer shall, as soon as practicable after the appointment of a new trustee, notify the Noteholders of such appointment in accordance with Condition 19 (*Notices*).

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility including for the exercise of any voting rights in respect of the Compartment Assets or for the value, validity, sufficiency and enforceability (which the Trustee has not investigated) of the Security created over the Charged Assets. The Trustee is not obliged to take any action under the Trust Deed, the Notes or otherwise unless indemnified and/or secured to its satisfaction. The Trustee and any affiliate is entitled to enter into business transactions with the Issuer, the Guarantor, any issuer or guarantor (where applicable) of any of the Charged Assets or Supplementary Assets, any party other than the Issuer under a Related Agreement, or any of their subsidiary, holding or associated companies without accounting to the Noteholders for profit resulting therefrom.

The Trustee is exempted from liability with respect to any loss or theft or reduction in value (as appropriate) of the Charged Assets or Supplementary Assets, from any obligation to insure or to procure the insuring of the Charged Assets or Supplementary Assets (or any documents evidencing, constituting or representing the same or transferring any rights or obligations thereunder) and from any claim arising from the fact that the Charged Assets or Supplementary Assets are held in an account with a clearing agent in accordance with that relevant clearing agent's rules or otherwise held in safe custody by the Custodian or any custodian whether or not selected by the Trustee (in each case, if applicable). The Trustee is not responsible for supervising the performance by any other person of their obligations to the Issuer.

For the purposes of this Condition 18, each of the Issuer and, as the case may be, the Guarantor expressly accepts and confirms, for the purposes of articles 1278 and 1281 of the Luxembourg Civil Code, that notwithstanding any assignment, transfer and/or novation permitted under and made in accordance with the provisions of the Trust Deed or any agreement referred to therein to which the Issuer and, as the case may be, the Guarantor are party, any security created or guarantee given under the Trust Deed shall be reserved for the benefit of the new trustee (for itself and for the benefit of each other Secured Party).

19. NOTICES

20. ADJUSTMENTS AND DISRUPTION

In the case of Physical Delivery Notes and Index Linked Notes, the applicable Final Terms and (if applicable) a Supplement to the Base Prospectus will (where applicable) contain provisions relating to adjustments with respect to Underlying Assets, any underlying index or indices, settlement disruption and market disruption (including, without limitation and where necessary, appropriate definitions of **Potential Adjustment Events**, **Settlement Disruption Events** and **Market Disruption Events** and details of the consequences of such events), except that for Physical Delivery Notes or Notes that are

Equity Linked Notes, Fund Linked Notes, Commodity Linked Notes, Credit Linked Notes or Managed Assets Portfolio Linked Notes such adjustments with respect to the underlying, and any settlement disruption or market disruption, shall be subject to the provisions of the Technical Annex, unless otherwise provided in the applicable Final Terms.

The Notes shall not confer any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of a third party which may exist or is available apart from that Act.

22. GOVERNING LAW AND SUBMISSION TO JURISDICTION

The Trust Deed, the Agency Agreement, the Disposal Agency Agreement, the EUI Agency Agreement (if any), the Portfolio Management Deed (if any), the Collateral Management Agreement (if any), the Voting Agency Agreement, the Repurchase Agreement and the Notes, the Receipts and the Coupons and any rights and obligations (including any non-contractual obligations) arising out of or in connection with any of them are shall be governed by, and the Trust Deed, the Agency Agreement, the Disposal Agency Agreement, the Portfolio Management Deed (if any), the Collateral Management Agreement (if any), the Voting Agency Agreement, the Repurchase Agreement and the Notes, the Receipts and the Coupons shall be construed in accordance with, English law.

Each of the Issuer and the Guarantor irrevocably agrees, for the benefit of the Noteholders, the Receiptholders and the Couponholders, that the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Notes, the Receipts and/or the Coupons (including a dispute relating to non-contractual obligations arising out of such Notes, Receipts and/or Coupons) and accordingly submits to the exclusive jurisdiction of the English courts.

Each of the Issuer and the Guarantor waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Noteholders, the Receiptholders and the Couponholders may take any suit, action or proceedings (together referred to as **Proceedings**) arising out of or in connection with the Notes, the Receipts and the Coupons (including Proceedings relating to any non-contractual obligations arising out of or in connection with such Notes, Receipts and/or Coupons) against the Issuer and/or the Guarantor in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

Each of the Issuer and the Guarantor appoints Societe Generale, London Branch (**SGLB**), currently of SG House, 41 Tower Hill, London EC3N 4SG, as its agent for service of process, and undertakes that, in the event of SGLB ceasing so to act or ceasing to be registered in England, it will appoint, subject to the prior written approval of the Trustee, another person as its agent for service of process in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

The Issuer and, where applicable, the Guarantor have (or, as the case may be, shall) in the Trust Deed, the Agency Agreement, the Disposal Agency Agreement, the EUI Agency Agreement (if any), the Portfolio Management Deed (if any), the Collateral Management Agreement (if any), the Repurchase Agreement and the Voting Agency Agreement submitted (or, as the case may be, will submit) to the jurisdiction of the English courts and appointed an agent for service of process in terms substantially similar to those set out above.

The following equity technical annex (the **Equity Technical Annex**) will apply to Final Terms relating to a particular issue of Notes, if such Final Terms state the following:

“The provisions of the Equity Technical Annex apply to these Final Terms and such documents shall be read together. In the event of any inconsistency between the Equity Technical Annex and these Final Terms, these Final Terms shall prevail.”

Terms used in this Equity Technical Annex, unless specifically defined in this Equity Technical Annex, shall have the same meanings as those set out in the Terms and Conditions of the Notes.

PART 1 – DEFINITIONS RELATING TO SHARES, ADR, INDICES, SGI INDICES, DIVIDENDS AND ETF

I. Common definitions and provisions for Shares, ADR, Indices, SGI Indices and Dividends

I.1. General Definitions

Averaging Date means, in respect of a Valuation Date and a Share, an ADR or an Index, each date specified as such in the applicable Final Terms for the purpose of determining an average (or if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day) unless such day is a Disrupted Day in which case it shall be postponed pursuant to the provisions of “*Consequences of Disrupted Days for a Share, an ADR or an Index*” in Part 1 – I.3 below.

Basket means a basket composed of the Shares and/or ADR and/or Indices and/or any other asset (each an Underlying) in the relative proportions or numbers of Shares, ADR, Indices or other asset specified in the applicable Final Terms.

Business Day means a “Business Day” as defined in Condition 5(b)(i) of the Terms and Conditions of the Notes, determined on the basis of the Specified Currency of the relevant Notes.

Closing Price means:

(A) in respect of a Share:

- (a) if such Share is traded on the Tokyo Stock Exchange or the Osaka Securities Exchange, the last traded price of such Share for the day quoted by the Exchange, provided however, that if there is a closing special quote on such Share quoted by the Exchange (*tokubetsu kehaine*), such quote shall be deemed to be the relevant Closing Price;
- (b) if such Share is traded on the Italian Stock Exchange (Borsa Italiana S.p.A.), the *Prezzo di Riferimento*, which means the price as published by the Borsa Italiana S.p.A. at the close of trading and having the meaning ascribed thereto in the Rules of the markets organised and managed by Borsa Italiana S.p.A., as such Rules may be amended by Borsa Italiana S.p.A. from time to time; and
- (c) in any other case, the official closing price of such Share on the relevant Exchange;

(B) in respect of an Index, the official closing level of the Index published and announced by the Index Sponsor; and

(C) in respect of an ADR, the official closing price of such ADR on the relevant Exchange;

in any case as adjusted (if applicable) pursuant to the provisions of Part 2 below.

Company means, in respect of a Share, the issuer of such Share and, in respect of an ADR, the issuer of the Deposited Securities related to such ADR.

Exchange(s) means, in respect of a Share, an ADR or an Index, the corresponding exchange or quotation system specified in the applicable Final Terms, or any successor exchange or quotation system or any substitute

exchange or quotation system to which trading in the Share, ADR or Shares underlying such Index, has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to such Share, ADR or Shares underlying an Index, on such temporary substitute exchange or quotation system as on the original Exchange). In respect of Deposited Securities, **Exchange** means the primary exchange or market of trading of such Deposited Securities.

Fx Rate means, in respect of a date, the currency exchange rate of one currency against another currency, as specified in the applicable Final Terms, quoted by the relevant exchange rate provider on such date, as ascertained by the Calculation Agent on the Reuters page (or any other relevant page of an information provider) specified in the applicable Final Terms. If such Fx Rate cannot be or ceases to be determined, then the Calculation Agent shall select another Reuters page (or any other relevant page of an information provider) or determine in good faith such exchange rate by reference to such sources as it may select in its absolute discretion.

Hedge Counterparty means any party with which the Issuer enters into one or any number of arrangements in order to hedge the Issuer's obligations to make any payment in respect of the Notes and may, for the avoidance of doubt, include Societe Generale and/or one of its affiliates.

Related Exchange(s) means, in respect of a Share, an ADR or an Index (and, if the Underlying is an ADR, the Deposited Securities), each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures and options contracts relating to such Share, ADR, Index or Deposited Securities, any successor exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to a Share, ADR, Index or Deposited Securities, has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating such Share, ADR, Index or Deposited Securities, on such temporary substitute exchange or quotation system as on the original Related Exchange).

Scheduled Closing Time means, in respect of an Exchange or Related Exchange, the scheduled weekday closing time of such Exchange or Related Exchange, without regard to after hours or any other trading outside of the regular trading session hours.

I.2. Definitions and Provisions relating to valuation and Market Disruption Event

Valuation Date means, in respect of a Share, an ADR or an Index, each date specified as such in the applicable Final Terms (or, if such date is not a Scheduled Trading Day for such Share, ADR or Index, the next following Scheduled Trading Day), unless such day is a Disrupted Day in which case it shall be postponed pursuant to the provisions of "*Consequences of Disrupted Days for a Share, an ADR or an Index*" in Part 1 – I.3 below.

Valuation Time means, in respect of a Share, an ADR or an Index, the Scheduled Closing Time, provided however that if the Exchange closes prior to its Scheduled Closing Time, the Valuation Time shall be the actual closing time of the Exchange.

Market Disruption Event means, in respect of a Share or an Index, the occurrence or existence of (a) a Trading Disruption, (b) an Exchange Disruption which, in either case, the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time or (c) an Early Closure. For the purpose hereof:

- (A) **Trading Disruption** means, in respect of a Share or an Index, any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise (a) relating to the Share on the Exchange or, in the case of an Index, on the relevant Exchange(s) relating to securities that comprise 20 per cent or more of the level of the relevant Index or (b) in futures or options contracts relating to the Share or the relevant Index on any relevant Related Exchange;
- (B) **Exchange Disruption** means, in respect of a Share or an Index, any event (other than an Early Closure) that disrupts or impairs (as determined by the Calculation Agent) the ability of market

participants in general to effect transactions in, or obtain market values for (a) the Share on the Exchange, or, in the case of an Index, on any relevant Exchange(s) relating to securities that comprise 20 per cent. or more of the level of the relevant Index or (b) futures or options contracts relating to the Share or the relevant Index on any relevant Related Exchange;

- (C) **Early Closure** means the closure on any Exchange Business Day of (a) (i) in the case of a Share, the relevant Exchange, or (ii) in the case of an Index any relevant Exchange(s) relating to securities that comprise 20 per cent. or more of the level of the relevant Index or (b) any Related Exchange, prior to its Scheduled Closing Time unless such earlier closing is announced by such Exchange or Related Exchange (as the case may be) at least one hour prior to the earlier of (x) the actual closing time for the regular trading session on such Exchange or Related Exchange (as the case may be) on such Exchange Business Day and (y) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the relevant Valuation Time on such Exchange Business Day.

In the event that the Underlying is in the form of an ADR issued pursuant to an ADR Agreement (a) references to **Share** in the definitions of **Market Disruption Event**, **Trading Disruption**, **Exchange Disruption** and **Early Closure** above refer both to the ADR and to the Deposited Securities relating to such ADR and (b) references to Exchange and Related Exchange in these definitions refer to such exchanges as they relate to both the ADR and to the Deposited Securities relating to such ADR. For the avoidance of doubt, a Disrupted Day will be deemed to have occurred with respect to an ADR if a Disrupted Day has occurred with respect to the related Deposited Securities.

I.3. Consequences of Disrupted Days for a Share, an ADR or an Index

If any Valuation Date or Averaging Date specified in the applicable Final Terms (the **Scheduled Valuation Date** and the **Scheduled Averaging Date** respectively), is a Disrupted Day for a Share, an ADR or an Index, the Valuation Date or the Averaging Date (as the case may be) for such Share, ADR or Index shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day in respect of that Share, ADR or Index, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date or the Scheduled Averaging Date is also a Disrupted Day. In that case:

- (A) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date or Averaging Date (as the case may be), for the Share, ADR or Index notwithstanding the fact that such day is a Disrupted Day; and
- (B) the Calculation Agent shall determine (a) in respect of a Share or an ADR, its good faith estimate of the value of the Share or ADR as of the Valuation Time on that eighth Scheduled Trading Day or (b) in respect of an Index, the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value of the relevant security as of the Valuation Time on that eighth Scheduled Trading Day) and the good faith estimate of the value of the Share or ADR or the level of the Index so calculated shall be deemed the Closing Price.

Provided that if the Share, ADR or Index is included in a Basket, the hereabove provisions shall apply only to the Shares, ADR or Indices affected by the occurrence of a Disrupted Day and the Valuation Date or the Averaging Date for each Share, ADR or Index not affected by a Disrupted Day shall be the Scheduled Valuation Date or the Scheduled Averaging Date.

Provided however that:

- (a) if a Scheduled Averaging Date is a Disrupted Day, the Averaging Date shall be postponed pursuant to the provisions above to the first succeeding Scheduled Trading Day that is not a Disrupted Day provided it is not also a Scheduled Averaging Date; if on the eighth Scheduled

Trading Day following the Scheduled Averaging Date a Scheduled Trading Day that is not a Disrupted Day nor another Scheduled Averaging Date has not occurred, then that eighth Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is also a Scheduled Averaging Date), and the Calculation Agent shall make on that day the determinations described in (B) above, and the good faith estimate of the value of the Share or ADR or the level of the Index so calculated shall be deemed the Closing Price;

- (b) notwithstanding the foregoing, in respect of any Notes, a Valuation Date or an Averaging Date (postponed as the case may be pursuant to the provisions above) shall occur not later than the fourth Business Day before the date of any payment to be made in respect of such Notes on the basis of determinations made on such Valuation Date or Averaging Date; if a Valuation Date or an Averaging Date (postponed as the case may be pursuant to the provisions above) would fall after the fourth Business Day prior to the date of any payment to be made in respect of such Notes on the basis of determinations made on such Valuation Date or Averaging Date, then that fourth Business Day shall be deemed the Valuation Date or Averaging Date and the Calculation Agent shall make, on that day the determinations described in (B) above at the latest as of the Valuation Time on such fourth Business Day and the good faith estimate of the value of the Share or ADR or the level of the Index so calculated shall be deemed the Closing Price.

even if the Closing Price of the SGI Index is published by the Index Calculation Agent on the day on which such event(s) occur(s).

Index Rules means the relevant Global Index Methodology as supplemented by the relevant SGI Index rules, both as may be amended, supplemented or superseded from time to time. A summary of the Index Rules applicable to the SGI Index is available either online on the website www.sgindex.com, or if not online, upon written request made to the Index Sponsor.

Index Sponsor means the corporation or other entity (as specified in the applicable Final Terms) that (a) is responsible for setting and reviewing the rules and procedures and the methods of calculation and adjustments, if any, related to the relevant SGI Index and/or (b) announces (directly or through an Index Calculation Agent) the level of the relevant SGI Index on a regular basis.

Market Data means a rate (including an interest rate, a foreign exchange rate or a swap rate), a spread, or any other data specified in the Index Rules.

Market Data Disruption Event means the non-publication of the level of the relevant Market Data.

Market Disruption Event means the occurrence of any of the following events which has a material effect on the Notes as determined by the Calculation Agent: (a) the non-publication of the Closing Price other than as a result of an Index Disruption (as defined in “*Adjustments and Events relating to SGI Indices*”) in Part 2 – III below, or (b) an Index Component Event.

Other Instrument means a warrant, an over-the-counter swap, a future or option, a future or option or other contract traded on a regulated or organised market, an index on the aforementioned regardless of the underlying of such Other Instrument, or any other similar instrument specified in the Index Rules.

Valuation Date means each date specified as such in the applicable Final Terms (or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day), unless such day is a Disrupted Day in which case it shall be postponed pursuant to the provisions of “*Consequences of Disrupted Days for an SGI Index*” in Part 1 – IV.2 below.

Valuation Time means the time on the relevant Valuation Date at which the Closing Price is published by the Index Calculation Agent pursuant to the Index Rules.

IV.2. Consequences of Disrupted Days for an SGI Index

If any Valuation Date or Averaging Date specified in the applicable Final Terms (the **Scheduled Valuation Date** or the **Scheduled Averaging Date**) is a Disrupted Day for an SGI Index, then the Valuation Date or Averaging Date for such SGI Index shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day in respect of that SGI Index, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date or Averaging Date is a Disrupted Day. In that case:

- (A) the eighth Scheduled Trading Day shall be deemed to be the Valuation Date or Averaging Date, notwithstanding the fact that such day is a Disrupted Day; and
- (B) the Calculation Agent shall determine the level of the SGI Index on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating that SGI Index last in effect prior to the occurrence of the first Disrupted Day, notwithstanding the fact that the Index Calculation Agent has published a Closing Price on such date.

Provided that if the SGI Index is included in a Basket, the hereabove provisions shall apply only to the SGI Index affected by the occurrence of a Disrupted Day and the Valuation Date or Averaging Date for each other underlying comprised in the Basket and not affected by a Disrupted Day shall be the Scheduled Valuation Date or the Scheduled Averaging Date,

provided however that:

- (a) if a Scheduled Averaging Date is a Disrupted Day, the Averaging Date shall be postponed pursuant to the provisions above to the first succeeding Scheduled Trading Day that is not a Disrupted Day provided it is not also a Scheduled Averaging Date; if on the eighth Scheduled Trading Day following the Scheduled Averaging Date a Scheduled Trading Day that is not a Disrupted Day nor another Scheduled Averaging Date has not occurred, then that eighth Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is also a Scheduled Averaging Date), and the Calculation Agent shall make on that day the determinations described in (B) above, and the good faith estimate of the level of the SGI Index so calculated shall be deemed the Closing Price;

- (b) notwithstanding the foregoing, in respect of any Notes, a Valuation Date or an Averaging Date (postponed as the case may be pursuant to the provisions above) shall occur not later than the fourth Business Day before the date of any payment to be made in respect of the Notes on the basis of determinations made on such Valuation Date or Averaging Date; if a Valuation Date or an Averaging Date (postponed as the case may be pursuant to the provisions above) would fall after the fourth Business Day prior to the date of any payment to be made in respect of the Notes on the basis of determinations made on such Valuation Date or Averaging Date, then that fourth Business Day shall be deemed the Valuation Date or Averaging Date and the Calculation Agent shall make on that day the determinations described in (B) above at the latest as of the Valuation Time on such fourth Business Day and the good faith estimate of the level of the SGI Index so calculated shall be deemed the Closing Price.

V. Definitions specific to shares or units of ETF

- (B) Part 2 – I “*Adjustments*” and Part 2 – II “*Extraordinary Events relating to any Fund and/or any Fund Unit*” in “*Adjustments, Extraordinary Events, Disruption Events and Maturity Disruption Event specific to Funds*” of the Fund Technical Annex shall apply to an ETF which for all purposes of these provisions shall be deemed to be a Fund.

VI. Definitions specific to Dividends

This section applies to Dividends when they are specified as Underlying(s) in the applicable Final Terms.

Designated Contract means an options or futures contract on the Share traded on the Related Exchange with an expiry date (or the date which would have been the expiry date but for that day being a Disrupted Day or not being a Scheduled Trading Day) that matches the relevant Valuation Date specified in the applicable Final Terms.

Dividend means, in respect of a Share:

- (A) an amount of dividend per Share as declared by the Company, before the withholding or deduction of taxes at source by or on behalf of any applicable authority having power to tax in respect of such a dividend (an **Applicable Authority**), but which shall not take into account:
 - (a) any imputation or other credits, refunds or deductions granted by an Applicable Authority (together, the **Credits**); and
 - (b) any taxes, credits, refunds or benefits imposed, withheld, assessed or levied on the Credits referred to in (a) above; and/or
- (B) an amount per Share being the cash value of any dividend paid in shares (whether or not such dividend comprises shares that are not the ordinary shares of the issuer) declared by the Company (or, if no cash value is declared by the relevant issuer, the cash value of such dividend as determined by the Calculation Agent, calculated by reference to the opening price of such ordinary shares on the Ex-Dividend Date applicable to that dividend), provided that if holders of record of the relevant Share may elect between receiving an amount as defined in (A) above or in this (B), the dividend shall be deemed to be an amount as defined in (A) above,

Provided that this definition shall exclude (a) any dividends in relation to which the Index Sponsor makes an adjustment to the Index when the Share is considered as a component of an Index or (b) any dividends in relation to which the Related Exchange makes an adjustment to the Designated Contract when the Share is considered individually or as part of a basket (however, where the Index Sponsor has adjusted the Index for part of a

dividend or as the case may be the Related Exchange, the provisions above shall apply only to the unadjusted part).

Dividend Period means the period specified as such in the applicable Final Terms.

Ex-Dividend Date means, in respect of a Dividend, the date on which the relevant Share is scheduled to commence trading ex-dividend on the primary exchange or quotation system for such Share, as determined by the Calculation Agent.

Official Index Divisor means the value, calculated by the Index Sponsor, necessary to ensure that the numerical value of the Index remains unchanged after a change in the composition of the Index. The value of the Index after any change in its composition is divided by the Official Index Divisor to ensure that the value of the Index returns to its normalised value.

Official Number means, in respect of a date, an Index and a Share comprising such Index, the number of free-floating shares relating to such Share comprised in the Index, as calculated and published by the Index Sponsor on such date, subject to “*Failure to Publish*” under Part 2 – IV.2 below.

PART 2 – ADJUSTMENTS, EXTRAORDINARY EVENTS, HEDGING DISRUPTION, INCREASED COST OF HEDGING, INSOLVENCY FILING AND CHANGE IN LAW RELATING TO SHARES, ADR, INDICES, SGI INDICES AND DIVIDENDS

I. Adjustments and Extraordinary Events relating to Shares and ADR

I.1. Potential Adjustment Events

Potential Adjustment Event means, in relation to a Share, any of the following:

- (A) a subdivision, consolidation or reclassification of such Share (unless resulting in a Merger Event), including, for the avoidance of doubt, a stock split or reverse stock split, or a free distribution or dividend of any such Shares to existing holders by way of bonus, capitalisation or similar issue;
- (B) a distribution, issue or dividend to existing holders of such Share of (a) such Shares, (b) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Company equally or proportionately with such payments to holders of such Shares, (c) share capital, other securities of another issuer acquired or owned (directly or indirectly) by the Company as a result of a spin-off or other similar transaction, or (d) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price as determined by the Calculation Agent;
- (C) an extraordinary dividend as determined by the Calculation Agent;
- (D) a call by the Company in respect of Shares that are not fully paid;
- (E) a repurchase by the Company or any of its subsidiaries of Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;
- (F) an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of the Company pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value, as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or
- (G) any other event having, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the Shares.

Following the occurrence of any Potential Adjustment Event as defined above, the Calculation Agent will, as soon as reasonably practicable after it becomes aware of such event determine whether such Potential Adjustment

Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will (a) calculate the corresponding adjustment, if any, to be made to the elements relating to the relevant Share used to determine any settlement or payment terms under the Notes and/or any other terms of the Notes as it determines appropriate to preserve the economic equivalent of the obligations of the Issuer under the Notes and (b) determine the effective date of that adjustment. In its determinations of the existence and extent of any dilutive or concentrative effect on the theoretical value of the Shares of any Potential Adjustment Event, and any related adjustments to the terms of the Notes, the Calculation Agent shall take into account any amounts of Local Taxes that would, in the determination of the Calculation Agent, be withheld from or paid or otherwise incurred by an Offshore Investor in connection with such Potential Adjustment Event. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by a Related Exchange to options on the Share traded on such Related Exchange.

In the event that the Underlying is in the form of an ADR, references to **Share** in the definition of “Potential Adjustment Event” above refer to the Deposited Securities underlying such ADR. In addition, an event that has a diluting or concentrative effect on the Deposited Securities will affect the theoretical value of the ADR unless (and to the extent that) the Company or the Depositary, pursuant to its authority (if any) under the ADR Agreement, elects to adjust the number of the Deposited Securities that are represented by each ADR such that the price of the ADR will not be affected by any such event (as determined by the Calculation Agent), in which case the Calculation Agent will make no adjustment. If the Company or the Depositary elects not to adjust the number of Deposited Securities that are represented by an ADR or makes an adjustment that the Calculation Agent determines not to have been adequate, then the Calculation Agent may, in its discretion, make the necessary adjustment to the elements relating to the Underlying used to determine any settlement or payment terms under the Notes and/or any other terms of the Notes as it determines appropriate to preserve the economic equivalent of the obligations of the Issuer under the Notes and determine the effective date of that adjustment. The Depositary may also have the ability pursuant to the ADR Agreement to make adjustments in respect of the ADR for share distributions, rights distributions, cash distributions and distributions other than shares, rights and cash. Upon any such adjustment by the Depositary, the Calculation Agent may, in its discretion, make the necessary adjustments as the Calculation Agent deems appropriate to account for such event.

Definitions applicable to this section:

Local Taxes shall mean taxes, duties, and similar charges imposed by the taxing authority of the country in which the Company has been incorporated or in which the Exchange on which the Share is listed is located.

Offshore Investor shall mean a holder of Shares who is an institutional investor not resident in the country in which the Company has been incorporated or in which the Exchange on which the Share is listed is located (the **Local Jurisdiction**), for the purposes of the tax laws and regulations of the Local Jurisdiction and, for the avoidance of doubt, whose jurisdiction of residence (a) shall be determined by the Calculation Agent and (b) may be the jurisdiction of Societe Generale or one of its affiliates.

I.2. Extraordinary Events

- (A) Upon the occurrence, in the determination of the Calculation Agent, on or prior to the last Valuation Date or the last Averaging Date of the opening of an Offering Period relating to a Merger Event, a De-merger Event, a De-listing Event, an Insolvency, a Nationalisation or a Participation Event, in respect of a Share or an ADR (an **Affected Share** or an **Affected ADR**), then during such Offering Period, the Calculation Agent may decide in good faith to apply Method of Substitution with respect to the Affected Share or Affected ADR.
- (B) If the Calculation Agent decides not to apply Method of Substitution during the Offering Period with respect to the Affected Share or Affected ADR, then:
 - (a) in respect of a Merger Event, from the Merger Date, and/or upon consummation of the Merger Event, until the sixtieth Business Day thereafter, the Calculation Agent, acting in good faith, shall apply either:

- (i) Share-for-Share Merger Event: Alternative Obligation and/or Method of Substitution or Early Redemption;
 - (ii) Share-for-Other Merger Event: Alternative Obligation and/or Method of Substitution or Early Redemption; or
 - (iii) Share-for-Combined Merger Event: Alternative Obligation and/or Method of Substitution or Early Redemption;
 - (b) in the case of a Merger Event affecting two Shares or ADR comprised in a Basket, the Calculation Agent will either:
 - (i) continue with the share or ADR resulting from the Merger Event and, in order to maintain the original number of companies in the Basket, a Substitute Share or Substitute ADR (as applicable) will be selected by the Calculation Agent and included in the Basket; or
 - (ii) substitute both Shares (or ADR) with two Substitute Shares (or ADR) selected as described in the Method of Substitution; or
 - (iii) apply the Early Redemption;
 - (c) in respect of a De-merger Event, from the De-merger Date, and/or upon consummation of the De-merger Event, until the sixtieth Business Day thereafter, the Calculation Agent, acting in good faith, will either:
 - (i) replace the Affected Share or Affected ADR with the shares or ADR of the successor companies; or
 - (ii) substitute one or more share(s) resulting from such De-merger Event pursuant to the Method of Substitution; or
 - (iii) apply the Early Redemption;
- it being understood that, in the case of a Basket, the Calculation Agent shall maintain the initial number of companies in the Basket and that, in the case where the Calculation Agent has elected to substitute the Affected Share or Affected ADR with several shares or ADR resulting from such De-merger Event, such shares or ADR shall be placed in a sub-basket and considered as one component of the Basket;
- (d) in respect of a De-listing Event or a Nationalisation, from the effective date of such event, until the sixtieth Business Day thereafter, the Calculation Agent, acting in good faith, may, but is not obliged to, apply the Method of Substitution or the Early Redemption;
 - (e) in respect of an Insolvency, the Calculation Agent will either:
 - (i) decide that the Affected Share or the Affected ADR will be substituted pursuant to the Method of Substitution; or
 - (ii) decide that the value of the relevant component in the formula used to determine the amount to be paid or whether a condition has occurred, if any, as described in the applicable Final Terms, representing the Affected Share or the Affected ADR will be accounted by the Calculation Agent for its fair market value determined at any time as from the date of occurrence of such Insolvency until the last Valuation Date or the last Averaging Date. The determination of the fair market value shall depend upon the liquidity of the market and the trading conditions relating to the Share or ADR affected at the time of calculation; or
 - (iii) apply the Early Redemption; and

- (f) in respect of a Participation Event from the effective date of such event until the sixtieth Business Day thereafter, the Calculation Agent may, but is not obliged to, select a Substitute Share or Substitute ADR for the Affected Share or the Affected ADR pursuant to the Method of Substitution.
- (C) Notwithstanding anything herein to the contrary, the Calculation Agent shall use its reasonable endeavours at all times to maintain the original number of companies in the Basket as Companies hereunder.

Definitions applicable to this section:

Alternative Obligation means:

- (A) if, in respect of a Share-for-Share Merger Event, the Calculation Agent decides to apply Alternative Obligation, then on or after the relevant Merger Date the New Shares and the issuer of such New Shares (or, in the case of New Shares which are issued in the form of ADR, the issuer of the Deposited Securities related to such ADR) will be deemed the Shares (or ADR, as the case may be) and the Company, respectively, and, if necessary, the Calculation Agent will adjust any relevant terms of the Notes on the basis of the number of New Shares (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable) to which a holder of the relevant number of Shares or ADR immediately prior to the occurrence of the Merger Event would be entitled upon consummation of the Merger Event;
- (B) if, in respect of a Share-for-Other Merger Event, the Calculation Agent decides to apply Alternative Obligation, then on or after the relevant Merger Date, the Calculation Agent will adjust any relevant terms of the Notes on the basis of the amount of Other Consideration (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable) to which a holder of the relevant number of Shares or ADR would be entitled upon consummation of the Merger Event and, if necessary, any relevant terms of the Notes; and
- (C) if, in respect of a Share-for-Combined Merger Event, the Calculation Agent decides to apply Alternative Obligation, then on or after the Merger Date the New Shares and the Other Consideration will be deemed the **Shares** (or **ADR**, as the case may be) and the issuer of the New Shares (or, in the case of New Shares which are issued in the form of ADR, the issuer of the Deposited Securities related to such ADR) will be deemed the Company respectively, and, if necessary, the Calculation Agent will adjust any relevant terms of the Notes on the basis of the number of New Shares and the amount of Other Consideration (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable) to which a holder of the relevant number of Shares or ADR would be entitled upon consummation of the Merger Event.

Combined Consideration means New Shares in combination with Other Consideration.

De-listing Event means, in respect of a Share or an ADR, that such Share or ADR (or Deposited Securities related to such ADR): (a) ceases to be listed, traded or publicly quoted on the relevant Exchange or listing compartment of the relevant Exchange (for any reason other than a Merger Event or a tender offer) and is not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or where the Exchange is within the European Union, in any Member State of the European Union); (b) has its listing, trading or public quotation maintained in inappropriate conditions in the opinion of the Calculation Agent (such conditions to include, without limitation, a lack of liquidity or the disappearance of the relevant futures and/or option contract of the relevant Share); or (c) in respect of an Underlying in the form of an ADR, the Deposited Agreement is terminated.

De-merger Event means, in respect of any Share or ADR, that the Company relevant to such Share or ADR is affected by a de-merger including, without limitation, a spin-off, scission or any operation of a similar nature.

De-merger Date means the date on which a De-merger Event becomes effective.

Early Redemption means that there will be an Early Redemption of the Notes on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes.

Fixing Period means the period subject to a maximum of ten Exchange Business Days, which shall expire no later than 90 Business Days following the Merger Date, the De-merger Date or the effective date of the De-listing Event, Nationalisation, Insolvency or Participation Event) during which:

- (A) the Hedge Counterparty sells the Affected Shares, Affected ADR, the New Shares and/or the Other Consideration, (as the case may be), on the basis of the weighted average of the closing prices of the relevant assets traded by the Hedge Counterparty with regards to the relevant Notes, as observed during such Fixing Period; and
- (B) the proceeds of such sale are re-invested in the Substitute Shares, Substitute ADR and/or New Shares accordingly during the said Fixing Period on the basis of the weighted average of the closing prices of such Substitute Shares, Substitute ADR and/or New Shares traded by the Hedge Counterparty with regards to the relevant Notes, as observed during such Fixing Period.

Insolvency means, in respect of a Company, voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of, or any analogous proceeding affecting, such Company, as determined in good faith by the Calculation Agent.

Merger Date means, in respect of a Share or an ADR, the date upon which holders of the necessary number of the relevant Shares or ADR (other than, in the case of a takeover offer, Shares or ADR owned or controlled by the offeror) to constitute a Merger Event have agreed or have irrevocably become obliged to transfer their Shares.

Merger Event means, in respect of any Share:

- (A) any reclassification or change of such Share (including the change of currency reference of the Share) that results in a transfer of or an irrevocable commitment to transfer all of such Share outstanding to another entity or person;
- (B) any consolidation, amalgamation, merger or binding share exchange of the relevant Company with or into another entity (other than a consolidation, amalgamation or merger in which such Company is the continuing entity and which does not result in a reclassification or change of all of such Shares outstanding);
- (C) other takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of or an irrevocable commitment to transfer all or part of such Shares (other than any of such Shares owned or controlled by the offeror);
- (D) any consolidation, amalgamation, merger or binding share exchange of the relevant Company or its subsidiaries with or into another entity in which such Company is the continuing entity and which does not result in a reclassification or change of all of such Shares outstanding but results in the outstanding Shares (other than Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 per cent. of the outstanding Shares immediately following such event; or
- (E) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of the Company, as determined by the Calculation Agent based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

In the event that the Underlying is in the form of an ADR issued pursuant to an ADR Agreement references to **Share** in this definition refer to the Deposited Securities underlying such ADR.

Method of Substitution means that in the case of a Merger Event, De-merger Event, De-listing Event, Nationalisation, Insolvency or Participation Event (regardless of the consideration to be received), in respect of an Affected Share or an Affected ADR, the Calculation Agent may consider that the Affected Share, the Affected ADR, the New Shares and/or all or part of the Other Consideration (as the case may be) is/are converted into cash and that the proceeds will be reinvested either (a) into a new share or ADR of the same economic sector or into a share or ADR issued by a company of a similar international standing or creditworthiness as the Company related to the Affected Share or Affected ADR (the **Substitute Share** or a **Substitute ADR**, as the case may be) or (b) in the case of Combined Consideration, into New Shares. In the event of Other Consideration to be received in cash, in the future the Calculation Agent may consider that the cash to be received in the future is discounted in order to immediately re-invest the proceeds then procured in accordance with (a) and (b) above.

The sale of the Affected Share, the Affected ADR, the New Shares and/or the Other Consideration shall be deemed to take place during the Fixing Period. The Substitute Share (or the Substitute ADR, as the case may be) and the company issuing such Substituted Share (or, in the case of an ADR, the company issuing the Deposited Securities related to such ADR) will be deemed a **Share** and the **Company** respectively, and the Calculation Agent will adjust any relevant terms of the Notes.

For information purposes, it is understood that in all cases described herein where a Share or ADR is substituted, on any date “t”, with a Substitute Share or Substitute ADR, the value of the relevant component in the formula used to determine the amount to be paid as described in the applicable Final Terms, shall not be affected by the substitution on such date “t” in respect of the Substitute Share or Substitute ADR and would mean the closing price of such Substitute Share or Substitute ADR on the relevant Exchange on the date “t” is weighted by an appropriate linking coefficient so that it is equal to the closing price of the Affected Share or the Affected ADR on such date “t”.

Nationalisation means that all the Shares or all or substantially all of the assets of a Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

New Shares means shares or ADR (whether of the offeror or a third party) that are listed or quoted on a recognised exchange involved in the application of Method of Substitution or Alternative Obligation as determined by the Calculation Agent.

Offering Period means the period from and including the date on which the Merger Event, the De-listing Event, the De-merger Event, the Insolvency, the Nationalisation or the Participation Event is publicly and officially announced to but excluding the Merger Date or the De-merger Date or the effective date of the De-listing Event, the Insolvency, the Nationalisation or the Participation Event.

Other Consideration means cash and/or any securities (other than New Shares) or assets (whether of the offeror or a third party).

Participation Event means that a Company (whose Shares or ADR form part of a Basket) takes a stake exceeding 20 per cent. of another Company whose Shares or ADR (which shall be the Affected Share or Affected ADR in respect of such Participation Event) also form part of the Basket.

Share-for-Combined Merger Event means, in respect of a Merger Event, that the consideration for the relevant Shares or ADR consists of Combined Consideration.

Share-for-Other Merger Event means, in respect of a Merger Event, that the consideration for the relevant Shares or ADR consists solely of Other Consideration.

Share-for-Share Merger Event means, in respect of a Merger Event, that the consideration for the relevant Shares or ADR consists (or, at the option of the holder of such Shares or ADR, may consist) solely of New Shares.

I.3. Stop-Loss Event relating to a Share or an ADR

If on any Exchange Business Day between the initial Valuation Date (excluded) and the last Valuation Date (included), the Closing Price of a Share or ADR is affected by a decrease of 80 per cent. or more of its Closing Price on the initial Valuation Date (the **Affected Share** or **Affected ADR** and the event, the **Stop-Loss Event**), then:

- (A) the Calculation Agent may decide to substitute the Affected Share or Affected ADR by a new share or ADR issued by a company of a similar international standing or creditworthiness as the Company related to the Affected Share or Affected ADR (the **Substitute Share** or **Substitute ADR**, as the case may be) and will adjust any relevant terms of the Notes accordingly; or
- (B) the Calculation Agent may decide to continue with the Affected Share or Affected ADR; or
- (C) if the Calculation Agent has neither selected any Substitute Share or Substitute ADR nor decided to continue with the Affected Share or the Affected ADR, the Issuer may terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Stop-Loss Event, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes.

For information purposes, it is understood that in all cases described herein where a Share or ADR is substituted, on any date “t”, with a Substitute Share or Substitute ADR, the value of the relevant component in the formula used to determine the amount to be paid as described in the applicable Final Terms, shall not be affected by the substitution on such date “t” in respect of the Substitute Share or Substitute ADR and would mean that the closing price of such Substitute Share or Substitute ADR on the relevant Exchange on the date “t” is weighted by an appropriate linking coefficient so that it is equal to the closing price of the Affected Share or the Affected ADR on such date “t”.

I.4. Correction of the Closing Price of a Share

In the event that any price or level published on the Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published and made available to the public by the Exchange after the original publication but no later than four Business Days prior to the Maturity Date (or any payment date(s) determined in the applicable Final Terms), the Calculation Agent will determine the amount that is payable as a result of that correction, and, to the extent necessary, will adjust the terms of the Notes to account for such correction.

II. Adjustments and Events relating to Indices

II.1. Adjustments

- (A) If an Index is:
 - (a) not calculated and announced by the relevant Index Sponsor or the Index Calculation Agent as the case may be, but is calculated and announced by a relevant successor index sponsor (the **Successor Index Sponsor**) or a successor index calculation agent (the **Successor Index Calculation Agent**) acceptable to the Calculation Agent; or
 - (b) replaced by a successor index (the **Successor Index**) using, in the determination of the Calculation Agent, the same or a substantially similar formula for, and method of, calculation as used in the calculation of that Index,

then the Index will be deemed to be the index so calculated and announced by the relevant Successor Sponsor or Successor Calculation Agent or that Successor Index (as the case may be).
- (B) If, in the determination of the Calculation Agent:
 - (a) on or prior to a Valuation Date or an Averaging Date, the relevant Index Sponsor (or if applicable the Successor Sponsor) makes a material change in the formula for, or the method

of calculating, that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent securities and capitalisation and other routine events);

- (b) on or prior to any Valuation Date or Averaging Date, the relevant Index Sponsor (or, if applicable, the relevant Successor Sponsor) or the Index Calculation Agent (or the Successor Index Calculation Agent) as the case may be, fails to calculate and publish the level of the Index and such failure is likely to have a material impact on any hedging transactions entered into by the Hedge Counterparty in connection with the Notes; or
- (c) the Index Sponsor (or, if applicable, the Successor Sponsor) permanently cancels the Index and no Successor Index exists,

then the Calculation Agent shall either:

- (x) calculate the relevant formula used to determine an amount to be paid or whether a condition has occurred, if any, as described in the applicable Final Terms using, in lieu of a published level for the Index, the level of that Index as at the Valuation Time on the relevant Valuation Date or Averaging Date, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to that change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that change, failure or cancellation (other than those securities that have since ceased to be listed on any relevant Exchange); or
- (y) replace the Index by a new index, provided that such index is (a) representative of the same economic or geographic sector (as the case may be) and (b) to the extent possible, representative of shares listed on one or more Exchanges of one or more member countries of the Organisation for Economic Co-operation and Development (such countries, **OECD countries**).

If the Calculation Agent has not elected not to calculate the relevant formula in (x) and if in (y) no index meeting the criteria (a) and (b) can be selected by the Calculation Agent, then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of any of the events described in (B.a), (B.b) or (B.c) above, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes.

- (C) If an Index merges with another index or if an Index which forms part of the Basket merges with another index which does not form part of the Basket (the **Event**), the Calculation Agent will either:
 - (a) continue using the index resulting from the merger; or
 - (b) replace the Index with another index (the **New Index**); as long as the New Index is (i) representative of the same economic or geographic sector (as the case may be) and (ii) to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries.

If the Calculation Agent has elected not to follow option (a) and if in (b) no index meeting the criteria (i) and (ii) can be selected by the Calculation Agent, then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Event described in (C) above, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes.

- (D) In the case of a merger affecting two Indices comprised in a Basket (the **Event**), the Calculation Agent will either:
 - (a) continue using the index resulting from the merger and, in order to maintain the same number of indices within the Basket, the Calculation Agent will select a further index (a **New Index**) to

be included in the Basket, as long as such New Index is (i) representative of the same economic or geographic sector (as the case may be) and (ii) to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries; or

- (b) replace both Indices with two other indices (each a **New Index**); as long as each New Index is (i) representative of the same economic or geographic sector (as the case may be) and (ii) to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries.

If the Calculation Agent has elected not to follow option (a) and if in (b) no index meeting the criteria (i) and (ii) can be selected by the Calculation Agent, then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Event described in (D) above, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes.

- (E) If an Index is split into two or more new indices (the **Event**), the Calculation Agent will either:

- (a) use the indices resulting from the split to determine an index equivalent to the one existing prior to the split (provided that the indices resulting from the split will be deemed to form together the **New Index**); or
- (b) replace the split Index with a new index (a **New Index**) as long as such New Index is (i) representative of the same economic or geographic sector (as the case may be), and (ii) to the extent possible representative of shares listed on one or more Exchanges of one or more OECD countries.

If the Calculation Agent has elected not to follow option (a) and if in (b) no index meeting the criteria (i) and (ii) can be selected by the Calculation Agent, then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Event described in (E) above, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes.

- (F) In the case of a Basket of Indices, in the event that shares forming part of one Index comprising the Basket represent at least 20 per cent. of the capitalisation of another Index forming part of the Basket (the **Affected Index**) (the **Event**), the Calculation Agent may, but is not obliged to, replace such Affected Index with a new index as long as such new index is (a) representative of the same economic or geographic sector (as the case may be) and (b) to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries. If the Calculation Agent would replace such Affected Index with a New Index but is unable to identify an index meeting the criteria in (a) and (b), then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Event, described in this (F), an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes.

- (G) In the event that an Index ceases to be the underlying of a futures and/or option contract (as the case may be) (the **Event**), the Calculation Agent may, but is not obliged to, replace such Index with a new index as long as such new index is (a) representative of the same economic or geographic sector (as the case may be) and (b) to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries. If the Calculation Agent would replace such Affected Index with a New Index but is unable to identify an index meeting the criteria in (a) and (b), then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Event described in this (G), an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes.

II.2. Stop-Loss Event relating to an Index

If on any Exchange Business Day after the initial Valuation Date (excluded) and before the last Valuation Date (included), the Closing Price of an Index is affected by a decrease of 80 per cent. or more of its Closing Price on the initial Valuation Date (the **Affected Index** and the event, the **Stop-Loss Event**), then:

- (A) the Calculation Agent may decide to substitute the Affected Index by a new index representative of the same economic or geographic sector (as the case may be), and to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries (the **Substitute Index**) and will adjust any relevant terms of the Notes accordingly; or
- (B) the Calculation Agent may decide to continue with the Affected Index; or
- (C) if the Calculation Agent has neither selected any Substitute Index nor decided to continue with the Affected Index, the Issuer may terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Stop-Loss Event, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes.

II.3. Correction of the Closing Price of an Index

In the event that any price or level published on the Exchange or by the Index Sponsor and which is used for any calculation or determination made under the Notes is subsequently corrected and the correction is published and made available to the public by the Exchange or the Index Sponsor after the original publication but no later than four Business Days prior to the Maturity Date (or any payment date(s) determined in the applicable Final Terms), the Calculation Agent will determine the amount that is payable as a result of that correction, and, to the extent necessary, will adjust the terms of the Notes to account for such correction.

III. Adjustments and Events relating to SGI Indices

III.1. Adjustments

- (A) If on any Scheduled Trading Day, an SGI Index is:
 - (a) not published by the relevant Index Calculation Agent, but is published by a successor index calculation agent (the **Successor Index Calculation Agent**), acceptable to the Calculation Agent; or
 - (b) replaced by a Similar Index,

then in each case that index published by the Successor Index Calculation Agent or Similar Index will be deemed to be the SGI Index so calculated and announced.
- (B) If, in the determination of the Calculation Agent:
 - (a) on or prior to any Valuation Date or Averaging Date, the relevant Index Sponsor and/or Index Calculation Agent announce(s) that it/they will make a material change in the formula for or the method of calculating that SGI Index or in any other way materially modifies that SGI Index (other than a modification prescribed in that formula or method to maintain that SGI Index in the event of changes in Index Components and other routine events) (an **Index Modification**); or
 - (b) the Index Sponsor permanently cancels the SGI Index and no Similar Index exists or the agreement between the Index Calculation Agent and the Index Sponsor is terminated (an **Index Cancellation**); or
 - (c) on any Valuation Date or Averaging Date, the Index Calculation Agent fails to publish the Closing Price of the SGI Index other than as a result of the occurrence of a Market Disruption

Event (an **Index Disruption** and together with an Index Modification and an Index Cancellation, each an **Index Adjustment Event**),

then the Calculation Agent shall either:

- (w) calculate the relevant formula used to determine an amount to be paid or whether a condition has occurred, if any, as described in the applicable Final Terms using, in lieu of a published level for the SGI Index, the level of that SGI Index on the relevant Valuation Date or Averaging Date as determined by the Calculation Agent in accordance with the formula for and method of calculating that SGI Index last in effect prior to that Index Adjustment Event, but using only those Index Components that comprised the SGI Index immediately prior to that Index Adjustment Event (other than those Index Components that have since then ceased to be listed on any relevant Exchange), and adjust, as the case may be, any of the relevant terms of the Notes; or
- (x) replace the SGI Index by a Similar Index; or
- (y) consider such Index Adjustment Event as an event triggering an early redemption of the Notes (hereafter an **Early Redemption Event**). In the case where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and pay to each Noteholder as soon as possible after the occurrence of any of the events described in (B.a), (B.c) or (B.c) above, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes; or
- (z) apply the Monetisation to the Maturity Date (as defined below).

III.2. Stop-Loss Event relating to a SGI Index

If, on any Exchange Business Day after the initial Valuation Date (excluded) and before the last Valuation Date (included), the Closing Price of an SGI Index is affected by a decrease of 80 per cent. or more of its Closing Price on the initial Valuation Date (the **Affected SGI Index** and the event, the **Stop-Loss Event**), then the Calculation Agent may decide to:

- (A) substitute the Affected SGI Index by a Similar Index and will adjust any relevant terms of the Notes accordingly; or
- (B) continue with the Affected SGI Index; or
- (C) consider such event as an event triggering an early redemption of the Notes (hereafter an **Early Redemption Event**). In the case where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Stop-Loss Event, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes; or
- (D) continue the Notes according to their terms.

III.3. Correction of the Closing Price of an SGI Index

In the event that any price or level published by the Index Calculation Agent and which is used for any calculation or determination made under the Notes is subsequently corrected and the correction is published and made available to the public by the Index Calculation Agent after the original publication but no later than four Business Days prior to the Maturity Date (or any payment date(s) determined in the applicable Final Terms), the Calculation Agent will determine the amount that is payable as a result of that correction, and, to the extent necessary, will adjust the terms of the Notes to account for such correction.

III.4. Monetisation to the Maturity Date

In respect of the Final Redemption Amount the Issuer shall no longer be liable for the payment on the Maturity Date of the Final Redemption Amount as defined in the Final Terms, but instead will, in full and final satisfaction of its obligations:

- (A) in respect of the redemption of Notes whose Final Redemption Amount as defined in the Final Terms could be as low as zero, pay on the Maturity Date an amount per Note, determined by the Calculation Agent, based on (a) the net positive cash amount that the Hedge Counterparty would be left with on the Full Liquidation Date, as a result of liquidating the Hedge Positions (*inter alia* by meeting liabilities of the Hedge Positions, if any, with the liquidation proceeds of the assets of the Hedge Positions) minus (b) the Associated Costs (the result of which, converted if necessary in the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method together with (c) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the fourth Business Day preceding the Maturity Date (excluded); for the avoidance of doubt, the liquidation proceeds of any assets held by the Hedge Counterparty as Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by the Hedge Counterparty under its Hedge Positions and the Calculation Amount mentioned above can be as low as zero; or
- (B) in respect of the redemption of Notes whose Final Redemption Amount as defined in the Final Terms will in all circumstances be a positive amount (the **Minimum Redemption Amount**), pay on the Maturity Date an amount per Note, determined by the Calculation Agent, equal to the sum of (a) the Minimum Redemption Amount and (b) an amount, equal to the positive difference, if any, between (i)(1) the net positive cash amount that the Hedge Counterparty would be left with on the Full Liquidation Date, as a result of liquidating the Hedge Positions (*inter alia* by meeting liabilities of the Hedge Positions, if any, with the liquidation proceeds of the assets of the Hedge Positions) minus (2) the Associated Costs (the result of which, converted if necessary in the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method) together with (3) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the fourth Business Day preceding the Maturity Date (excluded), and (ii) an amount equal to the Minimum Redemption Amount; for the avoidance of doubt, the liquidation proceeds of any assets held by the Hedge Counterparty as Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by the Hedge Counterparty under its Hedge Positions and the Calculation Amount mentioned above can be as low as zero.

Definitions applicable to this section:

Associated Costs means an amount determined by the Calculation Agent in its reasonable discretion equal to the sum of (without duplication) all costs (including, without limitation, cost of funding), losses, expenses, tax and duties incurred by the Hedge Counterparty in connection with the termination, liquidation or re-establishment of the Hedge Positions, such amount to be apportioned *pro rata* amongst the Specified Denomination of each outstanding Note.

Compounding Method means, when interest is specified herein as accruing pursuant to the Compounding Method, that the amount of interest shall be equal to the sum of the Compounding Period Amounts for each Compounding Period in the related Calculation Period,

where:

Adjusted Calculation Amount means (i) in respect of the first Compounding Period of a Calculation Period, the Calculation Amount for that Calculation Period and (ii) in respect of any succeeding

Compounding Period in that Calculation Period, an amount equal to the sum of the Calculation Amount for that Calculation Period and the Compounding Period Amounts for each of the previous Compounding Periods in that Calculation Period;

Compounding Date means, in respect of a Calculation Period, each Business Day (being a Business Day in Paris) of such Calculation Period;

Compounding Period means, in respect of a Calculation Period, each period from and including a Compounding Date to but excluding the immediately following Compounding Date during that Calculation Period;

Compounding Period Amount means, in respect of a Compounding Period, the product of (i) the Adjusted Calculation Amount, (ii) the Compounding Rate and (iii) the Day Count Fraction;

Compounding Rate means, in respect of a Compounding Period Amount, the interbank overnight rate in the Specified Currency as determined by the Calculation Agent on the first day of the relevant Compounding Period; the specific Compounding Rate used in respect of a Specified Currency shall be available at the office of the Calculation Agent from the first day of a Calculation Period; and

Day Count Fraction means, for the purposes of Compounding Method above, the exact number of days in a Compounding Period (the first included and the last excluded), divided by 360.

Full Liquidation Date means, in respect of the Maturity Date, the date on which the liquidation proceeds of the Hedge Positions (including *inter alia* by meeting the liabilities of such Hedge Positions, if any, with the liquidation proceeds of the assets of such Hedge Positions) are deemed, as determined by the Calculation Agent, to be fully received by the Hedge Counterparty.

Hedge Positions means any purchase, sale, entry into or maintenance, by the Hedge Counterparty, of one or more (i) positions or contracts in securities, options, futures, derivatives, interest rate transactions or foreign exchange transactions, (ii) securities lending/borrowing transactions, (iii) any cash deposits or cash borrowings and/or (iv) other instruments, arrangements, assets or liabilities howsoever described in order to hedge individually or on a portfolio basis the part of the Issuer's obligations under one Note linked to or indexed to the relevant Index due on the Maturity Date.

Relevant Spot Exchange Rate means in respect of a date and an amount to be converted in the Specified Currency, the rate of exchange of the currency in which such amount is denominated into the Specified Currency as determined by the Calculation Agent used to convert such amount on such date into the Specified Currency.

IV. Adjustments and Events relating to Dividends

IV.1. Adjustments

Adjustments in relation to an Index the components of which are used to determine the amounts due under Notes indexed on Dividends

If an event occurs affecting the Index the components of which are used to determine the amounts due under Notes indexed on Dividends (the **Event**), which in the determination of the Calculation Agent has a material effect on the amounts due under the Notes, then the Calculation Agent shall either:

- (A) adjust any terms of the Notes it determines appropriate, in order to take into account the economic effect on the Notes of such event; or
- (B) replace the Index by a new index, provided that such index is (a) representative of the same economic or geographic sector (as the case may be) and (b) to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries; or
- (C) consider such event as an Event triggering an early redemption of the Notes and then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the

occurrence of the Event, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes.

Adjustments in relation to a Share the dividend of which is used to determine the amounts due under Notes indexed on Dividends

If an Extraordinary Event (as defined in Part 2 - I.2 above) occurs affecting the Share (the **Affected Share**) the dividend of which is used to determine the amounts due under Notes indexed on Dividends, then the Calculation Agent shall either:

- (A) adjust any terms of the Notes, it determines appropriate, in order to take into account the economic effect on the Notes of such event; or
- (B) replace the Affected Share by the resulting share or by a new share issued by a company of a similar international standing or creditworthiness as the Company related to the Affected Share; or
- (C) apply Early Redemption as defined in Part 2 - I.2 above on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes.

If a Potential Adjustment Event (as defined in Part 2 - I.1 above) occurs affecting the Share (the **Affected Share**) the dividend of which is used to determine the amounts due under Notes indexed on Dividends, then the Calculation Agent will, subject to the provisions of the last paragraph of the definition "Dividend" in Part 1 – VI above, adjust any terms of the Notes, it determines appropriate, in order to take into account the economic effect on the Notes of such event.

IV.2. Extraordinary Events

Failure to Publish

If during the Dividend Period, the Index Sponsor fails (for whatever reason including, without limitation, the occurrence of a Market Disruption Event as defined in "*Common definitions and provisions for Shares, ADR, Indices and Dividends*" in Part 1 – I above) to calculate and publish the number of free-float shares in respect of any Share or the Official Index Divisor, then the Calculation Agent shall determine the number of free-float shares in respect of such Share or the Official Index Divisor (as the case may be).

In making any such determination, the Calculation Agent may (but shall not be obliged to) make reference to the formula for and method of calculating the number of free-float shares or the Official Index Divisor (as the case may be) last in effect prior to the failure by the Index Sponsor to make the relevant calculation or publication.

Dividend Recovery

If (a) the amount actually paid or delivered by an issuer to holders of record of the relevant Share in respect of any Dividend declared by such issuer (a **Declared Dividend**) to holders of record of such Share is not equal to such Declared Dividend (a **Dividend Mismatch Event**); or (b) such issuer fails to make any payment or delivery in respect of such Declared Dividend by the third Business Day following the relevant due date, then the Calculation Agent may (but shall not be obliged to) determine any appropriate adjustment to be made to account for such correction or subsequent publication, together with interest, on any amount subsequently due under the Notes.

IV.3. Corrections

In the event that an Official Index Divisor or number of free floating shares calculated and published by the Index Sponsor (or determined by the Calculation Agent pursuant to the provisions above relating to "*Failure to Publish*" in Part 2 – IV.2 above) and utilised for any calculation or determination made in respect of the Notes is subsequently corrected (or, where there has been a Failure to Publish, published by the Index Sponsor) and the correction is published (or, where there has been a Failure to Publish, publication is made) by the Index Sponsor within five Scheduled Trading Days (as defined in the "*Definitions specific to Indices*" in Part 1 – III above) after the original publication, the Calculation Agent will adjust the Dividend, as

required, to take into account such correction, provided that such correction or subsequent publication occurs no later than four Business Days prior to the Maturity Date (or any payment date(s) determined in the applicable Final Terms).

V. Hedging Disruption, Increased Cost of Hedging, Insolvency Filing and consequences – Change in Law and consequences

V.1. Hedging Disruption, Increased Cost of Hedging and Insolvency Filing

Hedging Disruption means, in respect of Notes that have one or more Share(s), Index(ices), SGI Index(ices), ADR(s), Dividend(s) as Underlying(s), that the Hedge Counterparty is unable, after using commercially reasonable efforts, to either (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk (or any other relevant price risk including, but not limited to, the currency risk) of the Issuer performing its obligations with respect to the Notes or any agreement entered into with the Hedge Counterparty by the Issuer of the Notes or (b) freely realise, recover, receive, repatriate, remit or transfer the proceeds of Hedge Positions as the case may be between accounts within the jurisdiction of the Hedge Positions (the **Affected Jurisdiction** or from accounts within the Affected Jurisdiction to accounts outside of the Affected Jurisdiction).

Increased Cost of Hedging means, in respect of Notes that have one or more Share(s), Index(ices), SGI Index(ices), ADR(s) and/or Dividend(s) as Underlying(s), that the Hedge Counterparty would incur a materially increased (as compared with circumstances existing on the date(s) on which the Hedge Counterparty enters into the Hedge Positions in respect of the Securities) amount of tax, duty, expense or fee (other than brokerage commissions) to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk of entering into and performing its obligations with respect to the Notes or (b) freely realize, recover or remit the proceeds of its Hedge Positions.

Insolvency Filing means, in respect of Notes that have one or more Share(s), ADR(s) or Dividend(s) as Underlying(s) that the Company institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Company shall not be deemed an Insolvency Filing.

In case of the occurrence of a Hedging Disruption or an Increased Cost of Hedging relating to a Share, an Index, an SGI Index, an ADR or Dividend(s) or of the occurrence of an Insolvency Filing relating to a Share, an ADR or Dividend(s) (the **Affected Underlying**), the Calculation Agent may:

- (A) consider such event as an event triggering an early redemption of the Notes (hereafter, an **Early Redemption Event**). In that case where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and shall pay or cause to be paid an Early Redemption Amount on the basis of the Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes; or
- (B) replace the Affected Underlying by a new underlying which is representative of the same economic or geographic sector and which, in the case of an SGI Index, will be a Similar Index; or
- (C) apply the Monetisation to the Maturity Date (as defined above).

For the purpose of this provision:

Hedge Positions means any purchase, sale, entry into or maintenance of one or more (a) positions or contracts in securities, options, futures, derivatives or foreign exchange, (b) stock loan transactions or (c) other instruments or arrangements (howsoever described) by the Hedge Counterparty, in order to hedge, individually or on a portfolio basis, the Issuer's obligations in respect of the Notes.

V.2. Change in Law

Change in Law means, in respect of Notes that have one or more Share(s), Index(ices), SGI Index(ices), ADR(s), or Dividend(s) as Underlying(s) that, on or after the trade date of any Swap Agreement (i) due to the adoption of any change in any applicable law or regulation (including, without limitation, any law or regulation in respect of tax, solvency or capital requirements) or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority) or the combined effect thereof if occurring more than once, the Calculation Agent determines in good faith that it has become illegal for the Issuer, the Hedge Counterparty to hold, acquire or dispose of Hedge Positions (as defined in Part 2 – V.1 above) or to maintain any agreement entered into with the Hedge Counterparty by the Issuer of the Notes, relating to the Underlying of the Notes (the **Affected Underlying**).

Upon the occurrence, in the determination of the Calculation Agent, on or prior to the last Valuation Date or the last Averaging Date of a Change in Law, then the Calculation Agent will decide with regard to the Affected Underlying in respect of such Change in Law, either to:

- (A) consider such event as an event triggering an early redemption of the Notes (hereafter, an **Early Redemption Event**). In that case where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and shall pay or cause to be paid an Early Redemption Amount on the basis of the Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes; or
- (B) replace the Affected Underlying by a new underlying which is representative of the same economic or geographic sector and which, in the case of an SGI Index, will be a Similar Index; or
- (C) apply the Monetisation to the Maturity Date (as defined above).

PART 3 – CALCULATIONS – PHYSICAL DELIVERY

I. Calculations – Calculation Agent

- (A) Unless otherwise specified in the applicable Final Terms, and in respect of Notes to which this Equity Technical Annex applies, the Calculation Agent responsible for calculating the Rate of Interest and/or the Final Redemption Amount and/or interest payable and/or the Physical Delivery Amount and/or the Early Redemption Amount shall be Societe Generale of 17, cours Valmy, 92987 Paris La Défense Cedex, France. The calculations and determinations of the Calculation Agent will be conclusive and binding upon the Issuer, the Guarantor, the Agent and the Noteholders, in the absence of manifest error or proven error.
- (B) Following the occurrence of an event giving rise to an Adjustment which is substantial in the opinion of the Calculation Agent or of an Extraordinary Event affecting an Underlying, the Calculation Agent shall notify the Issuer, which shall in its turn notify the Issuing and Paying Agent and the Noteholders pursuant to the provisions of Condition 19 (*Notices*) of the Terms and Conditions of the Notes of the relevant adjustment made or decision taken by the Calculation Agent. Details of such adjustment made or decision taken can be obtained by the Noteholders upon request at the Calculation Agent's specified address.

II. Physical Delivery Notes

- (A) Unless otherwise specified in the applicable Final Terms, the Underlying used to determine the Physical Delivery Amount will be the Underlying(s) specified in the applicable Final Terms.
- (B) When the settlement of a Physical Delivery Note is by way of physical delivery, the delivery will be made through Clearstream, Luxembourg or Euroclear or other relevant clearance institution (a **Clearing System**). The Asset Transfer Notice will be delivered using the transfer procedures currently utilised by the relevant Clearing System. A Noteholder's entitlement to any Physical Delivery Amount will be

evidenced by the Noteholder's account balance appearing on the records of the relevant Clearing System.

(C) Additional terms applicable to the settlement of the Physical Delivery Amount:

- (a) The Physical Delivery Amount will be determined subject to the provisions in Part 1 and Part 2 (above) of this Equity Technical Annex, relating to Adjustments and Market Disruption Event. If, as a result of an adjustment or otherwise, the number of Underlyings to be delivered is not a whole number, any fraction thereof will be payable in cash, on the basis of the value of such Underlying, converted, as the case may be, into the Specified Currency at the current exchange rate.
- (b) In addition, if a Settlement Disruption Event does prevent delivery of the Physical Delivery Amount on the Maturity Date, then, such delivery shall occur on the first succeeding day on which delivery of the Physical Delivery Amount can take place through the relevant Clearing System (the **Settlement Date**) unless a Settlement Disruption Event prevents delivery for a period of 20 Clearing System Days immediately following the original date that would have been the Settlement Date (the **Delivery Period**). In that latter case, the Issuer shall, in lieu of delivering the Physical Delivery Amount, pay, in respect of each Note, the fair market value of the number of Underlying(s) to be delivered (the **Fair Market Value**) converted into the Specified Currency at the current exchange rate, if applicable. The Fair Market Value will be determined by the Calculation Agent on the basis of the market conditions on the first Business Day following the Delivery Period.
- (c) If a dividend is paid in respect of the Underlying from and including the Valuation Date to and, as the case may be, (a) excluding the Delivery Date or (b) including, in the event of a Settlement Disruption Event, the date on which the Fair Market Value is calculated, then, the net dividend amount relating to the number of Underlying(s) to be delivered per Note (excluding any related tax credit) converted into the Specified Currency at the current exchange rate, if applicable, will be paid in cash to the Noteholders as soon as practicable, unless otherwise specified in the applicable Final Terms.
- (d) All stamp duties, or other similar taxes and/or duties, in respect of physical delivery of Underlyings shall be borne by the Noteholders.

(D) As used in this paragraph:

Clearing System Day means, in respect of a Clearing System, any day on which such Clearing System is open for the acceptance and execution of settlement instructions.

Delivery Date means, as the case may be, (a) the Maturity Date or (b) in the event of a Settlement Disruption Event, the Settlement Date (as defined above).

Settlement Disruption Event means any event beyond the control of the Issuer as a result of which the relevant Clearing System cannot clear the transfer of the Physical Delivery Amount.

(B) COMMODITIES TECHNICAL ANNEX

The following commodities technical annex (the **Commodities Technical Annex**) will apply to Final Terms relating to a particular issue of Notes, if such Final Terms state the following:

“The provisions of the Commodities Technical Annex apply to these Final Terms and such documents shall be read together. In the event of any inconsistency between the Commodities Technical Annex and these Final Terms, these Final Terms shall prevail.”

Terms used in this Commodities Technical Annex, unless specifically defined in this Commodities Technical Annex, shall have the same meanings as those set out in the Terms and Conditions of the Notes.

PART 1 – DEFINITIONS

I. Commodity Reference Prices

Commodity Reference Price means any of (a) the prices specified for the relevant Commodity below, (b) the Closing Price for the relevant Index specified in the applicable Final Terms or (c) any other price specified in the applicable Final Terms:

- B. If a Barrier Date is not a Common Commodity Business Day, then such Barrier Date shall be postponed to the next day which is a Common Commodity Business Day, subject to determination deadline provisions in C below.
- C. Notwithstanding the foregoing, a Valuation Date or a Barrier Date shall occur not later than the fourth Business Day prior to the date of any payment to be made on the basis of determinations made for such Valuation Date or Barrier Date, as the case may be. Such fourth Business Day shall be deemed to be the Valuation Date or Barrier Date, as relevant, and the Calculation Agent shall determine in good faith the fair market value of the Commodity or Commodities for which that fourth Business Day is not a Commodity Business Day.

II. Consequences of Market Disruption Events

- A. If a Market Disruption Event occurs or is continuing with respect to a Commodity Reference Price on a Valuation Date, then the price of such Commodity with respect to such Valuation Date will be determined in accordance with (a), (b) or (c) below:
 - (a) the Commodity Reference Price for such Valuation Date published by the relevant Exchange on the next Commodity Business Day on which there is no Market Disruption Event (the **Determination Day**), provided that such Determination Day shall fall within a period of five Observation Business Days from and including such Valuation Date.

This Part 2-II shall not apply to a Barrier Date.

III. Consequences of Extraordinary Events affecting the Commodities or Commodity Reference Prices

If, in the determination of the Calculation Agent:

- A. the relevant Commodity Reference Price disappears or permanently discontinues or otherwise becomes unavailable; or
- B. at any time following the first Valuation Date, a material change in the formula or the calculation method for the relevant Commodity Reference Price occurs; or
- C. at any time following the first Valuation Date, a material change in the content, the composition or the constitution of the relevant Commodity occurs,

then the Calculation Agent will be entitled to either:

- Y. determine in good faith the fair market value of the relevant Commodity for the relevant Valuation Date or Barrier Date; or
- Z. replace, to the extent possible, the affected Commodity Reference Price with a similar price.

If the Calculation Agent does not make a determination in accordance with Y above and if in the determination of the Calculation Agent, no price meets the criteria to be an appropriate replacement price in accordance with Z above, then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the event giving rise to the relevant adjustment, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes.

IV. Consequences of adjustment events affecting the Commodity Reference Price

If a Commodity Reference Price made public on the relevant Price Source's page and utilised in any calculation or determination made under the Notes is subsequently corrected and the correction is made available to the public on the relevant Price Source's page after the original publication but no later than four Commodity Business Days or Index Business Days, as applicable, prior to the Maturity Date or any payment date(s) (as set out in the applicable Final Terms), the Calculation Agent will determine in its sole discretion whether adjustments to the terms of the Notes are necessary to account for such correction. Any adjustment resulting from such correction shall be made in the Calculation Agent's sole discretion.

PART 3 - PROVISIONS APPLICABLE TO INDICES ON COMMODITIES

I. Index Business Day Adjustment

- A. If a Valuation Date is not an Index Business Day with respect to an Index, then the Valuation Date for such Index shall be postponed to the next day which is an Index Business Day with respect to such Index, subject to valuation deadline provisions in C below.
- B. If a Barrier Date is not a Common Index Business Day, then such Barrier Date shall be postponed to the next day which is a Common Index Business Day, subject to determination deadline provisions in C below.
- C. Notwithstanding the foregoing, a Valuation Date or a Barrier Date shall occur not later than the fourth Business Day prior to the date of any payment to be made on the basis of determinations made for such Valuation Date or Barrier Date; as the case may be. Such fourth Business Day shall be deemed to be the Valuation Date or Barrier Date, as relevant, and the Calculation Agent shall determine in good faith

the fair market level of the Index or Indices for which that fourth Business Day is not an Index Business Day.

II. Consequences of Index Disruption Events

A. If a Valuation Date specified in the Final Terms is subject to an Index Disruption Event for an Index and any Underlying Index, as applicable, the level of such Index or Underlying Index shall be determined by the Calculation Agent in good faith in accordance with the formula and calculation method for that Index and Underlying Index, as applicable, last in effect prior to the occurrence of the first Index Disruption Event (subject to determination deadline provisions in B below), using:

- (a) with respect to each commodity comprised in the Index or any Underlying Index for which no Relevant Futures Contract is affected by an Index Disruption Event, its settlement price as determined and made public by the relevant Exchange for the Valuation Date; and
- (b) with respect to each commodity comprised in the Index or any Underlying Index for which one or more Relevant Futures Contract is affected by an Index Disruption Event:
 - (i) the settlement price of Relevant Futures Contracts related to such commodity as determined and made public by the relevant Exchange on the Valuation Date or retrospectively within five Observation Business Days from and including the relevant Valuation Date;
 - (ii) if the settlement price is not determined as per (i) above or is a Limit Price, the settlement price of all Relevant Futures Contract related to such commodity published by the relevant Exchange for the next Commodity Business Day with respect to all Relevant Futures Contracts and on which the Index Disruption Event ceases to exist; or
 - (iii) if the settlement price of one or more Relevant Futures Contracts is not determined as per (i) or (ii) above, the fair market value of all Relevant Futures Contracts on that fifth Observation Business Day.

B. Notwithstanding the foregoing, the date on which the value of a Commodity comprised in the Index and the level of Index are determined shall occur not later than the fourth Business Day prior to the date of any payment to be made under the Notes on the basis of determinations made on such date.

III. Consequences of Extraordinary Events and adjustments to Indices

A. If an Index is:

- (a) not calculated and made public by the relevant Index Sponsor but is calculated and made public by a relevant successor sponsor (the **Successor Sponsor**) acceptable to the Calculation Agent; or
- (b) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for, and method of, calculation as used in the calculation of that Index,

then the Index will be deemed to be the index so calculated and made public by the relevant Successor Sponsor or that successor index (as the case may be).

B. If, in the determination of the Calculation Agent:

- (a) the relevant Index Sponsor (or, if applicable, the Successor Sponsor) makes a material change in the formula of an Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in commodities comprised in the Index and capitalisation and other routine events); or
- (b) the Index Sponsor (or, if applicable, the Successor Sponsor) permanently cancels an Index and no successor index exists,

then the Calculation Agent will be entitled to either:

- Y. determine the level of that Index for the relevant Valuation Date or Barrier Date in accordance with the formula and calculation method for that Index last in effect prior to that change, failure or cancellation. The Index so calculated will be used in lieu of the Closing Price made public by the Index Sponsor for the determination of an amount to be paid under the Notes or to determine whether a condition, if any, has occurred or not; or
- Z. replace the Index with a new index to the extent possible, representative of the similar type of commodities comprised in the Index and traded on one or more Exchanges.

If the Calculation Agent does not make a calculation in accordance with (Y) above and if, in the determination of the Calculation Agent, no index meets the criteria to be an appropriate replacement index in accordance with (Z) above, then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the event giving rise to the relevant adjustment, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes.

Hedging Disruption means, with respect to Notes that have one or more Commodity(ies) or one or more Indice(s) as Underlying(s), that, as determined in good faith by the Calculation Agent, the Hedge Counterparty is unable, after using commercially reasonable efforts, to either:

- A. acquire, establish, re-establish, substitute, maintain, unwind or dispose of any Hedge Position; or
- B. freely realise, recover, receive, repatriate, remit or transfer the proceeds of any Hedge Position or any agreement entered into with the Issuer in relation to the Notes or the Underlying(s) of the Notes.

and/or

- (ii) in respect of the Final Redemption Amount and the Issuer shall no longer be liable for the payment, on the Maturity Date, of the Final Redemption Amount as defined in the applicable Final Terms, but instead will, in full and final satisfaction of its obligations:
- (1) in respect of the redemption of Notes whose Final Redemption Amount as defined in the applicable Final Terms could be as low as zero, pay on the Maturity Date an amount per Note, determined by the Calculation Agent, based on (a) the net positive cash amount that a Hypothetical Investor would be left with on the Full Liquidation Date, as a result of liquidating, within 30 Business Days following the date of occurrence or likely occurrence of the Extraordinary Event, the Hypothetical Hedge Positions (*inter alia* by satisfying any obligations or liabilities in place with respect to or part of such Hypothetical Hedge Positions, if any, with the liquidation proceeds of the assets of the Hypothetical Hedge Positions) minus (b) the Associated Costs

(the result of which, converted if necessary into the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method) together with (c) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the fourth Business Day preceding the Maturity Date (excluded); for the avoidance of doubt, the liquidation proceeds of any assets held by a Hypothetical Investor as Hypothetical Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by such Hypothetical Investor under its Hypothetical Hedge Positions and the Calculation Amount mentioned above can be as low as zero; or

- (2) in respect of the redemption of Notes whose Final Redemption Amount as defined in the applicable Final Terms will in all circumstances be a positive amount (the **Minimum Redemption Amount**), pay on the Maturity Date an amount per Note, determined by the Calculation Agent, equal to the sum of (a) the Minimum Redemption Amount and (b) an amount, equal to the positive difference, if any, between (i) (1) the net positive cash amount that a Hypothetical Investor would be left with on the Full Liquidation Date, as a result of liquidating, within 30 Business Days following the date of occurrence or likely occurrence of the Extraordinary Event, the Hypothetical Hedge Positions (*inter alia* by satisfying any obligations or liabilities in place with respect to or part of such Hypothetical Hedge Positions, if any, with the liquidation proceeds of the assets of the Hypothetical Hedge Positions) minus (2) the Associated Costs (the result of which, converted if necessary into the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method) together with (3) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the fourth Business Day preceding the Maturity Date (excluded), and (ii) an amount equal to the Minimum Redemption Amount; for the avoidance of doubt, the liquidation proceeds of any assets held by a Hypothetical Investor as Hypothetical Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by such Hypothetical Investor under its Hypothetical Hedge Positions and the Calculation Amount mentioned above can be as low as zero;

or

- (b) **Postponement to the Adjusted Intermediate Payment Date** and the Issuer shall no longer be liable for the payment, on the Intermediate Payment Date(s) following the occurrence of the Extraordinary Event, of the Intermediate Amount(s) initially scheduled to be paid on such Intermediate Payment Date(s), but instead will, in full and final satisfaction of its obligations:
- (i) in respect of the payment of the Intermediate Amount as defined in the applicable Final Terms which could be as low as zero, pay on the Adjusted Intermediate Payment Date an amount per Note, determined by the Calculation Agent, based on (a) the net positive cash amount that a Hypothetical Investor would be left with on the Intermediate Full Liquidation Date, as a result of liquidating, within 30 Business Days following the date of occurrence or likely occurrence of the Extraordinary Event, the

Intermediate Hypothetical Hedge Positions (*inter alia* by satisfying any obligations or liabilities in place with respect to or part of such Intermediate Hypothetical Hedge Positions, if any, with the liquidation proceeds of the assets of the Intermediate Hypothetical Hedge Positions) minus (b) the Associated Costs (the result of which, converted if necessary into the Specified Currency using the Relevant Spot Exchange Rate on the Intermediate Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision); for the avoidance of doubt, the liquidation proceeds of any assets held by a Hypothetical Investor as Intermediate Hypothetical Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by such Hypothetical Investor under its Intermediate Hypothetical Hedge Positions and the Calculation Amount mentioned above can be as low as zero; or

- (ii) in respect of the payment of the Intermediate Amount as defined in the applicable Final Terms will in all circumstances be a positive amount (the **Minimum Intermediate Amount**), pay (a) on the Intermediate Payment Date an amount per Note equal to the Minimum Intermediate Amount and (b) on the Adjusted Intermediate Payment Date an amount per Note, determined by the Calculation Agent, equal to the positive difference, if any, between (i) (1) the net positive cash amount that a Hypothetical Investor would be left with on the Intermediate Full Liquidation Date, as a result of liquidating, within 30 Business Days following the date of occurrence or likely occurrence of the Extraordinary Event, the Intermediate Hypothetical Hedge Positions (*inter alia* by satisfying any obligations or liabilities in place with respect to or part of such Intermediate Hypothetical Hedge Positions, if any, with the liquidation proceeds of the assets of the Intermediate Hypothetical Hedge Positions) minus (2) the Associated Costs (the result of which, converted if necessary into the Specified Currency using the Relevant Spot Exchange Rate on the Intermediate Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision) and (ii) an amount equal to the Minimum Intermediate Amount; for the avoidance of doubt, the liquidation proceeds of any assets held by a Hypothetical Investor as Intermediate Hypothetical Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by such Hypothetical Investor under its Intermediate Hypothetical Hedge Positions and the Calculation Amount mentioned above can be as low as zero;

III. Disruption Events relating to any Fund and/or any Fund Unit

Upon the occurrence or the likely occurrence, as determined by the Calculation Agent, of any of the following events (each a **Disruption Event**) in respect of a Valuation Date (the **Disrupted Day**) and a Fund or Fund Unit:

- (A) **Calculation and/or Publication Disruption** means the occurrence of an event, beyond the control of a Hypothetical Investor (including in case of any gate, deferral, suspension or other provisions in the Fund Documents permitting the Fund to delay or refuse subscription and/or redemption orders) which precludes the calculation and/or publication of the official net asset value per Fund Unit of the Fund by the Fund (or the Fund Service Provider generally in charge of calculating such official net asset value); or
- (B) **Fund Settlement Disruption** means a failure by the Fund to pay in cash the full amount of the redemption proceeds on the date by which the Fund was scheduled to have paid such amount and which, in the determination of the Calculation Agent, makes it impossible or impracticable for the

Calculation Agent to determine the Closing Price, including without limitation due to (a) the transfer of all illiquid assets of such Fund to a dedicated fund, account or structure pending the liquidation of such assets for the benefit of existing holders of the Fund Units (side pocket), (b) the restriction on the amount or number of redemption orders that the Fund (or the Fund Service Provider generally in charge of accepting redemption orders) will accept in relation to a single date on which the Fund normally accepts redemption orders (a gate), (c) the suspension for any reason of the subscription or redemption orders by the Fund (or the Fund Service Provider generally in charge of accepting subscription and redemption orders) or (d) the postponement of the payment of the balance of redemption proceeds to a date occurring after the financial statements of the Fund have been reviewed by the Fund's statutory auditors (holdback), in each case whether these events are imposed by the Fund without being envisaged in the Fund Documents on the Issue Date of the Notes or are already envisaged by the Fund Documents on the Issue Date of the Notes and are solely implemented by the Fund after such date; or

- (C) **NAV Determination Disruption Event** means the occurrence of any event (beyond the control of a Hypothetical Investor) other than the events mentioned in "*Calculation and/or Publication Disruption*" in (A) above or "*Fund Settlement Disruption*" in (B) above affecting such Fund which, in the determination of the Calculation Agent, makes it impossible or impracticable for the Calculation Agent to determine the Closing Price,

the Valuation Date, in respect of the Affected Fund, shall be postponed to the immediately following Fund Business Day or Fund Valuation Day (as specified to be applicable in relation to such Valuation Date in the Final Terms) that is no longer affected by a Disruption Event for such Affected Fund.

If a Disruption Event has occurred or is continuing on each of the five scheduled Fund Business Days or Fund Valuation Days, as the case may be, following the Scheduled Valuation Date or if no Fund Business Day or Fund Valuation Day, as the case may be, that is not affected by a Disruption Event has occurred at the latest on the thirty-fifth calendar day following the Scheduled Valuation Date, then the Calculation Agent may either:

- (A) determine its good faith estimate of the net asset value per Fund Unit of such Fund which shall be deemed to be the Closing Price in respect of such Valuation Date, provided that if the Calculation Agent decides to make such determination, the Valuation Date shall occur no later than the fourth Business Day before the date of any payment to be made under the Notes on the basis of such determination; or
- (B) consider such Disruption Event as an event triggering an early redemption of the Notes (hereafter, an **Early Redemption Event**). In the case where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and shall pay or cause to be paid an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes; or
- (C) determine that the Issuer will apply one of the following methods:
- (i) In respect of the Intermediate Amount,
- (1) the **Monetisation to the Maturity Date** and the Issuer shall no longer be liable for the payment, on the Intermediate Payment Date related to the Disrupted Day, of the Intermediate Amount initially scheduled to be paid on such Intermediate Payment Date, but instead will, in full and final satisfaction of its obligations:
- (1.1) in respect of the payment of the Intermediate Amount as defined in the applicable Final Terms which could be as low as zero, pay on the Maturity Date an amount per Note, determined by the Calculation Agent, based on (a) the net positive cash amount that a Hypothetical Investor would be left with on the Intermediate Full Liquidation Date, as a result of liquidating, pursuant to a Valid Order submitted in accordance with the Applicable Method specified in respect of the Disrupted Day, the Intermediate Hypothetical Hedge Positions (*inter alia* by satisfying any obligations or liabilities in place with respect to or part of such Intermediate Hypothetical

Hedge Positions, if any, with the liquidation proceeds of the assets of the Intermediate Hypothetical Hedge Positions) minus (b) the Associated Costs (the result of which, converted if necessary into the Specified Currency using the Relevant Spot Exchange Rate on the Intermediate Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method) together with (c) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Intermediate Full Liquidation Date (included) and (y) the fourth Business Day preceding the Maturity Date (excluded); for the avoidance of doubt, the liquidation proceeds of any assets held by a Hypothetical Investor as Intermediate Hypothetical Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by such Hypothetical Investor under its Intermediate Hypothetical Hedge Positions and the Calculation Amount mentioned above can be as low as zero; or

- (1.2) in respect of the payment of the Intermediate Amount as defined in the applicable Final Terms which will in all circumstances be a positive amount (the **Minimum Intermediate Amount**), pay (a) on the Intermediate Payment Date an amount per Note equal to the Minimum Intermediate Amount and (b) on the Maturity Date an amount per Note, determined by the Calculation Agent, equal to the positive difference, if any, between (i) (1) the net positive cash amount that a Hypothetical Investor would be left with on the Intermediate Full Liquidation Date, as a result of liquidating, pursuant to a Valid Order submitted in accordance with the Applicable Method specified in respect of the Disrupted Day, the Intermediate Hypothetical Hedge Positions (*inter alia* by satisfying any obligations or liabilities in place with respect to or part of such Intermediate Hypothetical Hedge Positions, if any, with the liquidation proceeds of the assets of the Intermediate Hypothetical Hedge Positions) minus (2) the Associated Costs (the result of which, converted if necessary into the Specified Currency using the Relevant Spot Exchange Rate on the Intermediate Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method) together with (3) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Intermediate Full Liquidation Date (included) and (y) the fourth Business Day preceding the Maturity Date (excluded), and (ii) an amount equal to the Minimum Intermediate Amount; for the avoidance of doubt, the liquidation proceeds of any assets held by a Hypothetical Investor as Intermediate Hypothetical Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by such Hypothetical Investor under its Intermediate Hypothetical Hedge Positions and the Calculation Amount mentioned above can be as low as zero;

or

- (2) the **Postponement to the Adjusted Intermediate Payment Date** and the Issuer shall no longer be liable for the payment, on such Intermediate Payment Date, of the Intermediate Amount initially scheduled to be paid on such Intermediate Payment Date, but instead will, in full and final satisfaction of its obligations:

- (2.1) in respect of the payment of the Intermediate Amount as defined in the applicable Final Terms which could be as low as zero, pay on the Adjusted Intermediate Payment Date an amount per Note, determined by the Calculation Agent, based on (a) the net positive cash amount that a Hypothetical Investor would be left with on the Intermediate Full Liquidation Date, as a result of liquidating, pursuant to a Valid Order submitted in accordance with the Applicable Method specified in respect of the Disrupted Day, the Intermediate Hypothetical Hedge Positions (*inter alia* by satisfying any obligations or liabilities in place with respect to or part of such Intermediate Hypothetical Hedge Positions, if any, with the liquidation proceeds of the assets of the Intermediate Hypothetical Hedge Positions) minus (b) the Associated Costs (the result of which, converted if necessary into the Specified Currency using the Relevant Spot Exchange Rate on the Intermediate Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision); for the avoidance of doubt, the liquidation proceeds of any assets held by a Hypothetical Investor as Intermediate Hypothetical Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by such Hypothetical Investor under its Intermediate Hypothetical Hedge Positions and the Calculation Amount mentioned above can be as low as zero; or
- (2.2) in respect of the payment of the Intermediate Amount as defined in the applicable Final Terms which will in all circumstances be a positive amount (the **Minimum Intermediate Amount**), pay (a) on the Intermediate Payment Date an amount per Note equal to the Minimum Intermediate Amount and (b) on the Adjusted Intermediate Payment Date an amount per Note, determined by the Calculation Agent, equal to the positive difference, if any, between (i) (1) the net positive cash amount that a Hypothetical Investor would be left with on the Intermediate Full Liquidation Date, as a result of liquidating, pursuant to a Valid Order submitted in accordance with the Applicable Method specified in respect of the Disrupted Day, the Intermediate Hypothetical Hedge Positions (*inter alia* by satisfying any obligations or liabilities in place with respect to or part of such Intermediate Hypothetical Hedge Positions, if any, with the liquidation proceeds of the assets of the Intermediate Hypothetical Hedge Positions) minus (2) the Associated Costs (the result of which, converted if necessary into the Specified Currency using the Relevant Spot Exchange Rate on the Intermediate Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision) and (ii) an amount equal to the Minimum Intermediate Amount; for the avoidance of doubt, the liquidation proceeds of any assets held by a Hypothetical Investor as Intermediate Hypothetical Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by such Hypothetical Investor under its Intermediate Hypothetical Hedge Positions and the Calculation Amount mentioned above can be as low as zero;

and/or

- (ii) in respect of the Final Redemption Amount, the **Monetisation to the Maturity Date** and the Issuer shall no longer be liable for the payment, on the Maturity Date, of the Final Redemption Amount as defined in the applicable Final Terms, but instead will, in full and final satisfaction of its obligations:
- (1) in respect of the redemption of Notes whose Final Redemption Amount as defined in the applicable Final Terms could be as low as zero, pay on the Maturity Date an

amount per Note, determined by the Calculation Agent, based on (a) the net positive cash amount that a Hypothetical Investor would be left with on the Full Liquidation Date, as a result of liquidating, pursuant to a Valid Order submitted in accordance with the Applicable Method specified in respect of the Disrupted Day, the Hypothetical Hedge Positions (*inter alia* by satisfying any obligations or liabilities in place with respect to or part of such Hypothetical Hedge Positions, if any, with the liquidation proceeds of the assets of the Hypothetical Hedge Positions) minus (b) the Associated Costs (the result of which, converted if necessary into the Specified Currency using the Relevant Spot Exchange Rate on the Intermediate Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method) together with (c) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the fourth Business Day preceding the Maturity Date (excluded); for the avoidance of doubt, the liquidation proceeds of any assets held by a Hypothetical Investor as Hypothetical Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by such Hypothetical Investor under its Hypothetical Hedge Positions and the Calculation Amount mentioned above can be as low as zero; or

- (2) in respect of the redemption of Notes whose Final Redemption Amount as defined in the applicable Final Terms will in all circumstances be a positive amount (the **Minimum Redemption Amount**), pay on the Maturity Date an amount per Note, determined by the Calculation Agent, equal to the sum of (a) the Minimum Redemption Amount and (b) an amount, equal to the positive difference, if any, between (i) (1) the net positive cash amount that a Hypothetical Investor would be left with on the Full Liquidation Date, as a result of liquidating, pursuant to a Valid Order submitted in accordance with the Applicable Method specified in respect of the Disrupted Day, the Hypothetical Hedge Positions (*inter alia* by satisfying any obligations or liabilities in place with respect to or part of such Hypothetical Hedge Positions, if any, with the liquidation proceeds of the assets of the Hypothetical Hedge Positions) minus (2) the Associated Costs (the result of which, converted if necessary into the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method) together with (3) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the fourth Business Day preceding the Maturity Date (excluded), and (ii) an amount equal to the Minimum Redemption Amount; for the avoidance of doubt, the liquidation proceeds of any assets held by a Hypothetical Investor as Hypothetical Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by such Hypothetical Investor under its Hypothetical Hedge Positions and the Calculation Amount mentioned above can be as low as zero;

Notwithstanding the foregoing, in respect of any Notes, a Valuation Date (postponed as the case may be pursuant to the provisions above) shall occur not later than the fourth Business Day before the date of any

payment to be made under the Notes on the basis of determinations made on such Valuation Date; if a Valuation Date (postponed as the case may be pursuant to the provisions above) would fall after the fourth Business Day prior to the date of any payment to be made under the Notes on the basis of determinations made on such Valuation Date, then that fourth Business Day shall be deemed the Valuation Date and the Calculation Agent shall make, on that day the determinations described in (X) above at the latest as of the Valuation Time on such fourth Business Day and the good faith estimate of the net asset value of the Fund so calculated shall be deemed the Closing Price.

IV. Occurrence of an Extraordinary Event or a Disruption Event in relation to an optional redemption

If “Redemption at the option of the Noteholders” or “Issuer’s optional redemption” is specified as being applicable in the Final Terms of the relevant Notes:

- (A) Upon the occurrence or likely occurrence of an Extraordinary Event or a Disruption Event, the Put Notice or the exercise by the Issuer of its right of optional redemption relating to an Optional Redemption Date with an Optional Redemption Cut-Off Date falling after the date of such occurrence shall be null and void.
- (B) Upon the occurrence or likely occurrence of an Extraordinary Event or a Disruption Event, with respect to Put Notices or the exercise by the Issuer of its right of optional redemption relating to an Optional Redemption Date with an Optional Redemption Cut-Off Date falling on or before the date of such occurrence, the Calculation Agent will determine which one of the following methods the Issuer will apply:
 - (a) **Early Redemption Event** and the Issuer shall terminate its obligations under the Notes and shall pay or cause to be paid an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes; or
 - (b) **Monetisation to the Maturity Date** and the Issuer shall no longer be liable for the payment, on the Optional Redemption Date, of the Optional Redemption Amount, but instead will, in full and final satisfaction of its obligations:

V. Maturity Disruption Event relating to any Fund and/or any Fund Unit

Upon the occurrence or the likely occurrence, as determined by the Calculation Agent, of a Maturity Disruption Event:

- (A) the Issuer shall consider such Maturity Disruption Event as an event triggering an early redemption of the Notes (hereafter, an **Early Redemption Event**). In the case where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and shall pay or cause to be paid an Early Redemption Amount on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes; or

and/or

- (b) In respect of the Final Redemption Amount,

- (i) in respect of the redemption of Notes whose Final Redemption Amount as defined in the applicable Final Terms could be as low as zero, pay on the Adjusted Maturity Date an amount per Note, determined by the Calculation Agent, based on (a) the net positive cash amount that a Hypothetical Investor would be left with on the Full Liquidation Date, as a result of liquidating (pursuant to a Valid Order submitted in accordance with the Applicable Method specified in respect of the last Valuation Date) the Hypothetical Hedge Positions (*inter alia* by satisfying any obligations or liabilities in place with respect to or part of such Hypothetical Hedge Positions, if any, with the liquidation proceeds of the assets of the Hypothetical Hedge Positions) minus (b) the Associated Costs (the result of which converted if necessary into the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method) together with (c) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period, if any, (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the fourth Business Day preceding the Adjusted Maturity Date (excluded); for the avoidance of doubt, the liquidation proceeds of any assets held by a Hypothetical Investor as Hypothetical Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by such Hypothetical Investor under its Hypothetical Hedge Positions and the Calculation Amount mentioned above can be as low as zero; or
 - (ii) in respect of the redemption of Notes whose Final Redemption Amount as defined in the applicable Final Terms will in all circumstances be a positive amount (the **Minimum Redemption Amount**), pay (a) on the Maturity Date an amount per Note equal to the Minimum Redemption Amount and (b) on the Adjusted Maturity Date an amount per Note, determined by the Calculation Agent, equal to the positive difference between (i) (1) the net positive cash amount that a Hypothetical Investor would be left with on the Full Liquidation Date, as a result of liquidating (pursuant to a Valid Order submitted in accordance with the Applicable Method specified in respect of the last Valuation Date) the Hypothetical Hedge Positions (*inter alia* by satisfying any obligations or liabilities in place with respect to or part of such Hypothetical Hedge Positions, if any, with the liquidation proceeds of the assets of the Hypothetical Hedge Positions) minus (2) the Associated Costs (the result of which, converted if necessary into the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method) together with (3) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period, if any, (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the fourth Business Day preceding the Adjusted Maturity Date (excluded) and (ii) an amount equal to the Minimum Redemption Amount; for the avoidance of doubt, the liquidation proceeds of any assets held by a Hypothetical Investor as Hypothetical Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by such Hypothetical Investor under its Hypothetical Hedge Positions and the Calculation Amount mentioned above can be as low as zero.
- (D) If the Full Liquidation Date has not occurred, at the latest on the fourth Business Day preceding the Postponed Scheduled Maturity Date, as determined by the Calculation Agent, the amount paid by the Issuer on the Postponed Scheduled Maturity Date pursuant to (B) or (C) above, shall be determined by the Calculation Agent on the basis of (a) the net positive cash amount that a Hypothetical Investor would be left with on such fourth Business Day preceding the Postponed Scheduled Maturity Date as a result of liquidating (pursuant to the provisions above) the Hypothetical Hedge Positions (*inter alia* by satisfying any obligations or liabilities in place with respect to or part of such Hypothetical Hedge Positions, if any, with the liquidation proceeds of the assets of the Hypothetical Hedge Positions) minus

(b) the Associated Costs (the result of which, converted if necessary into the Specified Currency using the Relevant Spot Exchange Rate on the fourth Business Day preceding the Postponed Scheduled Maturity Date, is a **Calculation Amount** for the purposes of this provision); for the avoidance of doubt, the liquidation proceeds of any assets held by the Hypothetical Investor under its Hypothetical Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by the Hypothetical Investor under its Hypothetical Hedge Positions and the Calculation Amount mentioned above can be as low as zero.

PART 3 – CALCULATIONS – PHYSICAL DELIVERY

I. Calculations - Calculation Agent

- (A) Unless otherwise specified in the applicable Final Terms, and in respect of Notes to which this Fund Technical Annex applies, the Calculation Agent responsible for calculating the Rate of Interest and/or the Final Redemption Amount and/or interest payable and/or the Physical Delivery Amount and/or the Early Redemption Amount shall be Societe Generale of 17, cours Valmy, 92987 Paris-La Défense Cedex, France. The calculations and determinations of the Calculation Agent will be conclusive and binding upon the Issuer, the Guarantor (if applicable), the Agent and the Noteholders, in the absence of manifest error or proven error.
- (B) Following the occurrence of an event giving rise to an Adjustment which is substantial in the opinion of the Calculation Agent or of an Extraordinary Event affecting an Underlying, the Calculation Agent shall notify the Issuer, which shall in its turn notify the Issuing and Paying Agent and the Noteholders pursuant to the provisions of Condition 19 (*Notices*) of the Terms and Conditions of the Notes of the relevant adjustment made or decision taken by the Calculation Agent. Details of such adjustment made or decision taken can be obtained by the Noteholders upon request at the Calculation Agent's specified address.

II. Physical Delivery Notes

- (A) Unless otherwise specified in the applicable Final Terms, the Underlying used to determine the Physical Delivery Amount will be the Underlying(s) specified in the applicable Final Terms.
- (B) When the settlement of a Physical Delivery Note is by way of physical delivery, the delivery will be made through Clearstream, Luxembourg or Euroclear or other relevant clearance institution (a **Clearing System**). The Asset Transfer Notice will be delivered using the transfer procedures currently utilised by the relevant Clearing System. A Noteholder's entitlement to any Physical Delivery Amount will be evidenced by the Noteholder's account balance appearing on the records of the relevant Clearing System.
- (C) Additional terms applicable to the settlement of the Physical Delivery Amount:
 - (a) The Physical Delivery Amount will be determined subject to the provisions in Part 1 and Part 2 (above) of this Fund Technical Annex. If as a result of an adjustment or otherwise, the number of Underlying(s) to be delivered is not a whole number, any fraction thereof will be payable in cash, on the basis of the value of such Underlying, converted, as the case may be, into the Specified Currency at the current exchange rate.
 - (b) In addition, if a Settlement Disruption Event does prevent delivery of the Physical Delivery Amount on the Maturity Date, then, such delivery shall occur on the first succeeding day on which delivery of the Physical Delivery Amount can take place through the relevant Clearing System (the **Settlement Date**) unless a Settlement Disruption Event prevents delivery for a period of 20 Clearing System Days immediately following the original date that would have been the Settlement Date (the **Delivery Period**). In that latter case, the Issuer shall, in lieu of delivering the Physical Delivery Amount, pay, in respect of each Note, the fair market value of the number of Underlying(s) to be delivered (the **Fair Market Value**) converted into the Specified Currency at the current exchange rate, if applicable. The Fair Market Value will be

determined by the Calculation Agent on the basis of the market conditions on the first Business Day following the Delivery Period.

- (c) If a dividend is paid in respect of the Underlying from and including the Valuation Date to and, as the case may be, (a) excluding the Delivery Date or (b) including, in the event of a Settlement Disruption Event, the date on which the Fair Market Value is calculated, then, the net dividend amount relating to the number of Underlying(s) to be delivered per Note (excluding any related tax credit) converted into the Specified Currency at the current exchange rate, if applicable, will be paid in cash to the Noteholders as soon as practicable, unless otherwise specified in the applicable Final Terms.
 - (d) All stamp duties, or other similar taxes and/or duties, in respect of physical delivery of Underlyings shall be borne by the Noteholders.
- (D) As used in this paragraph:

Clearing System Day means, in respect of a Clearing System, any day on which such Clearing System is open for the acceptance and execution of settlement instructions.

Delivery Date means, as the case may be, (a) the Maturity Date or (b) in the event of a Settlement Disruption Event, the Settlement Date (as defined above).

Settlement Disruption Event means any event beyond the control of the Issuer as a result of which the relevant Clearing System cannot clear the transfer of the Physical Delivery Amount.

(D) CREDIT TECHNICAL ANNEX

The following credit technical annex (the **Credit Technical Annex**) will apply to Final Terms relating to a particular issue of Notes, if such Final Terms state the following:

“The provisions of the Credit Technical Annex apply to these Final Terms and such documents shall be read together. In the event of any inconsistency between the Credit Technical Annex and these Final Terms, these Final Terms shall prevail.”

Terms used in this Credit Technical Annex, unless specifically defined in this Credit Technical Annex, shall have the same meanings as those set out in the Terms and Conditions of the Notes.

PART 1 - CREDIT EVENT PROVISIONS

Capitalised terms used but not defined in this Part 1 shall have the meanings given to them in Part 2 of this Credit Technical Annex save to the extent it is supplemented or modified in the related Final Terms.

I. PHYSICAL SETTLEMENT

If the Notes are Single Name Notes or First-to-Default Notes and the Settlement Method specified in the related Final Terms is Physical Settlement

(1) Physical Settlement

- (1.1) If a Credit Event has occurred, as determined by the Calculation Agent, in the period from and including the First Credit Event Occurrence Date to and including the Last Credit Event Occurrence Date and a Credit Event Notice and, if applicable a Notice of Publicly Available Information, are delivered during the Notice Delivery Period by or on behalf of the Issuer to the Relevant Clearing System for the Noteholders' information, then (i) the Issuer will no longer be liable for the payment of the Final Redemption Amount on the Scheduled Maturity Date or on the Maturity Date, as the case may be, and will, in full and final satisfaction of its obligations hereunder in respect of the redemption of each Note, Deliver or procure Delivery of the Physical Delivery Amount to the Noteholders during the Physical Settlement Period, subject to the next following paragraph and the cash settlement provisions hereafter and (ii) the Interest Period(s) and/or the Interest Calculation Amount shall be as specified in Section III below.

The Delivery of the Specified Deliverable Obligations (or the payment of the Cash Redemption Amount as the case may be) is subject to the prior delivery by or on behalf of the Issuer to the Relevant Clearing System for the Noteholders' information, of a Notice of Physical Settlement between the Credit Event Determination Date and the Latest Notification Date (both dates inclusive).

- (1.2) Following the occurrence of a Credit Event with respect to a Reference Entity, the Issuer has sole and absolute discretion to select the Specified Deliverable Obligations.
- (1.3) The Issuer will not necessarily Deliver all the Specified Deliverable Obligations on the same date and may Deliver Specified Deliverable Obligations to different Noteholders on different dates or to the same Noteholder on different dates.
- (1.4) The Issuer is not obliged to Deliver the same type and proportion of Deliverable Obligations to each Noteholder and a Noteholder may receive various types of Deliverable Obligations.
- (1.5) If any or all of the Specified Deliverable Obligations are not eligible for clearance by the Relevant Clearing System, then the Issuer may, at its discretion but upon prior notice to the Noteholders, arrange:
- (i) Delivery of those Specified Deliverable Obligations, if any, that are eligible for clearance by the Relevant Clearing System in the Relevant Clearing System and Delivery of those Specified Deliverable Obligations that are not eligible for clearance by the Relevant Clearing System outside the Relevant Clearing System; or

- (ii) Delivery of all the Specified Deliverable Obligations (whether or not those Specified Deliverable Obligations are eligible for clearance) outside the Relevant Clearing System.

The Relevant Clearing System will then be instructed to block and, upon confirmation by the Issuer that delivery has taken place, cancel the Noteholders' positions in its books and the Issuing and Paying Agent in turn will cancel the outstanding Notes. If Delivery is to take place outside the Relevant Clearing System, the Issuer must receive the relevant Noteholders' transfer instructions in terms that are satisfactory to the Issuer sufficiently before the Latest Permissible Physical Settlement Date to allow for physical settlement, otherwise the cash settlement provisions set out below will apply.

(2) Cash Settlement

- (2.1) If, on the Latest Permissible Physical Settlement Date, the Calculation Agent (acting on behalf of the Issuer) determines that it is Illegal or Impossible for the Issuer to Deliver all or part of the Specified Deliverable Obligations to all or some of the Noteholders or if the Issuer does not receive transfer instructions as described in the last sentence of Part 1 - I.1.5 above, then the Calculation Agent will calculate in respect of such part of the Specified Deliverable Obligations which are Undeliverable Obligations a Cash Redemption Amount and the Issuer will, on the Cash Redemption Date, pay or procure payment of a Cash Redemption Amount to the relevant Noteholders in final and full satisfaction of its obligations in respect of the Undeliverable Obligations.
- (2.2) The Issuer must notify the relevant Noteholders through the Relevant Clearing System that there are Undeliverable Obligations and the reasons why it is Illegal or Impossible to Deliver such Specified Deliverable Obligations.
- (2.3) If, before the Latest Permissible Physical Settlement Date, the Calculation Agent determines that the Delivery of all of the Specified Deliverable Obligations is Illegal or Impossible and it deems in good faith that such Delivery is to remain Illegal or Impossible until the Latest Permissible Physical Settlement Date, then the Calculation Agent may give notice thereof to the Relevant Clearing System for the attention of the Noteholders. The Credit Valuation Date will then be the date that is two Business Days after the date on which the Calculation Agent delivers such notice to the Relevant Clearing System and the Issuer will pay the Noteholders a Cash Redemption Amount on the Cash Redemption Date in full and final satisfaction of its obligations in respect of the Undeliverable Obligations.
- (2.4) If Delivery is partially Illegal or Impossible, the Issuer may, for each Noteholder, Deliver Specified Deliverable Obligations and pay a Cash Redemption Amount. The Issuer is not obliged to ensure that each Noteholder receives the same type and proportion of Deliverable Obligations and the same proportion of Deliverable Obligations and Cash Redemption Amount as each other Noteholder.
- (2.5) If clause 2.1 or clause 2.3 of this Part 1 applies, the Issuer may arrange that all settlements hereunder be made outside the Relevant Clearing System in the manner described in Part 1-I.1.5 above, provided that the Issuer receives transfer instructions in terms that are satisfactory to the Issuer to allow for such settlements.
- (2.6) The Calculation Agent will inform the Noteholders via the Relevant Clearing System of the Cash Redemption Amount by sending a Final Valuation Notice.

II. CASH SETTLEMENT

If the Settlement Method specified in the related Final Terms is Cash Settlement

- (1) If a Credit Event has occurred, as determined by the Calculation Agent, in the period from and including the First Credit Event Occurrence Date to and including the Last Credit Event Occurrence Date and a Credit Event Notice and, if applicable a Notice of Publicly Available Information, are delivered during the Notice Delivery Period by or on behalf of the Issuer to the Noteholders, then (i) the Issuer will no longer be liable for the payment of the Final Redemption Amount on the Scheduled Maturity Date or on the Maturity Date, as the case may be, and will, in full and final satisfaction of its obligations hereunder in respect of the redemption of each Note, pay or procure payment of the Cash Redemption Amount on

the Cash Redemption Date (subject as specified in paragraph 2 below) and (ii) the Interest Period(s) and/or the Interest Calculation Amount shall be as specified in Section III below. The Selected Obligations, the Cash Redemption Amount and the Cash Redemption Date shall be notified to the Noteholders in the Final Valuation Notice on the Final Valuation Notice Receipt Date.

- (2) In the case of Basket Notes or Tranche Notes, if an Unsettled Credit Event has occurred, a Preliminary Cash Redemption Amount will be payable on the Scheduled Maturity Date and a Residual Cash Redemption Amount will be payable on the Maturity Date.
- (3) For the avoidance of doubt, under no circumstances will the Final Value be determined later than the 180th Business Day following the corresponding Credit Event Determination Date.

C. PROVISIONS RELATING TO INTEREST

Interest Period means each period from and including an Interest Payment Date to but excluding the next Interest Payment Date, *provided however* that the first Interest Period begins on the Interest Commencement Date (inclusive) and the last Interest Period remains subject to the provisions of this Part 1.

(1) Single Name Notes and First-to-Default Notes

- (a) *If the Accrual of Interest upon Credit Event option specified in the related Final Terms is Accrued Interest upon Credit Event:* The last Interest Period will be the period from and including the Interest Payment Date immediately preceding the Credit Event Determination Date (or from and including the Interest Commencement Date in the case of a Credit Event occurring before the first Interest Payment Date) to but excluding the Credit Event Determination Date, and the last Interest Payment Date will be the earlier of the Interest Payment Date following the fourth Business Day falling after the Credit Event Determination Date and the Maturity Date. No interest shall accrue nor be payable from and including the Credit Event Determination Date to the Maturity Date.
- (b) *If (i) the Accrual of Interest upon Credit Event option specified is Accrued Interest upon Credit Event and (ii) Repudiation /Moratorium or Grace Period Extension are specified as Applicable in the related Final Terms:* The last Interest Period will be the period from and including the Interest Payment Date immediately preceding the Credit Event Determination Date (or from and including the Interest Commencement Date in the case of a Credit Event occurring before the first Interest Payment Date) to but excluding the earlier of (a) the Credit Event Determination Date and (b) the Scheduled Maturity Date.

In such event, the last Interest Payment Date will be the earlier of the Interest Payment Date following the fourth Business Day falling after the Credit Event Determination Date and the Maturity Date. Provided that, if (i) the Credit Event that is the subject of the Credit Event Notice is a Repudiation/Moratorium that occurs after the fourth Business Day prior to the Scheduled Maturity Date, (ii) the Potential Repudiation/Moratorium with respect to such Repudiation/Moratorium occurs on or prior to the fourth Business Day prior to the Scheduled Maturity Date and (iii) the Repudiation/Moratorium Extension Condition is satisfied, the last Interest Payment Date shall be the Scheduled Maturity Date. Provided further that, if (i) the Credit Event that is the subject of the Credit Event Notice is a Failure to Pay that occurs after the fourth Business Day prior to the Scheduled Maturity Date and (ii) the Potential Failure to Pay with respect to such Failure to Pay occurs on or prior to the fourth Business Day prior to the Scheduled Maturity Date, the last Interest Payment Date shall be the Scheduled Maturity Date.

No interest shall accrue nor be payable from and including the Credit Event Determination Date to the Maturity Date. In particular, in the event the Maturity Date falls after the Scheduled Maturity Date, no interest will be payable from and including the Scheduled Maturity Date to the Maturity Date.

- (c) *If the Accrual of Interest upon Credit Event option specified in the related Final Terms is No Accrued Interest upon Credit Event:* The last Interest Period will be the Interest Period (if any) ending on the earlier of (i) the Interest Payment Date immediately preceding the Credit Event Determination Date and (ii) the Scheduled Maturity Date. No interest shall accrue nor be payable from and including the Interest

Payment Date preceding the Credit Event Determination Date (or the Interest Commencement Date in case of a Credit Event Determination Date occurring before the first Interest Payment Date) to the Maturity Date.

- (d) *If (i) the Accrual of Interest upon Credit Event option specified is No Accrued Interest upon Credit Event and (ii) Repudiation /Moratorium or Grace Period Extension are specified as Applicable in the related Final Terms:* The last Interest Period will be the Interest Period (if any) ending on the earlier of (i) the Interest Payment Date immediately preceding the Credit Event Determination Date and (ii) the Scheduled Maturity Date.

Provided that, if (i) the Credit Event that is the subject of the Credit Event Notice is a Repudiation/Moratorium that occurs after the fourth Business Day prior to the Scheduled Maturity Date, (ii) the Potential Repudiation/Moratorium with respect to such Repudiation/Moratorium occurs on or prior to the fourth Business Day prior to the Scheduled Maturity Date and (iii) the Repudiation/Moratorium Extension Condition is satisfied, the last Interest Payment Date shall be the Scheduled Maturity Date.

Provided further that, if (i) the Credit Event that is the subject of the Credit Event Notice is a Failure to Pay that occurs after the fourth Business Day prior to the Scheduled Maturity Date and (ii) the Potential Failure to Pay with respect to such Failure to Pay occurs on or prior to the fourth Business Day prior to the Scheduled Maturity Date, the last Interest Payment Date shall be the Scheduled Maturity Date.

No interest shall accrue nor be payable from and including the Interest Payment Date preceding the Credit Event Determination Date (or the Interest Commencement Date in case of a Credit Event Determination Date occurring before the first Interest Payment Date) to the Maturity Date. In the event the Maturity Date falls after the Scheduled Maturity Date, no interest will be payable from and including the Scheduled Maturity Date to the Maturity Date.

- (e) *If (i) the Accrual of Interest upon Credit Event option specified in the related Final Terms is Accrued Interest upon Credit Event and (ii) there is only one Interest Period:* The Interest Period will be the period from and including the Interest Commencement Date to but excluding the Credit Event Determination Date, and the Interest Payment Date will be the Maturity Date. No interest shall accrue nor be payable from and including the Credit Event Determination Date to the Maturity Date.
- (f) *If (i) the Accrual of Interest upon Credit Event option specified is Accrued Interest upon Credit Event, (ii) Repudiation /Moratorium or Grace Period Extension are specified as Applicable in the related Final Terms and (iii) there is only one Interest Period:* The Interest Period will be the period from and including the Interest Commencement Date to but excluding the earlier of (a) the Credit Event Determination Date and (b) the Scheduled Maturity Date.

In such event, the last Interest Payment Date will be the Maturity Date. Provided that, if (i) the Credit Event that is the subject of the Credit Event Notice is a Repudiation/Moratorium that occurs after the fourth Business Day prior to the Scheduled Maturity Date, (ii) the Potential Repudiation/Moratorium with respect to such Repudiation/Moratorium occurs on or prior to the fourth Business Day prior to the Scheduled Maturity Date and (iii) the Repudiation/Moratorium Extension Condition is satisfied, in which case, the Interest Payment Date shall be the Scheduled Maturity Date. Provided further that, if (i) the Credit Event that is the subject of the Credit Event Notice is a Failure to Pay that occurs after the fourth Business Day prior to the Scheduled Maturity Date and (ii) the Potential Failure to Pay with respect to such Failure to Pay occurs on or prior to the fourth Business Day prior to the Scheduled Maturity Date, the Interest Payment Date shall be the Scheduled Maturity Date.

No interest shall accrue nor be payable from and including the Credit Event Determination Date to the Maturity Date. In particular, in the event the Maturity Date falls after the Scheduled Maturity Date, no interest will be payable from and including the Scheduled Maturity Date to the Maturity Date.

- (g) *If (i) the Accrual of Interest upon Credit Event option specified in the related Final Terms is No Accrued Interest upon Credit Event and (ii) there is only one Interest Period:* No interest shall accrue nor be payable in respect of the Notes.

Only if European Settlement is specified in the related Final Terms:

- (h) *If the Accrual of Interest upon Credit Event option specified in the related Final Terms is Guaranteed Coupon:* The last Interest Period will end on, but exclude, the earlier of the Scheduled Maturity Date or the Maturity Date and the interest shall accrue in respect of each Interest Period on the Aggregate Nominal Amount.

(2) Basket Notes and Tranche Notes

In the case of Basket Notes and Tranche Notes, the last (or if there is only one, the only) Interest Period will end on (but exclude) the Scheduled Maturity Date and the Interest Calculation Amount will be as specified below.

- (a) *If the Accrual of Interest upon Credit Event option specified in the related Final Terms is Accrued Interest upon Credit Event:* In respect of each Interest Period, the Interest Calculation Amount will be calculated on the fourth Business Day preceding the relevant Interest Payment Date and be an amount equal to (i) the sum, for each day of such Interest Period, of the Daily Interest Calculation Amount, divided by (ii) the number of days in such Interest Period.
- (b) *If the Accrual of Interest upon Credit Event option specified in the related Final Terms is No Accrued Interest upon Credit Event:* In respect of each Interest Period, the Interest Calculation Amount will be an amount equal to the Daily Interest Calculation Amount as of the fourth Business Day preceding the relevant Interest Payment Date.
- (c) *If (i) the Accrual of Interest upon Credit Event option specified in the related Final Terms is Accrued Interest upon Credit Event and (ii) there is only one Interest Period:* The Interest Calculation Amount will be an amount, calculated on the fourth Business Day preceding the Interest Payment Date equal to (i) the sum, for each day of the Interest Period, of the Daily Interest Calculation Amount, divided by (ii) the number of days in the Interest Period.
- (d) *If (i) the Accrual of Interest upon Credit Event option specified in the related Final Terms is No Accrued Interest upon Credit Event and (ii) there is only one Interest Period:* The Interest Calculation Amount will be an amount equal to the Daily Interest Calculation Amount as of the fourth Business Day preceding the Interest Payment Date.

Only if European Settlement is specified in the related Final Terms:

- (e) *If the Accrual of Interest upon Credit Event option specified in the related Final Terms is Guaranteed Coupon:* The Interest Calculation Amount will be the Daily Interest Calculation Amount as at the Issue Date.

For the avoidance of doubt, except in the case of a Guaranteed Coupon, if a Notice of Pending Credit Event is delivered to the Noteholders, payment of interest on the Notes, or, in the case of Basket Notes or Tranche Notes, on the portion of the Interest Calculation Amount relating to the relevant Reference Entity, will be deferred until:

- (i) if a Credit Event Notice is delivered in relation to the relevant event, the Maturity Date, or in the case of Basket Notes or Tranche Notes, the Scheduled Maturity Date or the Maturity Date, as the case may be; or
- (ii) the date that is 10 Business Days following the publication of a DC No Credit Event Announcement;
- (iii) if no DC No Credit Event Announcement is published and no Credit Event Notice is delivered in relation to the relevant event, the date that is 110 Business Days following the Credit Event Resolution Request Date (all as defined in Part 2 *Definitions* below).

For the avoidance of doubt, (x) should a Credit Event Determination Date occur within an Interest Period less than four Business Days prior to the relevant Interest Payment Date and the Issuer's payment instructions have already been given in respect of interest payable with respect to such Interest Period, then the Issuer may deduct from the Cash Redemption Amount or the Physical Delivery Amount, as the case may be, the amount of overpaid

interest; and (y) if payment of interest is deferred following the delivery of a Notice of Pending Credit Event, no additional interest will be payable on the Suspended Amounts for the period of the deferral.

In relation to Notes which are not Single Name Notes or First-to-Default Notes or Basket Notes or Tranche Notes (all as defined in Part 2 *Definitions* below), the provisions relating to interest will be specified in the related Final Terms.

IV. CREDIT EVENT NOTICE AFTER RESTRUCTURING

Upon the occurrence of a Restructuring in the period from and including the First Credit Event Occurrence Date to and including the Last Credit Event Occurrence Date if either "Restructuring Maturity Limitation and Fully Transferable Obligation" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" is specified as applicable in the related Final Terms:

(1) Single Name Notes and First-to-Default Notes

If American Settlement is specified in the related Final Terms:

- (a) the Calculation Agent may deliver multiple Credit Event Notices with respect to such Restructuring, each such Credit Event Notice setting forth an amount (the Partial Redemption Amount) that is less than the Nominal Amount outstanding of each Note immediately prior to the delivery of such Credit Event Notice. In such circumstances the provisions of section I or section II to this Part 1 shall be deemed to apply to the Partial Redemption Amount only and each such Note shall be redeemed in part (such redeemed part being equal to the Partial Redemption Amount);
- (b) for the avoidance of doubt (i) the Nominal Amount of each such Note not so redeemed in part shall remain outstanding and, if applicable, interest shall accrue on the Nominal Amount outstanding of such Note as provided in the related Final Terms (adjusted in such manner as the Calculation Agent in its sole and absolute discretion determines to be appropriate) and (ii) the provisions of section I or section II to this Part 1 shall apply to such Nominal Amount outstanding of such Note in the event that subsequent Credit Event Notices are delivered in respect of a Reference Entity; and
- (c) on redemption of part of each Note the relevant Note or, if the Notes are represented by a Global Note, such Global Note, shall be endorsed to reflect such partial redemption.

For the avoidance of doubt, the outstanding Nominal Amount of each Note in respect of which no Credit Event Notice has been delivered during the Notice Delivery Period (and, if applicable, no Potential Repudiation/Moratorium or Potential Failure to Pay has occurred on or prior to the fourth Business Day immediately preceding the Scheduled Maturity Date), will be redeemed on the Scheduled Maturity Date.

If European Settlement is specified in the related Final Terms:

- (a) the Calculation Agent may deliver multiple Credit Event Notices with respect to such Restructuring, each such Credit Event Notice setting forth an amount (the **Partial Redemption Amount**) that is less than the Nominal Amount outstanding of each Note immediately prior to the delivery of such Credit Event Notice. In such circumstances the provisions of section I or section II to this Part 1 shall apply to the Partial Redemption Amount; and
- (b) for the avoidance of doubt the provisions of section I or section II to this Part 1 shall apply to the Nominal Amount of each Note outstanding after reduction by such Partial Redemption Amount in the event that subsequent Credit Event Notices are delivered in respect of a Reference Entity.

(2) Basket Notes and Tranche Notes

- (a) the Calculation Agent may deliver multiple Credit Event Notices with respect to such Restructuring, each such Credit Event Notice setting forth an amount (the **Partial Restructuring Notional Amount**) that is less than the Reference Entity Notional Amount of the relevant Reference Entity immediately prior to the delivery of such Credit Event Notice. In such circumstances the provisions of section II to this Part 1

shall apply to the Partial Restructuring Notional Amount instead of the Reference Entity Notional Amount; and

- (b) for the avoidance of doubt, following such Restructuring, the provisions of this Credit Technical Annex shall apply in respect of the relevant Reference Entity with such Reference Entity's Reference Entity Notional Amount being reduced by the Partial Restructuring Notional Amount. In the event of the occurrence of further Restructurings with respect to such Reference Entity, the relevant Reference Entity Notional Amount will be further reduced by the relevant Partial Restructuring Notional Amount.

E. MULTIPLE SUCCESSORS

If the Notes are Single Name Notes and if Multiple Successor is specified as Applicable in the related Final Terms the following shall apply:

Where, pursuant to the definition of **Successor** (see Part 2 of this Credit Technical Annex), more than one Successor has been identified, each such Successor (a **Multiple Successor**) shall be a Reference Entity for the purposes of the Conditions, but only in respect of a principal amount of each Note equal to the Nominal Amount divided by the number of Multiple Successors to such Reference Entity (the **Multiple Successor Notional Amount**) as determined by the Calculation Agent. Where Multiple Successors to such Reference Entity (each, a **Sub-Multiple Successor**) have been identified in respect of a Reference Entity (an **Original Multiple Successor**) that is itself a Multiple Successor, each such Sub-Multiple Successor shall be a Reference Entity for the purposes of the Conditions, but the Multiple Successor Notional Amount in respect of a Sub-Multiple Successor shall be equal to the Multiple Successor Notional Amount in respect of such Original Multiple Successor divided by the number of Sub-Multiple Successors to such Original Multiple Successor. Following the delivery of a Credit Event Notice and, if applicable a Notice of Publicly Available Information, in respect of a Multiple Successor, the Notes will not be redeemed in whole but an amount shall be deliverable or, as the case may be, payable in respect of each Note (an **Instalment Amount**) which amount shall be determined in the same manner, *mutatis mutandis*, as the Physical Delivery Amount or Cash Redemption Amount that would otherwise have been determined in respect of such a Credit Event in relation to the original Reference Entity, except that it shall be in respect of a principal amount of each Note equal to the relevant Multiple Successor Notional Amount only. The date of delivery or payment, as the case may be, of any such Instalment Amount (an **Instalment Date**) shall be determined in the same manner, *mutatis mutandis*, as the Physical Settlement Date or Cash Redemption Date that would otherwise have been determined in respect of such a Credit Event in relation to the original Reference Entity. More than one Instalment Amount may be delivered or payable on the same day in respect of different Multiple Successors, but not more than one Credit Event Notice may be delivered in relation to a single Multiple Successor unless a Restructuring occurs in relation to a Multiple Successor, in which case the provisions of Section IV of this Part 1 will apply in respect of each such Multiple Successor. Upon the determination by the Calculation Agent of the identity of Multiple Successors, the Calculation Agent shall determine the modifications required to be made to the Conditions and any other related documents, to preserve substantially the economic effect for a Noteholder of a holding of the Notes and the Issuer shall use its reasonable endeavours to effect such modifications.

If American Settlement is specified as Applicable in the related Final Terms:

Following delivery or payment of an Instalment Amount in respect of a Credit Event relating to a Multiple Successor, the outstanding Nominal Amount of each Note shall be correspondingly reduced by the proportion of such principal amount so redeemed and, if applicable, interest on each Note shall accrue on the reduced Nominal Amount of each Note from the date on which it would otherwise have ceased to accrue following delivery of a Credit Event Notice and, if applicable a Notice of Publicly Available Information in relation to the original Reference Entity.

If the Notes are Single Name Notes and if Multiple Successor is specified as Not Applicable in the related Final Terms the following provisions shall apply:

Should more than one Successor succeed to the Reference Entity and a Credit Event occur in respect of any one of them, the Notes will be early redeemed in whole in accordance with the paragraph “*Settlement Method*”, as if First-to-Default was specified as Applicable in the related Final Terms.

For the avoidance of doubt, Section V of this Part 1 will not apply to First-to-Default Notes, Basket Notes and Tranche Notes.

VI. NOTIFICATION OF POTENTIAL FAILURE TO PAY

In the case of the occurrence of a Potential Failure to Pay, as determined by the Issuer in its sole and absolute discretion, the Issuer, or any entity acting on its behalf, shall use its reasonable endeavours to notify the Noteholders as soon as reasonably practical of such occurrence, pursuant to Condition 19 (*Notices*) of the Terms and Conditions of the Notes.

VIII. HEDGING DISRUPTION, INCREASED COST OF HEDGING – CHANGE IN LAW AND CONSEQUENCES

1 Hedging Disruption, Increased Cost of Hedging

Hedging Disruption means, in respect of Notes that have one or more Reference Entity(ies), that, as determined in good faith by the Calculation Agent, the Hedge Counterparty is unable, after using commercially reasonable efforts, to either (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the credit price risk (or any other relevant price risk including, but not limited to, the interest rate, equity and currency risk) of the Issuer entering into and performing its obligations with respect to the Notes or any agreement entered into with the Hedge Counterparty by the Issuer of the Notes; or (b) freely realize, recover, receive, repatriate, remit or transfer the proceeds of any Hedge Positions or any agreement entered into with the Issuer or any of its affiliates in relation to the Notes.

Increased Cost of Hedging means, in respect of Notes that have one or more Reference Entity(ies), that Hedge Counterparty would incur a materially increased (as compared with circumstances existing on the date(s) on which the Hedge Counterparty enters into the Hedge Positions in respect of the Notes) amount of tax, duty, expense or fee (other than brokerage commissions) to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the credit price risk of entering into and performing its obligations with respect to the Notes or (b) freely realize, recover or remit the proceeds of its Hedge Positions.

2 Change in Law

Change in Law means in respect of Notes that have one or more Reference Entity(ies) as Underlying(s) that, on or after the first to occur of (a) the Issue Date and (b) the trade date of any Hedge Position (i) due to the adoption of any change in any applicable law or regulation (including without limitation, any law or regulation in respect of tax, solvency or capital requirements) or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority) or the combined effect thereof if occurring more than once, the Calculation Agent determines in good faith that it has become illegal for the Hedge Counterparty to hold, acquire or dispose of Hedge Positions (as defined in Part 1-VIII.3 below) or to maintain any agreement entered into with the Hedge Counterparty by the Issuer of the Notes relating to the Underlying of the Notes (the **Affected Underlying**).

3 Consequences

Upon the occurrence, as determined by the Calculation Agent in good faith, on or prior to the fifth Business Day before the Maturity Date, of a Hedging Disruption, an Increased Cost of Hedging or a Change in Law, then the Calculation Agent may decide with regard to the Affected Underlying in respect of such Hedging Disruption, Increased Cost of Hedging or Change in Law, either:

- A. consider such event as an event triggering an early redemption of the Notes (hereafter, an **Early Redemption Event**). In the case where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and shall pay or cause to be paid an Early Redemption Amount on the basis of the Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes ; or
- B. if the Early Redemption Event is related to one or more affected Reference Entity(ies) (the **Affected Reference Entity(ies)**), replace the Affected Reference Entity(ies) by a new reference entity or new reference entities, as relevant, which is (respectively are each) a Similar Reference Entity ; or
- C. apply the Monetisation to the Maturity Date.

Following the occurrence of an Early Redemption Event, the Calculation Agent shall notify the Issuer, which shall in its turn notify the Issuing and Paying Agent and the Noteholders pursuant to the provisions of Condition 19 (*Notices*) of the Terms and Conditions of the Notes of the relevant adjustment made or decision taken by the Calculation Agent. Details on any adjustment made or decision taken can be obtained by the Noteholders upon request at the Calculation Agent's specified address.

4 Monetisation to the Maturity Date

The Issuer will no longer be liable for any payment, on the Maturity Date or any Interest Payment Date, but instead will, in full and final satisfaction of its obligations:

- A. in respect of the redemption of Notes whose Final Redemption Amount as defined in the Final Terms could be as low as zero, pay on the Maturity Date an amount per Note, determined by the Calculation Agent, with a minimum of zero, based on (a) the net positive cash amount that the Hedge Counterparty would be left with on the Full Liquidation Date, as a result of liquidating the Hedge Positions (*inter alia* by meeting liabilities of the Hedge Positions, if any, with the liquidation proceeds of the assets of the Hedge Positions) minus (b) the Associated Costs (the result of this difference (a) minus (b) each converted if necessary in the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method together with (c) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the Maturity Date (excluded) ; for the avoidance of doubt, the liquidation proceeds of any assets held by the Hedge Counterparty as Hedge Positions shall be deemed to be used in priority to extinguish

any liability, if any, incurred by the Hedge Counterparty under its Hedge Positions and the Calculation Amount mentioned above can be as low as zero; or

- B. in respect of the redemption of Notes whose Final Redemption Amount as defined in the Final Terms will in all circumstances be a positive amount (the **Minimum Redemption Amount**), pay on the Maturity Date an amount per Note, determined by the Calculation Agent, equal to the sum of (a) the Minimum Redemption Amount and (b) an amount, equal to the positive difference, if any, between (i) (1) the net positive cash amount that the Hedge Counterparty would be left with on the Full Liquidation Date, as a result of liquidating the Hedge Positions (*inter alia* by meeting liabilities of the Hedge Positions, if any, with the liquidation proceeds of the assets of the Hedge Positions) minus (2) the Associated Costs (the result of this difference a minus b, each converted if necessary in the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method) together with (3) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the Maturity Date (excluded), and (ii) an amount equal to the Minimum Redemption Amount; for the avoidance of doubt, the liquidation proceeds of any assets held by the Hedge Counterparty as Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by the Calculation Agent under its Hedge Positions and the Calculation Amount mentioned above can be as low as zero.

Any requirement that notification of novation, assignment or transfer of a Deliverable Obligation be provided to a trustee, fiscal agent, administrative agent, clearing agent or paying agent for a Deliverable Obligation shall not be considered to be a requirement for consent for purposes of the definition of Conditionally Transferable Obligation.

Any requirement that notification of novation, assignment or transfer of a Selected Obligation be provided to a trustee, fiscal agent, administrative agent, clearing agent or paying agent for a Selected Obligation shall not be considered to be a requirement for consent for the purposes of the definition of Conditionally Transferable Obligation.

 - (i) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals;
 - (ii) a reduction in the amount of principal or premium payable at maturity or at scheduled redemption dates;
 - (iii) a postponement or other deferral of a date or dates for either (A) the payment or accrual of interest or (B) the payment of principal or premium;
 - (iv) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation; or
 - (v) any change in the currency or composition of any payment of interest or principal to any currency which is not Permitted Currency.
- (b) Notwithstanding the provisions of (a) above, none of the following will constitute a Restructuring:

- (d) Unless Multiple Holder Obligation is specified as Not Applicable in the related Final Terms, then, notwithstanding anything to the contrary in (a), (b) and (c) above, the occurrence of, agreement to or

 - (ii) If only one entity directly or indirectly succeeds to more than twenty-five per cent. (but less than seventy five per cent.) of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than twenty-five per cent. of the Relevant Obligations will be the sole Successor and, in the case of Basket Notes and Tranche Notes, the Reference Entity Weighting of such sole Successor will be the Reference Entity Weighting of the Reference Entity before the Succession Event.
 - (iii) If more than one entity each directly or indirectly succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than twenty-five per cent. of the Relevant Obligations will each be a Successor and the terms of the Notes will be amended in accordance with the provisions set out in the definition of Multiple Successor in Section V of Part 1 of this Credit Technical Annex. In the case of Basket Notes and Tranche Notes, the

Reference Entity Weighting of each Successor will be the Reference Entity Weighting of the Reference Entity before the Succession Event, divided by the number of Successors.

- (iv) If one or more entities each directly or indirectly succeed to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor and the terms of the Notes will be amended in accordance with the provisions set out in the definition of Multiple Successor in Section V of Part 1 of this Credit Technical Annex. In the case of Basket Notes and Tranche Notes, the Reference Entity Weighting of each Successor will be the Reference Entity Weighting of the Reference Entity before the Succession Event, subject to adjustment of the Reference Entity Weighting, divided by the number of Successors.
- (v) If one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the terms of the Notes will not be changed in any way as a result of the Succession Event.
- (vi) If one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations (or, if two or more entities succeed to an equal percentage of Relevant Obligations, the entity from among those entities which succeeds to the greatest percentage of obligations of the Reference Entity) will be the sole Successor and, in the case of Basket Notes and Tranche Notes, the Reference Entity Weighting of such sole Successor will be the Reference Entity Weighting of the Reference Entity before the Succession Event.

PROVIDED THAT, in the case of Basket Notes and Tranche Notes, if the resulting Successor of a Reference Entity affected by a Succession Event, or as the case may be, one or more of the several resulting Successors of such Reference Entity is(are) another Reference Entity comprised in the Reference Portfolio at the legally effective date of the Succession Event, the Reference Entity Weighting of the Successor will be the sum of the Reference Entity Weighting of such Successor after the Succession Event as determined in accordance to paragraph (a)(i), (ii), (iii), (iv) or (vi) and the Reference Entity Weighting of such Successor in effect prior to the Succession Event.

PROVIDED FURTHER THAT, in the case of Basket Notes and Tranche Notes, if two or more Reference Entities are affected by a Succession Event resulting in at least one common Successor, the Reference Entity Weighting of the Successor will be the sum of the Reference Entity Weighting of such Successor after the Succession Event as determined in accordance to paragraph (a)(i), (ii), (iii), (iv) or (vi) with respect to each Reference Entity in respect of which it is a Successor.

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than fourteen calendar days after the legally effective date of the Succession Event), and with effect from the legally effective date of the Succession Event, whether the relevant thresholds set forth above have been met, or which entity qualifies under (vi) above, as applicable. PROVIDED THAT the Calculation Agent will not make such determination if at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve in accordance with the Rules (y) whether an event that constitutes a Succession Event has occurred with respect to the relevant Reference Entity and (x) the legally effective date of such event (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor) are satisfied or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event has occurred. In calculating the percentages used to determine whether the relevant thresholds set forth

above have been met, or which entity qualifies under (a)(vi) above, as applicable, the Calculation Agent shall use, with respect to each applicable Relevant Obligation included in such calculation, the amount of the liability with respect to such relevant Obligation listed in the Best Available Information.

- (b) With respect to a Sovereign Reference Entity, Successor means each entity which becomes a direct or indirect successor to such Reference Entity by way of a Succession Event, irrespective of whether any such successor assumes any of the obligations of such Reference Entity.

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than fourteen calendar days after the date of the occurrence of the relevant Succession Event), and with effect from the date of the occurrence of the Succession Event, each Sovereign and/or entity, if any, that qualifies under (b) above. PROVIDED THAT the Calculation Agent will not make such determination if at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve in accordance with the Rules (y) whether an event that constitutes a Succession Event has occurred with respect to the relevant Reference Entity and (x) the date of the occurrence of such event (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor) are satisfied or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event has occurred. A notice will be sent by or on behalf of the Issuer to the Noteholders evidencing the Succession Event and giving all necessary relevant indications as to the Successor(s), the Multiple Successor Notional Amount (if applicable), the Reference Entity Weighting (if applicable) and the change in Reference Obligation(s).

PROVIDED THAT (for (a) and (b) above), *if N-to-M-to-Default is specified as Applicable in the related Final Terms or in respect of First-to-Default Notes*, the Calculation Agent will adjust the effect of any Succession Event as necessary so that in all cases the number of Reference Entities in the Reference Portfolio will remain unchanged and *if N-to-M-to-Default is specified as Applicable in the related Final Terms*, so that the Reference Entity Weighting will remain the same for all Reference Entities comprised in the Reference Portfolio, in particular:

if the resulting Successor of a Reference Entity (the **Legacy Reference Entity**) affected by a Succession Event is another Reference Entity comprised in the Reference Portfolio (the **Surviving Reference Entity**) at the legally effective date of the Succession Event, the Calculation Agent acting in good faith and in its sole discretion shall select a new entity having an equivalent Rating (as defined below) or an equivalent credit risk (if no Rating is available) to the Legacy Reference Entity immediately prior to the occurrence of the Succession Event; such new entity shall be deemed to have replaced the Legacy Reference Entity as Reference Entity effective on and from the date of the Succession Event and *if N-to-M-to-Default is specified as Applicable in the related Final Terms*, the Reference Entity Weighting of the Surviving Reference Entity shall remain the Reference Entity Weighting of the Surviving Reference Entity in effect prior to the Succession Event and the Reference Entity Weighting of the entity having replaced the Legacy Reference Entity shall be equal to the Reference Entity Weighting of the Legacy Reference Entity prior to the Succession Event;

and

if a Succession Event would result in more than one Successor (the **Potential Successors**) to a Reference Entity, the Calculation Agent shall select in its sole discretion only one entity (the **Chosen Successor**) among the Potential Successors to replace the Reference Entity; the Chosen Successor shall be deemed to have replaced the Reference Entity and *if N-to-M-to-Default is specified as Applicable in the related Final Terms*, its Reference Entity Weighting shall be equal to the Reference Entity Weighting of the Reference Entity prior to the Succession Event.

Basket means a synthetic portfolio of assets whose composition is identical to those described below under the definition of Portfolio, provided however that its valuation may be expressed in terms of bare figures or bare percentage rather than by reference to a currency amount; this applies to $Basket_t$, $Basket_r$, and $Basket_i$, which shall mean:

$Basket_t$ = 100 or 100 per cent. or any other figure or percentage specified in the applicable Final Terms;

$Basket_r$ = $Basket_t \times (\text{Basket Value per Note on the Final Valuation Date} / \text{Basket Value per Note on the Initial Determination Date})$;

communication of such Net Asset Value as such calculation or communication is deemed to be made in accordance with the relevant Fund Prospectus.

Final Valuation Date means, unless otherwise specified in the applicable Final Terms, the tenth Business Day before the Maturity Date, provided that if such Business Day is not a Valuation Date, the Final Valuation Date will be the immediately following Valuation Date, *provided further* that, if none of the Business Days which follow up to and including the fifth Business Day before the Maturity Date is a Valuation Date, the fifth Business Day before the Maturity Date will be deemed to be the Final Valuation Date and the relevant valuation shall be made on this date by the Calculation Agent acting in good faith, on the basis of estimated value of each relevant Risky Asset and or Non Risky Asset and or Cash components when an official value is not disclosed.

Fund means any Risky Fund or Non Risky Fund.

Fund Prospectus means, in respect of a Fund, the document describing such Fund and providing, *inter alia*, for the subscription and redemption process in respect of Units of such Fund and rights attached to such Units, as such document may be supplemented and amended from time to time and available, free of charge, at the office of the Agent in Luxembourg.

Where applicable, any Borrowed

Capital shall form part of the Portfolio, provided that, as liabilities, it shall come in deduction from the aforementioned assets. The Portfolio allocation amongst the components of the Risky Asset applicable on the Initial Determination Date shall be specified in the applicable Final Terms; such specification may be only indicative.

The Portfolio may be managed and allocated by the Portfolio Manager in different manners as detailed below (unless otherwise specified in the applicable Final Terms):

(a) **Portfolio Management**

- (i) If **Dynamic Selection** is specified in the applicable Final Terms the Portfolio Manager will manage the Risky Asset in its absolute discretion without limitation to the number and/or the weighting of the components in the Risky Asset; it may, in particular, remove any component from the Risky Asset or add one or more new components therein. Specific rules, guidelines or constraints on or in relation to the Portfolio Management's authority or discretion to manage the Risky Asset may be provided for in applicable the Final Terms.
- (ii) If **Permanent Selection** is specified in the applicable Final Terms, the Portfolio Manager is not authorised to remove or add components from or to the Risky Asset, provided however that (A) the respective weightings of the components of the Risky Asset may be modified by the Portfolio Manager and (B) the Portfolio Manager and/or the Calculation Agent, acting in good faith, may make adjustments to the Risky Asset following the occurrence of an Extraordinary Event.

(b) **Portfolio Allocation**

In allocating the Portfolio amongst the relevant components the Portfolio Manager will take into account (i) variations in the performance of the Risky Asset and (ii) the specific market conditions. The Portfolio Manager may permit the exposure of the Portfolio to the Risky Asset (the **Risky Asset Exposure** being Risky Asset Value/Portfolio Value) to vary from the Minimum Exposure (0 per cent. means that the Portfolio is exclusively invested in the Non Risky Asset) to the Maximum Exposure (100 per cent. or more means that the Portfolio is exclusively invested in the Risky Asset). For the avoidance of doubt, a Risky Asset Exposure exceeding 100 per cent. reflects the leverage feature of the investment in the Portfolio (Risky Asset in the Portfolio partly financed by borrowings).

- (i) If **Portfolio Allocation** is specified in the applicable Final Terms, the Portfolio Manager will allocate the Portfolio amongst the relevant components on a dynamic basis in accordance with the methodology known as the DPI (**Dynamic Portfolio Insurance**) methodology or the CPPI (**Constant Portfolio Proportion Insurance**) methodology or the ODPI (**Objective Driven Portfolio Insurance**) methodology (or any other similar methodology as specified and described in the applicable Final Terms) with a view to achieving (A) a capital protection feature for the Notes and/or (B) a participation in the growth of the value of the assets comprised in the Portfolio and/or (C) a Performance Objective in the case of the ODPI methodology.
- (ii) If **DPI Basket Allocation** is specified in the applicable Final Terms, it shall mean that allocation amongst the relevant components of the Basket will be managed on a dynamic basis in accordance with the methodology known as the DPI or the CPPI methodology but making use of some arbitrary parameters that will not allow any capital protection, as follows:
 - (A) the Portfolio Manager will periodically make observation of the difference (such difference being the **Cushion**) between (i) the Basket Value per Note on a given date t and (ii) the Reference Level (expressed as a percentage) on the same date multiplied by the Basket Value per Note on the Initial Determination Date;
 - (B) the Portfolio Manager may determine, at its absolute discretion, a range within which the ratio of the Risky Asset Value per Note to the Cushion (such ratio being the

Multiplier) should remain. If the Portfolio Manager observes that the Multiplier has deviated from such targeted range it may adjust the allocation of components within the Basket by increasing or decreasing (as appropriate) the allocation of the Risky Asset in the Basket such that the Multiplier falls within the targeted range, subject to the Maximum Exposure and Minimum Exposure. Alternatively the Multiplier may be a pre-determined fixed factor which generates a norm of Risky Asset Value (or Risky Asset Exposure) on the basis of current level of the Cushion. Adjustment of the Basket allocation is made only if the actual figures diverge from the norm by more than a specified percentage; where such alternative applies a Fixed Multiplier and a Specified Percentage in respect of the Risky Asset Exposure shall be specified in the applicable Final Terms.

- (iii) If **Volatility Cap Basket Allocation** is specified in the applicable Final Terms, the Portfolio Manager will dynamically manage the allocation of the Basket according to the Volatility Cap methodology as set below.

Volatility Re-Balancing

The Portfolio Manager will determine the level of the Basket Volatility on each Business Day t (the **Basket Volatility(t)**) in accordance with the formula below. If the Basket Volatility_(t) exceeds the Volatility Cap Level or is below the Volatility Floor Level, then the Portfolio Manager will proceed with a re-balancing of the Basket by increasing/decreasing the exposure to the Non Risky Asset and by decreasing/increasing the exposure to the Risky Asset in order to reach the Volatility Reset Level.

The target weights of the 2 components within the Basket on a Business Day t are defined as follows:

Risky Asset Target Weight (t) =

Max[Minimum Exposure; Min (Maximum Exposure; Risky Asset Target Weight (t-1) \times Volatility Reset Level/Basket Volatility(t))]

Non Risky Asset Target Weight(t) = 1 - Risky Asset Target Weight(t)

where **t-1** is the first Business Day before the date t

On the Initial Determination Date ($t=0$) Risky Asset Target Weight (t-1) = Maximum Exposure.

The re-balancing of the Basket will be made within 3 (or 5) Business Days of such date t , on a best efforts basis, and subject to valuation delay, liquidity and execution condition of the constituents of the Risky Asset.

Once a new allocation between the Risky Asset and the Non Risky Asset is determined, it will remain constant unless the Basket Volatility leads to a re-balancing in accordance with these allocation rules.

Each of the **Volatility Cap Level**, the **Volatility Floor Level** and the **Volatility Reset Level** is the relevant percentage as specified in the applicable Final Terms.

Basket Volatility (t) means, on each Business Day t , the Annualised Standard Deviation of the Daily Return of the Risky Asset multiplied by the Risky Asset Target Weight (t-1). The Basket Volatility will be determined for the first time on the Initial Determination Date, subject to valuation delay, liquidity and execution condition of the constituents of the Risky Asset.

Annualised Standard Deviation:
$$\sigma = \sqrt{260 \times \frac{1}{n-1} \sum_{i=0}^{19} R_{t-i}^2}$$

where:

n is the number of Business Days in the Rolling Period.

PROVIDED THAT (i) if **One to One** is specified in the applicable Final Terms, the Notes will simply be indexed on the constituent(s) of the Risky Asset without any management or allocation strategy being implemented (unless otherwise specified in the applicable Final Terms), (ii) if **Leverage Strategy** is specified in the applicable Final Terms, the Portfolio will consist exclusively in the Risky Asset and **Borrowed Capital** and will remain permanently exposed to such Risky Asset with generally no other management or allocation strategy than the periodical resetting of the Risky Asset Exposure at a specified level (the **Target Exposure Level**) and (iii) if **Specific Strategy** is specified in the applicable Final Terms, the Portfolio shall be managed and allocated in accordance with the specific rules detailed in such Final Terms.

The Early Redemption Amount payable upon the occurrence of an event affecting the underlying equity index as mentioned above will be paid or caused to be paid to the Noteholders as if it were a redemption for taxation reason or an Event of Default on the basis of Market Value as defined in Condition 7(g) (*Early Redemption Amounts*) of the Terms and Conditions of the Notes, provided that the Early Redemption Amount will, as the case may be, wholly or partly depend on the amounts received as the result of the unwinding of hedging arrangements entered into in respect of the Notes.

Should the event cease on or after the decision of the Calculation Agent and the Portfolio Manager to early redeem the Notes, no Noteholder will be entitled to any payment whether of interest or otherwise in respect of the Notes other than the Early Redemption Amount and none of the Issuer, the Dealer, the Portfolio Manager and the Calculation Agent shall have any liability in respect of such early redemption.

The following other security technical annex (the **Other Security Technical Annex**) will apply to Final Terms relating to a particular issue of Notes, if such Final Terms state the following:

"The provisions of the Other Security Technical Annex apply to these Final Terms and such documents shall be read together. In the event of any inconsistency between the Other Security Technical Annex and these Final Terms, these Final Terms shall prevail."

Terms used in this Other Security Technical Annex, unless specifically defined in the Other Security Technical Annex, shall have the same meanings set out in the Terms and Conditions of the Notes.

The Issuer may, within the limits of the Securitisation Act 2004, give guarantees and grant security over its assets in order to secure the obligations it has assumed for the securitisation of those assets or for the benefit of investors (including their trustee or representative, if any) and/or any issuing entity participating in a securitisation transaction of the Issuer. The Issuer may not pledge, transfer, encumber or otherwise create security over some or all of its assets or transfer its assets for guarantee purposes, unless permitted by the Securitisation Act 2004.

The Issuer may enter into, execute and deliver and perform any swaps, futures, forwards, derivatives, options, repurchase, stock lending and similar transactions for as long as such agreements and transactions are necessary to facilitate the performance of the Issuer's corporate objects. The Issuer may generally employ any techniques and instruments relating to investments for the purpose of their efficient management, including, but not limited to, techniques and instruments designed to protect it against credit, currency exchange, interest rate risks and other risks.

The Board is entitled to create one or more compartments (within the meaning of article 62 of the Securitisation Act 2004 and representing the assets of the Issuer relating to an issue by the Issuer of shares or debt securities), in each case, corresponding to a separate part of the Issuer's estate and constituting each either a Category A Compartment or a Category B Compartment or the Category X Compartment. The following is a summary description of the Preference Share Issuer and the Preference Shares.

The Preference Share Issuer

Solentis Investment Solutions PCC (the **Preference Share Issuer**) is a protected cell company, incorporated with limited liability in Jersey under the Companies (Jersey) Law 1991 on 13 May 2010 with registered number 105685 and established as an unregulated exchange traded fund pursuant to the Collective Investment Funds (Unregulated Funds) (Jersey) Order 2008, notice of which has been provided to the Registrar of Companies in Jersey pursuant to that order. Its registered office is at 22 Grenville Street, St. Helier, Jersey, JE4 8PX.

The Preference Share Issuer is authorised to issue an unlimited number of no par value shares designated as ordinary shares and to create an unlimited number of protected cells.

Each protected cell will be authorised to issue ordinary shares of no par value and preference shares of no par value. The ordinary shares are held by or on behalf of The Solentis Investment Solutions Charitable Trust on trust for charitable purposes. The assets and liabilities of each cell are segregated from assets and liabilities of other cells and any non-cellular assets and liabilities of the Preference Share Issuer.

The Preference Shares of a cell may be offered and issued to investors pursuant to the terms agreed with the Preference Share Issuer. Societe Generale acts as cell sponsor in respect of each cell as well as determination agent and collateral manager in respect of the preference shares. Other service providers act as investment manager, custodian, principal paying agent, registrar and corporate administrator to the Preference Share Issuer or in respect of the preference shares as applicable.

Documents for Inspection

Copies of the Preference Share Issuer's constitutional documents will be available for inspection at the registered office of the Preference Share Issuer (acting in respect of the Preference Share Issuer and each relevant Cell (as applicable)), in each case during normal business hours on any weekday (Saturdays, Sundays and public holidays excepted) for 14 days following the date of each Supplemental Memorandum. The Private Placement Memorandum and any applicable Class specific Supplemental Memorandum can be obtained by any interested investors from Societe Generale.

Please note

Copies of the Memorandum and Articles of Association (and, after publication thereof, the Annual Accounts) may be obtained by Shareholders from the Corporate Administrator at its registered office on request subject to payment of a reasonable sum.

The Preference Shares

The Preference Share Issuer is authorised to issue an unlimited number of redeemable preference shares (the Preference Shares) of no par value, designated as ordinary shares and create unlimited number of protected cells, issued in the form of a single Series of Preference Shares. Each Series of Preference Shares may comprise one or more Classes of Preferences Shares as specified in the relevant Supplemental Memorandum. Each Class of Preference Shares may have different features.

The Preference Share Issuer may issue redeemable preference shares of any kind, including but not limited to preference shares linked to a specified index or basket of indices, share or basket of shares, currency or basket of currencies, debt instrument or basket of debt instruments, commodity or basket of commodities, fund unit or share or basket of fund units or shares or to such other underlying instruments, bases of reference or factors (each a **Preference Share Underlying**) and on such terms as may be determined by the Preference Share Issuer and specified in the applicable terms and conditions of the relevant series of preference shares (the

Preference Share Terms). The Preference Share Terms, and any non-contractual obligations arising out of or in connection with the Preference Share Terms and any non-contractual obligations arising out of or in connection with them, are governed by and construed in accordance with Jersey law.

The Preference Share Terms provide that the Preference Shares will be redeemable on their final redemption date (or otherwise in accordance with the Preference Share Terms). On redemption, the Preference Shares will carry preferred rights to receive an amount calculated by reference to the performance of the Preference Share Underlying.

The Preference Share Terms also provide that the Preference Share Issuer may redeem the Preference Shares early if:

- (a) the calculation agent in respect of the Preference Shares determines that for reasons beyond the Preference Share Issuer's control, the performance of the Preference Share Issuer's obligations under the Preference Shares has become illegal or impractical in whole or in part for any reason; or
- (b) any event occurs in respect of which the provisions of the Preference Share Terms relating to any adjustment, delay, modification, cancellation or determination in relation to the Preference Share Underlying, the valuation procedure for the Preference Share Underlying or the Preference Shares provide that the Preference Shares may be redeemed; or
- (c) a change in applicable law or regulation occurs that in the determination of the Preference Share Calculation Agent results, or will result, by reason of the Preference Shares being outstanding, in the Preference Share Issuer being required to be regulated by any additional regulatory authority, or being subject to any additional legal requirement or regulation or tax considered by the Preference Share Issuer to be onerous to it; or
- (d) the Preference Share Issuer is notified that the Preference Share Linked Securities have become subject to early redemption.

The value of the Preference Shares will be published on each Business Day with respect to any city or place, a day on which commercial banks and foreign exchange markets settle payments and are open for business (including dealings in foreign exchange and foreign currency deposits) in such city or place or as defined in the relevant Supplemental Memorandum for each Series of Preference Shares.

The Preference Share Underlying

The performance of the Preference Shares depends on the performance of the Preference Share Underlying to which the relevant Preference Shares are linked.

Investors should review the Preference Share Terms and the Preference Share Issuer's private placement memorandum, relevant Supplemental Memorandum and other constitutional documents and consult with their own professional advisers if they consider it necessary.

BOOK ENTRY CLEARANCE SYSTEMS

*The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear and Clearstream, Luxembourg, EUI or SIX SIS Ltd (together, for the purposes of this section, the **Clearing Systems**) currently in effect. The information in this section concerning the Clearing Systems has been obtained from sources that the Issuer and the Guarantor believe to be reliable, but none of the Issuer, the Guarantor or any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer, the Guarantor nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Notes held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.*

Book Entry Systems

DTC

DTC has advised the Issuer that it is a limited purpose trust company organised under the New York Banking Law, a “banking organisation” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to Section 17A of the Exchange Act. DTC holds securities that its participants (**Participants**) deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations (**Direct Participants**). DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (**DTCC**). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC System is also available to others such as securities brokers and dealers, banks and trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (**Indirect Participants**).

Under the rules, regulations and procedures creating and affecting DTC and its operations (the **Rules**), DTC makes book-entry transfers of Registered Notes among Direct Participants on whose behalf it acts with respect to Notes accepted into DTC’s book-entry settlement system (**DTC Notes**) as described below and receives and transmits distributions of principal and interest on DTC Notes. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Notes (**Owners**) have accounts with respect to the DTC Notes similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Notes through Direct Participants or Indirect Participants will not possess Registered Notes, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Notes.

Purchases of DTC Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Notes on DTC’s records. The ownership interest of each actual Purchaser of each DTC Note (**Beneficial Owner**) is in turn to be recorded on the Direct and Indirect Participant’s records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Notes are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Notes, except in the event that use of the book-entry system for the DTC Notes is discontinued.

To facilitate subsequent transfers, all DTC Notes deposited by Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. The deposit of DTC Notes with DTC and their registration in the name

of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the DTC Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to DTC Notes. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Notes will be made to Cede & Co., or such other nominee as may be requested by an authorised representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Issuer or the Agent, on the due date for payment in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the due date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC, the Agent or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances set out in the Global Notes, DTC will exchange the DTC Notes for Registered Definitive Notes, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Note, will be legended as set forth in the section headed "*Subscription, Sale and Transfer Restrictions*".

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Owner desiring to pledge DTC Notes to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Notes, will be required to withdraw its Registered Notes from DTC as described below.

Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

As both a central securities depository and an international central securities depository SIX SIS Ltd offers banks and other financial market participants the safe custody of securities, a full range of custody services and the settlement of securities transactions. Book-entry Ownership of and Payments in respect of DTC Notes

Subject to the paragraph below, the Issuer may apply to DTC in order to have any Tranche of Notes represented by a Registered Global Note accepted in its book-entry settlement system. Upon the issue of any such Registered Global Note, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Registered Global Note to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in such a Registered Global Note will be limited to Direct Participants or Indirect Participants, including, in the case of any Regulation S Global Note, the respective depositories of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Registered Global Note accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

If the applicable Final Terms indicate that (a) any such Global Note that is a Bearer Global Note is intended to be a New Global Note or (b) any such Registered Global Note is intended to be a NSS Global Note (as the case may be), it will be deposited with a common safekeeper for Euroclear and Clearstream, Luxembourg (the **Common Safekeeper**). Ownership of beneficial interests in such Global Notes accepted by the Common Safekeeper will be shown on, and the transfer of such ownership will be effected only through, records maintained by such Common Safekeeper or its nominee.

Payments in U.S. dollars of principal and interest in respect of a Registered Global Note accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Note. In the case of any payment in a currency other than U.S. dollars, payment will be made to the Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Note in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to beneficial owners of Notes will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Issuing and Paying Agent, the Registrar or the Issuer. Payment of principal, premium (if any) and interest (if any) on Notes to DTC is the responsibility of the Issuer.

Transfers of Notes Represented by Registered Global Notes

Transfers of any interests in Notes represented by a Registered Global Note within DTC, Euroclear and Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Notes represented by a Registered Global Note to such persons may depend upon the ability to exchange such Notes for Notes in

definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Notes represented by a Registered Global Note accepted by DTC to pledge such Notes to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Notes may depend upon the ability to exchange such Notes for Notes in definitive form. The ability of any holder of Notes represented by a Registered Global Note accepted by DTC to resell, pledge or otherwise transfer such Notes may be impaired if the proposed transferee of such Notes is not eligible to hold such Notes through a Direct Participant or Indirect Participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described in the section headed “*Subscription, Sale and Transfer Restrictions*”, cross-market transfers between DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg or Euroclear accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Registrar, the Issuing and Paying Agent and any custodian (**Custodian**) with whom the relevant Registered Global Notes have been deposited.

On or after the Issue Date for any Series, transfers of Notes of such Series between accountholders in Clearstream, Luxembourg and Euroclear and transfers of Notes of such Series between participants in DTC will generally have a settlement date three Business Days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Clearstream, Luxembourg or Euroclear and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Clearstream, Luxembourg and Euroclear, on the other, transfers of interests in the relevant Registered Global Notes will be effected through the Registrar, the Issuing and Paying Agent and the Custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Notes among participants and accountholders of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer, the Guarantor, the Agents or any Dealer will be responsible for any performance by DTC, Clearstream, Luxembourg or Euroclear or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Notes represented by Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial interests.

CREST and CREST Depository Interests

CREST

EUI Notes will be held in registered uncertificated form in accordance with the Uncertificated Securities Regulations 2001, including any amendment, modification or re-enactment thereof for the time being in force (the **Regulations**) and as such are dematerialised and not constituted by any physical document of title. The EUI Notes are participating securities for the purposes of the Regulations. Other than in the case of Uncertificated SIS Notes, title to the EUI Notes is recorded on the relevant Operator register of corporate securities. The EUI Agent on behalf of the Issuer shall, in relation to the EUI Notes, maintain a record of uncertificated corporate securities in accordance with the records of Euroclear UK & Ireland Limited (**EUI** or **CREST**) (formerly known as CRESTCo Limited) (the **Record**) and shall procure that the Record is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator. Subject to this requirement and except in the case of Uncertificated SIS Notes, (i) each person who is for the time

being shown in the Record as the holder of a particular number of EUI Notes shall be treated by the Issuer and the EUI Agent as the holder of such number of EUI Notes for all purposes (and the expression **EUI Holder** and related expressions shall be construed accordingly), and (ii) neither the Issuer, the Guarantor nor the EUI Agent shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Record which the Uncertificated Agent maintains are in accordance with particulars entered in the Operator register of corporate securities relating to the EUI Notes.

CREST Depository Interests

Following their delivery into Euroclear and Clearstream, Luxembourg, interests in Notes may be delivered, held and settled in CREST by means of the creation of dematerialised depository interests representing the interests in the relevant Notes.

Pursuant to the CREST Reference Manual, Notes held in global form by the Common Depository may be settled through the CREST system, and CREST Depository Limited (the **CREST Depository**) will issue CREST Depository Interests (**CDIs**). The CDIs will be independent securities, constituted under English law which may be held and transferred through the CREST system.

The CDIs will be created pursuant to and issued on the terms of a deed poll executed by the CREST Depository in favour of the holders of the CDIs from time to time (the **CREST Deed Poll**). Prospective holders of CDIs should note that they will have no rights against CRESTCo or its subsidiaries in respect of the underlying Notes, interests therein, or the CDIs representing them.

Interests in the underlying Notes will be credited to the CREST nominee's account with Euroclear and the CREST nominee will hold such interests as nominee for the CREST Depository which will issue CDIs to the relevant CREST participants.

Each CDI will be treated as one underlying Note, for the purposes of determining all rights and obligations and all amounts payable in respect thereof. The CREST Depository will pass on to holders of CDIs any interest or other amounts received by it as holder of the underlying Notes on trust for such CDI holder. CDI holders will also be able to receive from the CREST Depository notices of meetings of holders of underlying Notes and other relevant notices issued by the Issuer.

Transfers of interests in underlying Notes by a CREST participant to a participant of Euroclear or Clearstream, Luxembourg will be effected by cancellation of the CDIs and transfer of an interest in such underlying Notes to the account of the relevant participant with Euroclear or Clearstream, Luxembourg.

The CDIs will have the same international security identification number (ISIN) as the underlying Notes and will not require a separate listing on the Official List.

Prospective subscribers for Notes represented by CDIs are referred to Chapter 3 of the CREST Reference Manual which contains the form of the CREST Deed Poll to be entered into by the CREST Depository.

The rights of the holders of CDIs will be governed by the arrangements between CREST, Euroclear, Clearstream, Luxembourg and the Issuer including the CREST Deed Poll (in the form contained in Chapter 3 of the CREST International Reference Manual (which forms part of the CREST Reference Manual)) executed by the CREST Depository. These rights may be different from those of holders of Notes which are not represented by CDIs.

TAXATION

THE FOLLOWING SECTION PROVIDES INFORMATION AS OF THE DATE OF THIS PROGRAMME ON TAXES ON THE INCOME FROM THE NOTES WITHHELD AT SOURCE IN RESPECT OF (I) THE COUNTRIES OF THE REGISTERED OFFICES OF THE ISSUER AND THE GUARANTOR AND (II) THE COUNTRIES WHERE OFFERS OF NOTES MAY BE MADE OR ADMISSION TO TRADING MAY BE SOUGHT. SUCH INFORMATION IS NOT INTENDED TO PROVIDE AN EXHAUSTIVE DESCRIPTION OF THE POTENTIAL TAX ISSUES ASSOCIATED WITH THE NOTES. ACCORDINGLY, ANY INVESTOR CONSIDERING AN INVESTMENT IN THE NOTES SHOULD OBTAIN INDEPENDENT TAX ADVICE ON THE TAXATION IMPLICATIONS FOR IT, IN EACH RELEVANT JURISDICTION, OF PURCHASING, OWNING OR DISPOSING OF ANY NOTE.

Prospective Purchasers of Notes are advised to consult their tax advisers as to the consequences, under the tax laws of the countries of their respective citizenship, residence or domicile, of a purchase of Notes, including, but not limited to, the consequences of receipt of payments under the Notes and their disposal or redemption.

1. EUROPEAN UNION

On 3 June 2003, the European Council of Economic and Finance Ministers adopted the Directive 2003/48/EC regarding the taxation of savings income (the **Savings Directive**). Pursuant to the Savings Directive and subject to a number of conditions being met, Member States are required, since 1 July 2005, to provide to the tax authorities of another Member State, *inter alia*, details of payments of interest within the meaning of the Savings Directive (interest, products, premiums or other debt income) made by a paying agent located within their jurisdiction to, or for the benefit of, an individual resident in that other Member State (or certain limited types of entities established in that other Member State) (the **Disclosure of Information Method**). For these purposes, the term "paying agent" is widely defined and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Savings Directive, for the immediate benefit of individuals (or certain entities).

However, throughout a transitional period, certain Member States (the Grand-Duchy of Luxembourg and Austria), instead of using the Disclosure of Information Method used by other Member States, withhold an amount on interests' payments. The rate of such withholding tax equals 35 per cent. Such transitional period will expire at the end of the first full fiscal year following the later of (i) the date of entry into force of an agreement between the European Community, following a unanimous decision of the European Council, and the last of several jurisdictions (Switzerland, Liechtenstein, San Marino, Monaco and Andorra), providing for the exchange of information upon request as defined in the OECD Model Agreement on Exchange of Information on Tax Matters released on 18 April 2002 (the **OECD Model Agreement**) with respect to interest payments within the meaning of the Savings Directive, in addition to the simultaneous application by those same jurisdictions of a withholding tax on such payments at the rate of 35 per cent. and (ii) the date on which the European Council unanimously agrees that the United States of America is committed to exchange of information upon request as defined in the OECD Model Agreement with respect to interest payments within the meaning of the Savings Directive. A number of non-EU countries and dependent or associated territories have agreed to adopt similar measures (transitional withholding or exchange of information) with effect since 1 July 2005.

The European Commission has proposed certain amendments to the Savings Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

2. JURISDICTIONS OF THE ISSUER AND THE GUARANTOR

FRANCE

Withholding tax on payments made by the Guarantor to non-French tax residents

There is no direct authority under French law on the withholding tax status of payments by the Guarantor under the Guarantee. Hence, the statements below are based on the interpretation of general French tax principles and any future legislative, judicial or administrative development may affect, potentially with retroactive effect, such statements.

Under one interpretation of French tax law, payments made by the Guarantor of any amount due by the Issuer to a Noteholder which is a non-French tax resident and which is not acting through a French establishment or branch may be treated as a payment in lieu of payments to be made by the Issuer with respect to the Notes. Accordingly, under this interpretation, payments made by the Guarantor of any amounts due by the Issuer under the Notes should be exempt from the withholding tax set out under article 125 A III of the *Code général des impôts*, to the extent that interest payments made or to be made by the Issuer would be exempt from withholding tax by reason of the Issuer not being resident of, or otherwise established in, France.

Under another interpretation, any such payment may be treated as a payment independent from the payments to be made by the Issuer with respect to the Notes. In the absence of any specific provision in article 125 A III of the *Code général des impôts*, such payments should be exempt from the withholding tax set out under article 125 A III of the *Code général des impôts*.

In the improbable case that none of the two above interpretations would prevail and if the payments by the Guarantor under the Guarantee would qualify as interest payments paid by a French debtor within the meaning of article 125 A III of the *Code général des impôts*, such payments would be exempt from any taxes, duties or other charges of whatever nature by way of deduction or withholding by the Republic of France or any political subdivision or authority thereof or therein having power to tax, unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of article 238-0 A of the *Code général des impôts*.

EU Savings Directive

Under EC Council Directive 2003/48/EC (the **Savings Directive**) on the taxation of savings income, Member States are required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within their jurisdiction to an individual resident in that other Member State, or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures with effect from the same date.

The European Commission has proposed certain amendments to the Savings Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

The Savings Directive was implemented under French law by article 242 *ter* of the *Code général des impôts* which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owner domiciled in another Member State, including, among other things, the identity and address of the beneficial owner, the total amount of interest paid to that beneficial owner and the total amount of the proceeds from sale, redemption or refund of debt claims of every kind realised by the beneficial owner during the calendar year.

Payments made to French tax residents

The French tax residents Noteholders, be they individuals or legal entities, should verify the taxation applicable to their particular situation. The Noteholders should be aware that the information provided in this document is merely a summary of the applicable French income tax regime or French corporation tax regime and that they should consult their own tax advisors in order to determine the tax consequences which apply to them when purchasing, holding, or disposing of the Notes.

The wealth tax consequences of the purchase of the Notes are not examined in this prospectus.

French tax resident individuals

Income

Under the laws, regulations and administrative guidelines now in force in France, the income derived from Notes (interest and redemption premium, as set out in article 238 septies A of the French *Code Général des Impôts*) held as private assets by individuals domiciled in France for tax purposes are subject to:

- (i) a progressive scale of income tax (in this case, income subject to income tax is reduced by deductible expenses, such as custody and coupon-payment costs),
- (ii) or, optionally, a flat withholding income tax rate of 24 per cent. ("*prélèvement forfaitaire libératoire*" - Article 125 A of the French *Code Général des Impôts*). This option must be expressly specified by the beneficiary, at the very latest, when the income is received.

Whatever the taxpayer decides, interest and bond redemption premiums are subject to the following social security contributions at a global rate of 13.5 per cent. (15.5 per cent. from 1 July 2012):

- (i) general social security contribution (*contribution sociale généralisée*) at 8.2 per cent. (Article 1600-O D and O E of the *Code Général des Impôts*). When income subject to this contribution is taxed to a progressive scale income tax (ie in the absence of option for the standard withholding income tax referred to above -*prélèvement forfaitaire libératoire* -) up to 5.8 per cent. of the general social security contribution paid is deductible, from global income that is subject to income tax for the year of payment of the aforementioned contribution (Article 154 *quinquies* II of the *Code Général des Impôts*),
- (ii) social security (*prélèvement social*) at 3.4 per cent. (5.4 per cent. from 1 July 2012 - Article 1600-0 F bis of the *Code Général des Impôts*),
- (iii) an additional social security contribution (*contribution additionnelle au prélèvement social*) at 0.3 per cent. (Article L.14-10-4 of the *Code de l'action sociale et des familles*),
- (iv) an additional social security contribution at 1.1 per cent. to finance social welfare (*contribution additionnelle au prélèvement social destinée au financement du revenu de solidarité active*) (Article L.262-24 of the *Code de l'action sociale et des familles*),
- (v) social security debt reimbursement contribution (*contribution pour le remboursement de la dette sociale*) at 0.5 per cent. (Article 1600-0 J and O L of the *Code Général des Impôts*).

Capital gains

Under current legislation, capital gains made by individuals domiciled in France for tax purposes on the sale of Notes are taxable at a rate of 19 per cent. (Article 150-0A *et seq.* and 200 A 2 of the *Code Général des Impôts*) to which is added the following social security contributions (at a global rate of 15.5 per cent.):

- (i) general social security contribution (*contribution sociale généralisée*) at 8.2 per cent. (Article 1600-OC and OE of the *Code Général des Impôts*),

- (ii) social security (*prélèvement social*) at 5.4 per cent. (Article 1600-0 F bis of the *Code Général des Impôts*),
- (iii) an additional social security contribution (*contribution additionnelle au prélèvement social*) at 0.3 per cent. (Article L.14-10-4 of the *Code de l'action sociale et des familles*),
- (iv) an additional social security contribution at 1.1 per cent. to finance social welfare (*contribution additionnelle au prélèvement social destinée au financement du revenu de solidarité active*) (Article L.262-24 of the *Code de l'action sociale et des familles*),
- (v) social security debt reimbursement contribution (*contribution pour le remboursement de la dette sociale*) at 0.5 per cent. (Article 1600-0 J and O L of the *Code Général des Impôts*).

Capital losses

Capital losses on sales are only deductible from capital gains of the same kind realised during the year of sale or the next ten years.

Payments made to legal entities subject to standard corporation tax

Income

Interest on Notes held by legal entities liable to corporation tax is included in taxable income for the year.

The bond redemption premium is the difference between amounts or securities to be received and those paid out when the Notes are acquired. The bond redemption is taxable at the time of redemption. However, if the premium exceeds 10 per cent. of the cost of acquiring the Notes and the average issue price of the Notes does not exceed 90 per cent. of the redemption value, the bond redemption premium will be spread out over the life of the Notes under the following conditions.

The fraction of premium and interest to be applied to taxable income up to the date of redemption of a Note is determined by applying to the acquisition cost (increased if necessary by the fraction of the capitalised premium and interest on the anniversary of the borrowing thus allowing the progressive taxation of annuities), the actuarial rate of interest determined at the acquisition date.

Interest and redemption premiums are taxable at a rate of 33.33 per cent. (or at a reduced rate of 15 per cent. under certain conditions and within certain limits for companies specified in Article 219 I b) of the *Code Général des Impôts*) to which is added a social security contribution at 3.3 per cent. calculated on the amount of corporate tax, with an allowance of Euro 763,000 for each 12-month period. Besides, an additional contribution of 5 per cent. will apply for fiscal years ending between 31 December 2011 and 31 December 2013 to companies with turnover exceeding €250 millions.

Capital gains

Under current legislation, capital gains (exclusive of accrued interest) realised when Notes are sold by legal entities domiciled in France for tax purposes are taken into account in order to determine a legal entity's taxable income under the general regime.

Under the general regime, capital losses are deductible from taxable income.

Legal entities carrying out commercial activity subject to income tax

Income

The rules for the affectation and taxation of interest and redemption premiums are identical to those described above concerning legal entities liable to corporation tax.

Capital gains

If the Notes have been held for more than two years, the capital gain on a sale is defined as a long-term capital gain on a sale subject to tax at a rate of 16 per cent. to which is added social security contributions (which translates as a global rate of 29.5 per cent.).

If they have not been held for more than two years, the short-term capital gain will be taken into account in determining the taxable net income under the general regime.

Net long-term capital losses can be affected to the losses for the (tax) year and/or offset against long-term capital gains realised within the course of either the (tax) year or next 10 (tax) years.

Other Noteholders

Noteholders subject to a different tax regime than those described above should consult their own tax advisers in order to determine the tax consequences that apply to them when purchasing, holding, or disposing of the Notes.

LUXEMBOURG

The following summary is of a general nature only and is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature refers to Luxembourg tax law and/or concepts only. Also, please note that a reference to Luxembourg income tax encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l'emploi*) as well as personal income tax (*impôt sur le revenu*), generally. Investors may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax, municipal business tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident of Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

Withholding Tax

(a) Non-resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the laws of 21 June 2005, as amended (the **Saving Laws**), there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

Under the Saving Laws implementing the Council Directive 2003/48/EC of 3 June 2003 (the **Savings Directive**) on taxation of savings income in the form of interest payments and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the **Territories**), payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, as defined by the Laws, which are resident of, or established in, an EU Member State (other than Luxembourg) or one of the Territories will be subject to a withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her/its country of residence or establishment, or, in the case of an individual beneficial owner, has provided a tax certificate issued by the fiscal authorities of his/her country of residence in the required format to the relevant paying agent. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Savings Laws will be subject to a withholding tax of 35 per cent.

(b) Resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the **Relibi Law**), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by Luxembourg resident holders of Notes.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 10 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Relibi Law would be subject to a withholding tax of 10 per cent.

Income Taxation**(a) Non-resident holders of Notes**

A non-resident holder of Notes, not having a permanent establishment or permanent representative in Luxembourg to which/whom such Notes are attributable, is not subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes. A gain realised by such non-resident holder of Notes on the sale or disposal, in any form whatsoever, of the Notes is further not subject to Luxembourg income tax.

A non-resident corporate holder of Notes or an individual holder of Notes acting in the course of the management of a professional or business undertaking, who has a permanent establishment or permanent representative in Luxembourg to which or to whom such Notes are attributable, is subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes and on any gains realised upon the sale or disposal, in any form whatsoever, of the Notes.

(b) Resident holders of Notes

Holders of Notes who are residents of Luxembourg will not be liable for any Luxembourg income tax on repayment of principal.

Luxembourg resident corporate holder of Notes

A corporate holder of Notes must include any interest accrued or received, any redemption premium or issue discount, as well as any gain realised on the sale or disposal, in any form whatsoever, of the Notes, in its taxable income for Luxembourg income tax assessment purposes.

A corporate holder of Notes that is governed by the law of 11 May 2007 on family estate management companies, or by the law of 17 December 2010 on undertakings for collective investment, or by the law of 13 February 2007 on specialised investment funds, as amended, is neither subject to Luxembourg income tax in respect of interest accrued or received, any redemption premium or issue discount, nor on gains realised on the sale or disposal, in any form whatsoever, of the Notes.

Luxembourg resident individual holder of Notes

An individual holder of Notes, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax at progressive rates in respect of interest received, redemption premiums or issue discounts, under the Notes, except if (i) withholding tax has been levied on such payments in accordance with the Relibi Law, or (ii) the individual holder of the Notes has opted for the application of a 10 per cent. tax in full discharge of income tax in accordance with the Relibi Law, which applies if a payment of interest has been made or ascribed by a paying agent established in a EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than a EU Member State), or in a state that has entered into a treaty with Luxembourg relating to the Savings Directive. A gain realised by an individual holder of Notes, acting in the

course of the management of his/her private wealth, upon the sale or disposal, in any form whatsoever, of Notes is not subject to Luxembourg income tax, provided this sale or disposal took place more than six months after the Notes were acquired. However, any portion of such gain corresponding to accrued but unpaid interest income is subject to Luxembourg income tax, except if tax has been levied on such interest in accordance with the Relibi Law.

An individual holder of Notes acting in the course of the management of a professional or business undertaking must include this interest in its taxable basis. If applicable, the tax levied in accordance with the Relibi Law will be credited against his/her final tax liability.

Net Wealth Taxation

A corporate holder of Notes, whether it is resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg to which/whom such Notes are attributable, is subject to Luxembourg wealth tax on such Notes, except if the holder of Notes is governed by the law of 11 May 2007 on family estate management companies, or by the law of 17 December 2010 on undertakings for collective investment, or by the law of 13 February 2007 on specialised investment funds, as amended, or is a securitisation company governed by the law of 22 March 2004 on securitisation, as amended, or is a capital company governed by the law of 15 June 2004 on venture capital vehicles, as amended.

An individual holder of Notes, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg wealth tax on such Notes.

Other Taxes

In principle, neither the issuance nor the transfer, repurchase or redemption of Notes will give rise to any Luxembourg registration tax or similar taxes.

However, a nominal registration duty may be due upon the registration of the Notes in Luxembourg in the case of legal proceedings before Luxembourg courts or in case the Notes must be produced before an official Luxembourg authority, or in the case of a registration of the Notes on a voluntary basis.

Where a holder of Notes is a resident of Luxembourg for tax purposes at the time of his/her death, the Notes are included in his/her taxable estate for inheritance tax assessment purposes.

Gift tax may be due on a gift or donation of Notes if embodied in a Luxembourg deed passed in front of a Luxembourg notary or recorded in Luxembourg.

3. OTHER JURISDICTIONS

Any terms defined in this Section 3 in connection with a particular jurisdiction relate only to the information provided in connection with that jurisdiction.

BELGIUM

The following summary describes the principal Belgian tax considerations with respect to the holding of Notes. This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold or to dispose of the Notes. In some cases, different rules can be applicable. This summary does not describe the tax consequences for a holder of Notes that are redeemable in exchange for, or convertible into shares, of the exercise, settlement or redemption of such Notes. Furthermore, the tax rules can be amended in the future, possibly implemented with retroactive effect, and the interpretation of the tax rules may change.

Each prospective holder of Notes should consult a professional adviser with respect to the tax consequences of an investment in the Notes, taking into account the influence of each regional, local or national law.

Withholding Tax and Income Tax

For Belgian tax purposes, interest includes any interest paid on the Notes as well as any amount paid in excess of the initial price upon redemption or purchase by the Issuer.

Individuals resident in Belgium

For individuals subject to Belgian personal income tax who are not holding Notes as professional investors, all interest payments (as defined in the Belgian Income Tax Code) will be subject to the tax regime described below.

If interest is paid through a Belgian intermediary, such intermediary must levy withholding tax. The current applicable withholding tax rate is 21 per cent (applicable as from January 1, 2012). In addition, a supplementary contribution of 4 per cent. is applicable for investors who have received dividend and certain interest income exceeding an aggregate annual total of 13 675 EUR (2012 indexed amount : 20 020 EUR). The investor may opt for withholding of this supplementary contribution. In that case, the withholding tax increased by the supplementary contribution amounts to 25 per cent. and can be the final tax. If the investor does not request for the withholding of this supplementary contribution of 4 per cent, the investor will have to report this interest payment in his or her yearly personal income tax return. Application of the local surcharge on interest reported in the yearly personal income tax return is currently subject to discussions and no further comments can be provided in this regard at the time of drafting this summary. If no Belgian intermediary is involved in the interest payment, the investor must report this interest as movable income in his or her personal income tax return. Such income will, in principle, be taxed separately, currently at a rate of 21 per cent (plus the abovementioned supplementary contribution of 4 per cent., if any, and the local surcharge if applicable).

Any capital gain upon a sale of Notes, not allocated to the professional activity of the individual, to a party other than the Issuer, except for that part of the sale price attributable to the pro rata interest component, is in principle tax exempt (unless the tax authorities can prove that the capital gain does not result from the normal management of a non-professional investment). The investor must report the interest as income in his or her personal income tax return. Such income will in principle be taxed separately, currently at a rate of 21 per cent. (plus the abovementioned supplementary contribution of 4 per cent., if any, according to the same conditions as described above, and the local surcharge if applicable), unless it can be demonstrated that such income will be subject to the 21 per cent Belgian withholding tax together with the supplementary contribution of 4 per cent. upon maturity.

If a levy has been applied according to European Council Directive 2003/48/EC on taxation of savings income in the form of interest payments (the **Savings Directive**), this levy does not free the Belgian individual from the obligation to declare the interest income in the personal income tax return. However, this levy will be credited against personal income tax, and any excess amount will be refunded. The levy can also apply to interest paid through paying agents of certain dependent or associated territories, including, as the case may be, Curaçao.

Losses on the Notes held as a non-professional investment cannot usually be deducted.

Belgian resident corporations

Interest paid through an intermediary established in Belgium to a Belgian company subject to corporate income tax will generally be subject to Belgian withholding tax (the current applicable withholding tax rate is 21 per cent.). However, an exemption may apply provided that certain formalities are complied with. For zero or capitalization bonds, the above exemption will not apply, unless the Belgian company and the Issuer are associated companies. If Belgian withholding tax is applicable, Belgian companies are, in principle, entitled to set off Belgian withholding tax against their corporate income tax liability provided certain conditions are fulfilled.

For any Belgian company subject to Belgian corporate income tax, all interest and any gain on a sale of the Notes will form part of that company's taxable profit. The current nominal corporate income tax rate in Belgium is 33.99 per cent.

Losses on the Notes are, in principle, tax deductible.

Other Belgian legal entities

For other Belgian legal entities subject to the legal entities income tax, all interest payments (as defined by the Belgian Income Tax Code) will be subject to withholding tax, currently at a rate of 21 per cent.

If this interest is paid through a Belgian intermediary, such intermediary will have to levy withholding tax, currently at the rate of 21 per cent. No other legal entities income tax will be levied on this income. If no Belgian intermediary is involved, the withholding tax must be declared and paid by the legal entity itself.

Any capital gain on a sale of the Notes to a party not being the Issuer will, in principle, be tax exempt, except for that part of the sale price attributable to the pro rata interest component. Such interest is subject to withholding tax, currently at the rate of 21 per cent. This withholding tax must be paid by the legal entity itself, unless it can demonstrate that the withholding tax will be paid at maturity.

Belgian non-residents

The interest income on the Notes paid through a professional intermediary in Belgium will, in principle, be subject to a 15 per cent. withholding tax. If the Noteholder is a resident of a country that has entered into a double taxation agreement with Belgium, a reduction or an exemption of withholding tax may be applicable under specified circumstances.

Non-resident Noteholders can obtain an exemption of Belgian withholding tax on interest from the Notes if they deliver an affidavit confirming their non-resident status, provided (i) they hold the Notes in full ownership or usufruct; (ii) the Notes are paid through a Belgian financial institution, stock market company or clearing institution and (iii) the Notes are not held for professional purposes in Belgium.

The non-resident Noteholders who use the debt instruments to exercise a professional activity in Belgium through a permanent establishment are subject to similar tax rules as Belgian resident companies.

Tax on stock exchange transactions

The sale and acquisition of the Notes will be subject to a tax on stock exchange transactions if executed in Belgium through a professional intermediary. The tax is generally due at a rate of 0.09 per cent. on each sale and acquisition separately, with a maximum of €650 per taxable transaction. Exemptions apply for certain categories of institutional investors and non-residents. Transactions on the primary market are no longer subject to the tax on stock exchange transactions.

EU Savings Directive

Under the Savings Directive, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures.

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

Belgium also entered into an agreement with the Kingdom of the Netherlands in respect of Curaçao concerning the automatic exchange of information regarding savings income in the form of interest payments. Individual

investors should seek professional advice to verify what obligation a paying agent in Curaçao is under to withhold any tax from the interest payable by the agent on the Notes under the aforementioned agreement.

FEDERAL REPUBLIC OF GERMANY

The following discussion of certain German tax consequences of buying, holding or disposing of the Notes is based on tax laws, regulations, decisions, judgments and administrative decrees currently in effect, which may be amended or construed differently, potentially with retroactive or retrospective effect. However, this section does not refer to all possible tax considerations which are relevant to the decision of any potential purchaser with respect to buying, holding or disposing of a Note; in particular, it does not refer to specific circumstances which may be relevant to certain purchasers such as church tax (Kirchensteuer) or individual tax privileges. This means that the following text exclusively refers to Notes as an investment as such (unless expressly indicated otherwise) and does not address any persons in their specific tax situation. The information contained in the following section is not intended as and does not purport to be legal or tax advice.

Potential investors in the Notes are therefore advised to consult their own tax advisers as to the German and other tax consequences of buying, holding or disposing of the Notes.

As each Tranche of Notes may be subject to a different tax treatment due to the specific terms of such Tranche of Notes as set out in the respective Final Terms, the following section only provides some very general information on the possible tax treatment. If necessary, the prospectus regarding the respective Tranche of Notes will contain more specific but also general information on the possible tax treatment of the respective Notes. Potential investors should therefore always review the respective Final Terms also with respect to additional tax information.

German resident Noteholders

Interest income

Under German tax law, payment of interest on the Notes to persons who are tax residents of Germany (including persons whose residence, habitual abode, statutory seat or place of management is located in Germany, a **German Holder**) and who held the Note as a private asset is subject to German income tax as capital income in the meaning of § 20 German Income Tax Act. From the year 2009, a final taxation ("*Abgeltungsteuer*") is charged on capital income at an amount of 25 per cent. plus 5.5 per cent. solidarity surcharge ("*Solidaritätszuschlag*") thereon, resulting in a total final taxation of 26.375 per cent.. Taxable base is the received interest without any deduction of expenses actually incurred. The total capital income of the individual will be deducted by a personal annual exemption ("*Sparer-Pauschbetrag*") of EUR 801 (EUR 1,602 for married couples filing their tax return jointly). The personal income tax liability regarding the capital income is, in principle, settled by the tax withheld. If no withholding tax was charged on the payment of the interest, the German Holder will have to include this interest income in its tax return. The final taxation will then be charged by way of assessment. The German Holder may also apply for assessment of the capital income based on the general rules if the personal income tax rate of the German Holder is lower than the final taxation rate. In such assessment, the withholding tax will be credited.

Withholding tax

If the Notes are held in a custodial account maintained by a German Holder with a German branch of a German or foreign bank or financial services institution (a "German Disbursing Agent"), which pays or credits the interest, a 25per cent. withholding tax ("*Kapitalertragsteuer*") on interest payments, plus a 5.5 per cent. solidarity surcharge ("*Solidaritätszuschlag*") thereon will be levied, resulting in a total withholding tax charge of 26.375 per cent. on the gross amount of interest paid. Accrued Interest paid by a German Holder upon the purchase of the Notes may be set-off against the amount of interest income received by such German Holder and, under certain circumstances, may reduce the amount subject to withholding tax.

If the Noteholder is an individual to whom income from the Notes constitutes income from a capital investment and such Noteholder has filed a certificate of exemption ("*Freistellungsauftrag*") with the German Disbursing Agent, no tax will be withheld by the German Disbursing Agent to the extent that the interest income derived from the Notes together with other investment income administered by the German Disbursing Agent does not exceed the maximum exemption amount shown on this certificate. Similarly, no tax will be withheld if the Noteholder submits to the German Disbursing Agent a certificate of non-assessment ("*Nichtveranlagungsbescheinigung*") issued by the competent local tax office.

Capital gains from disposal or redemption of the Notes

Capital gains resulting from the disposal or redemption of Notes (or, as the case may be, from the payment at maturity of the Notes) realised by individual German Holders holding the Notes as private assets are taxable as capital gains. They are also subject to the final taxation ("*Abgeltungsteuer*") at an amount of 25 per cent. plus 5.5 per cent. solidarity surcharge ("*Solidaritätszuschlag*") thereon, resulting in a total final taxation of 26.375 per cent..

Base for this taxation is the capital gain, which is in general the difference between the proceeds from the disposal or redemption after deduction of expenses directly related to the disposal and the cost of acquisition. The taxable capital gains from Notes issued in a currency other than Euro also include any currency gains (and losses). In case of a physical settlement of certain Notes which grant the Issuer or the individual Noteholder the right to opt for a physical delivery of a predetermined number of underlying securities instead of a (re)payment in cash, generally no taxable capital gain may result, because the acquisition costs of the Notes are regarded as acquisition costs of the underlying securities received by the individual Noteholder upon physical settlement. Therefore, only losses can arise from the deduction of directly related expenses.

Capital losses in respect of the Notes held as a private asset may only be set-off against capital income within the same financial year and in subsequent years. However, if losses result from Notes held in a custodial account maintained by a German Disbursing Agent, initially the German Disbursing Agent will take these losses into account when calculating the withholding tax. In case the losses can not be compensated in the current year the losses will be set off against the income of the subsequent year. Upon request of the German Holder the German Disbursing Agent will provide a certificate of all losses, which could not be set off during the current year within the custodial account. This certificate enables the German Holder to claim a deduction within the assessment of capital income.

Withholding tax

Like the treatment of interest income a withholding tax at an amount of 25 per cent., plus a 5.5 per cent. solidarity surcharge ("*Solidaritätszuschlag*") thereon (in total 26.375 per cent.) will be levied on capital gains from disposal or redemption of the Notes, if the Note is held in a custodial account maintained by a German Disbursing Agent. A withholding tax will not be charged if the German Holder has provided a certificate of exemption ("*Freistellungsauftrag*") or a certificate of non-assessment ("*Nichtveranlagungsbescheinigung*") to the German Disbursing Agent.

Base for this taxation is again the difference between the proceeds from the disposal or redemption after deduction of expenses directly related to the disposal and the cost of acquisition. However, in case the Notes have not been kept in a custodial account with the same German Disbursing Agent since the time of acquisition, upon the disposal, redemption or repayment the withholding applies to 30 per cent. of the disposal proceeds, unless the current Disbursing Agent has been notified of the actual acquisition costs of the Notes by the previous Disbursing Agent or by a statement of a bank or financial services institution within the EEA or certain other countries in accordance with art. 17 para. 2 of the European Council Directive 2003/48/EC. Furthermore, the special provision for a physical settlement of certain Notes applies for purposes of the withholding. Therefore, in principle, redemption accompanied by physical settlement may not result in a withholding tax.

Non-German resident Noteholders

Income derived from the Notes by persons who are not tax residents of Germany (**Non-German Holders**) is in general exempt from German income or corporate income taxation, and no withholding tax shall be withheld (even if the Notes are held with a German Disbursing Agent), provided (i) the Notes are not held as business assets of a German permanent establishment of the Non-German Holder, including a permanent representative, or fixed base of the Noteholder, (ii) the income derived from the Notes does not otherwise constitute German source income (such as income from the letting and leasing of certain German situs property), (iii) the Notes or coupons are not presented for payment at the offices of a German branch of a German or foreign bank or financial services institution, that do not hold in custody or manage the Notes, in an over-the-counter-transaction ("*Tafelgeschäft*") by a person who is not a foreign bank or financial service institution and, (iv) in the event that the Notes are held in a custodial account maintained by a German Disbursing Agent, the Noteholder complies with the applicable procedural rules under German law and provides evidence of the fact that the Notes are not subject to taxation in Germany. Unjustified retained withholding tax shall be refunded upon request to the Local Tax Office ("*Finanzamt*") to whom the withholding tax was paid.

If the interest is subject to German taxation (for example, if the Notes are held as business assets of a German permanent establishment of a Non-German Holder), such holder is subject to a tax treatment similar to that described above under the caption "German Taxation of Residents". The withholding tax may be refunded based on an assessment to tax or under an applicable tax treaty.

+If the Notes are offered by the Issuer other than in the Federal Republic of Germany, information relating to withholding tax may be disclosed in the Final Terms or, in the event of an offer which is made after completion of the Final Terms, in a supplement to this Base Prospectus.

Inheritance tax / gift tax

No estate, inheritance or gift taxes with respect to any Notes will arise under the laws of Germany, if, in the case of estate and inheritance taxes, both the decedent and the beneficiary, and, in the case of gift taxes, both the donor and the donee, are tax non-residents and are not deemed to be a tax resident of Germany at the time of the transfer and such Notes are not attributable to a permanent establishment in Germany. In the case of a decedent, donor or heir who is a German national, this only applies if such person has been a non-resident of Germany for more than five consecutive years.

Special tax regime under German Investment Tax Act

It cannot be excluded that the Notes may be treated as units in a foreign investment fund for German tax purposes, particularly with respect to (but not limited to) Index or Credit or Managed Assets Portfolio Linked Notes if (i) the Notes feature an investor redemption right or (ii) the supervision of the Issuer by the CSSF was considered to be of similar nature than the supervision of German regulated investment funds by the German regulatory body. Notwithstanding the aforesaid an exemption from the application of the German Investment Tax Act stipulated by the German tax authorities in administrative guidance could apply if the Issuer was not obliged vis-à-vis the Noteholders to invest in the underlying of the Notes but the Notes simply constituted a promise of the Issuer to repay the Notes depending to the performance of the underlying (so-called exemption for certificates, *Zertifikateausnahme*). If the German Investment Tax Act applied the investment in the Notes would be subject to a special, potentially disadvantageous, tax regime under the German Investment Tax Act (*Investmentsteuergesetz*) and the statements made above regarding German taxation would not apply.

In such case, the withholding tax requirements for the Domestic Paying Agent as well as the taxation of the holder would depend on whether the disclosure and reporting requirements of the German Investment Tax Act were fulfilled. The holder of the Notes may be subject to tax on unrealised income or, in case the reporting and disclosure requirements are not fulfilled, on income deemed received on a lump-sum basis (so-called penalty taxation). Such income may be offset against any capital gains realised upon disposal of the Notes or the underlying securities received, respectively, subject to certain requirements.

Other taxes

The purchase, sale or other disposal of Notes does not give rise to capital transfer tax, value added tax, stamp duties or similar taxes or charges in Germany. However, under certain circumstances entrepreneurs may choose liability to value added tax with regard to the sales of Notes which would otherwise be tax exempt. Net wealth tax (*Vermögensteuer*) is, at present, not levied in Germany.

European directive on the taxation of savings income

On 3 June 2003 the Council of the European Union (**ECOFIN**) approved a directive regarding the taxation of interest income. Accordingly, each EU Member State must provide to the tax authorities of the other Member States details of the payment of interest made by a person in its jurisdiction to any individual resident in the other relevant EU Member State. The directive has to be applied by the Member States since 1 July 2005. The directive came into effect in German law on 1 July 2005.

For a transitional period, Austria and Luxembourg may opt instead to withhold tax from interest payments within the meaning of the directive at a rate of 20 per cent. till 30 June 2011 and 35 per cent. from 1 July 2011 onwards. As of 1 January 2010, Belgium applies the automatic exchange of information under the Savings Directive instead of withholding taxes.

ITALY

The statements herein regarding taxation are based on the laws in force in Italy as at the date of this Programme and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Notes.

Tax treatment of the Notes

Legislative Decree No. 239 of 1 April 1996, as subsequently amended (**Decree 239**), provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) from notes falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, *inter alia*, by non-Italian resident issuers.

Italian resident Noteholders

Where an Italian resident Noteholder is (a) an individual not engaged in an entrepreneurial activity to which the Notes are connected (unless he has opted for the application of the "*risparmio gestito*" regime – see under "*Capital gains tax*", below); (b) a non-commercial partnership; (c) a non-commercial private or public institution; or (d) an investor exempt from Italian corporate income taxation, then interest, premium and other income relating to the Notes, accrued during the relevant holding period, are subject to a withholding tax referred to as *imposta sostitutiva*, levied at the rate of 20 per cent. If the Noteholders described under (a) and (c) above are engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* applies as a provisional tax.

Where an Italian resident Noteholder is a company or similar commercial entity or a permanent establishment in Italy of a foreign company to which the Notes are effectively connected and the Notes are deposited with an authorised intermediary, interest, premium and other income from the Notes will not be subject to *imposta sostitutiva*, but must be included in the relevant Noteholder's income tax return and are therefore subject to general Italian corporate taxation (and, in certain circumstances, depending on the "status of the Noteholder, also to IRAP – the regional tax on productive activities).

Under the current regime provided by Law Decree No. 351 of 25 September 2001 converted into law with amendments by Law No. 410 of 23 November 2001, as clarified by the Italian Ministry of Economic Affairs and Finance through Circular No. 47/E of 8 August 2003, payments of interest premium or other proceeds in respect of the Notes made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, and article 14-bis of Law No. 86 of 25 January 1994 are subject neither to substitute tax nor to any other income tax in the hands of a real estate investment fund.

If the investor is resident in Italy and is an open-ended or closed-ended investment fund (the **Fund**) or a SICAV, subjects to supervisory measures, and the Notes are held by an authorised intermediary, interest, premium and other income accrued during the holding period on the Notes will not be subject to *imposta sostitutiva*, but must be included in the management results of the Fund accrued at the end of each tax period.’.

Where an Italian resident Noteholder is a pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) and the Notes are deposited with an authorised intermediary, interest, premium and other income relating to the Notes and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to an 11 per cent. substitute tax.

Pursuant to Decree 239, *imposta sostitutiva* is applied by banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Ministry of Economy and Finance (each an **Intermediary**).

An Intermediary must (a) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident financial intermediary; and (b) intervene, in any way, in the collection of interest or in the transfer of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying interest to a Noteholder.

Where an Italian resident Noteholder is a company or similar commercial entity and the Notes are deposited with an authorised intermediary, interest, premium and other income from the Notes will not be subject to *imposta sostitutiva*, but must be included in the relevant Noteholder’s income tax return and are therefore subject to general Italian corporate taxation.

Non-Italian resident Noteholders

No Italian *imposta sostitutiva* is applied on payments to a non-Italian resident Noteholder of interest or premium relating to the Notes provided that, if the Notes are held in Italy, the non-Italian resident Noteholder declares itself to be a non-Italian resident according to Italian tax regulations.

Notes that qualify as “Atypical securities”

Interest payments relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) may be subject to a withholding tax, levied at the rate of 20 per cent. For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value.

The 20 per cent. withholding tax mentioned above does not apply to interest payments made to a non-Italian resident Noteholder and to an Italian resident Noteholder which is (a) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (b) a commercial partnership, or (c) a commercial private or public institution.

Capital gains tax

Any gain obtained from the sale or redemption of the Notes would be treated as part of the taxable income (and, in certain circumstances, depending on the "status" of the Noteholder, also as part of the net value of production for IRAP purposes) if realised by an Italian company or a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Notes are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Notes are connected.

Where an Italian resident Noteholder is an individual not holding the Notes in connection with an entrepreneurial activity and certain other persons, any capital gain realised by such Noteholder from the sale or redemption of the Notes would be subject to an *imposta sostitutiva*, levied at the current rate of 20 per cent. Noteholders may set off losses with gains.

In respect of the application of the *imposta sostitutiva*, taxpayers may opt for one of the three regimes described below.

Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for Italian resident individuals not engaged in entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by the Italian resident individual Noteholder holding Notes not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Notes carried out during any given tax year. Italian resident individuals holding Notes not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance of income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.

As an alternative to the tax declaration regime, Italian resident individual Noteholders holding the Notes not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Notes (the *risparmio amministrato* regime). Such separate taxation of capital gains is allowed subject to (a) the Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries, and (b) an express election for the *risparmio amministrato regime* being punctually made in writing by the relevant Noteholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the Notes (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the *risparmio amministrato regime*, where a sale or redemption of the Notes results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato regime*, the Noteholder is not required to declare the capital gains in its annual tax return.

Any capital gains realised by Italian resident individuals holding the Notes not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the Notes, to an authorised intermediary and have opted for the so-called "*risparmio gestito*" regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 20 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito regime*, the Noteholder is not required to declare the capital gains realised in its annual tax return.

Any capital gains realised by a Noteholder which is an Italian open ended or a closed-ended investment fund or a SICAV, subjects to supervisory measures, will be included in the result of the relevant portfolio accrued at the end of the tax period..

Any capital gains realised by a Noteholder which is an Italian pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 11 per cent. substitute tax.

Capital gains realised by Italian resident real estate funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998 or pursuant to Article 14-bis of Italian Law No. 86 of 25 January 1994, on the Notes are not taxable at the level of the real estate funds.

Capital gains realised by non-Italian resident Noteholders from the sale or redemption of the Notes are not subject to *imposta sostitutiva*, provided that the Notes (i) are transferred on regulated markets, or (ii) if not transferred on regulated markets, are held outside Italy.

Payments made by a non resident Guarantor

With respect to payments made to Italian resident Noteholders by a non Italian resident guarantor, in accordance with one interpretation of Italian tax law, any such payment made by the Italian non resident guarantor could be treated, in certain circumstances, as a payment made by the Issuer and would thus be subject to the tax regime described in the previous paragraphs of this section.

Inheritance and gift taxes

Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November 2006, as subsequently amended, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding EUR1,000,000;
- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree are subject to an inheritance and gift tax at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding EUR100,000; and
- (c) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

Transfer tax

Following the repeal of the Italian transfer tax, contracts relating to the transfer of securities are subject to the registration tax as follows: (i) public deeds and notarised deeds are subject to fixed registration tax at rate of €168; and (ii) private deeds are subject to registration tax only in case of use or voluntary registration.

EU Savings Directive

Under EC Directive 2003/48/EC on the taxation of savings income (the **EU Savings Directive**), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures.

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

Implementation in Italy of the Savings Directive

Italy has implemented the Savings Directive through Legislative Decree No. 84 of 18 April 2005 (Decree No. 84). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian qualified paying agents shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner and shall not apply the withholding tax. Such information is transmitted by the Italian Tax Authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

SPAIN

The following summary is of a general nature and is included herein solely for information purposes. It is based on the laws presently in force in Spain, though it is not intended to be, nor should it be construed to be, legal or tax advice. This section does not constitute a complete description of all the tax issues that may be relevant in making the decision to invest in the Notes or of all the tax consequences that may derive from the subscription, acquisition, holding, transfer, redemption or reimbursement of the Notes and does not purport to describe the tax consequences applicable to categories of investors subject to special tax rules. Prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Spanish tax law, to which they may be subject.

Spanish resident individuals

Personal Income Tax is levied on an annual basis on the worldwide income obtained by Spanish resident individuals, whatever the source is and wherever the relevant payer is established. Therefore any income that Spanish holders of the Notes may receive under the Notes will be subject to Spanish taxation.

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Notes obtained by individuals who are tax resident in Spain will be regarded as financial income for tax purposes (i.e. a return on investment derived from the transfer of own capital to third parties).

Both types of income will be included in the savings part of the taxable income subject to Personal Income Tax at two tax rates. Financial income up to €6,000 will be taxed at a rate of 21 per cent. and the excess over 24.000 Euros such threshold will be subject up to a final tax rate of 27 per cent when adding the autonomic tax rate. Spanish holders of the Notes shall compute the gross interest obtained in the savings part of the taxable base of the tax period in which it is due, including amounts withheld, if any.

Income arising on the disposal, redemption or reimbursement of the Notes will be calculated as the difference between: (a) their disposal, redemption or reimbursement value; and (b) their acquisition or subscription value. Costs and expenses effectively borne on the acquisition and transfer of the Notes may be taken into account for calculating the relevant taxable income, provided that they can be duly justified.

Likewise, expenses relating to the management and deposit of the Notes, if any, will be tax-deductible, excluding those pertaining to discretionary or individual portfolio management.

Losses that may derive from the transfer of the Notes cannot be offset if the investor acquires homogeneous securities within the two-month period prior or subsequent to the transfer of the Notes, until he/she transfers such homogeneous securities.

Additionally, tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Notes, if any.

Wealth Tax ("*Impuesto sobre el Patrimonio*")

Individuals who are Spanish tax residents are subject to an annual Wealth Tax on 31 December on their total net wealth, regardless of the location of their assets (such as the Notes) or of where their rights may be exercised. However, according to Law 4/2008 of 23 December, taxpayers benefit from a 100 per cent. tax credit on their Wealth Tax liability as from 2008. Nevertheless only for 2011 and 2012 exercises the Wealth Tax has been restated. However certain autonomies, namely, Basque Country Navarra and Madrid have maintained the tax credit so that in practical terms this means that taxpayers from those territories are effectively tax exempt from Wealth Tax.

Inheritance and Gift Tax (“*Impuesto sobre Sucesiones y Donaciones*”)

Inheritance and Gift Tax is levied on individuals' heirs and donees resident in Spain for tax purposes. It is calculated taking into account several circumstances, such as the age and previous net worth of the heir or donee and the kinship with the deceased person or donor. The applicable tax rate currently ranges between 7.65 and 34 per cent. depending on the particular circumstances, although the final tax payable may increase up to 81.6 per cent. This is nevertheless subject to the specific rules passed by the relevant Spanish regions with respect to this tax.

Spanish resident corporations

Corporate Income Tax (“*Impuesto sobre Sociedades*”) (CIT)

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Notes obtained by entities which are resident for tax purposes in Spain shall be computed as taxable income of the tax period in which they accrue.

The general tax rate for limited liability companies is currently 30 per cent. However, small sized companies (those companies whose net business income is lower than €10,000,000) can benefit from the reduced tax rate of 25 per cent. on the first €300,000 of their taxable profits. In addition to this and for the tax period starting in 2011, companies with a net business income lower than €5,000,000 and an average staff of fewer than 25 employees could benefit from the reduced rate of 20 per cent. on the first €300,000 of their taxable profits, being the rest of the taxable profits subject to a tax rate of 25 per cent. Special rates apply in respect of certain types of entities (such as qualifying collective investment institutions).

Tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Notes, if any.

Wealth Tax

Corporations are not subject to Wealth Tax.

Inheritance and Gift Tax

Spanish corporations are not subject to Inheritance and Gift Tax. Conversely, Spanish corporates receiving Notes by inheritance, gift or legacy will be taxed under CIT on the market value of the Notes.

Other taxes

The acquisition and transfer of Notes will be exempt from indirect taxes in Spain, i.e. exempt from Transfer Tax and Stamp Duty, in accordance with the Consolidated Text of such tax approved by Royal Legislative Decree 1/1993 of September 2004, and exempt from Value Added Tax, in accordance with Law 37/1992 of December 28 regulating such tax.

SWEDEN

The following summary of certain tax issues that may arise as a result of holding of Notes is based on current Swedish tax legislation and is intended only as general information. This description does not deal

comprehensively with all tax consequences that may occur for Noteholders, nor does it address rules regarding reporting obligations for, amongst others, payers of interest. Prospective applicants for Notes should consult their own tax advisers for information with respect to the special tax consequences that may arise as a result of acquiring, holding and disposing of Notes, including the applicability and effect of foreign income tax rules, provisions contained in double taxation treaties and other rules which may be applicable.

Noteholders resident in Sweden

Individuals and legal entities fiscally resident in Sweden, or that have a permanent establishment in Sweden to which the Notes are effectively connected, are normally taxed on all capital income from the Notes (including interest payments and income from the sale, redemption or repayment of the Notes)

The legal entity effecting an interest payment to an individual will be required to withhold Swedish tax, provided that the entity is subject to reporting obligations in Sweden. The tax so withheld is normally equal to the final tax on the interest income, which means that there is generally no further tax payable on the interest."

Noteholders not resident in Sweden

Payments of any principal amount or any amount that is considered to be interest for Swedish tax purposes to Noteholders who are not fiscally resident in Sweden, and do not have a permanent establishment in Sweden to which the Notes are effectively connected, are not subject to Swedish income tax.

However, as far as individuals are concerned, capital gains on the sale of Notes that are deemed equity-related may be subject to Swedish tax if the individual has been resident or permanently stayed in Sweden at any time during the calendar year of the sale or the ten preceding calendar years. This provision is, however, in many cases, limited by tax treaties for the avoidance of double taxation which Sweden has concluded with other countries. In respect of Notes issued by non-Swedish entities, such as the Issuer, an additional requirement for capital gains taxation in the Sweden is that the Notes were acquired when the private individual was resident in Sweden for tax purposes.

Payments under the Guarantee

There are no specific Swedish tax rules for payments made by the Guarantor under the Guarantee, please therefore see the relevant section above.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have agreed to adopt similar measures (a withholding system in the case of Switzerland). The European Commission has proposed certain amendments to the Directive which may, if implemented, amend or broaden the scope of the requirements described above.

UNITED KINGDOM

The following applies only to persons who are the beneficial owners of Notes and is a summary of the Issuer's understanding of current law and practice in the United Kingdom relating only to certain aspects of United Kingdom taxation. The United Kingdom tax treatment of prospective Noteholders and investors depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

Payment of interest on the Notes

On the basis that interest on the Notes is not expected to have a United Kingdom source, no withholding should be required on account of United Kingdom income tax from payments of interest on the Notes.

Noteholders may wish to note that, in certain circumstances, HM Revenue and Customs (**HMRC**) has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays or credits interest to or receives interest for the benefit of a Noteholder. HMRC also has power, in certain circumstances, to obtain information from any person in the United Kingdom who pays amounts payable on the redemption of Notes which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005 to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5 April 2013. Such information may include the name and address of the beneficial owner of the amount payable on redemption. Any information obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Noteholder is resident for tax purposes.

Stamp Duty and SDRT

CDIs

An unconditional agreement to transfer CDIs will normally give rise to a charge to United Kingdom stamp duty reserve tax at the rate of 0.5 per cent. of the amount or value of the consideration for the CDIs unless:

the Notes in which the CDIs represent an interest are in bearer form and such Notes:

- (i) constitute loan capital of the Issuer; or
- (ii) are not denominated in sterling; or
- (iii) are "listed on a recognised stock exchange"; or

the Notes in which the CDIs represent an interest are in registered form and such Notes are:

- (i) registered in a register kept outside of the United Kingdom by or on behalf of the relevant Issuer; and
- (ii) "listed on a recognised stock exchange"; or

the Notes in which the CDIs represent an interest (whether in bearer or registered form) constitute "exempt loan capital".

Bearer Notes

A charge to United Kingdom stamp duty at 1.5 per cent. of the value of Notes will arise on the issue in the United Kingdom of Bearer Notes which are denominated in sterling and which are not loan capital. No United Kingdom stamp duty liability arises on the issue of such a Bearer Note outside the United Kingdom. However, a United Kingdom stamp duty liability at 1.5 per cent. will arise on the first transfer by delivery in the United Kingdom of such a Bearer Note which was originally issued outside the United Kingdom. Otherwise, no United Kingdom stamp duty will be payable in relation to the issue of Bearer Notes.

Physical Delivery Notes

Stamp duty and stamp duty reserve tax may also be payable on a physical settlement of the Notes that involves the delivery of an asset other than cash.

For these purposes, Notes will be **exempt loan capital** provided that: (a) they constitute "loan capital" of the relevant Issuer; (b) they are not convertible or exchangeable into (or for) other shares or securities and do not otherwise carry a right to the acquisition of other shares or securities; (c) they do not carry a right to interest which exceeds a reasonable commercial return on the nominal amount of the Notes or which is determined to any extent by reference to the results of or part of any business or to the value of any property; and (d) they are either listed on the London Stock Exchange or, if not so listed, they do not carry a right to a premium on redemption which is not reasonably comparable with the redemption premium payable on "loan capital" that is listed on the London Stock Exchange.

For these purposes, Notes will be **listed on a recognised stock exchange** if they are: (a) included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the Financial Services and Markets Act 2000) and admitted to trading on the London Stock Exchange; or (b) officially listed in Luxembourg in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Luxembourg Stock Exchange; or (c) officially listed in Switzerland in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the SIX Swiss Exchange.

EU Savings Directive

Under European Council Directive 2003/48/EC on the taxation of savings income, Member States are required, to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories, including Switzerland, have agreed to adopt similar measures.

The European Commission has proposed certain amendments to the Directive, which may, if implemented amend or broaden the scope of the requirements described above.

UNITED STATES

To ensure compliance with requirements imposed by the U.S. Internal Revenue Service (the IRS), each taxpayer is hereby notified that any tax discussion herein was not written and is not intended to be used and cannot be used by any taxpayer for purposes of avoiding U.S. federal income tax penalties that may be imposed on the taxpayer. Any such tax discussion was written to support the promotion or marketing of the proposals described herein. Each taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax adviser.

The following is a summary of certain United States federal income tax consequences of the purchase, ownership and disposition of the Notes by holders and is not purported to be a complete analysis of all potential tax effects. This summary is based upon the Internal Revenue Code of 1986 (the "**Code**"); existing and proposed U.S. Treasury regulations promulgated thereunder, and published rulings and court decisions, all as in effect and existing on the date of this Base Prospectus and all of which are subject to change at any time with retrospective or prospective effect. This summary does not address the material U.S. federal income tax consequences of every type of Note which may be issued under the Programme, and the applicable Final Terms may contain additional or modified disclosure concerning the material U.S. federal income tax consequences relevant to such type of Notes as are issued thereunder. This summary deals only with Purchasers of Notes that will hold the Notes as capital assets.

This summary is for general information only and does not address all of the tax consequences that may be relevant to holders. In addition, this summary does not address any of the tax consequences to holders that may be subject to special rules, such as financial institutions, tax-exempt organisations, insurance companies, regulated investment companies, real estate investment trusts, personal holding companies, controlled foreign

corporations, passive foreign investment companies, broker-dealers in securities or currencies, and non-resident alien individuals who have lost their U.S. citizenship or who have ceased to be treated as resident aliens. Further, this summary does not address:

- (a) the U.S. federal income tax consequences to shareholders in, or partners or beneficiaries of, an entity that is a holder of the Notes;
- (b) the U.S. federal estate, gift or alternative minimum tax consequences of the acquisition, ownership or disposition of the Notes;
- (c) persons that will hold the Notes as part of a position in a “straddle” or as part of a “constructive sale” or a “hedging,” “conversion” or other integrated transaction;
- (d) any tax consequences arising under any state, municipality, foreign country or other taxing jurisdiction.

The term **U.S. Holder** means a beneficial owner of a Note that, for U.S. federal income tax purposes, is:

- (a) an individual who is a citizen or resident of the United States;
- (b) a corporation created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- (c) an estate the income of which is subject to United States federal income tax without regard to its source; or
- (d) a trust if (x) a court within the United States is able to exercise primary supervision over the administration of the trust, and one or more United States persons have the authority to control all substantial decisions of the trust, or (y) such trust has a valid election in effect under applicable U.S. Treasury regulations to be treated as a United States person.

The term **Non-U.S. Holder** means a beneficial owner of a Note that is not a U.S. Holder.

If a partnership holds the Notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. Partners of partnerships holding the Notes should consult their tax advisers regarding the U.S. federal income tax consequences of acquiring, owning and disposing of the Notes.

Prospective investors should consult their tax advisers regarding the United States federal, state, local and non-U.S. tax consequences of acquiring, owning and disposing of the Notes in light of such investor’s own circumstances, including such investor’s status as a U.S. Holder or Non-U.S. Holder (as defined above), as well as any other estate, gift, or other tax consequences that may arise under the laws of any state, local, non-U.S. or other taxing jurisdiction.

Holders may be subject to a variety of U.S. tax consequences depending on the subject and the terms of the Notes. Holders should consult their advisers about the tax consequences of purchasing Notes, particularly whether the Notes being acquired could be treated for U.S. tax purposes as equity instruments or as another type of financial instrument.

Bearer Notes are not being offered to U.S. Holders. A U.S. Holder who owns a Bearer Note may be subject to limitations under United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Code.

U.S. Federal Income Tax Characterisation of the Notes

The characterization of a Series or Tranche of Notes may be uncertain and will depend on the terms of those Notes. The determination of whether an obligation represents debt, equity, or some other instrument or interest is based on all the relevant facts and circumstances. There may be no statutory, judicial or administrative authority directly addressing the characterization of some of the types of Notes that are anticipated to be issued under the Programme or of instruments similar to such Notes.

Depending on the terms of a particular Series or Tranche of Notes, such Notes may not be characterised as debt for U.S. federal income tax purposes despite the form of the Notes as debt instruments. For example, Notes of a Series or Tranche may be more properly characterised as notional principal contracts, collateralised put options, prepaid forward contracts, or some other type of financial instrument. Alternatively, such Notes may be characterised as equity, or as representing an undivided proportionate ownership interest in the assets of, and share of the liabilities of the Issuer. Additional alternative characterisations may also be possible. Further possible characterisations, if applicable, may be discussed in the relevant Final Terms or any Prospectus or series prospectus.

No rulings will be sought from the IRS regarding the characterisation of any of the Notes issued hereunder for U.S. federal income tax purposes. Each holder should consult its own tax adviser about the proper characterisation of the Notes for U.S. federal income tax purposes and consequences to such holder of acquiring, owning or disposing of the Notes.

U.S. Holders

U.S. Federal Income Tax Treatment of Notes Treated as Debt

The following summary applies to Notes that are properly treated as debt for U.S. federal income tax purposes.

Payment of Interest

Interest on a Note, whether payable in U.S. dollars or a currency, composite currency or basket of currencies other than U.S. dollars (**foreign currency**), other than interest on a “Discount Note” that is not “qualified stated interest” (each as defined below under “*Original Issue Discount — General*”), will be taxable to a U.S. Holder as ordinary income at the time it is received or accrued, depending on the holder’s method of accounting for tax purposes. Interest paid by the Issuer on the Notes and original issue discount (as defined below), if any, accrued with respect to the Notes (as described below under “*Original Issue Discount*”) generally will constitute income from sources outside the United States subject to the rules regarding the foreign tax credit allowable to a U.S. Holder. Prospective Purchasers should consult their tax advisers concerning the foreign tax credit implications of any payment of foreign taxes, the applicability of the foreign tax credit and the source of income rules.

Original Issue Discount

General

The following is a summary of the principal U.S. federal income tax consequences of the ownership of Notes issued with original issue discount (OID). The following summary does not discuss Notes that are characterized as contingent payment debt instruments for U.S. federal income tax purposes. In the event the Issuer issues contingent payment debt instruments the applicable Final Terms may describe the material U.S. federal income tax consequences thereof.

A Note, other than a Note with a term of one year or less, will be treated as issued with OID (a **Discount Note**) if the excess of the Note’s “stated redemption price at maturity” over its issue price is equal to or more than a de minimis amount (0.25 per cent. of the Note’s stated redemption price at maturity multiplied by the number of complete years to its maturity). An obligation that provides for the payment of amounts other than qualified stated interest before maturity (an **instalment obligation**) will be treated as a Discount Note if the excess of the Note’s stated redemption price at maturity over its issue price is equal to or greater than 0.25 per cent. of the Note’s stated redemption price at maturity multiplied by the weighted average maturity of the Note. A Note’s weighted average maturity is the sum of the following amounts determined for each payment on a Note (other than a payment of qualified stated interest): (i) the number of complete years from the issue date until the payment is made multiplied by (ii) a fraction, the numerator of which is the amount of the payment and the denominator of which is the Note’s stated redemption price at maturity. Generally, the issue price of a Note will be the first price at which a substantial amount of such Notes included in the issue of which the Note is a part is sold to persons other than bond houses, brokers, or similar persons or organisations acting in the capacity of underwriters, placement agents, or wholesalers. The stated redemption price at maturity of a Note is the total of

all payments provided by the Note that are not payments of “qualified stated interest.” A qualified stated interest payment is generally any one of a series of stated interest payments on a Note that are unconditionally payable at least annually at a single fixed rate (with certain exceptions for lower rates paid during same periods), or a variable rate (as described below under “*Variable Interest Rate Notes*”), applied to the outstanding principal amount of the Note. Solely for the purposes of determining whether a Note has OID, the Issuer will be deemed to exercise any call option that has the effect of decreasing the yield on the Note, and the U.S. Holder will be deemed to exercise any put option that has the effect of increasing the yield on the Note. If a Note has de minimis OID, a U.S. Holder must include the de minimis amount in income as stated principal payments are made on the Note, unless such holder makes the election described below under “*Election to Treat All Interest as Original Issue Discount*”. A U.S. Holder can determine the includible amount with respect to each such payment by multiplying the total amount of the Note’s de minimis OID by a fraction equal to the amount of the principal payment made divided by the stated principal amount of the Note.

U.S. Holders of Discount Notes must generally include OID in income calculated on a constant-yield method before the receipt of cash attributable to the income, and generally will have to include in income increasingly greater amounts of OID over the life of the Discount Notes. The amount of OID includible in income by a U.S. Holder of Discount Notes is the sum of the daily portions of OID with respect to the Discount Notes for each day during the taxable year or portion of the taxable year on which the U.S. Holder holds the Discount Notes. The daily portion is determined by allocating to each day in any “accrual period” a pro rata portion of the OID allocable to that accrual period. Accrual periods with respect to a Note may be of any length selected by the U.S. Holder and may vary in length over the term of the Discount Note as long as (i) no accrual period is longer than one year and (ii) each scheduled payment of interest or principal on the Note occurs on either the final or first day of an accrual period. The amount of OID allocable to an accrual period (and *pro rata* to every day in the accrual period) equals the excess of (a) the product of the Discount Note’s adjusted issue price at the beginning of the accrual period and the Discount Note’s yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) over (b) the sum of the payments of qualified stated interest on the Note allocable to the accrual period. The “adjusted issue price” of a Discount Note at the beginning of any accrual period is the issue price of the Note increased by (x) the amount of accrued OID for each prior accrual period and decreased by (y) the amount of any payments previously made on the Note that were not qualified stated interest payments.

Acquisition Premium

A U.S. Holder that purchases a Discount Note for an amount less than or equal to the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, but in excess of its adjusted issue price (any such excess being “acquisition premium”) and that does not make the election to treat all interest as OID, is permitted to reduce the daily portions of OID by a fraction, the numerator of which is the excess of the U.S. Holder’s adjusted basis in the Discount Note immediately after its purchase over the Discount Note’s adjusted issue price, and the denominator of which is the excess of the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, over the Discount Note’s adjusted issue price.

Fungible Issue

The Issuer may, without the consent of the Holders of outstanding Notes, issue additional Notes with identical terms. These additional Notes, even if they are treated for non-tax purposes as part of the same series as the original Notes, in some cases may be treated as a separate series for U.S. federal income tax purposes. In such a case, the additional Notes may be considered to have been issued with OID even if the original Notes had no OID, or the additional Notes may have a greater amount of OID than the original Notes. These differences may affect the market value of the original Notes if the additional Notes are not otherwise distinguishable from the original Notes. In addition, an issue of such additional notes after 31 December 2012 in respect of original Notes issued on or before 31 December 2012 may result in such original Notes being subject to withholding. See “*U.S. Foreign Account Tax Compliance withholding*” below.

Market Discount

A Note, other than a Note with a term of one year or less, generally will be treated as purchased at a market discount (a **Market Discount Note**) if the Note's stated redemption price at maturity or, in the case of a Discount Note, the Note's "revised issue price", exceeds the amount for which the U.S. Holder purchased the Note by at least 0.25 per cent. of the Note's stated redemption price at maturity or revised issue price, respectively, multiplied by the number of complete years to the Note's maturity (or, in the case of a Note that is an instalment obligation, the Note's weighted average maturity). If this excess is not sufficient to cause the Note to be treated as a Market Discount Note, then the excess constitutes "de minimis market discount" and such Note is not subject to the rules discussed in the following paragraphs. For this purpose, the "revised issue price" of a Note generally equals its issue price, increased by the amount of any OID that has accrued on the Note and decreased by the amount of any payments previously made on the Note that were not qualified stated interest payments.

Any gain recognised on the maturity or disposition of a Market Discount Note (including any payment on a Note that is not qualified stated interest) will be treated as ordinary income to the extent that the gain does not exceed the accrued market discount on the Note. Alternatively, a U.S. Holder of a Market Discount Note may elect to include market discount in income currently over the life of the Note. This election shall apply to all debt instruments with market discount acquired by the electing U.S. Holder on or after the first day the first taxable year to which the election applies. This election may not be revoked without the consent of the IRS. A U.S. Holder of a Market Discount Note that does not elect to include market discount in income currently will generally be required to defer deductions for interest on borrowings incurred to purchase or carry a Market Discount Note that is in excess of the interest and OID on the Note includible in the U.S. Holder's income, to the extent that this excess interest expense does not exceed the portion of the market discount allocable to the days on which the Market Discount Note was held by the U.S. Holder.

Market discount will accrue on a straight-line basis unless the U.S. Holder elects to accrue the market discount on a constant-yield method. This election applies only to the Market Discount Note with respect to which it is made and is irrevocable.

Variable Interest Rate Notes

Notes that provide for interest at variable rates (**Variable Interest Rate Notes**) generally will bear interest at a "qualified floating rate" and thus will be treated as "variable rate debt instruments" under U.S. Treasury regulations governing accrual of OID. A Variable Interest Rate Note will qualify as a "variable rate debt instrument" if (a) its issue price does not exceed the total non-contingent principal payments due under the Variable Interest Rate Note by more than a specified de minimis amount and (b) it provides for stated interest, paid or compounded at least annually, at (i) one or more qualified floating rates, (ii) a single fixed rate and one or more qualified floating rates, (iii) a single objective rate, or (iv) a single fixed rate and a single objective rate that is a qualified inverse floating rate, and (c) it does not provide for any principal payments that are contingent (other than as described in (a) above).

A **qualified floating rate** is any variable rate where variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Variable Interest Rate Note is denominated. A fixed multiple of a qualified floating rate will constitute a qualified floating rate only if the multiple is greater than 0.65 but not more than 1.35. A variable rate equal to the product of a qualified floating rate and a fixed multiple that is greater than 0.65 but not more than 1.35, increased or decreased by a fixed rate, will also constitute a qualified floating rate. In addition, two or more qualified floating rates that can reasonably be expected to have approximately the same values throughout the term of the Variable Interest Rate Note (e.g., two or more qualified floating rates with values within 25 basis points of each other as determined on the Variable Interest Rate Note's issue date) will be treated as a single qualified floating rate. A variable rate that would otherwise constitute a qualified floating rate but which is subject to one or more restrictions such as a maximum numerical limitation (i.e., a cap) or a minimum numerical limitation (i.e., a floor) may, under certain circumstances, fail to be treated as a qualified floating rate unless the cap or floor is fixed throughout the term of the Note.

An **objective rate** is a rate that is not itself a qualified floating rate but which is determined using a single fixed formula and which is based on objective financial or economic information (e.g., one or more qualified floating rates or the yield of actively traded personal property). A rate will not qualify as an objective rate if it is based on information that is within the control of the Issuer (or a related party) or that is unique to the circumstances of the Issuer (or a related party), such as dividends, profits or the value of the Issuer's stock (although a rate does not fail to be an objective rate merely because it is based on the credit quality of the Issuer). Other variable interest rates may be treated as objective rates if so designated by the IRS in the future. Despite the foregoing, a variable rate of interest on a Variable Interest Rate Note will not constitute an objective rate if it is reasonably expected that the average value of the rate during the first half of the Variable Interest Rate Note's term will be either significantly less than or significantly greater than the average value of the rate during the final half of the Variable Interest Rate Note's term. A **qualified inverse floating rate** is any objective rate where the rate is equal to a fixed rate minus a qualified floating rate, as long as variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the qualified floating rate. If a Variable Interest Rate Note provides for stated interest at a fixed rate for an initial period of one year or less followed by a variable rate that is either a qualified floating rate or an objective rate for a subsequent period and if the variable rate on the Variable Interest Rate Note's issue date is intended to approximate the fixed rate (e.g., the value of the variable rate on the issue date does not differ from the value of the fixed rate by more than 25 basis points), then the fixed rate and the variable rate together will constitute either a single qualified floating rate or objective rate, as the case may be.

A qualified floating rate or objective rate in effect at any time during the term of the instrument must be set at a "current value" of that rate. A current value of a rate is the value of the rate on any day that is no earlier than 3 months prior to the first day on which that value is in effect and no later than 1 year following that first day.

If a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof qualifies as a "variable rate debt instrument", then any stated interest on the Note which is unconditionally payable in cash or property (other than debt instruments of the Issuer) at least annually will constitute qualified stated interest and will be taxed accordingly. Thus, a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof and that qualifies as a "variable rate debt instrument" will generally not be treated as having been issued with OID unless the Variable Interest Rate Note is issued at a "true" discount (i.e., at a price below the Note's stated principal amount) in excess of a specified de minimis amount. OID on a Variable Interest Rate Note arising from "true" discount is allocated to an accrual period using the constant yield method described above by assuming that the variable rate is a fixed rate equal to (i) in the case of a qualified floating rate or qualified inverse floating rate, the value, as of the issue date, of the qualified floating rate or qualified inverse floating rate, or (ii) in the case of an objective rate (other than a qualified inverse floating rate), a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note.

In general, any other Variable Interest Rate Note that qualifies as a "variable rate debt instrument" will be converted into an equivalent fixed rate debt instrument for purposes of determining the amount and accrual of OID and qualified stated interest on the Variable Interest Rate Note. Such a Variable Interest Rate Note must be converted into an equivalent fixed rate debt instrument by substituting any qualified floating rate or qualified inverse floating rate provided for under the terms of the Variable Interest Rate Note with a fixed rate equal to the value of the qualified floating rate or qualified inverse floating rate, as the case may be, as of the Variable Interest Rate Note's issue date. Any objective rate (other than a qualified inverse floating rate) provided for under the terms of the Variable Interest Rate Note is converted into a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note. In the case of a Variable Interest Rate Note that qualifies as a "variable rate debt instrument" and provides for stated interest at a fixed rate in addition to either one or more qualified floating rates or a qualified inverse floating rate, the fixed rate is initially converted into a qualified floating rate (or a qualified inverse floating rate, if the Variable Interest Rate Note provides for a qualified inverse floating rate). Under these circumstances, the qualified floating rate or qualified inverse floating rate that replaces the fixed rate must be such that the fair market value of the Variable Interest Rate Note as of the Variable Interest Rate Note's issue date is approximately the same as the fair market value of an otherwise identical debt instrument that provides for either the qualified floating rate or qualified inverse floating rate rather than the fixed rate. Subsequent to converting the fixed rate into either a qualified floating rate or a qualified inverse floating

rate, the Variable Interest Rate Note is converted into an equivalent fixed rate debt instrument in the manner described above.

Once the Variable Interest Rate Note is converted into an equivalent fixed rate debt instrument pursuant to the foregoing rules, the amount of OID and qualified stated interest, if any, are determined for the equivalent fixed rate debt instrument by applying the general OID rules to the equivalent fixed rate debt instrument and a U.S. Holder of the Variable Interest Rate Note will account for the OID and qualified stated interest as if the U.S. Holder held the equivalent fixed rate debt instrument. In each accrual period, appropriate adjustments will be made to the amount of qualified stated interest or OID assumed to have been accrued or paid with respect to the equivalent fixed rate debt instrument in the event that these amounts differ from the actual amount of interest accrued or paid on the Variable Interest Rate Note during the accrual period.

If a Variable Interest Rate Note, such as a Note the payments on which are determined by reference to an index, does not qualify as a “variable rate debt instrument”, then the Variable Interest Rate Note will be treated as a contingent payment debt instrument. Prospective Purchasers should consult with their own tax advisers concerning the proper U.S. federal income tax treatment of Variable Interest Rate Notes that are treated as contingent payment debt obligations.

Short-Term Notes

In general, an individual or other cash basis U.S. Holder of a Note with a term of one year or less is not required to accrue OID (calculated as set forth below for the purposes of this paragraph) for U.S. federal income tax purposes unless it elects to do so (but may be required to include any stated interest in income as the interest is received). Accrual basis U.S. Holders and certain other U.S. Holders are required to accrue OID on Notes with a term of one year or less on a straight-line basis or, if the U.S. Holder so elects, under the constant-yield method (based on daily compounding). In the case of a U.S. Holder not required and not electing to include OID in income currently, any gain realised on the sale or retirement of the Note with a term of one year or less will be ordinary income to the extent of the OID accrued on a straight-line basis (unless an election is made to accrue the OID under the constant-yield method) through the date of sale or retirement. U.S. Holders who are not required and do not elect to accrue OID on Notes with a term of one year or less will be required to defer deductions for interest on borrowings allocable to Notes with a term of one year or less in an amount not exceeding the deferred income until the deferred income is realised.

For purposes of determining the amount of OID subject to these rules, all interest payments on a Note with a term of one year or less are included in such note's stated redemption price at maturity. A U.S. Holder may elect to determine OID on a Note with a term of one year or less as if such note had been originally issued to the U.S. Holder as the U.S. Holder's purchase price for the note. This election shall apply to all obligations with a maturity of one year or less acquired by the U.S. Holder on or after the first day of the first taxable year to which the election applies, and may not be revoked without the consent of the IRS.

Election to Treat All Interest as Original Issue Discount

A U.S. Holder may elect to include in gross income all interest that accrues on a Note using the constant-yield method described above under “*Original Issue Discount — General*,” with certain modifications. For purposes of this election, interest includes stated interest, OID, de minimis OID, market discount, de minimis market discount and unstated interest, as adjusted by any amortisable bond premium (described below under “Notes Purchased at a Premium”) or acquisition premium. If a U.S. Holder makes this election for the Note, then, when the constant-yield method is applied, the issue price of the Note will equal its cost, the issue date of the Note will be the date of acquisition, and no payments on the Note will be treated as payments of qualified stated interest. This election will generally apply only to the Note with respect to which it is made and may not be revoked without the consent of the IRS. However, if the Note has amortizable bond premium, the U.S. Holder will be deemed to have made an election to apply amortizable bond premium against interest for all debt instruments with amortizable bond premium, other than debt instruments the interest on which is excludible from gross income, held as of the beginning of the taxable year to which the election applies or any taxable year thereafter. If the election to apply the constant-yield method to all interest on a Note is made with respect to a Market Discount Note, the electing U.S. Holder will be treated as having made the election discussed above under “Market

Discount” to include market discount in income currently over the life of all debt instruments with market discount held or thereafter acquired by the U.S. Holder. U.S. Holders should consult their tax advisers concerning the propriety and consequences of this election.

Notes Purchased at a Premium

A U.S. Holder that purchases a Note for an amount in excess of its principal amount, or for a Discount Note, its stated redemption price at maturity, may elect to treat the excess as “amortisable Note premium”, in which case the amount required to be included in the U.S. Holder’s income each year with respect to interest on the Note will be reduced by the amount of amortisable bond premium allocable (based on the Note’s yield to maturity) to that year. Any election to amortise bond premium shall apply to all bonds (other than bonds the interest on which is excludable from gross income for U.S. federal income tax purposes) held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and is irrevocable without the consent of the IRS. A U.S. Holder that does not elect to take bond premium (other than acquisition premium) into account currently will recognise a capital loss when the Note matures.

Purchase, Sale or Other Disposition of Notes

A U.S. Holder’s tax basis in a Note will generally be its cost, increased by the amount of any OID or market discount included in the U.S. Holder’s income with respect to the Note and the amount, if any, of income attributable to de minimis OID and de minimis market discount included in the U.S. Holder’s income with respect to the Note, and reduced by (i) the amount of any payments that are not qualified stated interest payments, and (ii) the amount of any amortisable bond premium applied to reduce interest on the Note.

A U.S. Holder will generally recognise gain or loss on the sale or retirement of a Note equal to the difference between the amount realised on the sale or retirement and the tax basis of the Note. Except to the extent described above under “*Original Issue Discount—Market Discount*” or “*Original Issue Discount—Short Term Notes*” or attributable to accrued but unpaid interest or changes in exchange rates (as discussed below), gain or loss recognised on the sale or retirement of a Note will be capital gain or loss and will be long term capital gain or loss if the U.S. Holder’s holding period in the Notes exceeds one year. Gain or loss will generally be treated as from U.S. sources for purposes of the U.S. foreign tax credit limitation and may be taxable at reduced rates in the case of a non-corporate U.S. Holder if the Notes are held for more than one year. The deductibility of capital losses is subject to limitations.

Foreign Currency Notes

Interest

If an interest payment is denominated in, or determined by reference to, a foreign currency, the amount of income recognised by a cash basis U.S. Holder will be the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars.

An accrual basis U.S. Holder may determine the amount of income recognised with respect to an interest payment denominated in, or determined by reference to, a foreign currency in accordance with either of two methods. Under the first method, the amount of income accrued will be based on the average exchange rate in effect during the interest accrual period (or, in the case of an accrual period that spans two taxable years of a U.S. Holder, the part of the period within the taxable year).

Under the second method, the U.S. Holder may elect to determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year). Additionally, if a payment of interest is actually received within five Business Days of the last day of the accrual period, an electing accrual basis U.S. Holder may instead translate the accrued interest into U.S. dollars at the exchange rate in effect on the day of actual receipt. Any such election will apply to all debt instruments held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and will be irrevocable without the consent of the IRS.

Upon receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale, exchange or other disposition of a Note) denominated in, or determined by reference to, a foreign currency, the U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

Original Issue Discount

OID for each accrual period on a Discount Note that is denominated in, or determined by reference to, a foreign currency, will be determined in the foreign currency and then translated into U.S. dollars in the same manner as stated interest accrued by an accrual basis U.S. Holder, as described above under “*Foreign Currency Notes—Interest*”. Upon receipt of an amount attributable to OID (whether in connection with a payment on the Note or a sale of the Note), a U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

Market Discount

Market Discount on a Note that is denominated in, or determined by reference to, a foreign currency will be accrued in the foreign currency. If the U.S. Holder elects to include market discount in income currently, the accrued market discount will be translated into U.S. dollars at the average exchange rate for the accrual period (or portion thereof within the U.S. Holder’s taxable year). Upon the receipt of an amount attributable to accrued market discount, the U.S. Holder may recognise U.S. source exchange gain or loss (which will be taxable as ordinary income or loss) determined in the same manner as for accrued interest or OID. A U.S. Holder that does not elect to include market discount in income currently will recognise, upon the disposition or maturity of the Note, the U.S. dollar value of the amount accrued, calculated at the spot rate on that date, and no part of this accrued market discount will be treated as exchange gain or loss.

Bond Premium

Bond premium (including acquisition premium) on a Note that is denominated in, or determined by reference to, a foreign currency, will be computed in units of the foreign currency, and any such Note premium that is taken into account currently will reduce interest income in units of the foreign currency.

On the date bond premium offsets interest income, a U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) measured by the difference between the spot rate in effect on that date, and on the date the Notes were acquired by the U.S. Holder.

Purchase, Sale or Other Disposition of Notes

As discussed above under “*Purchase, Sale or Other Disposition of Notes*”, a U.S. Holder will generally recognise gain or loss on the sale or other disposition of a Note equal to the difference between the amount realised on the sale or other disposition and its tax basis in the Note. A U.S. Holder’s tax basis in a Foreign Currency Note will be determined by reference to the U.S. dollar cost of the Note. The U.S. dollar cost of a Note purchased with foreign currency will generally be the U.S. dollar value of the purchase price on the date of purchase or, in the case of Notes traded on an established securities market, as defined in the applicable U.S. Treasury regulations, that are purchased by a cash basis U.S. Holder (or an accrual basis U.S. Holder that so elects), on the settlement date for the purchase.

The amount realised on a sale or retirement for an amount in foreign currency will be the U.S. dollar value of this amount on the date of sale or retirement or, in the case of Notes traded on an established securities market, as defined in the applicable U.S. Treasury regulations, sold by a cash basis U.S. Holder (or an accrual basis U.S. Holder that so elects), on the settlement date for the sale. Such an election by an accrual basis U.S. Holder must be applied consistently from year to year and cannot be revoked without the consent of the IRS.

A U.S. Holder will recognise U.S. source exchange rate gain or loss (taxable as ordinary income or loss) on the sale or retirement of a Note equal to the difference, if any between the U.S. dollar values of the U.S. Holder's purchase price for the Note (or, if less, the principal amount of the Note) (i) on the date of sale or retirement and (ii) the date on which the U.S. Holder acquired the Note. Any such exchange rate gain or loss will be realised only to the extent of total gain or loss realised on the sale or retirement (including any exchange gain or loss with respect to the receipt of accrued but unpaid interest).

Disposition of Foreign Currency

Foreign currency received as interest on a Note or on the sale or other disposition of a Note will generally have a tax basis equal to its U.S. dollar value at the time the foreign currency is received. Foreign currency that is purchased will generally have a tax basis equal to the U.S. dollar value of the foreign currency on the date of purchase. Any gain or loss recognised on a sale or other disposition of a foreign currency (including its use to purchase Notes or upon exchange for U.S. dollars) will be U.S. source ordinary income or loss.

U.S. Federal Income Tax Treatment of Certain Notes Not Treated as Debt

The following summary may apply to certain Notes that are not treated as debt for U.S. federal income tax purposes, and in particular certain index-linked redemption Notes and equity-linked Notes. This summary does not discuss all types of Notes that may not be treated as debt for U.S. federal income tax purposes and does not discuss Notes that would be treated as equity for U.S. federal income tax purposes. The applicable Final Terms or any Prospectus or series prospectus will specify if the discussion below will apply to a particular Series or Tranche of Notes. The U.S. federal income tax consequences of owning Notes that are not treated as debt for U.S. federal income tax purposes and are not described below will be discussed, as appropriate, in the applicable Final Terms or any Prospectus or series prospectus.

Forward Notes

General

A Note that provides for a payment in redemption at maturity that is based on the value of one or more Reference Items (whether physically settled by delivery of those Reference Items or settled in cash) and does not provide for a current coupon, may be identified as a "Forward Note" by the Issuer in the applicable Final Terms or any Prospectus or series prospectus. A U.S. Holder of a Forward Note would generally be subject to the U.S. federal income tax consequences discussed below.

Legislation was proposed in the U.S. House of Representatives that would require a holder of an instrument such as a Forward Note to accrue interest income on a current basis in certain circumstances. In addition, the IRS and the U.S. Department of Treasury have announced that they are considering whether the holder of an instrument such as a Forward Note should be required to accrue ordinary income on a current basis. It is not possible to predict the final form of any legislative or regulatory changes that might affect holders of instruments such as the Forward Notes, but it is possible that any such changes could be applied retroactively. The IRS and U.S. Department of Treasury are also considering other relevant issues, including whether gain or loss from these instruments should be treated as ordinary or capital, whether foreign holders of these instruments should be subject to withholding tax on any deemed income accruals, and whether the special constructive ownership rules of Section 1260 of the Code might be applied to these instruments. Holders are urged to consult their tax advisers concerning the potential impact of these proposals. The Issuers intend to treat the Forward Notes as described below, unless and until the Issuers determine, based on future developments, that a different treatment is appropriate.

Characterisation

A Forward Note should constitute a prepaid forward contract for U.S. federal income tax purposes. Under current law, U.S. Holders should not be required to recognise income or loss upon the acquisition of a Note, and U.S. Holders should not be required to accrue income with respect to a Note over the life of the Note.

Purchase, Sale and Retirement

A U.S. Holder will recognise gain or loss on the sale or retirement for cash of a Forward Note equal to the difference between the amount of cash received upon sale or retirement and the U.S. Holder's tax basis in the Note. A U.S. Holder's tax basis in a Forward Note will generally be the Note's U.S. Dollar cost. The U.S. Dollar cost of a Forward Note purchased with a foreign currency will generally be the U.S. Dollar value of the purchase price on the date of purchase increased by the nominal exercise price, if any, paid by the U.S. Holder. Except as provided under "Constructive Ownership Transactions" below, any gain or loss recognised on the sale or retirement of a Forward Note will be capital gain or loss and will be long-term capital gain or loss if the U.S. Holder's holding period in the Note exceeds one year.

Upon a retirement of a Forward Note by physical delivery of the Reference Items, a U.S. Holder will not be required to recognise gain or loss at that time. A U.S. Holder will have a basis in the Reference Items equal to the U.S. Holder's basis in the Forward Note. A U.S. Holder's holding period in the Reference Items will not include the U.S. Holder's holding period in the Forward Notes.

Constructive Ownership Transactions

To the extent that a Forward Note is treated as a "constructive ownership transaction," any gain on disposition may be treated as ordinary income and an interest charge may be imposed on a deemed underpayment of tax for each taxable year during which the Note was held. For purposes of determining the interest charge, gain treated as ordinary income is allocated to each such taxable year during which the Forward Note was held so that the amount of gain accrued from each year to the next increases at a constant rate equal to the "applicable federal rate" (a rate published monthly by the IRS based on prevailing Treasury yields) in effect at the time the Note is sold or redeemed.

A Note could be treated in whole or in part as a constructive ownership transaction if the issuer of a Reference Item and, if the Reference Item is an index, possibly the issuer of any security included in that index is treated for U.S. federal income tax purposes as, among others, a passive foreign investment company, a partnership, a trust, or a common trust fund.

The Issuer does not intend to determine whether the issuers of any Reference Item in fact fall in any of these categories. Prospective Purchasers should consult their tax advisers regarding the status of the Reference Items and the application of the constructive ownership transaction rules to ownership of the Note.

Backup Withholding and Information Reporting

In general, payments of interest and accrued OID on, and the proceeds of a sale or other disposition of the Notes, payable to a U.S. Holder or by a U.S. paying agent or other U.S. intermediary will be reported to the IRS and to the U.S. Holder as may be required under applicable U.S. Treasury regulations. Backup withholding may apply to these payments and to accruals of OID if the U.S. Holder fails to provide an accurate taxpayer identification number, certification of exempt status or otherwise to comply with the applicable backup withholding requirements. Certain U.S. Holders are not subject to information reporting or backup withholding. U.S. Holders should consult their tax advisers as to their qualification for exemption from information reporting and/or backup withholding and the procedure for obtaining an exemption.

Disclosure Requirements

U.S. Treasury Regulations meant to require the reporting of certain tax shelter transactions (**Reportable Transactions**) could be interpreted to cover transactions generally not regarded as tax shelters, including certain foreign currency transactions. Under the U.S. Treasury Regulations, certain transactions with respect to the Notes may be characterized as Reportable Transactions including, in certain circumstances, a sale, exchange, retirement or other taxable disposition of a Foreign Currency Note. Persons considering the purchase of such Notes should consult with their tax advisers to determine the tax return obligations, if any, with respect to an investment in such Notes, including any requirement to file IRS Form 8886 (Reportable Transaction Disclosure Statement).

Non-U.S. Holders

Notes

Except as otherwise discussed below or indicated in the applicable Final Terms, a Non-U.S. Holder will generally not be subject to U.S. federal income tax, including withholding tax, on payments of principal, or interest (including original issue discount, if any) on a Note, or on proceeds from the sale or other disposition of a Note, *provided that* for purposes of U.S. federal income tax law:

- (i) the payments or proceeds are not effectively connected with the conduct of a trade or business within the United States by the holder;
- (ii) the holder does not own (directly or by attribution) ten percent or more of the total combined voting power of all classes of stock of the Issuer entitled to vote;
- (iii) the holder is not a bank holding the Note in the context of an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business;
- (iv) the holder does not have a “tax home” (as defined in section 911(d)(3) of the Code) or an office or other fixed place of business in the United States; and
- (v) in case of Registered Notes, the beneficial owner of such Notes provides an IRS Form W-8BEN or otherwise satisfies applicable documentary requirements for establishing that it is a non-U.S. holder, unless such payments or proceeds are effectively connected with the conduct by the holder of a trade or business in the United States.

Notes Linked to Commodity Prices, Single Securities, Baskets of Securities or Indices and Credit-Linked Notes

The U.S. federal income tax consequences to a Non-U.S. Holder of the ownership and disposition of Notes that have principal or interest determined by reference to commodity prices, securities of entities not affiliated with the Issuer, baskets of securities or indices or to the credit of entities not affiliated with the Issuer may vary depending upon the exact terms of the Notes and related factors. Notes containing any of those features may be subject to rules that differ from the general rules discussed above. Non-U.S. Holders intending to purchase such Notes should refer to the discussion relating to taxation in the applicable Final Terms for disclosure concerning the applicability of the rules.

Backup Withholding and Information Reporting

A Non-U.S. Holder of a Note will generally not be subject to backup withholding or information reporting with respect to payments on, or proceeds from the sale or other disposition of, the Note. Persons holding Notes who are non-U.S. holders may be required to comply with applicable certification procedures to establish that they are non-U.S. holders in order to avoid the application of any such information reporting requirements and backup withholding tax.

Non-U.S. Holders of Notes should consult their tax advisers regarding the application of information reporting and backup withholding in their particular situations, the availability of an exemption therefrom and the procedure for obtaining the exemption, if available. Backup withholding is not an additional tax. Any amounts withheld from a payment to a Non-U.S. Holder under the backup withholding rules will be allowed as a credit against the holder's U.S. federal income tax liability and may entitle the holder to a refund of any excess amounts withheld under the backup withholding rules by timely filing the appropriate claim for refund with the IRS and furnishing all required information.

U.S. Foreign Account Tax Compliance Withholding

Sections 1471 through 1474 of the U.S. Internal Revenue Code (**FATCA**) impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to any non-US financial institution (a foreign financial institution, or **FFI** (as defined by FATCA)) that does not become a **Participating FFI** by entering

into an agreement with the U.S. Internal Revenue Service (**IRS**) to provide certain information on its account holders. The new withholding regime will be phased in beginning in 2014.

No assurance can be provided that the Issuer will enter into such an agreement with the IRS. If the Issuer does not enter into such an agreement, the Issuer may be subject to a 30 per cent. withholding tax on all, or a portion of all, payments received from U.S. sources and from Participating FFIs. Any such withholding imposed on the Issuer may reduce the amounts available to the Issuer to make payments on the Notes.

In the alternative, if the Issuer becomes Participating FFI, holders may be required to provide certain information or otherwise comply with FATCA to avoid withholding on amounts paid on the Notes to such holders. The Issuer or other Participating FFIs or U.S. intermediaries through which payments on the Notes are made may be required to withhold U.S. tax at a rate of 30 per cent. on all, or a portion of, payments made after 31 December 2016 in respect of (i) any Notes treated characterized as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes that are issued after 31 December 2012 (or are materially modified after that date) and (ii) any Notes characterized as equity (or which do not have a fixed term) for U.S. federal tax purposes, whenever issued. In addition, pursuant to the Conditions of the Notes, the Issuer may issue Further Notes (as defined in Condition 17 (*Further Notes, Related Notes and Consolidation*)) in respect of any Series of Notes already issued (**Existing Notes**) such that the Further Notes shall be consolidated and form a single Series with the Existing Notes. An issue of Further Notes after 31 December 2012 that will be consolidated and form a single Series with, and have the same operational identification numbers as, Existing Notes issued on or before 31 December 2012 may result in such Existing Notes also being subject to withholding.

Such withholding would apply if the Issuer has a positive "passthru payment percentage" (as determined under FATCA) and (a) an investor does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States Account" of such Participating FFI, or (b) any FFI that is an investor, or through which payment on the Notes is made, is not a Participating FFI. If an amount in respect of FATCA withholding tax is deducted or withheld from interest, principal or other payments on the Notes, the terms of the Notes will not require any person to pay additional amounts as a result of the deduction or withholding of such tax.

As a result of either withholding against the Issuer or withholding on the Notes, investors may, if FATCA is implemented as currently proposed by the IRS, receive less interest or principal than expected. FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on proposed regulations and official guidance that is subject to change. Noteholders should consult their own tax advisers on how these rules may apply to payments they receive under the Notes.

Legislation Affecting Dividend Equivalent Payments

The United States Hiring Incentives to Restore Employment Act (the **HIRE Act**) treats a "dividend equivalent" payment as a dividend from sources within the United States. Under the HIRE Act, unless reduced by an applicable tax treaty with the United States, such payments generally would be subject to U.S. withholding tax. A "dividend equivalent" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in the preceding clauses (i) and (ii). Beginning 1 January 2013, a dividend equivalent payment includes a payment made pursuant to any notional principal contract that falls into one of the seven categories specified by the IRS unless otherwise exempted by the IRS. Where the securities reference an interest in a fixed basket of securities or an index, such fixed basket or index will be treated as a single security. Where the securities reference an interest in a basket of securities or an index that may provide for the payment of dividends from sources within the United States, absent final guidance from the IRS, it is uncertain whether the IRS would determine that payments under the securities are substantially similar to a dividend. If the IRS determines that a payment is substantially similar to a dividend, it may be subject to U.S.

withholding tax, unless reduced by an applicable tax treaty. If withholding is so required, the Issuer will not be required to pay any additional amounts with respect to amounts so withheld

SUBSCRIPTION, SALE AND TRANSFER RESTRICTIONS

The Dealer (whose name and address are specified at the end of this Base Prospectus) has, in an amended and restated programme agreement (the **Programme Agreement**, which expression includes the same as it may be updated or supplemented from time to time) dated 20 June 2012 agreed with the Issuer and the Guarantor a basis upon which they (or any one of them) may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*” and in the Terms and Conditions of the Notes above. In the Programme Agreement, the Issuer and the Guarantor have jointly and severally agreed to reimburse the Dealer for certain of its expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealer against certain liabilities incurred by it in connection therewith.

In order to facilitate the offering of any Tranche of the Notes, in accordance with applicable laws and rules the Stabilising Manager(s) may engage in transactions that stabilise, maintain or otherwise affect the market price of the relevant Notes during and after the offering of the Tranche. The effect of these transactions may be to stabilise or maintain the market price of the Notes at a level above that which might otherwise prevail in the open market. The imposition of a penalty bid may also affect the price of the Notes to the extent that it discourages resales thereof. No representation is made as to the magnitude or effect of any such stabilising or other transactions. Such transactions, if commenced, may be discontinued at any time.

The following selling restrictions may be modified by the Issuer and the relevant Dealer(s) following a change in the relevant law, regulation or directive and in certain other circumstances as may be agreed between the Issuer and the relevant Dealer(s). Any such modification will be set out in the Final Terms and (if applicable) the syndication agreement in respect of the Tranche to which it is related or in a Supplement to this Base Prospectus.

Certain ERISA Considerations

The Notes are not eligible for purchase by (i) employee benefit plans and other plans subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended (**ERISA**), and/or the provisions of Section 4975 of the Code (ii) an entity the underlying assets of which include plan assets by reason of investment in the entity by such employee benefit plans or plans, or (iii) governmental, church and non-U.S. plans that are subject to state, local and other federal law of the U.S. or non-U.S. law that is substantially similar to ERISA or the Code.

Transfer Restrictions Applicable to Registered Notes (other than Non-U.S. Registered Notes)

As a result of the following restrictions, Purchasers of Notes in the United States are advised to consult legal counsel prior to making any purchase, offer, sale, resale or other transfer of such Notes.

Each Purchaser of Registered Notes (other than Non-U.S. Registered Notes) or person wishing to transfer an interest from one Registered Global Note to another or from global to definitive form or vice versa, will be deemed or required, as the case may be, to acknowledge, represent and agree as follows (terms used in this paragraph that are defined in Rule 144A or in Regulation S are used herein as defined therein):

- (i) that either: (a) it is (1) a QIB and a QP purchasing (or holding) such Notes for its own account or for the account of one or more QIBs that are also QPs, in each case for investment and not with a view to, or for or in connection with, any distribution thereof, (2) not a broker-dealer which owns and invests on a discretionary basis less than \$25 million in securities of unaffiliated issuers, (3) not a participant-directed employee plan, such as a 401(k) plan, (4) not formed for the purpose of investing in the Issuer and (5) aware, and each beneficial owner of such Notes has been advised, that any sale to it is being made in reliance on Rule 144A or (b) it is outside the United States and is not a U.S. Person;

- (iii) that neither the Issuer nor any Compartment has registered, nor will it register, as an “investment company” under the Investment Company Act in reliance on Section 3(c)(7) thereof, and that such Notes may not be sold within the United States or to, or for the account or benefit of, U.S. Persons except as set forth below;
- (iv) that, unless it holds an interest in a Regulation S Global Note and is a person located outside the United States that is not a U.S. Person, if in the future it decides to resell, pledge or otherwise transfer such Notes or any beneficial interests in such Notes, it will do so only (a) to the Issuer or any affiliate thereof, (b) inside the United States to a person or outside the United States to a U.S. Person that is a QP whom the seller reasonably believes is a QIB purchasing for its own account or for the account of a QIB that is also a QP in a transaction meeting the requirements of Rule 144A, (c) outside the United States to a non-U.S. Person in compliance with Rule 903 or Rule 904 under the Securities Act or (d) pursuant to an effective registration statement under the Securities Act, in each case in accordance with all applicable U.S. State securities laws;
- (v) it will, and will require each subsequent holder to, notify any Purchaser of the Notes from it of the resale restrictions referred to in paragraph (iv) above;
- (vi) that the Notes may not be acquired by, on behalf of, or with the assets of, (1) an “employee benefit plan” within the meaning of Section 3(3) of ERISA that is subject to the provisions of Title I of ERISA or a “plan” within the meaning of Section 4975(e)(1) of the Code that is subject to Section 4975 of the Code, (2) an entity the underlying assets of which include plan assets by reason of investment in the entity by such an employee benefit plan or plan or (3) a governmental, church or foreign plan subject to any federal, state, local or foreign law, rule or regulation which is to a material extent similar to the provisions of Section 406 of ERISA or Section 4975 of the Code.
- (vii) that Registered Notes initially offered in the United States to persons and outside the United States to U.S. Persons who are both QIBs and QPs will be represented by one or more Rule 144A Global Notes or Combined Global Notes, and that Registered Notes offered outside the United States in reliance on Regulation S will be represented by one or more Regulation S Global Notes or Combined Global Notes;
- (viii) that the Rule 144A Global Notes will bear a legend to the following effect unless otherwise agreed to by the Issuer:

Neither the Issuer, the Trustee nor any other party shall be liable to a holder for any such loss.

Selling Restrictions: Jurisdictions outside the European Economic Area

UNITED STATES

The Notes and any Guarantee have not been and will not be registered under the Securities Act and unless otherwise specified in the applicable Final Terms, the Notes are being offered and sold pursuant to the registration exemption contained in Regulation S under the Securities Act. No Non-U.S. Registered Notes, or interests therein, may at any time be offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. Non-U.S. Registered Notes may not be legally or beneficially owned at any time by any U.S. Person and accordingly are being offered and sold outside the United States to non-U.S. Persons in reliance on Regulation S. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

If specified in the applicable Final Terms, certain issues of Registered Notes may be offered and sold in the United States. Such Registered Notes (other than Non-U.S. Registered Notes) may only be offered and sold to persons reasonably believed to be QIBs that are also QPs in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A. Such Registered Notes (other than Non-U.S. Registered Notes) may concurrently be offered and sold to non-U.S. Persons in offshore transactions in reliance on Regulation S. For further information on certain restrictions on resale, transfer, exercise and redemption of Registered Notes, see “*Transfer Restrictions*.”

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the Code.

Any offers and sales of Registered Notes (other than Non-U.S. Registered Notes) in the United States will only be made by dealers that are registered broker-dealers under Section 15 of the Exchange Act. Each Dealer has represented and agreed, and each further Dealer appointed under the Programme and each other Purchaser will be required to agree, that it will not offer, sell or, in the case of Notes in bearer form, deliver Notes (a) as part of its distribution at any time or (b) otherwise 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, as determined and certified by the Issuing and Paying Agent to such Dealer or Purchaser (as the case may be) or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager within the United States or to, or for the account or benefit of, U.S. Persons except in compliance with Rule 144A under the Securities Act and it will have sent to each Dealer or Purchaser to which it sells Notes during the distribution compliance period (other than resales pursuant to Rule 144A) a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. Persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements

of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Dealers may arrange for the resale of Registered Notes (other than Non-U.S. Registered Notes) to QIBs that are also QPs pursuant to Rule 144A and each such Purchaser of such Notes is hereby notified that the Dealers may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A. The minimum aggregate principal amount of Notes which may be purchased by a QIB that is also a QP pursuant to Rule 144A is U.S.\$100,000 (or the approximate equivalent thereof in any other currency). To the extent that the Issuer is not subject to or does not comply with the reporting requirements of Section 13 or 15(d) of the Exchange Act or the information furnishing requirements of Rule 12g3-2(b) thereunder, the Issuer has agreed to furnish to holders of such Notes and to prospective Purchasers designated by such holders, upon request, such information as may be required by Rule 144A(d)(4).

Each issue of Index Linked Notes, Commodity Linked Notes and Dual Currency Notes may be subject to such additional U.S. selling restrictions as the Issuer and the relevant Purchaser may agree, as indicated in the applicable Final Terms. Each Dealer has agreed and each other Purchaser will be required to agree that it will offer, sell or deliver such Notes only in compliance with such additional U.S. selling restrictions. The Dealers may require prospective Purchasers of the Notes to provide a certificate substantially in the form attached to the Operating and Administrative Procedures Memorandum evidencing such Purchaser's eligibility to purchase such Notes and compliance with the relevant selling restrictions.

Uncertificated Notes which are, in each case, designated in the Final Terms as Permanently Restricted Notes, or any interest therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. Uncertificated Notes may not be legally or beneficially owned at any time by any U.S. Person and accordingly are being offered and sold outside the United States to persons that are not U.S. Persons in reliance on Regulation S.

Uncertificated Notes which are, in each case, not designated as Permanently Restricted Notes, or any interest therein, may not be offered or sold in the United States or to, or for the account or benefit of, U.S. Persons except pursuant to an exemption from the registration requirements of the Securities Act in a transaction that will not cause the Issuer, the Guarantor or any Compartment, as the case may be, to become required to register under the Investment Company Act.

ITALY

Unless it is specified within the relevant Final Terms that a non exempt offer may be made in Italy, the offering of the Notes has not been registered with the Italian Financial Regulator (*Commissione Nazionale per le Società e la Borsa* or **CONSOB**) pursuant to Italian securities legislation and, accordingly, no Notes may be offered, sold, promoted, advertised or delivered, directly or indirectly, to the public in the Republic of Italy, nor may copies of the Base Prospectus, of any Final Terms or of any other document relating to the Notes be distributed, made available or advertised in the Republic of Italy, except:

- (i) to **Qualified Investors** (*investitori qualificati*), as defined pursuant to Article 100, first paragraph, letter a) of Legislative Decree No. 58 of 24 February 1998, as amended (the **Financial Services Act**) and Article 34-ter, first paragraph, letter b) of CONSOB Regulation No. 11971 of 14 May 1999, as amended (**Regulation No. 11971**); or
- (ii) in other circumstances which are exempted from the rules on offers to the public of financial products pursuant to Article 100 of the Financial Services Act and Article 34-ter of Regulation No. 11971.

Any offer, sale or delivery of the Notes or distribution of copies of the Base Prospectus or any other document relating to the Notes in the Republic of Italy under (i) or (iii) above must be:

Provisions relating to the secondary markets in Italy

Investors should also note that, in any subsequent distribution of the Notes in the Republic of Italy, article 100-bis of the Financial Services Act affects the transferability of the Notes to the extent that any placing of the Notes is made solely with Qualified Investors and such Notes are then systematically resold to non-Qualified Investors on the secondary market at any time in the 12 months following such placing and no exemption under (iii) above applies. Where this occurs, if a prospectus compliant with the Prospectus Directive has not been published, purchasers of Notes who are acting outside of the course of their business or profession may in certain circumstances be entitled to declare such purchase null and void and, in addition, to claim damages from any authorised person at whose premises the Notes were purchased, unless an exemption provided for under the Financial Services Act applies.
